# United Steelworker strike continues

The United Steelworkers have entered week two of the strike.

Those traveling along Highway 177 have probably noticed the picket lines set up by the United Steelworkers. Teachers from the Red for Ed movement, the Teamsters,

Pipefitters and other labor unions have aided in manning the picket lines.

An incident was reported at the picket line at the Hayden Smelter.

According to Hayden Police Chief Tamatha Villar, two

picketers got into a fight. The people involved refused to press charges and those witnessing the incident declined to report what happened to police.

"We have very limited information because no one was cooperative," Villar told *Copper Area News*.

## Emergency Services Committee Applicants

Applications for one (1) Emergency Services Committee Member are being accepted for the Town of Superior. The Committee meets in the evenings at 6:00 p.m. on the third Thursday of the month. Service on the Committee is strictly voluntary.

Interested parties can obtain & submit an application between 8:00 to 5:00 at Superior Town Hall, 199 N. Lobb Ave, Superior, Arizona with a letter of interest. Open until filled. **Equal Opportunity Employer.**

# Clock is Ticking on DEIS Comment Period; Many Projects Moving Forward

Since early August, the Town Council and Town Staff have been hard at work reviewing and analyzing the Draft Environmental Impact Statement (DEIS) for the proposed Resolution Copper Mine. This DEIS is quite possibly one of the biggest tasks we have taken on in many years and is most definitely a document that will impact the future of Superior for generations to come.

Last week during the regularly scheduled Town Council meeting, the Council approved the official comment letter from the Town of Superior. You can view our letter online at: <http://bit.ly/TOSDEISLetter> or pick up a hard copy of the letter at Town Hall.

Our letter addresses our well-founded, evidence-based concerns about the wide-ranging impacts related to socio-economic, fiscal, water, public safety, quality of life, recreational, environmental, and other direct impacts that will result from the construction and operations of the mine. Let us be clear: we support the mine and understand that this is part of our universal destiny because of the huge copper ore deposits in Superior and throughout Arizona. At the same time, we need to safeguard the community and economic well-being of Superior by fully vetting the impacts of the mining operations and working with the various parties to identify mitigations that will minimize or eliminate these impacts.

For the Town and our citizens to be assured that there are appropriate mitigations in place today and well into the future to offset the impacts of the mine, it is paramount that Superior's concerns are incorporated into the final Record of Decision, which is part of the official environment impact analysis process that

is required for operations such as these on federal lands. The Record of Decision is scheduled to be completed in the Summer of 2020.

But we cannot wait until then to register our concerns. We are working on this now, and it is just as important for Superiorites to know how much we value your viewpoints and voices as well. I encourage everyone to read our comment letter and submit your own comment letter to the Forest Service. You can submit your comments online at: <https://www.resolutionmineeis.us>. Those comments need to be submitted no later than Thursday, Nov. 7, 2019.

Also at our October Council meeting, we approved contracts for new playground equipment to be installed at the US 60 Park and the Swimming Pool/Skate Park.

- The US 60 Park playground is funded entirely by Resolution Copper as part of their mitigations for the demolition of the historic smelter. The playground will feature a fourteen-foot slide and many play areas for all ages and a designated dog park. We anticipate that this playground will be completed in early January 2020. The Town of Superior Youth Council played an instrumental role in selecting the equipment and will be choosing the color scheme soon.

- The Swimming Pool Park playgrounds will be installed later this year and is being funded by Community Development Block grant funds. This park will feature slides and climbing apparatuses. We expect that this equipment will be installed by mid-March if not earlier. The federal funding used to fund this project requires additional permitting and staffing that requires more time before construction can begin.

The Town Council also approved a contract with GLHN Architects to design and build our proposed Multi Generation Center at the Town Hall/Roosevelt School Complex. A public participation event to help design the new center will be held on: Thursday, Oct. 24, 6-8 p.m. at the Town Hall. On Oct. 29, GLHN will conduct a second interactive workshop from 2 to 6 p.m. at Town Hall. Resolution Copper has provided a portion of the funding for the design and construction of the new facility as part of their commitment to improve the quality of life in Superior. The Town of Superior and Resolution Copper are committed to raising the additional \$2 million required to complete the project. GLHN is planning on presenting its design ideas at the Nov. 14, 2019 council meeting.

