Superior keeps

By Andrew Luberda
Copper Area News

Superior will remain the home of the Copper Helmet for at least another year after the No. 2-ranked Panthers defeated rival and fifth-ranked Ray last Friday night, 44 – 0. The undefeated Panthers also clinched their third-straight Region Championship and the accompanying automatic state playoff berth.

The Copper Helmet is awarded to the winning team in one of the state's longest-running rivalry games.

"It was a huge win for this team and the program," Superior head coach Ryan Palmer said after the game. "We beat a rival and won the Copper Helmet for a third-consecutive year. Lots to be proud of and I am happy for these kids."

Superior junior quarterback Steven Ybarra threw for 268 yard and three touchdowns on 17-of-26 passing. The Panthers' signal caller was also his team's leading rusher with 145 yards on 17 carries. In addition to his three touchdown passes, Ybarra ran for three more.

"I give credit to my offensive line," Ybarra told the *Superior Sun*. "It gave me time to put the ball on the money for my receivers and it gave me the option to run if I wanted. I took advantage of that."

Ybarra is the epitome of a dual-threat quarterback, as he showed during Friday's game.

"Ybarra is a great athlete and a tough kid who competes with a strong passion," Palmer said. He is a dual-threat (and) that makes him tough to stop. He will run you over if you get in his way. He loves to hit and hit hard."

Six different receivers caught passes in the win, led by Cedric Mendoza, who finished with seven receptions for 86 yards with a touchdown. Senior Marcos Bueno had four grabs for 84 yards and a touchdown. Jesus Castellanos, a junior, also hauled in one of Ybarra's scoring tosses as well and ended the game with four catches for 57 yards.

Ray entered Friday's game averaging 55 points per game in its four wins.

As it's been all season, the Superior defense was stellar again, posting its third shutout in as many games.

In its three region victories, Superior has not surrendered a single point, outscoring its opponents 142 – 0 along the way. It allowed a lone first down against the Bearcats and limited them to negative yards of total offense.

"The defense was excellent," Palmer said. "That is how good these kids are when they are fundamentally sound and work together as a team."

Ybarra and freshman Adam Navarrette led the Panthers' defense with six tackles apiece. Mendoza and Matthew Diaz-Gonzales each finished with five tackles, including one-and-a-half sacks apiece. Daniel McConnell, a sophomore, had two sacks.

Top-ranked Mogollon is next for Superior. Palmer is keenly aware of what's at stake.

"The number-one seed in the state will be decided in Heber on Friday night," Palmer said. "I am excited for these kids. Games like this are what high school football is all about."

It's been said that defense travels well. If the Panthers

Copper Helmet, clinches region title and playoff berth

bring theirs on Friday night, they have a chance to do what Palmer believes most say his team can't.

"Most people will have us the underdog and we wouldn't want it any other way," he said.

Those sound like the words of a confident head coach. Kickoff for Friday's game is scheduled for 7 p.m.

In your Biz

Tucked away inside the Smokey's Mercantile on Main Street is Links of Superior. Links is a one stop shop for printing, faxing and other business services.

The shop was opened by Diana and David Lopez of Superior. Diana got the idea that Superior needed a shop for these services when she was trying to send a fax, prior to her husband David's pancreas transplant. She knew that following his surgery he would need work that didn't require too much physical activity and he would mostly need to be indoors.

Once he started his recovery she asked him if he would want to start a business offering printing services. Since

March of 2017 they opened their storefront inside of Smokey's Mercantile. They can print everything from canvas photos, basic copies, vinyl banners and lettering and even foam board signs. Most recently they have designed many custom school spirit signs for local businesses and families. They also have a limited variety of school and office supplies, journals, coloring books and other gift items. David can also help with graphic design for your print product and they have also started to assist with photo restoration on several of their projects. They can print wide format plans and maps on the their plotter as well as other large print items.

If you are looking for custom window clings for your business or maybe holiday decorations, look no further. Links can custom design and print out just what you need. If you already have a design in mind they print from your email or flash drive.

