OBITUARY

Jack Theobald

It's with a heavy heart that the family of Jack Theobald announces his passing on Friday, Sept. 15, 2017. He was 87 years old. Born in Binghamton NY, Nov. 19, 1929, he cherished and enjoyed his life to the fullest.

Jack served proudly in the Air Force during Korean Conflict. Honorably discharged as Staff Sergeant and was awarded the Bronze Star. After the Air Force he worked a lengthy career with Wilson Trucking, eventually escalating to Terminal Manager of their facility in Newport News, VA.

Jack will always be lovingly remembered by his family: wife, Diane of Mammoth; daughter, Barbara of Mowery, AZ; son, Joseph of Civita, MA; as well as his many, many friends from around the country from Spokane, WA to New York and Massachusetts.

Jack was a quiet, gentle man, who never boasted or bragged about his many accomplishments. He is fondly remembered for when he drove race cars. He drove them on dirt tracks for 26 years. When he started racing, there were no seat belt requirements, so on his own initiative he tied himself into the driver's seat with clothesline rope and actually won the checkered flag. This was his first of many wins from Spokane, Washington to Five Mile Point track in New York. Where to this day he is remembered. Even though he stopped racing he kept in touch with friends and colleagues in the racing industry and was a rabid NASCAR fan to the end.

Jack also enjoyed riding a Harley Davidson touring motorcycle. Dedicated and one of four men that founded the Intl. N. E. Harley Davidson Dresser and Touring Assoc. The club is still active today and celebrating its 40th successful year. It has enjoyed membership at over 1,400 riders, extending throughout the USA, France and Australia. The Club was not threatened by a woman rider, which was to my benefit since that is how Jack and I met!

Jack and Diane were married for 26 wonderful years, during which they had many adventures! They spent 10

years as approved H.O. G. Vendors attending Harley Owners Group rallies from coast to coast living in their motorhome, giving them the opportunity to visit and ride with their son Joe.

They settled in Mammoth in January 2004, into a home needing some TLC. They did everything together. "Jack was my life," Diane said, "my inspiration, the wind beneath my wings, I miss him more than words can ever express."

There will be a memorial service for him Saturday, Oct. 14, at the Mammoth Community Center on 5th St. from 2:30 to 3:30 p.m.

LETTER TO THE EDITOR

Vote Yes for New Roads! Propositions 416 & 417 are good for everyone

Registered Voters of Pinal County should have received a mail in ballot for Propositions 416 and 417. These propositions approve a comprehensive transportation plan for Pinal County and adds a retail sales tax to fund the construction of the plan. The voters of Pinal County must vote to approve both propositions before we can build the new roads that are desperately needed for Pinal County.

Yes, this proposition will raise the sales taxes across the county. It is estimated that this tax will cost the average family in Pinal County 24 cents a day. The 24 cents is a long term investment into our local economy. Improved roads and infrastructure will help to attract new businesses and jobs to the county, create a much needed north-south freeway and most importantly build and repair roads that will improve public safety, which keeps our loved ones safe.

As the Mayor of Superior, I am ecstatic to see that the communities of Eloy, Kearny, Mammoth and Superior will each receive \$300,000 every year for 20 years. This new funding stream, if approved by voters, will ensure these communities have adequate budgets to make significant road improvements. For Superior, these funds will condense the 20 year pavement improvement plan into 10 years. The funding will also help to build new park and ride locations and increase dial a ride services throughout the County.

I am asking you to vote yes on Propositions 416 and 417, help us to pave the way to a thriving future for Superior, the Copper Corridor and Pinal County. You can learn more about the propositions and the projects that the tax will fund at: <http://yeson416and417.com>

Sincerely,
/s/ Mila Besich-Lira
Mayor of Superior

Vatican appoints new bishop to Diocese of Tucson

Bishop of Diocese of the Diocese of Salina in Kansas becomes seventh Bishop of Tucson

Pope Francis has transferred Bishop Edward Joseph Weisenburger from the Diocese of Salina to the Diocese of Tucson, Ariz. The Holy See made the announcement late last week in Rome. Weisenburger was notified last week by the Apostolic Nuncio, Archbishop Pierre Christophe, that Pope Francis was entrusting to him the pastoral care of the good people of the Diocese of Tucson.