These are all very exciting projects that significantly expand and enhance our

# Panthers 'Cruz' to win; Otero scores 3 TDs

By **Andrew Luberda**  
Superior Sun

No. 3 Superior celebrated its seniors in grand fashion on Senior Night last Friday night, defeating visiting NFL Yet Academy, 62 – 16.

“We finished the regular season strong,” Superior head coach Ryan Palmer said afterwards. “I was happy with our offensive execution.”

Senior Gabe Otero rushed for a game-high 142 yards and a pair of touchdowns on just five carries and added another touchdown on a 30-yard punt return. For Otero, that’s

six touches, three scores. Not a bad percentage.

Sophomore Matthew Cruz threw three touchdown passes – two to senior Sammy Lopez – and ran in another. Another senior, Daniel McConnell, caught Cruz’ other scoring pass. Lopez finished with four catches for 119 yards.

On their night, three Panthers’ seniors accounted for six of the team’s eight touchdowns.

Defensively, McConnell led the way with six tackles, including two TFL. Senior Gabe Castillo added five tackles and two more TFL.

“This is a special group,” Palmer said

about the seniors. “They possess a great work ethic. They have the dedication and desire required to win. Those qualities will take them far, not only in football, but in life.”

This “group” has a chance to do something not done before at Superior – win consecutive state titles. That might be looking too far ahead for Palmer’s liking.

“We are focusing on the process, not the outcome,” he said. “We need to improve and grow as a team each day to give ourselves an opportunity to defend the state championship.”

Indeed, the No. 3 Panthers will

now begin the defense of their championship. Following a bye, Superior will host either Duncan or Ft. Thomas on Friday, Nov. 1.

“The bye is a significant advantage,” Palmer said. “Especially in eight-man football, where depth plays a big factor come playoff time. Being able to regroup and focus on that final push towards a championship is very beneficial.”

What challenge does either of the potential opponents present for the Panthers?

“I am pretty familiar with both

# Halloween is Almost Here!

It's that time of year when kids of all ages and sizes look forward to the fun of Halloween. What fun memories do you have about Halloween? Trick or Treating? Carving the pumpkin? Dunking for apples at a party?

With the fun and activities of Halloween come some inherent dangers as well. According to the National Safety Council (NSC), kids love the magic of Halloween: trick-or-treating, classroom parties and trips to a neighborhood haunted house. But for moms and dads, often there is a fine line between Halloween fun and safety concerns, especially when it comes to

road and pedestrian safety.

In 2017, 7,450 pedestrians died in traffic or non-traffic incidents, according to Injury Facts. Non-traffic incidents include those occurring on driveways, in parking lots or on private property. NSC research reveals almost 18% of these deaths occurred at road crossings or intersections. Lack of visibility because of low lighting at night also plays a factor in these deaths.

Here's a scary statistic: Children are more than twice as likely to be hit by a car and killed on Halloween than on any other day of the year. In 2017, October ranked No.

2 in motor vehicle deaths by month, with 3,700. July is No. 1, with 3,830 deaths.

So, what can parents do to keep their little goblins and ghouls safe? There are several things to keep in mind.

When talking costumes consider the following:

- All costumes, wigs and accessories should be fire-resistant.
- Avoid masks, which can obstruct vision.
- If children are allowed out after dark, fasten reflective tape to their costumes and bags, or give them a flashlight or glow sticks.
- When buying Halloween makeup, make sure it is nontoxic and always test it

in a small area first.

- Remove all makeup before children go to bed to prevent skin and eye irritation.

If trick-or-treaters will be out searching for goodies after dark or by themselves:

- A responsible adult should accompany young children on the neighborhood rounds.
- If your older children are going alone, plan and review a route acceptable to you.
- Agree on a specific time when children should return home.
- Teach your children never to enter a stranger's home or car.
- Instruct children to travel

only in familiar, well-lit areas and stick with their friends.

• Tell your children not to eat any treats until they return home and you have had a chance to inspect them.

• Children and adults are reminded to put electronic devices down! Keep heads up and walk, don't run, across the street.

• Give kids a flashlight or glow stick to help make them more visible at night.
