**T**his column is being written on Sunday night. Jovanna Martinez-Calzadillas is on life support from a bullet wound received from the Las Vegas mass killer. She is being supported in prayers and in a candlelight vigil on her behalf in Hayden. A supervisor with the Salt River Police Department, where Jovanna's husband Francisco works as an officer, has organized a Go Fund Me campaign to assist with expenses for travel and care. Right now, 1,031 people have given \$72,176 toward a goal of

\$100,000.

There is so much that I want to say, but I simply will express my prayers and hope for Jovanna and for this fine effort to help with the expenses. If you wish to play a part, please call up Go Fund Me on Google and seek out Calzadillas Medical and Travel. There are medical expenses to be met, travel between Phoenix and Las Vegas, the needs of the children, and all kinds of incidental expenses. All available funds will go to the Calzadillas family.

Maybe you got some mail today. Ballots have been mailed out for Pinal County's vote on Propositions 416 and 417. Taken together, the vote is to decide if the residents of Pinal County support a plan of road construction over a period of 20 years and a half-cent sales tax increase to cover the costs. The bulk of construction will take place in the Valley and will develop a series of North-South and East-West corridors and connecting roads. All propositions must include benefits equally, so the Copper Corridor towns

of Superior, Kearny, and Mammoth along with the South Pinal County Town of Eloy, will each receive \$300,000 per year for street and transportation improvements. This amounts to \$6 million for each town over the 20-year life of the tax.

I don't know about you, but I plan to vote as soon as I receive the ballot. If I set it down for a while I might misplace it along the way, and I really want my vote to be counted! If you're anything at all like me (prone to lose things), you might want to mark your ballot and send it back this week. This the first "all vote-by-mail" ballot conducted in Pinal County.

Kearny, Hayden, and Winkelman will be the beneficiaries this weekend of the second ASARCO day of responding to some of the needs of the towns. Two teams of ASARCO employees, led by Mike Kotraba of the Ray Mine and Joe Wilhelm of the smelter in Hayden, will arrive in force on Saturday, October 14, to provide the labor and supplies for several projects. They hope to paint the library

and pool area in Hayden and, if time and supplies permit, work on the club house. In Kearny, the ASARCO folks will paint and refurbish the old teen center which is being re-purposed for library work with young people. The front of the municipal pool will be repainted with a distinctive color, and flowers and other living things will be planted

along the front of the structure. A team will also work to refresh the Kearny entrances with living things and the front of the Kearny Police Department will be painted.

This is a wonderful gift from ASARCO and its employees to all three towns. We are, after all, inextricably bound together in our role as mine and mining towns.

## Kearny Police Report

**According to state law, there are two methods by which police may arrest suspected offenders. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damages are estimates.**

**Activity listed from Oct. 1-7.**

**Oct. 7**

Christopher Benevidez, 26, was arrested in the 300 block of Essex and was charged with assault/domestic violence. He was issued a summons.

Calls not listed include: ambulance request (6), citizen assist (1), agency assist (1), animal/cattle complaint (3), suspicious activity (2), traffic stop (21), alarm drop (2), threats (1), illegal dumping (1), juvenile problem (1) and fire (1).

# County Animal Care &

**By Jennifer Carnes**  
Copper Area News

It's a horrific story. The stuff of nightmares.

A crazed wild animal attacks first your dogs, then you. You grab the only weapon you can find, a machete, and start fighting for your life.

The thing is – it's not a story. Not a dream. But it was a nightmare.

The incident happened this year on a ranch southeast of San Manuel. Pinal County Animal Control officers were called to the scene and what they discovered was chilling.

A bobcat attacked several dogs on the ranch and then turned on a ranch hand who waded into the fray swinging a machete. Animal Control took samples from the dead bobcat and sent them to the state laboratory to check for rabies. The test came back positive.

Luckily, the ranch dogs had all been vaccinated against rabies. The ones who had come into contact with the rabid bobcat were administered a booster shot and were deemed safe from rabies.

The ranch hand was not so lucky.

He had been exposed to blood and other body fluids infected with the rabies virus and had to undergo treatment for rabies.

"Rabies is 100 percent fatal," explained Graham Briggs. Briggs serves as an epidemiologist at the Pinal County Public Health Department. "We take rabies very seriously."

Just last month, Briggs said, a fox tested positive for rabies in Winkelman. A homeowner heard a weird noise in her backyard and discovered a fox. The homeowner brought her dog inside for the night. In the morning she found that the fox had died and called Animal Control. The fox tested positive for rabies. Because of the dog's proximity to the fox and even though the dog hadn't been bitten, the dog was considered to have been exposed. The dog hadn't been vaccinated, Briggs said, and was euthanized.

