## Dripping Springs bridge replacement on SR 77 starts early November

The Arizona Department of Transportation begins a project on Thursday, Nov. 7, to reconstruct the Dripping Springs Wash Bridge, which is located 13 miles north of Winkelman.

Work will be conducted on half of the bridge at a time and then shift to the other lane for completion. In order to safely conduct the work, a traffic signal will be used to regulate traffic across the bridge in alternating directions. Work hours will be 7 a.m. to 5 p.m. Monday through Thursday.

Motorists will experience short delays as the signal tran-

sitions through its cycle. There will be narrowed traffic lanes, a reduced speed limit and wide load restrictions through the work zone. ADOT advises drivers to proceed through the work zone with caution, slow down, and be alert for construction equipment and personnel.

The \$2 million project is scheduled for completion in July 2014.

For more information about this project, please call the ADOT Project Hotline at 1.855.712.8530 or email [Projects@azdot.gov](mailto:Projects@azdot.gov).

## Celebrating an anniversary

With the recent very sad news of our local Bank of the West branch closing, and the re-assigning of DES services to Globe, we people in the Copper Basin need to make sure we appreciate all of our local businesses and service providers who have made the commitment to stay open, stay in business, and stay HERE! Whenever a new business launches here in Kearny it's a major milestone for them to survive the first twelve months. So 'hats off' to Lisa and Roger for celebrating their first full year in business with the West End Café! Hoorah!

I remember the amazing surge of energy "Rog" put in to get the Health Inspection completed at the same time that the inspectors were in town for the start of last year's Octoberfest celebration. After the Pinal County inspector was finished with all the food booths, she visited the restaurant, checked all the Ps and Qs, and gave them their permit to start serving. Roger's mom, Linda was "volunteered" to help get the restaurant started, and most patrons have enjoyed visiting with her whenever she's not too busy. What a FIRST MONTH that was! Can you imagine getting up at 4:00 AM and working till well after dark every day? But they did it, and now they've re-established The West End Café and have dug deep to keep it going for a full year.

They couldn't have done it without the ongoing support of regular customers, winter visitors, and all the good people who've patronized The West End Café over the past twelve months. Last spring Lisa learned to cook really F-A-S-T when large groups of touring motorcyclers began arriving to continue a tradition that began with the original version of the restaurant. It looks like this portion of the business is coming back after the hot summer months.

In addition, the Kearny Golf Course has supported them when golfers stop by for breakfast before playing, or for lunch following the popular Wednesday scramble. And Roger has worked with the Golf Course to "host" a Friday Fish Fry where the proceeds benefit keeping the Kearny Golf Course open. That's a huge resource to the entire Copper Basin community. We need our golf course! Finally, we need to mention the dedicated and efficient team of cooks and servers that "make it all happen." Here they are: Amanda Petty, Alexandria Lopez, Dawna Romero-Abshier, and Jenna Cruz. Thanks, guys! And congratulations to Roger and Lisa (and, of course, Roger's mother, Linda) on a full year of business!

Best regards,  
/s/ Gerry Kaufhold

# Looking for the Ghosts of the Copper Corridor

By John Hernandez  
Copper Area News

A ghost town is defined as a town or city that has been abandoned due to a natural or human made disaster or economic viability. In the western United States there are many mining boom

towns that were abandoned after the mines or smelters closed down. There are a number of ghost towns along the Copper Corridor area. Many of them were once promising mining camps whose population left when the ore bodies

played out. Some of these ghost towns were American Flag, Tiger, Copper Creek, Alma, Troy, Cochran, Ray-Sonora, Barcelona, Queen, Silver King, Pinal, Reymert and Denoon.

