LETTER TO THE EDITOR

Freedom of Speech Is Our Right

Freedom of Speech is not my choice to give or take. Nor is it yours or any other persons. It is a God given right, confirmed in the Bill of Rights of our Constitution, top of the list.

Removing campaign signs for any candidate, or political issue, is also a class 2 misdemeanor according to Arizona

Revised Statutes 16-1019.

Repetitive removal of pro Life and pro Trump campaign signs in our area makes me wonder, "If you are willing to steal signs, are you also willing to steal the election?"

Information sought in illegal killing of mule deer doe near Dudleyville

TUCSON, Ariz. — The Arizona Game and Fish Department is seeking information about the recent poaching of a mule deer doe in Game Management Unit 37B near Dudleyville, Ariz.

The doe was found off Freeman Road near milepost 18. Wildlife officers estimate it was killed sometime between Friday afternoon, Oct. 2 and Sunday morning, Oct. 4.

"Help from the public could play a vital role in finding who is responsible," said AZGFD Regional Supervisor Raul Vega. "This is not the act of a hunter. Poaching is a crime. It is stealing wildlife from the citizens of Arizona. It is important for anyone with information to come forward and help Game and Fish bring those responsible to justice."

Anyone with information is encouraged to call the department's Operation Game Thief hotline at (800)

352-0700, or visit www.azgfd.gov/ogt, and refer to case #20-003293. Callers may be eligible for a reward of up to \$1,500 for information leading to an arrest in this case. All calls will remain confidential and reports can be made anonymously if needed.

Arizona Game and Fish are looking for the person who killed this mule deer doe near Dudleyville.

Bond projects progressing at Oracle School District

Progress continues on the bond projects at the Oracle School District.

After the issuance and advertisement of a Request for Qualifications for Construction Manager at Risk (CMAR) Pre-construction and Construction Services for the new classroom addition and library renovations, the District held a pre-submittal

conference and walk-through which six firms attended. Three firms then submitted, and the District's CMAR Selection Committee, consisting of District staff and a representative from BWS Architects, and a licensed local contractor, evaluated them using the criteria listed in the request for quote (RFQ). The Governing Board was asked to approve the winning firm, Chasse Building Team, at its Oct. 16 board meeting, and did so unanimously.

Chasse Building Team will serve as the CMAR for Phase 1 of the capital bond project, which includes construction of a new classroom building, demolition of the Bateman building, renovation and extension to the library, renovation of the kitchen, renovation and ADA upgrades to student restrooms, adjustments to the cafeteria to create a performance-friendly environment, safety upgrades at the entrance to our campus, and HVAC replacement.

At this same meeting, the Governing Board approved the proposed architecture and engineering fees for BWS Architects for all three phases of the project, as well as additional projects the District secured funding for from the Arizona School Facilities Board.

Now that all three design and construction partners are on-board and the master site plan is approved, the District is on-track for actual construction beginning in 2021. Throughout the process, the Governing Board is verifying funding is spent only on that which was approved by the voters, and that all procurement processes are followed. The Board is, of course, also laser-focused on ensuring end results produce a safer campus for all and a better learning environment for our students.

Members of the Oracle School District's design and construction partner firms: BWS Architects, Chasse Building Team, and the H2 Group.

SUN LIFE FAMILY HEALTH CENTER

Excellence in Health, Wellness, Education & Service

**Resources. Help.
Community Wellness.**

slfhc.org

Even though we are in the middle of a pandemic, the local Council of Knights of Columbus has been active. Clare Grochocki (Director) receives a donation from Grand Knight Alfred Trejo (center) and Financial Secretary Johnnie Seballos.

Knights of Columbus present donation to Family First

The local Knights of Columbus Monsignor Loyola O'Dougherty Council 5542 recently presented the Family First Pregnancy Care Center in Oracle a check for \$200 to be used to better serve the community through their organization.

The Knights of Columbus are a religious organization committed to charity service, based on the principles of charity, unity, fraternity, and patriotism. The local council works hard in raising funds to give back to the community in providing coats for kids, food for families and the food bank, and support programs that benefit people with intellectual disabilities. They contribute to the culture of life, Pro-Life, support our military veterans, and support scholarship programs for seminarians, college for kids, and high school students, and many other charitable activities.

Family First Pregnancy Care Center and Family Diaper Bank is a non-profit, Christian, educational organization which

provides services to continue helping others, to continue doing to make our community a better place for us all to live in. Sharing God's love, encouraging others and continuing to help mothers, youth and Families is their mission. They provide online classes, phone classes, and curbside pickup of any baby items or diapers clients may need, and any material assistance or food.

Faithful supporters have donated financially, food, diapers, car seats, quilts, strollers, walkers, masks, hand sanitizer, and gloves to keep them going.

"During this time of pandemic hardship, we wanted to support our local organizations," stated Grand Knight Alfred Trejo. "We are always looking for ways to give back to our community and promote the respect for life. We are proud to present Family First Pregnancy Center a check to pay utility bills or buy more products for their use."

