OBITUARIES

Robert 'Bobby' Celis Real

Robert "Bobby" Celis Real passed away Sept. 24, 2019.

Bobby was born in Ray, Arizona on Jan. 11, 1953. His early years he grew up in his beloved Sonora before his family moved to Superior. Bobby attended Superior Schools before he began his mining career. In 1971, he started at Kennecott Copper Mine and worked in mining until his retirement from Asarco in 2002.

Bobby married Margie Denogean in 1971. They raised their children Robby and Chrissy in Superior. Bobby was very active in his community. Among other things, he took pride in his involvement with Project Happy Face, his years volunteer coaching and umpiring for Superior Little League and his 25 years with the Superior Fire Department.

Bobby is survived by his wife, Margie; children, Robby (Ruby) and Chrissy; grandchildren, Michael, Lisa (Sean), Matthew and Jilyn; great-granddaughter, Lyanna; mother, Elsa; siblings, Veronica (Richard), Danny (Linda), Michael (Laura) and David (Priscilla); extended Denogean family, his godchildren, many nieces and nephews, and his beloved Sydney (aka Monkey).

He is preceded in death by his father, Cosme. Bobby will be dearly missed.

Albert Bracamonte Gomez

Albert Bracamonte Gomez, age 88, passed away peacefully on Sept. 25, 2019, surrounded by family and with his close friends by his side.

He was born in Tucson, AZ on Jan. 30, 1931. He learned to be self-sufficient at the young age of 15. He served in the U.S. Army from 1950-1953 and was a Korean War Veteran. He began working for Magma Copper Co. in 1953 and retired after 30 years. He then worked at General Motors Proving Grounds and retired in 1997.

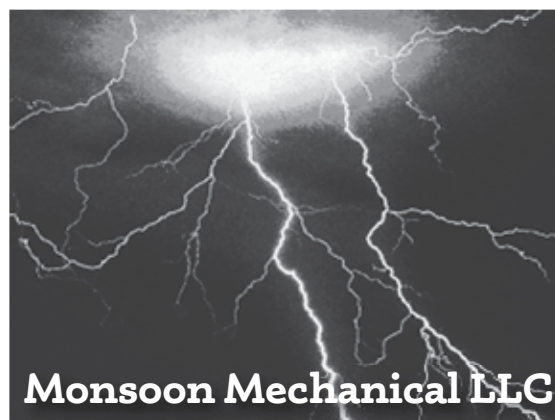

He married Emma Elias (deceased in 1980), and lived in Superior, AZ, his entire adult life. He is survived by seven children, Jesus (Tito), Mary Helen, Mary Christine

(Tina), Edward, Roy, Mark and Emma; 24 grandchildren, 63 great-grandchildren and 3 great-great-grandchildren.

In 1981, Albert married Bertha Ramirez-Tovar (deceased in 2006) who had 5 adult children: Ernest, Loretta, Louie, Eldefonso (Fonso), and Juanita. Between them both, they had 3 generations of grandchildren.

Albert was passionate about spending time with his family and friends. He enjoyed playing cards with his companion, Maria Hamaker and friends, and also playing bingo, visiting casinos (only when he won), hiking the annual family Picket Post climb, camping, and family gatherings. He was also skilled at carpentry, wood-working, and built the family home.

Funeral Services will be Saturday, Oct. 5, 2019, at 10 am, at St. Francis of Assisi Parish, Superior, AZ. Interment will follow at the Superior Fairview Cemetery. We are grateful for all the support and prayers from family and friends.

Go Panthers! Our team is rooting for Superior High School victories in all the sports throughout the year.

Navarrette scores four TDs in Panthers' HC romp

By Andrew Luberda
Superior Sun

Superior junior Adam Navarrette scored four touchdowns on Homecoming to lead the defending state champions to a 50 – 8 victory last Friday night against winless Lincoln Prep. “We took care of business on what could have been a distracting week,” Superior head coach Ryan Palmer said afterwards. “I was proud of our focus.”

Navarrette had a game-high 123 receiving yards on just four receptions with a pair of touchdowns. He also rushed for 60 yards – averaging 15 yards per carry – and a touchdown. His fourth score came when he returned one of three interceptions for a pick-six.

Since his arrival at Superior as a freshman, Navarrette has been a playmaker. Throughout his two year-plus varsity career, he has scored touchdowns on offense, defense and special teams.

“Adam is a great student and athlete,” Palmer said. “He is a model citizen and a natural leader. He is not only athletic, but he also has a high football IQ.

“He has been an x-factor for us over the last two years,” he continued. “He is a focal point of our offense. We try to get the ball in his hands as much as possible. Defensively, he is also one of our best players.”

The Panthers scored 50 points or more for the third-

straight game and the fourth time in five games this season. Sophomore quarterback Matthew Cruz attempted 11 passes, completing eight, including three for touchdowns. Gabe Otero rushed for a game-high 94 yards and a couple of touchdowns on six carries. Senior Sammy Lopez contributed to the scoring barrage with a touchdown reception.