"I hate it," Briggs said, about having to euthanize pets. "It's sad and frustrating." Especially when it's completely preventable simply by vaccinating pets against rabies.

The rabies vaccine is recommended for dogs and cats. For dogs, it's required. But Briggs said he's seen issues with cats. He said a woman reported that her cat had brought a dead bat into the house and left it in a basket of the owner's clean clothes. When the owner discovered the "gift," she called Animal Control. The bat tested positive for rabies. Because the cat wasn't

vaccinated, it was euthanized.

Briggs explained that epidemiologists see rabies routinely in certain animals, namely bats, foxes and skunks. What concerns them is that they are seeing rabies spill over into other animals, from foxes to coyotes to bobcats. A few years ago, they even had a case of rabies in a coatimundi. The coatimundi was living under the front porch of a home in Oracle. The homeowners had been feeding the animal, a report of which got back to officials at Arizona Fish and Game. They captured the animal and it later tested positive for rabies.

"Any mammal is susceptible to rabies," Briggs said.

Pinal County has even seen a rabies case in a cow. Briggs said a farm owned by a conglomerate brought in its company veterinarian from California to treat a cow that was ill. The vet was convinced that the excessive salivation was caused by a blockage in the animal's digestive tract and had put his arm down the animal's throat to find the blockage. Briggs said the vet ordered a rabies test as a matter of routine and went back to California. When the animal tested positive for rabies, Briggs said, the health department had to call him and he had to seek treatment because he had been exposed.

Rabies is a virus that is transmitted by saliva. Rabid animals bite other animals infecting them. The virus then travels to the central nervous system, lodging in the brain where it multiplies, causing encephalitis, confusion and an inability to swallow which leads to excessive salivation. The virus then heads to the salivary glands where it continues the cycle. There is no cure for animals. Humans who are exposed are given a shot of amino globulin immediately after exposure followed by the first dose of vaccine. Vaccine is then administered on days three, seven and 14 after the exposure. Painful, but the alternative is so much worse.

County health departments send educators into the elementary schools, especially in rural locations, to teach children about the dangers of rabies. Briggs said it's a recurring nightmare to think that a child could pick up a dead bat and take it to school to show his friends, not knowing that they are all potentially being exposed to rabies.

"Eight or nine times out of 10, the domestic animals exposed (to rabies) are dogs," Briggs said, a number that was confirmed by Clancy Hill, a communicable diseases investigator for the Pinal County Health Department. Every year, the department sees reports of dogs getting into fights with

# Control offers free rabies clinic in Mammoth

skunks, exposing them to rabies.

Pinal County Animal Care and Control as well as the Pinal County Public Health Department want to prevent rabies from spreading. Animal Care and Control will be holding a free rabies vaccination clinic on Saturday, Oct. 21, from 10 a.m. to 1 p.m. The clinic will take place at the Pinal County Public Health Clinic in Mammoth, 110 Main St.

Shots will be offered, no questions asked. Dogs must be leashed and cats must be in carriers.

Protect your pets and get them vaccinated.

## Facts about Rabies

Rabies is an infectious disease that affects the nervous system, including the brain and spinal cord of animals and humans. It is caused by a virus present in the saliva of infected animals and is transmitted to humans through contact with the live virus. Rabies is fatal to humans once symptoms appear.

While human exposures to rabid animals are rare, family pets are more often exposed to wild animals, including wild animals that are rabid. Vaccination against rabies is available through your veterinarian or Pinal County Animal Care and Control. This will prevent them from getting rabies if exposed to a rabid animal. Unfortunately, household pets that are not vaccinated against rabies need to be put to sleep after having an exposure to a wild animal.

Rabies is found mainly in wild animals such as bats, skunks, foxes, raccoons, bobcats, and coyotes. Cats, dogs, and livestock can also become infected with rabies if they are bitten by rabid wild animals and they have not been vaccinated. Rodents such as rats, mice, gerbils, guinea pigs and squirrels are not likely to be infected with rabies. Wild animals exhibiting unusual behavior should be reported to local animal control officials. The best way to protect yourself and your family is to avoid touching, handling, or adopting wild or stray animals.

The first sign of rabies is usually a change in the animal's behavior. Animals may act more aggressive or more tame than usual. Animals usually active at night such as skunks, foxes, and bats may be out during the day. Rabid animals may appear agitated and excited or paralyzed and frightened. Sometimes, rabid animals do not show any signs of illness before death from rabies. That is why contact with wild animals should always be avoided.

