By **Nina Crowder**
Superior Sun

Fans and community members showed up throughout the day Saturday as they attend the Superior Business Expo held at the Superior Chamber of Commerce. It was an exciting day filled with cookies, massages, fun, learning, laughing, browsing and prizes! The vendors were in good spirits and enjoyable to talk with.

The vendors that helped make this event successful included Superior Chamber of Commerce; Central Pinal

Publishing; Superior Optimists Club; Superior Post Office; Gloria's Silk Flowers & Home Décor; Donna By Design; Something Fishy; Essential Touch Massage; Sole to Soul Awakenings; Random Boutique; Dalton Realty; Ms. Patsy's Cosmetology; LE Cookies & More; Massage Therapy by Pam Sniderhan; Desserts Like Mom Made/Superior Sweets and Vollara Natural Energy.

Visitors were able to receive massages; Ms. Patsy helped customers with hair and make-up; several samples of cookies were available and were delicious; nutrition and energy information was provided; Something Fishy showed

off some very unique handmade shirts; Dalton Realty provided residential and commercial properties; information about the Arizona Trail, Lost Dutchman and Lost Trail were available, there was not a shortage of things to experience.

As enjoyable as the vendors and community members were there was an added bonus with a fashion show. All the women did a fantastic job at entertaining a large audience with the fashion show. There was something for everyone and the attendees seemed to have a good time. Thanks to everyone who came out and supported the Superior Business Expo!

Panthers snap two-game slide, win over Joe City

By Andrew Luberda
 Superior Sun

The tenth-ranked Panthers ended their modest two-game losing streak last Friday by defeating the visiting Joseph City Wildcats, 62 – 42.

Sophomore quarterback Gage Cruz scored six touchdowns in the game, throwing for three and rushing for three more. He combined for over 400 yards of total offense – 235 passing and 166 rushing.

Sophomore running back Edgar Pacheco rushed for 172 yards and two touchdowns. He also had a receiving touchdown. Matthew Zavala added two touchdowns, one rushing and one receiving. He finished with 133 all-purpose yards.

“I thought we played pretty well,” Panthers’ head coach Ryan Palmer said after the game. “Offensively we were strong.”

The Panthers defense allowed only 12 first half points but allowed 30 after halftime. It’s something that Palmer wants to see fixed before the playoffs start.

“Defensively, we have to work on some of the little things,” he said, referring to better pursuit angles and better tackling. “Overall it was a solid win and it gets us back on the right track.”

Another potential area of concern for the Panthers is the number of penalties they’ve been flagged for over the last two games.

While it could be argued some of the calls have been borderline, Palmer says, “We still have too many penalties.”

A commitment to better fundamentals and more discipline will minimize the number of calls going against the Panthers.

The Panthers travel to Arete Prep this Friday to take on a 1 – 4 Chargers team. The game is scheduled for 7:00 p.m.

The polls have it: public remains in support of Resolution Copper

By **Mila Besich-Lira**
Superior Sun

Resolution Copper hosted their final community summer

forum last week, the polls were conducted by Dr. Bruce Merrill from Arizona State University. The poll was conducted in the early summer by

calling 332 adult heads of households in the Copper Triangle area, which includes Superior, Globe, Miami, Kearny, Hayden and Winkelman.

Here are some of the finding from the poll, guests in attendance at the forum also had a chance to answer the questions in an interactive forum, those answers were all pretty much in line with the results of the phone poll.

The poll showed that there is an overwhelming support for developing the proposed mine. 85 percent of all the

adults in the area, with an opinion support the mine. Resolution Copper is highly thought of in the area, 84 percent of all residents have a favorable opinion of the company. 79 percent of the residents surveyed said that their opinion of the mine has become more favorable. 85 percent of those interviewed said that the mine will help more than hurt the copper triangle area.

How did those surveyed feel about the affects of the project on the local economy and the environment? 93 percent of those interviewed say the mine is important to the local economy, those interviewed said creating jobs is needed to restore vitality to the

local communities. 93 percent also said that Resolution Copper is a good neighbor, and 85 percent of those interviewed said that the company was doing a good job protecting the environment.

Those polled also indicated that they were unaware that the company had made significant investments in cleaning up tailing sites left by Magma Copper. Those polled also said they hope that Resolution Copper will keep investment in education as a high priority.

Those in attendance were able to ask questions of the mine's senior leadership team. Questions posed included questions on how to get the old locomotives

running on the MARRCo railroad. Vickey Peacey with the RCM said the company is willing to work with the Town of Superior on their vision and if the vision included using the rail line they would consider that. Other questions involved the drilling for the hydrology monitoring, company officials explained that the drilling is going well and is ahead of schedule.

Part of the discussion from the public included how the company was going to try and hire locally, and ensure that our workforce is trained for this new mining method. Melissa Rabago with Resolution Copper explained the many investments that RCM has made into the local and regional schools with scholarships, STEM curriculum and robotics programs.

This was the final forum for the summer for Resolution Copper. Many in the public asked that the forums continue throughout the year to help keep them informed on the progress of the mine.

An Advertising Proverb

When Mark Twain was editing a newspaper in Missouri, one of his subscribers wrote in, saying that he had found a spider in his newspaper and wondered whether it was a sign of good or bad luck. Twain's response: "Finding a spider is neither good luck nor bad. The spider was merely looking over our newspaper to see which merchant was not advertising, so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward."

Twenty-Two White Crosses

Superior - Have you seen the 22 white crosses at the intersection of Stone Ave. and Heiner Dr. in Superior?

They represent the 22 military veterans that lose their own internal struggle and commit suicide, every single day. Right here, in America, about every 65 minutes, of every day, a veteran will end their own life.

September is National Suicide Prevention Month. To raise awareness about the 22 military veterans that take their own lives, every day, 22 crosses have been erected in their honor.

The Veteran's Higher Education Initiative urges that if you or someone you know is feeling suicidal, call the Suicide Prevention Hotline at 1-800-273-8255.