Defensively, Superior recorded four sacks and four interceptions. Juniors Andrew Martinez and Matthew Diaz-Gonzales shared the team-lead with eight tackles each. The former also had an interception, the latter a sack. Junior Matthew Perez had one-and-a-half sacks in the win.

The 1A East Region title is likely on the line this week, as Superior visits 2018 1A State Runner-up and undefeated Hayden in a rematch of last year's State Championship game.

“Coach Estrada and his staff have done a great job restoring (Hayden's) program,” Palmer said. “We are going to prepare with a championship focus and expecting a tough game.

“Small-town football doesn't get much better than two rival

Superior celebrates a 'Pixar' Homecoming, crowns Estatico, Otero Queen and King

The Superior High School Student Council hosted a successful homecoming for the student and alumni of Superior Unified School District. Students worked all week on floats and pep rally decorations. Their creativity showed in the floats they created.

This year's theme was based on Pixar movies. The Senior Class dedicated their float to Coco, the Junior class made their float based on the movie UP and the Sophomore class float was based on the movie Monsters Inc. The Freshman class did not host a float this year but walked with a banner.

The classes of 1999 and 2009 each hosted class reunion floats. The class of 1999 followed the Pixar theme and

created a Coco inspired theme and was dedicated to the classmates they have lost.

The afternoon continued with a tailgate party and record attendance at the homecoming game, which the Panther beat Lincoln Prep 52-8.

During halftime, the King and Queen of Homecoming were announced as Marlee Estatico and Gabe Otero. Their Senior Court included Julian Navarro and Kayla Cardenas and Sammy Lopez and DeAndrian Bogenschutz. Junior Class royalty were: Jasmine Lopez and Ally Hing, Sophomore Royalty were: Danika Bryant and Gabriel Denogean. Freshman Royalty were: Jasmine Ortega and Kevin Duarte.

The candidates anxiously await the announcement of King and Queen for Superior's 2019 Homecoming.

Fire Prevention Week 2019 is Oct. 6-12

Did you know that October is known as Fire Prevention Month? Do you know that Fire Prevention Week has been observed since 1922 and is sponsored by the NFPA – National Fire Protection Association. And did you know that in 1925 President Calvin Coolidge proclaimed Fire Prevention Week a national observance making it the longest-running public health observance in the country? But where and when did the event happen that started this observance?

Many of us have heard about the Great Chicago Fire of 1871. The fire started on Oct. 8, 1871 and burned until Oct. 10, 1871 in a neighborhood in the southwest section of the city after a long period of hot, dry, windy conditions and the predominantly wooden building construction of the time helped lead to the conflagration. The fire leapt the south branch of the Chicago River and destroyed much of central Chicago. It then leapt the main branch of the river consuming the near north side.

It has been told through the years that Mrs. O'Leary's cow started the fire by kicking over a lit oil lamp in the barn causing dry hay to ignite. While there is no dispute that the fire started on the O'Leary property, it has never been proven that the cow was the cause.

During the three days of the fire, approximately 300 people were killed, roughly 3.3 square miles of the city was destroyed approximately 100,000 people were left homeless and it is estimated that 17,400 structures were destroyed. This tragedy started the movement to the fire codes we use today.

The theme of Fire Prevention Week 2019 is "Not Every Hero Wears a Cape. Plan and Practice Your Escape Plan." So, how can you be the "hero" in your family? It's easy just start with sitting down with all family members and doing these simple things together:

1. Plan an escape route. You need to know 2-ways out of every room.
2. Draw a floor plan of your home marking both escape routes as well as where the smoke alarms are in each room.
3. Practice your fire drill escape plan at least twice a year. While it is sometimes OK to announce "this is a drill" you should never always declare it as being a drill. By doing that, if a real fire were to happen and your smoke alarm went off during a real fire, your family might not take the warning seriously and delay their escape. When a real fire is occurring you only have one to two minutes in which to escape! It's NOT like in the movies or on TV where people take a long time to get out.
4. Make sure your "Family Meeting Place", the place where your loved ones will gather after they escape, is a stationary object, not something that moves like a neighbor's car or a bike in the front yard. A tree or fence post make good Family Meeting places. Reinforce the rule: "Once you are out STAY OUT!" DO NOT go back in the burning building for anything!!
5. Test Smoke alarms monthly both day and night. Replace batteries in alarms that use a standard 9-volt battery at least twice a year. It is NOT recommended/required to replace the battery in an alarm that has a 10-year lithium battery.

When it comes to maintaining your smoke alarm, get your kids involved!! Helping you help maintain your alarms is a great way to get them used to the idea of fire safety and being prepared. Want a fun family activity that your kids will enjoy as you maintain your smoke alarms? As a family sit down and choose a single date for all your smoke alarms as their "birthday". Mark that date on your calendar each year. Plan a birthday party for your

LED street lights being installed in Superior

Have you noticed that the streets are a little brighter in Superior?

PLG LLC has been installing the new LED street lights and the lights at the US 60 park.

Residents may be noticing the difference in the lighting.