## Animal Care and Control recommends the following precautions

- Keep people and pets away from wild animals. Do not pick up, touch, or feed wild or unfamiliar animals, especially sick or wounded ones. If someone has been bitten or scratched, or has had contact with the animal, report it immediately to animal

control or health officials.

- Do not "rescue" seemingly abandoned young wild animals. Usually, the mother will return. If the mother is dead or has not returned in many hours, call the Arizona Game and Fish Department.

- Vaccinate all dogs and cats against rabies. Pets should be kept in a fenced yard.

- \* Take precautions when camping, hunting or fishing. Avoid sleeping on the open

ground without the protection of a closed tent or camper. Keep pets on a leash and do not allow them to wander.

- Do not disturb roosting bats. If you find a bat on the ground, don't touch it. Report the bat and its location to your local animal control officer or health department. Place a box over the bat to contain it. Be careful not to damage the bat in any way since it must be intact for rabies testing.

Rabies is often seen in skunks in the desert.

# Hayden faces must-win game after loss

By Andrew Luberda  
Copper Area News

The No. 8 Hayden football team was a near certainty to earn a state playoff berth, but a 56 – 42 loss at No. 10 Ft. Thomas last Friday now puts the Lobos in a must-win game this Friday, when they host rival and sixth-ranked Ray.

Effectively, the playoffs begin with this

week's game. A loss doesn't eliminate Hayden but only the top 12 teams reach the playoffs.

"Friday's game is not only a rivalry, we need the win to lock a possible playoff spot," Hayden assistant coach Daniel Cruz told the Copper Basin News. "We cannot hope for the system to just give us a spot, so we are considering it a must-win game." Friday night's high-scoring affair at Ft.

Thomas was more what the Apaches did, as opposed to what the Lobos didn't do. Typically, 42 points wins games, but Ft. Thomas was just a little bit better.

"Ft. Thomas played one of their best games this season," Cruz said. "We struggled at times on offense and defense but we fought hard."

"We are very pleased with the effort these kids gave on Friday and give on

daily basis.," Cruz added. "We expect no less this week. Overall, (Ft. Thomas) just played better than us that night and we can't take that away from them."

The Lobos are ready for the challenge ahead.

"I guess we are considering it like a state championship game, so we need a perfect effort all week," said Cruz.

Friday's kickoff is scheduled for 7 p.m.

## Strong second half propels Ray to win

By Andrew Luberda  
Copper Area News

The No. 6-ranked Ray football team outscored visiting NFL Yet Academy in the second half of last Friday night's game

on its way to a come-from-behind 34 – 28 victory.

Trailing 20 – 14 at halftime, the Bearcats outscored the Eagles 20 – 8 in the second half, including 12 unanswered points in the decisive fourth quarter.

The loss was a blow to the playoff hopes of the Eagles, who entered the game ranked No. 16. They figure to drop a few spots when the new rankings are released. The top 12 teams qualify for the playoffs, with the top four earning first-round byes.

The Cats visit No. 8 Hayden this Friday on the Lobos' Senior Night.

The Lobos could very well be playing for a playoff berth after a loss at No. 10 Ft. Thomas last Friday night.

Friday's kickoff is scheduled for 7 p.m.

The Ray Marching Band was sounding GREAT at Friday night's game.

# Hayden grad critically injured in Las Vegas tragedy

Jovanna Calzadillas was critically injured in the Las Vegas mass shooting on Sunday, Oct. 1, 2017 when 58 people were killed by mass shooter, Stephen Paddock. Jovanna was shot in the back of the head and remains in critical condition at the University Medical Center of Southern Nevada. The family hopes to have her transported to a hospital in Phoenix, as soon as they can safely do so. Jovanna and her husband, Francisco Calzadillas, were

attending the Route 91 Country Music concert where she was caught in the gun fire. Francisco is a police officer for the Salt River Police Department. Almost upon confirmation of Jovanna's injuries, Francisco's fellow officers and friends set up a Go Fund Me account to help the family with the medical and travel expenses. To date they have raised \$72,526. Employees at the ASARCO Hayden Smelter also took up a collection and raised an

additional \$3,000. You can make a contribution to the Go Fund me for the Calzadillas family online at: <http://bit.ly/JovannaStrong>

On Sunday, Oct. 8, friends and family in hosted a prayer service and candlelight vigil at Hayden High School, where Jovanna graduated from in 2005. Over 200 people attended the event as a way to show love and support for the family and pray for a full recovery for Jovanna.