Some of the boom

towns in Arizona that became ghost towns such as Jerome, Bisbee and Tombstone have made a come back and are now viable communities once again, thanks to the tourism industry. Part of their tourism success has been due to alleged sightings of ghosts or buildings which claim to be haunted. There are actual "ghost tours" promoted for all three of these tourist towns. Along the Copper Corridor there are a few tales of ghosts and hauntings that have appeared in books and on the internet. A few of these stories follow:

## RATTLESNAKE CANYON – DUDLEYVILLE

There is a story on the internet that talks about this canyon near Dudleyville where it is alleged that a man named "Lepsy" would hire immigrant Chinese workers to work on his ranch. Instead of paying them, he murdered them and burnt their bodies. He would then hire new workers and do the same to

Beyond-Paranormal spend their time looking for the evidence of ghosts. (John Hernandez photo)

them. It was also said that lawmen that went in the canyon looking for Lepsy also met the same fate as the Chinese. Hikers in the area today are reported to have smelled charred flesh, become ill and heard the sounds of screaming.

Another version of the story says the area was near the reservation by Dudleyville and Lepsy hired Chinese and other minority workers. When you hike through the canyon, you will see

charred rock walls, smell a sickening aroma, feel horrible frightening energies and hear screaming. The murders took place in the 1800s.

## HAYDEN-WINKELMAN

From the Hayden-Winkelman School District comes two stories involving students. There are claims of a ghost that can be seen on the Hayden High School football field. It seems that a football player was running with the football when he was tackled viciously. He ended up breaking his neck and later died. On some nights the football player has been seen running down the field. He falls and then disappears.

The other story involves a high school cheerleader who after graduating had a promising future. The incident took place in 1988 or 1989. One version says she was offered a job as cheerleader for the Arizona Cardinals. Another version has her being offered a college scholarship for cheerleading. One night she was arrested for possession of marijuana. During the arrest she was

# Bearcats shutout Wildkats in first round of State Playoffs

By Richard Bravo  
*Copper Basin News*

A week after winning a nail biter in Duncan, the Ray Bearcats hosted the same Wildkat football team. However, this time proved easier for the coaches and the home crowd as the Bearcats cruised to a 28-0 victory to win their first ever playoff game in division VI. The Wildkats had their star player back after missing his last four games due to injury. This made no difference as the Bearcats dominated the entire game holding the high tempo Wildkat offense to under 150 total yards and intercepting the quarterback four times. As for the Bearcats they pounded the ball on the ground, rushing for over 200 yards. The team was led by running back Robbin Newman who rushed for 144 yards and 2 TDs.

The Bearcats played well on offense striking first in the opening quarter when receiver Dominic Bravo broke free of his defenders and caught a 27-yard TD pass from quarterback Destry Yocum. The

2-point conversion pass from Bravo to Jeron Coleman was good giving the Bearcats an 8-0 lead going into the second quarter.

In the second quarter it was the defense that helped provide the scoring when strong safety Bravo intercepted his first of two passes of the night to set up the Bearcats next score. On the ensuing possession quarterback Yocum ran a keeper from 7 yards out to extend the Bearcat lead. The PAT by Jacob Pace gave the Bearcats a 15-0 lead at the half.

The third quarter was not much different for the Wildkats as they struggled moving the ball against the tough Bearcat defense, turning the ball over twice in the quarter. The Bearcats capitalized on both Duncan miscues. The

first came when running back Newman broke free on a 50-yard TD run with 5:33 left in the quarter to put the Bearcats up 21-0. The second came after an interception by Joe Rudy Lorona who ran the ball down to the Wildkat 24-yard line. A facemask penalty moved the ball further into Wildkat territory giving the Bearcats a first and goal. On the first play Newman punched the ball in from 5 yards out for the games final score. The PAT was good by Pace giving the Bearcats a 28-0 lead which would stand till the final seconds ticked off the clock giving the Bearcats a first round playoff victory.

Although the offense contributed to all the scoring it was the defense that played superb not allowing any points for the first time this year. The

defense was led by Yocum who finished the night with 10 tackles and 2 assist and 1 INT. Bravo had 6 tackles and 2 INT. Julio Noriega, Seth Harmon and Lorona had 4 tackles each with Lorona collecting an INT. Ryan Bickley and Pace had 3 tackles each.