The new lighting will allow Town staff to control the brightness of each light. Residents who have concerns about the brightness of the new lights should call town hall at 520-689-5752 to inquire about the light brightness. All of the lights throughout town will be installed before

the end of the year. The Town was able to pay for the new lights using the special one time Highway User Revenue Funds (HURF) that was allocated by the State Legislature for small rural communities. State Legislator David Cook represents Superior in the Legislative District 8.

SAFETY

Continued from page 7

alarms. Take the kids shopping for the smoke alarm(s) birthday present – a new battery for each alarm. On the alarm(s) birthday sing “Happy Birthday” to the alarms, have an adult help the kids give the alarm(s) their new battery birthday present. Then the whole family can enjoy having a birthday party for the alarm(s). And speaking of maintaining your alarms, when you change the batteries, take the brush attachment of your vacuum and dust out the alarm while you have it open. Dust and cobwebs can accumulate in the alarm possibly making it sound off a false alarm.

You are home and your smoke alarm sounds off with its warning “Beep! Beep! Beep!” What do you do?

1. Be sure to sleep with your bedroom door CLOSED! When a fire happens it's the smoke that will get you long

before the flames will. A closed bedroom door helps protect you from the toxic smoke produced by a fire. This is a hard concept for parents with small children. If you are worried about not hearing your kids at night, invest in a baby monitor and keep their bedroom door CLOSED!

2. If you hear the smoke alarm, get down low and crawl low under smoke! The freshest, cleanest air is closer to the floor than the ceiling.
3. First test the bedroom door to see if it hot by using the back of your hand, NOT your palm, before attempting to open the door to escape. If the door is hot, go to your second way of escape, usually the window. DO NOT break the glass in the window (like they do in the movies or on TV) as this can cause glass shards that can cut you badly as you try to escape. Sit to the side of the window and signal

first responders from that position. Let them come to you!
4. Teach kids NOT to hide (under the bed or in a closet). Yes, they will be scared but let them know that is OK. The firemen need to find them and they may not be able to if a child hides.

Want or need more information on fire safety? Contact AZ Safety Solutions at (520) 838-4508 or via email at: info@azsafetysolutions.com. Producing Good Fruit for God

In Luke 13:6-9 Jesus taught about a barren tree that did not produce any fruit. Because it was useless for food, it was to be cut down.

We each are a planting of the Lord. As such, it is expected that our lives will produce good and useable fruit. If not, we will be disciplined by the Lord. Have you ever witnessed to someone and brought them to the knowledge of Jesus Christ?

If not, then why not? That is the fruit we

are to bear. As we love the Lord, others should take notice and desire that same relationship as well. When they begin to be blessed just like we have been, they will soon tell others as well. And so – the church grows!

Does our Lord smile when He looks at your life? Is He satisfied with your fruit? Your reward will be fantastic! You can't do any better than living in God's eternal love. It is definitely the only place to be.

Hyperbaric Oxygen Therapy Now Available at the CV Wound Center!

What is Hyperbaric Wound Therapy?

Hyperbaric oxygen therapy involves breathing pure oxygen in a pressurized room or tube. Hyperbaric oxygen therapy is a well-established treatment for decompression sickness, a hazard of scuba diving. Other conditions treated with hyperbaric oxygen therapy include serious infections, bubbles of air in your blood vessels, and wounds that won't heal.

In a hyperbaric oxygen therapy chamber, the air pressure is increased to three times higher than normal air pressure. Under these conditions, your lungs can gather more oxygen than would be possible breathing pure oxygen at normal air pressure.

Your blood carries this oxygen throughout your body. This helps fight bacteria and stimulate the

release of substances called growth factors and stem cells, which promote healing.

Conditions for Treatment

Hyperbaric oxygen therapy is used to treat several medical conditions. And medical institutions use it in different ways. Your doctor may suggest hyperbaric oxygen therapy if you have one of the following conditions:

- Anemia, severe
- Brain abscess
- Bubbles of air in your blood vessels (arterial gas embolism)
- Burn
- Decompression sickness
- Carbon monoxide poisoning
- Crushing injury
- Deafness, sudden
- Gangrene
- Infection of skin or bone that causes tissue death
- Non-healing wounds, such as a diabetic foot ulcer
- Radiation injury
- Vascular wounds
- Skin graft or skin flap at risk of tissue death
- Wounds that won't heal

During Hyperbaric Therapy

Hyperbaric oxygen therapy typically is performed as an outpatient procedure and doesn't require hospitalization. If you're already hospitalized and require hyperbaric oxygen therapy, you'll remain in the hospital for therapy. During hyperbaric oxygen therapy, the air pressure in the room is about two to three times normal air pressure. The increased air pressure will create a temporary feeling of fullness in your ears — similar to what you might feel in an airplane or at a high elevation. You can relieve

that feeling by yawning or swallowing. For most conditions, therapy lasts approximately two hours. Members of our health care team will monitor you and the therapy unit throughout your treatment.

After Hyperbaric Therapy

You may feel somewhat tired or hungry following your treatment. This doesn't limit normal activities.

Call the Cobre Valley Regional Medical Center Wound Center for more information regarding Hyperbaric Wound therapy.