Bishop Gerald F. Kicanas, sixth Bishop of Tucson, submitted his resignation in accord with Church law after having reached his 75th birthday. Following today, he will serve as the administrator of the Diocese until Weisenburger's installation. Weisenburger's appointment comes more than a year after Kicanas' offered his retirement.

Bishop Kicanas said, "We are blessed that the Holy Father Pope Francis has appointed as our seventh Bishop in the Diocese of Tucson, a caring and loving pastor and shepherd for our community. He will walk with us, listen to us and stand up for us. His many gifts will provide the pastoral leadership we need. He will be a collaborative worker with diocesan personnel, interfaith leaders and all those with responsibility in this vast diocese of 43,000 square miles."

Weisenburger served as a priest of the Archdiocese of Oklahoma City for almost 25 years. On Feb. 6, 2012, he was appointed Bishop of Salina by Pope Benedict XVI. His ordination, which marked the beginning of his ministry, was on May 1, 2012, at Salina's Sacred Heart Cathedral. His installation as Bishop of Tucson will take place on Nov. 29, 2017.

The Diocese of Salina serves approximately 44,000 Catholics. The Diocese of Tucson, which borders with Mexico, serves approximately 450,000 Catholics, many of whom are Spanish speaking. Weisenburger enjoys a working knowledge of Spanish and has always treasured his ministry with the Hispanic

community. Weisenburger also has an intense concern and love for the well-being of migrants, refugees, and Native American peoples. He is humbled by Pope Francis' appointment and hopes to join with the bishops of Arizona and New Mexico in being an articulate and indispensable voice of compassion for all immigrants.

Weisenburger said, "I am humbled to follow in the footsteps of a shepherd who has served graciously and generously for many years. Bishop Kicanas has served in many national capacities for the Catholic Church and is highly esteemed. Knowing that he will continue to reside in our Diocese is a great comfort for me and a blessing for our people."

Catholic Parishes in the Copper Corridor, including St. Francis of Assisi (Superior), Infant Jesus of Prague (Kearny), St. Joseph's (Hayden), Blessed Sacrament (Mammoth), St. Bartholomew's (San Manuel) and St. Helen's (Oracle), are part of the Diocese of Tucson.

County Animal Care &

By Jennifer Carnes
 Copper Area News

It's a horrific story. The stuff of nightmares.

A crazed wild animal attacks first your dogs, then you. You grab the only weapon you can find, a machete, and start fighting for your life.

The thing is – it's not a story. Not a dream. But it was a nightmare.

The incident happened this year on a ranch southeast of San Manuel. Pinal County Animal Control officers were called to the scene and what they discovered was chilling.

A bobcat attacked several dogs on the ranch and then turned on a ranch hand who waded into the fray swinging a machete. Animal Control took samples from the dead bobcat and sent them to the state laboratory to check for rabies. The test came back positive.

Luckily, the ranch dogs had all been vaccinated against rabies. The ones who had come into contact with the rabid bobcat were administered a booster shot and were deemed safe from rabies.

The ranch hand was not so lucky.

He had been exposed to blood and other

body fluids infected with the rabies virus and had to undergo treatment for rabies.

"Rabies is 100 percent fatal," explained Graham Briggs. Briggs serves as an epidemiologist at the Pinal County Public Health Department. "We take rabies very seriously."

Just last month, Briggs said, a fox tested positive for rabies in Winkelman. A homeowner heard a weird noise in her backyard and discovered a fox. The homeowner brought her dog inside for the night. In the morning she found that the fox had died and called Animal Control. The fox tested positive for rabies. Because of the dog's proximity to the fox and even though the dog hadn't been bitten, the dog was considered to have been exposed. The dog hadn't been vaccinated, Briggs said, and was euthanized.

"I hate it," Briggs said, about having to euthanize pets. "It's sad and frustrating."

Especially when it's completely preventable simply by vaccinating pets against rabies.