The Bearcats will put their defense to the test in the second round as they take on the undefeated number 2 seeded Gilbert Christian Knights this Saturday night at 6 p.m. in Gilbert. The address to the school is 3632 E. Jasper Drive Gilbert, AZ 85296. It is sanctioned by the AIA so ticket prices will be \$8 for seniors/adults and \$6 for children. This is the Bearcats second step towards a state title so come out and show these young athletes your support. Good Luck Bearcats!

# Small but mighty –Ray Marching Band is headed to state

By Vicki Clark  
Copper Basin News

Mark Weber didn't hesitate for one minute when he took over the reins of the Ray District Music Department last August. He jumped in with both feet and knew from the beginning he had a great group of students from across the district to work with.

Weber, who holds a B.A. in Music Education along with three Master's degrees ( Education Curriculum and Instruction, Psychology, and Education Administration), has enjoyed playing music and performing as far back as he remembers and says he knew he wanted to teach since his junior year in high school.

Using the "small, but mighty" scenario he first took a group of RHS students to a motivational workshop in September and the kids, according to Weber, came away with a "we instead of me" attitude that has transcended to a great work ethic.

The RHS Marching Band has been practicing each weekday during class and also every Wednesday from 6 to 8 p.m. on the football field in preparation for the fall marching band competitions.

This year's show is called "Horrors Galore" which

features music from the Broadway shows and movies of "Little Shop of Horrors" and The Rocky Horror Picture Show."

The band first performed its "show" earlier this month at the Eastern Arizona Band Festival and earned an "Excellent" rating and with that a berth in the State Marching Band Festival to be held Nov. 2 at Desert Vista High School in Phoenix. It also participated in the Basha Invitational and was awarded a good rating and earned the Good Sportsmanship Award, a much coveted award with competition from bands from Divisions I through IV.

The band was slated to participate in the U of A Band Day Saturday, Oct. 26, but did not attend due to a conflict with the AIA football playoff tournament. "It was either go to band day or support our Bearcat team," Weber said. "We chose the Bearcat team."

A busy schedule is on deck for the music department lasting until spring and includes a Dec. 12 concert featuring the 5<sup>th</sup> and 6<sup>th</sup> grade band, the junior high band and the high school band and orchestra.

Also on tap are tryouts for the regional honor band, the EAC Honor Band, the Jr. High and High School band Aboda concert festival

and participation in the Highland Jazz Festival.

The biggest star on the horizon is the trip planned for Apr. 24 and 25 when the RHS band will participate in the Parks Concert that will include the Parade Band and Jazz Band Festivals at Disneyland in Anaheim.

Selected students will also take part in an instrumental workshop and have a chance to play along with a score on an animation, working with Disney professionals. "This is an once in a lifetime opportunity," Weber said.

To get to Disneyland, the

band is holding several fundraisers including a

Banners will again be shown as the result of the special project to exhume the history of the RHS band program.

## Bearcats' volleyball gets ready for State Tourney

By Andrew Lubarda  
Copper Basin News

The ninth-ranked Bearcats' girls' volleyball team closed out their regular season on Tuesday, October, 29, 2013 against Superior. The 'Cats next action will be in the state tournament which begins on November 8. The tournament will last two days with the state champion being crowned on Saturday, November 9. All tournament games will be played at Tim's Toyota Center

in Prescott.

The 'Cats will enter the tournament with at least 20 wins on the season. They will finish third in their section where only St. Johns and Mogollon finished higher.

The tournament brackets will be available at [www.aia365.com](http://www.aia365.com) upon the completion of the regular season (likely no later than Wednesday). As the ninth-ranked team, the 'Cats would face the eighth-ranked team in the first round. According to the

current rankings, Arizona Lutheran Academy is ranked eighth. It's more than likely the rankings could change in the final days of the regular season.

For up-to-date tournament information and pairings, please check the Arizona Interscholastic Association website referenced above. The *Copper Basin News* will follow the 'Cats and provide tournament coverage of their quest for the state championship.

