Opinion: Economic growth depends on new and old industries alike

By **Martin Sepulveda**

The road to economic growth and fiscal sustainability is paved with lower taxes, a balanced budget and a less intrusive regulatory environment. When these conditions are met, the private sector can flourish and create jobs.

Arizona is blessed with five C's: copper, cattle, cotton, citrus and climate. The first C, copper, was a critical

engine of growth throughout Arizona's history. In recent years, however, the weight of excessive federal regulation crushed growth in this industry.

But this can change. The Southeast Arizona Land Exchange and Conversation Act of 2013 is a great first step. The bill – sponsored by Rep. Paul Gosar (R-AZ) – authorizes the construction of an underground copper

mine in Superior, Arizona through a land exchange. The economic impact of this mine is staggering.

The mine will create approximately 3,000 construction jobs over an initial six to ten year period. Then, once the mine is fully operational, it will employ more than 3,700 people. These are high-paying jobs that range from \$40,000 to \$120,000 annually in an area of the state

that is particularly suffering economically.

The total economic impact of the mine on the state of Arizona is estimated at \$61.4 billion. That means more than \$1 billion per year over the life span of the mine. Additionally, the mine will generate almost \$20 billion in federal, state, county and local tax revenue.

In order to be successful, Arizona must create new jobs and attract industries that may

not have a significant presence in Arizona while continuing to develop the industries that helped make our state great.

We have a unique opportunity to create real net new sustainable employment, now it's time to leverage it.

Martin Sepulveda is a small business owner, veteran, former Chandler City Councilman and a republican candidate for Arizona State Treasurer in 2014.

Resolution Copper Project halts shaft development temporarily to make cooling, ventilation upgrades

SUPERIOR, Ariz., Oct. 14, 2013 –To upgrade ventilation and cooling of RCM shaft 10 and ensure the health and safety of employees and contractors, Resolution Copper Mining LLC (RCM) will place approximately 48 members of its contractor workforce on temporary leave while a construction and engineering solution is implemented and tested to increase cooling and ventilation to critical work areas within the shaft. The temporary reductions affect the project's contractor workforce. A crew of about 34 contractors will remain for shaft upkeep and maintenance.

The company anticipates that some workers will be recalled before the end of the year. The remainder are projected to be recalled by mid-2014 when shaft sinking is expected to resume.

"Temperatures in the

shaft are at about 116 degrees – too hot for comfort and safety – and humidity is at 100 percent. We are in the process of completing construction and engineering solutions to increase cooling and reduce temperatures that are acceptable and comfortable for our workforce," said Andrew Taplin, project director. "While this change is difficult for everyone, safety is our first priority and organizational value."

Taplin said the mine must ensure that contractors are safe and conditions are right before they return to work. The health and safety of Resolution Copper's workforce is the absolute, top priority.

The shaft-sinking work is an essential aspect of the project. It is the only way to gather critical information needed for future mine designs. Since 2008, the

company has been working with contractor Cementation to sink the #10 shaft to a depth of 6,943 feet below ground level. The current shaft bottom is at 6,630 feet.

"Resolution Copper is one of the most attractive, undeveloped copper deposits in the world. It is absolutely world class. It will bring benefits locally, regionally and to the state of Arizona, and we are committed to seeing it through," Taplin said. "We have invested

more than \$1 billion to date in the project. Most of that investment has been used to sink the exploratory shaft to full depth. Our contractor workforce has been working extremely hard to accomplish that goal, and nothing is more important than their health and safety. It is our primary focus, and we will not compromise or make exceptions in this area. When we have fully implemented and tested the construction and engineering changes to

the cooling system, all our contractors will be called

back to work, and the shaft-sinking work will resume."

Bearcats defeat Panthers

By Andrew Luberda
Copper Area News

The Ray Bearcats defeated the Superior Panthers to reclaim the historic Copper Helmet trophy last Friday night, 48 – 6. It was the sixth win of the year for the ninth-ranked Bearcats.

The Bearcats were led by Dominic Bravo with 3 touchdowns on the night, including one on an 80-yard punt return. Robin Newman added two touchdowns and quarterback Destry Yocum had one touchdown on a 58-yard run. Newman finished the game with 11 carries for 77 yards.

For the Panthers, it was a difficult and emotional night. Starting quarterback Nicolaus Cruz left game early with a severe concussion. The loss of Cruz, who does it all for the Panthers, was difficult to overcome for a young Panthers' team.

"Once he was hurt the impact was felt," head coach Ryan Palmer said about the effect of Cruz's injury on the team.

Palmer said his team committed "too many turnovers" in the game to stay competitive with an experienced Bearcats' team.

"We should've played

(Ray) more competitively than we did," Palmer said.

The Bearcats' defense had four interceptions on the night. Ryan Bickley, Dominic Bravo, Joe Rudy Lorona, and Seth Harmon each had an interception.

Despite the loss, Palmer said his young team continues to gain valuable experience that will benefit the program in the long run.

The Bearcats closeout their regular season at

Duncan Friday night, while the Panthers will celebrate their homecoming on the final night (Friday) of their season versus Ft. Thomas.

The Panthers will be without Cruz, who was ruled out for the season.

Palmer knows what it will take for the Panthers to finish their season on a high note.

"If we can fix our mistakes and minimize the turnovers (we can win)," he said.

A heartfelt thanks to everyone for
your kind words, flowers and food
on the loss of our mother, nana,
sister, Audelia "Dill" Duarte. A special
thanks to the other families as we all tried
to accommodate each other for our reception/
luncheons at such difficult times. The Los
Hermanos staff, thank you as the food was great.

To Eddie Lopez our cousin, with Samaritan
Funeral Home in Phoenix, once again you came
through for us. You were such a great help with
arrangements and putting us at ease. We love you
and appreciate all you do for us.

To everyone I leave you with this:

Crossing Over

*Oh, please don't feel guilty, it was just my time to go.
I see you are still feeling sad, and the tears just seem to
flow. We all come to earth for our lifetime, and for some
not so many years. I don't want you to keep crying,
you are shedding too many tears. I haven't really left
you, even though it may seem so. I have just gone to
my heavenly home, and I'm closer than you know. Just
believe that when you say my name, I'm standing next
to you, I know you long to see me, but there's nothing
I can do. But I'll still send you messages and hope you
understand, that when your time comes to "cross over"
I'll be there to take your hand. -Author Unknown.*

Thank you again, Mona Herrera & family,
Marcella Duarte & family, Frank & Denise, John
Paul Duarte and family, Frank, Sally, Angel,