The rabies vaccine is recommended for dogs and cats. For dogs, it's required. But Briggs said he's seen issues with cats. He said a woman reported that her cat had brought a dead bat into the house and left

Maybe you got some mail today. Ballots have been mailed out for Pinal County's vote on Propositions 416 and 417. Taken together, the vote is to decide if the residents of Pinal County support a plan of road construction over a period of 20 years and a half-cent sales tax increase to cover the costs. The bulk of construction will take place in the Valley and will develop a series of North-South and East-West corridors and connecting roads. All propositions must include benefits equally, so the Copper Corridor towns of Superior, Kearny, and Mammoth along with the South Pinal County Town of Eloy, will each receive \$300,000 per year for street and transportation improvements. This amounts to \$6 million for each town over the 20-year life of the tax.

I don't know about you, but I plan to vote as soon as I receive the ballot. If I set it down for a while I might misplace it along the way, and I really want my vote to be counted! If you're anything at all like me (prone to lose things), you might want to mark your ballot and send it back this week. This the first "all vote-by-mail" ballot

conducted in Pinal County.

Kearny, Hayden, and Winkelman will be the beneficiaries this weekend of the second ASARCO day of responding to some of the needs of the towns. Two teams of ASARCO employees, led by Mike Kotraba of the Ray Mine and Joe Wilhelm of the smelter in Hayden, will arrive in force on Saturday, October 14, to provide the labor and supplies for several projects. They hope to paint the library and pool area in Hayden and, if time and supplies permit, work on the club house. In Kearny, the ASARCO folks will paint and refurbish the old teen center which is being re-purposed for library work with young people. The front of the municipal pool will be repainted with a distinctive color, and flowers and other living things will be planted along the front of the structure. A team will also work to refresh the Kearny entrances with living things and the front of the Kearny Police Department will be painted.

This is a wonderful gift from ASARCO and its employees to all three towns. We are, after all, inextricably bound together in our role as mine and mining towns.

Control offers free rabies clinic in Mammoth

it in a basket of the owner’s clean clothes. When the owner discovered the “gift,” she called Animal Control. The bat tested positive for rabies. Because the cat wasn’t vaccinated, it was euthanized.

Briggs explained that epidemiologists see rabies routinely in certain animals, namely bats, foxes and skunks. What concerns them is that they are seeing rabies spill over into other animals, from foxes to coyotes to bobcats. A few years ago, they even had a case of rabies in a coatiundi. The coatiundi was living under the front porch of a home in Oracle. The homeowners had been feeding the animal, a report of which got back to officials at Arizona Fish and Game. They captured the animal and it later tested positive for rabies.

“Any mammal is susceptible to rabies,” Briggs said. Pinal County has even seen a rabies case in a cow. Briggs said a farm owned by a conglomerate brought in its company veterinarian from California to treat a cow that was ill. The vet was convinced that the excessive salivation was caused by a blockage in the animal’s digestive tract and had put his arm down the animal’s

throat to find the blockage. Briggs said the vet ordered a rabies test as a matter of routine and went back to California. When the animal tested positive for rabies, Briggs said, the health department had to call him and he had to seek treatment because he had been exposed.

Rabies is a virus that is transmitted by saliva. Rabid animals bite other animals infecting them. The virus then travels to the central nervous system, lodging in the brain where it multiplies, causing encephalitis, confusion and an inability to swallow which leads to excessive salivation. The virus then heads to the salivary glands where it continues the cycle. There is no cure for animals. Humans who are exposed are given a shot of amino globulin immediately after exposure followed by the first dose of vaccine. Vaccine is then administered on days three, seven and 14 after the exposure. Painful, but the alternative is so much worse.

County health departments send educators into the elementary schools, especially in rural locations, to teach children about the dangers of rabies. Briggs said it’s a recurring nightmare to

think that a child could pick up a dead bat and take it to school to show his friends, not knowing that they are all potentially being exposed to rabies.

“Eight or nine times out of 10, the domestic animals exposed (to rabies) are dogs,” Briggs said, a number that was

confirmed by Clancy Hill, a communicable diseases investigator for the Pinal County Health Department. Every year, the department sees reports of dogs getting into fights with skunks, exposing them to rabies.