These pictures of RHS Bands will be part of the display in the band room showcasing the program's past and offering a sense of pride and motivation for the future.

spaghetti dinner, date to be announced, a butter braids bread fete (your favorite bandsman has the information) and a silent auction to be held in conjunction with a talent show in Feb.

It will take about \$300 per student to attend the Disneyland event. Donations are always accepted and the Arizona school tax credit program allows people to deduct dollar per dollar. Contact the district office for more information and a tax form.

Another project Weber is working on is restoring the past history of the band program. "If you are a past member of the RHS Band, you know that it has a long history of excellence, especially under the direction of Mark Munoz," he said. "I plan on bringing that tradition of excellence back so it can be seen and offer motivation for current and future students."

While poking around in the rooms adjacent to the band room, Weber found past band pictures and awards from competitions and band days stored in boxes in a closet. He and the students are now in the process of redisplaying them in new frames and mounting them permanently on plywood boards that can be displayed in the band room and as a stand-alone display in the lobby of the auditorium during concerts for the community to see.

"The awards, pictures and banners date back generations and I think will offer not only a sense of pride in our music program, but motivation to keep it going," Weber said. "Stuff like this shouldn't be stored in boxes. I want to keep the Bearcat Band spirit alive and well and exhuming this history is a good way to start."

# Ghosts

Continued from Page 4

allowed to go back to her car where she retrieved a gun from the glove compartment and being despondent over being arrested which she felt ended her cheerleading dreams, shot herself.

Stories say that late at night, someone can be heard on the gym floor doing cheerleading routines. One story about a sighting in 1998 says that Hayden High School hosted a softball tournament. One of the teams spent the night in the gym. Around midnight they saw a young lady in a cheerleading outfit at the

other end of the gym doing a cheerleading routine. As soon as the routine was finished, she disappeared into thin air.

## SAN MANUEL

There are two ghost stories involving the town of San Manuel circulating on the internet. One is the story of a young boy that has been reportedly seen at First Avenue Elementary School. The boy is seen holding his head and says "Teacher! Teacher! I fell off the merry-go-round." He then disappears. The story alleges that in 1989 a young kid got stuck between the ground and the bottom of the merry-go-round crushing him. Supposedly as he was being carried away by

ambulance, he whispered "Teacher! Teacher! I fell off the merry-go-round," before dying.

The second story involves the spirit of a young girl seen wandering the halls by the lockers of San Manuel High School. She was a student at San Manuel and had been shot and killed at the school. I had heard this story back in the late 1960s from students at San Manuel. There is some basis to this story as in 1956, a female student was sitting on the steps of the school with other students and some teachers in the area near the present day cafeteria, when she was shot and killed. Apparently some boys were playing with a

.22 rifle in the parking lot when the gun went off and the bullet struck the girl.

## THE ACADIA RANCH MUSEUM

The Acadia Ranch building was built in 1882 and now houses a museum operated by the Oracle Historical Society. It was once a working sheep ranch and then became a sanatorium for patients suffering from tuberculosis (TB) as well as a health resort. The fresh air and climate of Oracle was considered to be healthy. It is believed that a number of TB patients may have died in the building. There is a story of a nurse that is said to have contracted TB while working at the Acadia. She died there and

her spirit supposedly walks the building tending to patients.

A website story reports that a ghost does not like anything hanging on the north wall of the main room. There were paintings hanging on the north wall. In the morning they would be found on the floor. The caretaker would put them back on the wall but again in the morning they would be found on the floor. (The museum has items hanging on their north wall and have not had any problems with anyone taking them down.)

It is also known that a young boy accidentally killed himself with his father's hand gun in the building.

Unexplained sounds, ghostly footsteps and other unexplained phenomenon have been reported. Two paranormal research teams have visited the Acadia. One reported that they believe that there are at least two spirits in the building and possibly three. Another group, Beyond-Paranormal Research Collective visited in late September. They have not sent the museum Governing Board a report as they are still reviewing their data.

Other places in Oracle that have reported paranormal phenomenon are the Mountain View Hotel (now the Oracle Baptist Church) and Don Juan's Tavern.