Lonely elders hit hard by the rigors of social distancing and self-isolation; they may need help, says AMAC

It's no secret that America's elderly population is among the hardest hit by the COVID pandemic. Not only are they at higher risk of infection, those who live alone are more likely to succumb to the loneliness of precautionary self-isolation, says Rebecca Weber, CEO of the Association of Mature American Citizens [AMAC].

How bad is it for our senior population? "Bad enough that desperate residents of a long-term care facility in Greeley, CO, sick and tired of COVID-19 restrictions, recently staged a protest. Many of them were in wheelchairs and holding signs that read 'Rather die from COVID than loneliness,' 'Prisoners in our own home' and 'Give us freedom,'" says Weber.

She notes that Pew Research recently found that 27% of adults ages 60 and older live alone in the U.S. Meanwhile, the Centers for Disease Control reports that many of them are socially isolated or lonely in ways that put their health at risk. In fact, the CDC cites studies that

show:

Social isolation significantly increased a person's risk of premature death from all causes, a risk that may rival those of smoking, obesity, and physical inactivity.

Social isolation was associated with about a 50% percent increased risk of dementia.

Poor social relationships (characterized by social isolation or loneliness) was associated with a 29% increased risk of heart disease and a 32% increased risk of stroke.

Loneliness was associated with higher rates of depression, anxiety, and suicide.

Loneliness among heart failure patients was associated with a nearly 4 times increased risk of death, 68% increased risk of hospitalization, and 57% increased risk of emergency department visits.

"Those of us who have what we might call normal lifestyles feel lonely when we haven't seen our friends and family in more than a couple of days. Imagine not having friends and family in the best of times and now that the world is dealing

with the deadly coronavirus your norm is solitary confinement," says Weber.

Here are some Websites that may provide you with ideas on how to overcome the perils of loneliness if you, a neighbor, a loved one are exhibiting the rigors of self-isolation and masked faces:

San Manuel remains undefeated

By Andrew Luberd
San Manuel Miner

The San Manuel football team remained undefeated following last Friday's 28 – 6 victory at winless Valley Union.

For the Miners, who scored 16 points in the opening quarter before adding touchdowns in the second and third quarters, the win signaled they could still find success with less than their best performance.

"A win is always good for having a bad game," San Manuel head coach Ernie Ivy said. "Offensively, we were not executing our plays like we should. Penalties hurt us a lot on offense in this game as well. The defense did well, but we had a lot of missed tackles we need to fix for the next game."

Freshman quarterback Nicolas Velasquez completed 11-of-18 passes for 147 yards and a touchdown. Noah Huerta and Isaiah Lopez, both

juniors, along with senior TJ Madrid combined for 120 rushing yards and three touchdowns – one each. Sophomore Tony Guisa had a pair of catches for 57 yards and a touchdown.

Defensively, the Miners allowed a season-low six points. Sophomore Mathias Medina finished with a game-high 13 tackles. Lopez, Madrid, Jason Del Rio, a senior, and freshman Aiden Lozoya combined for 15 tackles, including six TFL.

San Manuel can win the 1A South Region Championship with a win this week against undefeated St. David at home. The Tigers (4-0) are averaging nearly 48 points per games and allowing only six-plus points per game.

"St. David has a good running game, and their passing is better than we have seen this year," Ivy said. "We will be ready to play a good game."

Up next: Friday, Oct. 30 vs. St. David. Kickoff is schedule for 6 p.m.

Douglas Gretzler

Copper Area News has received some articles from a former corrections officer from Arizona State Prison. This retired officer spent 25 years with the Arizona Department of Corrections working all custody levels from juvenile detention units to Death Row. The author wishes to remain anonymous. He hopes to provide the readers with a view of what it is like working with inmates and what life is like behind prison walls.

INTRODUCTION

The job of a corrections officer is not easy. The nature of the job, working with men or women behind bars can be stressful. Working in high custody units can add to the stress. The Arizona Department of Corrections has a high staff turnover rate. One in five staff members quit within the first couple

Douglas Gretzler spent 25 years on Death Row before being executed in 1998. At the time, he had been on Death Row longer than anyone in the state and he was responsible for more killings (17) than any inmate in Arizona's prisons. Doug Gretzler met Willie Luther Stillman while they were

both drifting aimlessly around the country. Steelman was a formerly institutionalized mental patient. When they met, it was the beginning of a robbery and killing spree unlike any ever seen in the southwest.

Steelman, 28, was from Lodi, California. He had a criminal record but no crimes of violence. Gretzler, 22, was from the Bronx in New York. He had no criminal record. They met in Denver, Colorado where they shared an apartment with Steelman's sister. On Oct. 11, 1973, they left Denver and traveled to Phoenix, Arizona with a girl who introduced them to Yafa Hacohen, 21, (also known as Katherine Mestites in earlier news reports) and Robert Robbins, 19, who lived in a trailer home outside of Mesa, Arizona. On Oct. 17, the rampage of death began.