Memorials for Jovanna Calzadillas.

## The complaints. The frustrations. The pleas.

For years Pinal County residents have demanded better transportation. More roads and freeways. For shorter commutes. For safer roads. For just getting around. The politicians listened.

It took time. Years. Of listening and community meetings. Plan after plan. Study after study.

The wait is now over. November 7th is a chance, the chance, to finally get more roads and freeways

in Pinal County. [You can check out the plan at YesOn416And417.com.](http://YesOn416And417.com)

No plan is perfect but the good is not the enemy of the great and on November 7th we have THE chance, perhaps the only one in the next 20 years, to dramatically improve our quality of life, drives, jobs, economic development, public safety, and new resources that can help all of us. Everyone wins, everyone gets help from small towns to our biggest ones if we vote Yes on Propositions 416 and 417.

“If this gets voted down there are no magic funds to pay for new roads and freeways, or for transportation help for the neediest among us. Period. There is just no other way to pay for the help people are demanding and the jobs that will be created than Propositions 416 and 417. It’s a very small price to

pay for very big benefits for my district.”

**- Pinal County Supervisor Pete Rios**

“The people put me in office and are my boss forever and always. And to do my job best, and get to you fastest when you need it most, our county MUST have better roads and freeways. I-10 is among the most dangerous freeways in the COUNTRY. Other areas in Pinal County are

very bad too. Help me do my job better, for you. Join me in voting Yes!”

# Vatican appoints new bishop to Diocese of Tucson

Bishop of Diocese of the Diocese of Salina in Kansas becomes seventh Bishop of Tucson

Pope Francis has transferred Bishop Edward Joseph Weisenburger from the Diocese of Salina to the Diocese of Tucson, Ariz. The Holy See made the announcement late last week in Rome. Weisenburger was notified last week by the Apostolic Nuncio, Archbishop Pierre Christophe, that Pope Francis was entrusting to him the pastoral care of the good people of the Diocese of Tucson.

Bishop Gerald F. Kicanas, sixth Bishop of Tucson, submitted his resignation in accord with Church law after having reached his 75th birthday. Following today, he will serve as the administrator of the Diocese until Weisenburger's installation. Weisenburger's appointment comes more than a year after Kicanas' offered his retirement.

Bishop Kicanas said, "We are blessed that the Holy Father Pope Francis has appointed as our seventh Bishop in the Diocese of Tucson, a caring and loving pastor and shepherd for our community. He will walk with us, listen

to us and stand up for us. His many gifts will provide the pastoral leadership we need. He will be a collaborative worker with diocesan personnel, interfaith leaders and all those with responsibility in this vast diocese of 43,000 square miles."

Weisenburger served as a priest of the Archdiocese of Oklahoma City for almost 25 years. On Feb. 6, 2012, he was appointed Bishop of Salina by Pope Benedict XVI. His ordination, which marked the beginning of his ministry, was on May 1, 2012, at Salina's Sacred Heart Cathedral. His installation as Bishop of Tucson will take place on Nov. 29, 2017.

The Diocese of Salina serves approximately 44,000 Catholics. The Diocese of Tucson, which borders with Mexico, serves approximately 450,000 Catholics, many of whom are Spanish speaking. Weisenburger enjoys a working knowledge of Spanish and has always treasured his ministry with the

Hispanic community. Weisenburger also has an intense concern and love for the well-being of migrants, refugees, and Native American peoples. He is humbled by Pope Francis' appointment and hopes to join with the bishops of Arizona and New Mexico in being an articulate and indispensable voice of compassion for all immigrants.

Weisenburger said, "I am humbled to follow in the footsteps of a shepherd who has served graciously and generously for many years. Bishop Kicanas has served in many national capacities for the Catholic Church and is highly esteemed. Knowing that he will continue to reside in our Diocese is a great comfort for me and a blessing for our people."

Catholic Parishes in the Copper Corridor, including St. Francis of Assisi (Superior), Infant Jesus of Prague (Kearny), St. Joseph's (Hayden), Blessed Sacrament (Mammoth), St. Bartholomew's (San Manuel) and St. Helen's (Oracle), are part of the Diocese of Tucson.

# Copper Town Days celebration and car show set for Saturday

Last year's Copper Town Days brought many to the parking lot of the San Manuel Elks Lodge. With informational booths and the annual car show, there was something for everyone.

Alex Casares | Alex Casares Photography

The second week in October is almost here and that means it is time to shine up your shoes, as well as your fenders, in preparation for the 8th Annual Copper Town Days celebration and car show brought to you by the Copper Town Association.