San Manuel falls in double-OT thriller

By **Andrew Luberda**
Copper Area News

The now No. 15-ranked San Manuel football team couldn't convert a game-tying two-point conversion in the second overtime of last Friday night's game at Willcox, resulting in the end of the Miners' six-game winning streak after the 46 – 44 defeat.

The Cowboys, now No. 12, benefitted from a questionable call in the second overtime. According to San Manuel head coach Daniel Williams, the Miners' defense stopped a Willcox runner short of the goal line. One referee ruled it a touchdown, while the other ruled it short. After a conference, the referee called it a score.

Still, the Miners' had a chance to send the game to a third overtime.

"We're disappointed we lost, but I'm proud of my team for sticking in there and fighting until the very end," Williams told the Miner. "We didn't come out like we expected to and we allowed Willcox to keep the score

close. In part, we did it to ourselves."

The Miners' defense, which intercepted five passes and recorded nine-and-a-half sacks in the game, couldn't stop the big plays, which allowed the Cowboys to hang around.

"We made key mistakes on big plays," Williams said. "They were able to get behind our defense on a couple plays."

Senior middle linebacker Gabe Velasquez, among the national leaders with 127 total tackles, once again led the Miners with 16 tackles. Michael Ochoa, a junior, had a team-high three sacks. Rey Martinez had one-and-a-half while Bridger Davis, Jose Damien, Velasquez, Luis Chavez, and Armando Esatrada had one apiece.

Martinez, Benny Laguna, Colby Johnston, AJ Castillo III, and Alejandro Camacho each picked off a Willcox pass.

Running back Christian Velasquez, who ranks fifth nationally with 1,933 rushing yards, ran for 210 yards and five touchdowns against the Cowboys. It was his fifth game this season with 200 yards or

more. He now has 31 rushing scores on the year, which ranks third in the country, per MaxPreps.

Sophomore quarterback Caleb Quintero was 12-of-24 for 246 yards and a touchdown. Martinez, a junior, caught three passes for 112 yards, including a 72-yard touchdown reception.

The Miners finish the regular season with two home games beginning with Bisbee Oct. 20.

"It's our Homecoming so we have to step

up and play our game," Williams said. "We should be able to come out with a win."

The season-finale against No. 5 Santa Cruz could be for the region title and a playoff berth.

"Santa Cruz is going to be a really tough game," Williams said.

A win against Bisbee almost assures the Miners a playoff spot. The top-16 teams qualify for the 2A playoffs.

The Homecoming kickoff is scheduled for 7 p.m.

Miner swimmers shine at invitational

The Miner Swimmers had a busy week with a 4 way meet against Salpointe, Canyon Del Oro, and Desert Christian on Thursday, Oct. 5, at the Oro Valley Aquatic Center followed by the TYR High School Classic Invitational at the University of Arizona Hillenbrand Aquatic Center on Saturday, Oct. 7.

At the Thursday meet, Miner swimmers competed against some very good Division II Schools in Salpointe and CDO. The team depth by the larger schools left the Miners battling for 3rd place in the team scores with Desert Christian. Miner swimmers were able to win 3 races at the meet. Freshman Evan Apuron won the 200 IM and 100 Breaststroke, both by a considerable margin. Junior Darien Apuron won the 100 Backstroke. The Boys team finished 4th and the Girls team finished 3rd. Bailie Hill had some very good swims that earned her title of Miner Dynamite Swimmer of the meet.

At the Saturday Meet, 27 teams and over 800 swimmers took to the pool at the U of

A. Schools of all sizes were represented and the competition level was intense in hopes of earning medals that was awarded by Olympic Champion, Matt Grevers. The meet served as a State Qualifying Meet, and the times earned would help determine qualifiers and individual rankings for the upcoming State Championships.