Michael Adshade and Ken Unrein picked up Gretzler and Steelman who were hitchhiking. Gretzler and Stillman forced the two Phoenix men, both 22 years old, to drive their van to California. In California, the two men were strangled and stabbed to death. Their bodies were found on Nov. 11 near Oakdale, California. It is believed that on Oct. 20, Steelman and Gretzler abducted a couple near Petaluma, California where the van Gretzler

of years of being hired or use the training and experience they receive to transfer to Sheriff departments or Federal corrections.

Maximum custody inmates are either there because they are doing long sentences, are convicted of violent crimes or they are problem inmates while in prison. Inmates on Death Row are under a sentence of death and have nothing to lose by acting out against staff or other inmates. Officers must always be on the alert to prevent these inmates from harming other inmates or staff. To understand the type of inmates that are housed on Death Row, I will provide you with a few of their stories, the crimes they committed and some of their prison life.

and Steelman had stolen broke down. After raping the young woman, they released the couple near Mountainview, California.

Steven Loughran, 18, of Marysville, California made the mistake of picking up the two men who then forced him to drive back to Arizona. Upon arriving in Arizona, Gretzler and Steelman murdered Loughran and dumped his body near the foothills of the Superstition Mountains near Apache Junction. His body was found on Nov. 10 and authorities said he had been killed around Oct. 22 or 23. Gretzler and Steelman returned to the Mesa trailer home of Hacohen and Robbins where they shot and killed them both.

On Oct. 29, Steelman and Gretzler arrived in Tucson, Arizona by bus. On Nov. 1, they were picked up while hitchhiking then forced the driver to drive them to a place where they were to meet a couple that would sell them a .22 caliber pistol. This gun would later be used in a dozen murders. The driver of the vehicle was 19-year-old Gilbert Sierra, a miner who worked at the Magma Mine in San Manuel. Sierra was murdered and his body dumped near Gates Pass. He was shot twice in the head and once in the back. The couple who sold the killers the gun later

told police they somehow managed to escape after witnessing Sierra's murder. They would later give information against Gretzler and Steelman.

Vincent Armstrong, a University of Arizona student, picked Steelman and Gretzler up, as they were hitchhiking in the University area. Gretzler and Steelman then took over the vehicle at gunpoint. Armstrong was lucky as he was able to jump out of the moving vehicle going about 30 miles an hour. The two killers then looked for a place to dump the stolen vehicle. While cruising, they came upon Michael Sandberg, a former Marine captain and now a graduate student, washing his car. They forced him into his apartment on Ft. Lowell Road. His wife Patricia was in the apartment. The Sandbergs were bound hand and foot and then shot in the head. Their bodies would not be found

until Nov. 9. Gretzler and Steelman stole the Sandberg's vehicle, some cash and identifications and headed for California.

Walter Parkin owned the only grocery store in the small town of Victor near Lodi, California. On Nov. 7, 1973, the bodies of Walter,

worried that the trials in California could possibly hurt their cases.

Gretzler pleaded guilty to nine counts of murder. Steelman waived a jury trial and was tried by a judge who found him guilty on all counts. They were found guilty and sentenced to life in prison. Judge Chris Papas at the sentencing said, "Steelman was the architect and engineer while Gretzler was a willing follower."

California would reinstate the death penalty in 1974. Steelman and Gretzler's lawyers fought extradition to Arizona. They would lose the case and the order to extradite the prisoners to Arizona was signed by then California Governor Ronald Reagan. In Arizona, they would both be found guilty for the murders of the Sandbergs and sentenced to death. Steelman would beat the hangman, so to speak, dying from liver disease in 1986.

On June 3, 1998, Douglas Gretzler, while laying on the gurney awaiting death by lethal injection, said, "From the body of my soul, I am so deeply sorry and have been for years for murdering Patricia and Michael Sandberg. Though I am being executed for that crime, I apologize to all 17 victims and their families."

Copper Area News is committed to providing our readers with as much information as possible. We post a daily update on our Facebook page with the total positive COVID-19 Data. This graph shows the daily counts of positive cases for the past week as of press time on Oct. 26, 2020.

There are a few points we would like our readers to consider when following this data.

1. This will continue to be a rolling total of positive cases. It does not reflect recoveries or deaths. The Arizona Department of Health Services does not break out this data.
2. If you see a reduction in numbers from day to day it is most likely due to a data entry error or mis-coding of a zip code (at the state level).
3. This is all zip code based data; most of our zip codes include unincorporated areas. There is no way to track exactly which areas each of the positive cases are. Example, Kearny and Winkelman each have small communities in their zip code that are not in the Town's incorporated boundaries.
4. If you live in Gila County, please follow the Gila County Health and Emergency Management, Facebook. They have maintained their data on recoveries and current positive cases.
5. You can follow other data such as ICU bed use, Ventilator use and hospital capacity online: <https://bit.ly/3inh280>

Working together, we can slow the spread of the virus across the Copper Corridor. Wear a mask in public, remain physically distant (6 feet apart or more), practice good hygiene (wash your hands frequently, sanitize high touch areas) and stay home if you are not feeling well.