Year after year, locals and fun seekers, from near and far, gather together to celebrate the past, present and hopes for

the future of the Tri-Community area while taking in some beautiful automotive sites, delightful cuisine and an earful of joyful noise.

This year, there will be the annual car show, as well as the expected and welcome food, crafts and information booths. There will be live entertainment, games and a jumping castle for the kids.

## LETTER TO THE EDITOR

# Vote Yes for New Roads! Propositions 416 & 417 are good for everyone

Registered Voters of Pinal County should have received a mail in ballot for Propositions 416 and 417. These propositions approve a comprehensive transportation plan for Pinal County and adds a retail sales tax to fund the construction of the plan. The voters of Pinal County must vote to approve both propositions before we can build the new roads that are desperately needed for Pinal County.

Yes, this proposition will raise the sales taxes across the county. It is estimated that this tax will cost the average family in Pinal County 24 cents a day. The 24 cents is a long term investment into our local economy. Improved roads and infrastructure will help to attract new businesses and jobs to the county, create a much needed north-south freeway and most importantly build and repair roads that will improve public safety, which keeps our loved ones safe.

As the Mayor of Superior, I am ecstatic to see that the communities of Eloy, Kearny, Mammoth and Superior will each receive \$300,000 every year for 20 years. This new funding stream, if approved by voters, will ensure these communities have adequate budgets to make significant road improvements. For Superior, these funds will condense the 20 year pavement improvement plan into 10 years. The funding will also help to build new park and ride locations and increase dial a ride services throughout the County.

I am asking you to vote yes on Propositions 416 and 417, help us to pave the way to a thriving future for Superior, the Copper Corridor and Pinal County. You can learn more about the propositions and the projects that the tax will fund at: <http://yeson416and417.com>

Sincerely,  
/s/ Mila Besich-Lira  
Mayor of Superior

# Gila County Treasurer to reissue tax bills

Due to a software error, the Gila County Treasurer's Office will be reissuing all 2017 personal property tax bills. Personal property taxes include all property except real estate. In Gila County, personal property tax bills are pink. If you received a blue tax bill, this correction does not affect you.

If you received a pink 2017 personal property tax bill from Gila County:

- Look for a corrected personal property tax bill in the coming weeks.
- Wait to pay your 2017 personal property taxes until the corrected bill arrives.
- Pay the corrected amount by December 1.
- If you received a personal property tax bill and already paid it, call the Gila County Treasurer's Office at 928-402-8702.

If you have any questions about the correction call the Gila County Treasurer's Office at 928-402-8702.

## Globe Police taking back unwanted prescription drugs Oct. 28, 2017 at Fry's in Globe

On Saturday, Oct. 28, from 10 a.m. to 2 p.m. the Globe and Miami Police Departments along with the Copper Basin Coalition, Gila County Sheriff's Office, and the Drug Enforcement Administration (DEA) will give the public its 14th opportunity in 7 years to prevent pill abuse and theft by ridding their homes of potentially dangerous expired, unused, and unwanted prescription drugs. Bring your pills for disposal to the drive up / walk up booth outside of Fry's Food and Drug on Highway 60 in Globe. The DEA cannot accept liquids, sharps (needles), only pills or patches. This service is free and anonymous, no questions asked.

Used sharps, like syringes or lancets, can be disposed of at the Gila County Public Health Department in Globe. Limited supplies of sharps containers are currently available for the public if you are unable to obtain one.

Last April Americans turned in 450 tons (900,000 pounds) of prescription drugs at almost 5,500 sites operated by the DEA and more than 4,200 of its state and local law enforcement partners. Overall, in its 13 previous Take Back events, DEA and its partners have taken in over 8.1 million pounds—more than 4,050 tons—of pills.

This initiative addresses a vital public safety and public health issue. Medicines that languish in home cabinets are highly susceptible to diversion, misuse, and abuse. Rates of prescription drug abuse in the U.S. are alarmingly high, as are the number of accidental poisonings and overdoses due to these drugs. Studies show that a majority of abused prescription drugs are obtained from family and friends, including from the home medicine cabinet. In addition, Americans are now advised that their usual methods for disposing of unused medicines—flushing them down the toilet or throwing them in the trash—both pose potential safety and health hazards.

For more information about the disposal of prescription drugs or about the October 28 Take Back Day event, contact: Globe Police Department (928) 425-5751, Miami Police Department (928) 473-2466, Gila County Sheriff's Office (928) 425-4449 or the Gila County Public Health Department (928) 402-8811.