Miners swam very well achieving many personal best times and earning some State Qualifying spots. Getting the Girls 200 Freestyle and 400 Freestyle Relays qualified for State was the number one goal of the Miners. Senior Raya Woods, Junior Gianna Sweeney, Junior Darien Apuron, and Freshman Star Chavez swam both Relays in School Record times. The time of 1:53.75 for the 200 Free Relay eclipsed the previous record held by Sweeney, Woods, Apuron, and Rebekah Head set in 2015. The time of 4:17.01 for the 400 Free Relay broke the record set in 2012 by Amara Apuron, Theresa Sweeney, Nicole

MESS busy with education programs

By John Hernandez
San Manuel Miner

The Mammoth Elementary Stem School was busy this week presenting educational programs for their students.

On Tuesday, Oct. 3, Debbie Martinez, School Health Liaison from the Pinal County Health Department was teaching a personal hygiene class to the 5th & 6th grade combined class. She showed the students how easily germs are spread from one human to another. Debbie taught the kids the importance of washing one's hands efficiently and how to not cough or sneeze into your hands but into the bend of your elbow. The class is designed to help prevent the spread of diseases such as

the flu.

Also on Tuesday, two young men gave a presentation on the Science of Skateboarding. Evan Breder and Tom Vee have been traveling around the country giving the presentation to many schools and groups. Last year they put on 350 shows in 40 states. Tom said he enjoys traveling especially to small towns and getting to see all of America.

Evan and Tom kept the kid's attention using skateboarding tricks and jumps to teach the kids about physics and subjects like the center of gravity. Some of the kids got to be a part of the demonstrations and even a teacher, Carol Verdugo, came out of the audience and allowed Evan to daringly jump over her on his skateboard as she lay prone on the floor. The kids asked

hundreds of questions and were excited and appreciative of all the stunts performed. They stayed after the presentation to ask more questions and give the two skateboarders a high five or shake their hand.

If you would like to learn more about Evan and Tom, visit the website: wondergy.com. They also are on YouTube as Skaters Guide 2 America.

On Thursday, Kathryn Busby from the University of Arizona Insect Discovery program visited the school. She went from classroom to classroom teaching the students about insects. The hands-on activity program allowed the kids to see and learn about insects up close. Students got to touch a live Madagascar cockroach and a millipede. Students from pre-school to 6th grade enjoyed the program and had fun while learning.

SWIMMING

Continued from page 14

Primero-Predgo, and Cierra Austin. Since both times are ranked in the top 10 of Division III State, coaches are confident that the girls relays will qualify for State (Top 16 qualify).

Gianna Sweeney swam a sizzling 100 Freestyle in a School Record time of 57.86. A time more than a second faster than her previous best (she was the holder of the previous record). Sweeney's time is ranked among the top 10 in the State. Gianna Sweeney was named Dynamite Swimmer of the Meet for breaking the school record as well as being part of two relay teams that broke school records.

Darien Apuron swam a Backstroke time of 1:08.67 which will earn her a top 10 ranking and spot at the State meet.

In addition to the great swims in the Relays, Raya Woods and Star Chavez had very good individual swims that will get them in the picture for a State Qualifying spot. Raya's time of 2:20.33 in the 200 free will be close to the cutoff time that qualifies (top 24 individual times qualify) as will Star's 100 Breaststroke time of 1:26.64. Miner swimmers have one more chance at the end of October to qualify.

Michael Primero-Predgo swam some very good times of 24.51 and 55.91 in the 50 and 100 Freestyle respectively which will likely earn him some individual swims at the State Championship Meet.

Evan Apuron continued to show that even as a Freshman he is among the best in the State. At the meet he finished 4th (just one spot off the award podium) in the 200 Individual Medley which is the all-around event in swimming. His time of 2:05.24

will have him ranked in the top 5. His 100 Fly time of 55.62 will have him ranked in the top 10.

Coach Alex Gort was ecstatic about the Miners swims at the meet.

"On the big stage at the University of Arizona, we had great swim after great swim. The School Record times in the Girls Relays was one of the season goals of the team. The fact it happened this early in October is very satisfying. Seeing Evan rise to the occasion to battle with best, was great to see," Gort said.

Miner Swimmers will attend a meet on Thursday against The Gregory School at the Fort Lowell Pool at 4 p.m.

RABIES

Continued from page 7

Pinal County Animal Care and Control as well as the Pinal County Public Health Department want to prevent rabies from spreading. Animal Care and Control will be holding a free rabies vaccination clinic on Saturday, Oct. 21, from 10 a.m. to 1 p.m. The clinic will take place at the Pinal County Public Health Clinic in Mammoth, 110 Main St.

Shots will be offered, no questions asked. Dogs must be leashed and cats must be in carriers.

Protect your pets and get them vaccinated.

Facts about Rabies

Rabies is an infectious disease that affects the nervous system, including the brain and spinal cord of animals and humans. It is caused by a virus present in the saliva of infected animals and is transmitted to humans through contact with the live virus. Rabies is fatal to humans once symptoms appear.

While human exposures to rabid animals are rare, family pets are more often exposed to wild animals, including wild animals that are rabid. Vaccination against rabies is available through your veterinarian or Pinal County Animal Care and Control. This will prevent them from getting rabies if exposed to a rabid animal. Unfortunately, household pets that are not vaccinated against rabies need to be put to sleep after having an exposure to a wild animal.

Rabies is found mainly in wild animals such as bats, skunks, foxes, raccoons, bobcats, and coyotes. Cats, dogs, and livestock can also become infected with rabies if they are bitten by rabid wild animals and they have not been vaccinated. Rodents such as rats, mice, gerbils, guinea pigs and squirrels are not likely to be infected with rabies. Wild animals exhibiting unusual behavior should be reported to local animal control

officials. The best way to protect yourself and your family is to avoid touching, handling, or adopting wild or stray animals.

The first sign of rabies is usually a change in the animal’s behavior. Animals may act more aggressive or more tame than usual. Animals usually active at night such as skunks, foxes, and bats may be out during the day. Rabid animals may appear agitated and excited or paralyzed and frightened. Sometimes, rabid animals do not show any signs of illness before death from rabies. That is why contact with wild animals should always be avoided.

Animal Care and Control recommends the following precautions

• Keep people and pets away from wild animals. Do not pick up, touch, or feed wild or unfamiliar animals, especially sick or wounded ones. If someone has been bitten or scratched, or has had contact

with the animal, report it immediately to animal control or health officials.

• Do not “rescue” seemingly abandoned young wild animals. Usually, the mother will return. If the mother is dead or has not returned in many hours, call the Arizona Game and Fish Department.
• Vaccinate all dogs and cats against rabies. Pets should be kept in a fenced yard.

* Take precautions when camping, hunting or fishing. Avoid sleeping on the open ground without the protection of a closed tent or camper. Keep pets on a leash and do not allow them to wander.
• Do not disturb roosting bats. If you find a bat on the ground, don’t touch it. Report the bat and its location to your local animal control officer or health department. Place a box over the bat to contain it. Be careful not to damage the bat in any way since it must be intact for rabies testing.

The complaints. The frustrations. The pleas.

For years Pinal County residents have demanded better transportation. More roads and freeways. For shorter commutes. For safer roads. For just getting around. The politicians listened.

It took time. Years. Of listening and community meetings. Plan after plan. Study after study.

The wait is now over. November 7th is a chance, the chance, to finally get more roads and freeways

in Pinal County. **You can check out the plan at YesOn416And417.com.**

No plan is perfect but the good is not the enemy of the great and on November 7th we have THE chance, perhaps the only one in the next 20 years, to dramatically improve our quality of life, drives, jobs, economic development, public safety, and new resources that can help all of us. Everyone wins, everyone gets help from small towns to our biggest ones if we vote Yes on Propositions 416 and 417.

“If this gets voted down there are no magic funds to pay for new roads and freeways, or for transportation help for the neediest among us. Period. There is just no other way to pay for the help people are demanding and the jobs that will be created than Propositions 416 and 417. It’s a very small price to pay for very big benefits for my district.”

- Pinal County Supervisor Pete Rios

“The people put me in office and are my boss forever and always. And to do my job best, and get to you fastest when you need it most, our county MUST have better roads and freeways. I-10 is among the most dangerous freeways in the COUNTRY. Other areas in Pinal County are very bad too. Help me do my job better, for you.

Join me in voting Yes!”

- Pinal County Sheriff Mark Lamb

BEFORE IT'S TOO LATE!**