The Superior High School Class of 1962 is planning to celebrate its 55th Class reunion on Saturday, Oct. 14. This class has had its 10th reunion through the 50th, and now they will have their 55th. All their reunions have been held in Superior, except for one

time. They prefer their hometown.

In all these years, the problem has been a lack of overnight accommodation. This year, the reunion will be held at the Arizona Golf Resort Garden Pavilion on Power Road in Mesa. A buffet dinner and a few hours spent socializing and catching up with each other, listening to oldies and showing pictures of those with

grandchildren and great-grandchildren, of course. Classmates can reserve a room for a discount price for the night.

A Class of 1962 representative said, "All classmates are anxious to see each other because, not only are we a class, but, a very large family, who have spent many years together and staying in touch. We are "Forever Panthers!" "

Heading this year's reunion are Roy and Sue Bobbitt assisted by Sylvia Padilla Perez and Elena Acosta Sandoval. So far, classmates are expected from New Mexico, California, Texas and within Arizona. The class sponsors during their four years of high school were William Gonzales and the late Ray Argel. Both have attended most of their reunions.

RESOLUTION NO. 573

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF SUPERIOR AMENDING THE LAND USE ELEMENT OF THE TOWN'S GENERAL PLAN WHEREAS, the Town Council has, at its regularly scheduled meeting on September 14, 2017, studied and considered Resolution No. 573, a resolution approving amendments to the Land Use Element of the General Plan; and **WHEREAS,** the Town Council has determined that it is in the best interest of the Town to enact these amendments to the Town's General Plan to enhance the quality of life and to protect the health, safety, and welfare of its citizens; and **WHEREAS,** a timely and properly noticed public hearing upon Resolution No. 17-03 was held by the Planning and Zoning Commission of the Town of Superior during its scheduled meeting held on April 6, 2017, at which hearing the Commission did recommend to the Town Council adoption of the amendments to the Land Use Element of the General Plan. **NOW, THEREFORE, BE IT RESOLVED** that the Town Council of the Town of Superior, in a regularly scheduled session assembled on the 14th day of September, 2017, resolved to approve Resolution No. 573, a Resolution of the Town Council amending the Land Use Element of the General Plan as follows: **SECTION I: LDR - Low Density Residential Purpose:** The Low Density Residential category designation accommodates semi-rural large lot development with generous distances to streets and between residential dwelling units and a viable semi-rural character setting. This category also occurs where extension of urban infrastructure services may be limited and agricultural uses may continue. The density range of this land use category is between zero (0) to two (2) dwelling units per acre (du/ac). Zoning: Four (4) of the current Town of Superior Zoning Districts can be applied to meet the purposes of the LDR designation. These are:

AR (Agricultural Residential) One (1) residence per four and one-half (4.5) acres.
RR (Rural Residential) One (1) residence per two (2) acres.
ER (Estate Residential) One (1) residence per one (1) acre.
SR (Suburban Residential) One (1) residence per one-half (½) acre.

SECTION II: MDR - Medium Density Residential Purpose: The Medium Density Residential category designation provides for a suburban lifestyle with planned single and multiple-family residential neighborhoods, which include open space, recreation and cultural opportunities, including schools, churches and neighborhood facilities. Medium density residential areas comprise the majority of residential land in the Town. The density of this land use category is between two (2) to eight (8) du/ac. Zoning: Three (3) of the current Town of Superior Zoning Districts can be applied to meet the desired development density levels of the MDR designation. These are:

R1-8: five (5) residences per acre
R1-5: seven (7) residences per acre
R-2: eight (8) residences per acre

SECTION III: HDR - High Density Residential Purpose: The High Density Residential category designation provides for multi-family dwellings that may be multi-story buildings. This category would provide for townhouses, condominiums and apartments. Substantial common open space, recreational amenities and on-site support facilities would serve residents. The density range of this land use category is between eight (8) and twenty (20) du/ac. Zoning: Two (2) of the current Town of Superior Zoning Districts can be applied to meet the intent of the HDR designation. These are:

R-2: Eight (8) residences per acre
R-3: Twenty (20) residences per acre

SECTION IV: DMU - Downtown Mixed Use Purpose: The Downtown Mixed Use designation is intended as a mixed-use category which will allow a range of employment, retail, and residential uses. These uses will encourage infill development to foster a solid block face of viable uses, revitalization of existing structures to promote adaptive reuse of the existing building inventory, and selected redevelopment locations where existing structures cannot be revitalized in the downtown. The ability to mix compatible uses will promote and maintain the character of downtown Superior. Development in the Downtown Mixed Use designation will leverage existing capacities of infrastructure and public facilities and assist in upgrading where necessary. Zoning: Seven (7) Zoning Districts can be applied to meet the goals of the Downtown Mixed Use land use designation:

R1-5: Seven (7) residences per acre.
R-2: Eight (8) residences per acre.
R-3: Twenty (20) residences per acre.
PD: Planned Development.
C-1: Neighborhood Commercial
C-2: General Commercial.
TC: Town Center.

SECTION V: The Zoning Administration of the Town of Superior is hereby given the authority to make any non-substantive changes to the Land Use Element of the General Plan of the Town of Superior. These non-substantive changes will include such things as grammatical errors, error in mathematical calculations, erroneous references from one section of the General Plan to another section, changes in formatting, clarification of Tables, or any other such changes provided a report is given to the Planning and Zoning Commission and the Town Council indicating which changes are to be made. **SECTION VI:** Severability. If any section, subsection, subdivision, sentence, phrase or portion of Resolution No. 573 or the application to any person or place is held to be unconstitutional or invalid by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this General Plan amendment. The Town Council declares that it would have recommended adoption of these revisions of Resolution No. 573 and each section, subsection, sentence, clause, or phrase of this Resolution in spite of the fact that one or more of the same be declared unconstitutional or invalid. **PASSED AND ADOPTED THIS 14th DAY OF SEPTEMBER, 2017. Resolution Copper launches Employee Volunteer Program

Resolution Copper launched its Employee Volunteer program on Sept. 21, 2017, a partnership focused on benefitting area schools and local cleanup efforts.

As part of the Program inauguration, Resolution Copper teamed up with Stantec Tempe to visit local schools this week, including Miami Unified School District, San Carlos Unified School District, and Superior Unified School District schools. Employees from both companies shared their path to working in mining and covered career areas including safety, environmental science, mechanics, and mine engineering. The Career Talks complement existing partnerships between Resolution Copper and area schools to encourage a strong foundation in STEM (Science, Technology, Engineering, and

Mathematics) and inspire regional youth to consider a career within that space.

On Friday, Resolution Copper and Stantec employees again partnered to have a combined volunteer force of 50 employees working in close collaboration with the Town of Superior and the Superior Chamber of Commerce to beautify the US 60 Caboose Park and Visitor Center as part of the larger community development and blight mitigation efforts.

“Resolution Copper is a solid and active neighbor in Superior, and the park cleanup shows they are willing to roll their sleeves up and work with us to help beautify Superior for residents and visitors,” said Superior Chamber of Commerce President Sue Anderson.

“We are very proud of our employees

and encourage them to give back to the community as much as possible,” said Resolution Project Director Andrew Lye. “This program is an extension of our already existing relationships with local organizations such as Boyce Thompson

Arboretum, the Superior Optimist Club, Superior and Globe Rotaries, and local robotics clubs where our employees currently volunteer their time.”

Resolution Copper employees recorded 124 hours of volunteerism last year.

More than 60 volunteers from Stantec, Resolution Copper, Superior Chamber of Commerce and the Town of Superior joined together to bring the US 60 “caboose” Park back to life. Fresh paint, new benches and tables, clean and shiny playground equipment and a renovated horseshoe pit make this a great place for a family outing! Thanks to all for the great job. A special thanks to Oddonetto Construction for donating the sand for the pits. Coming in the future...basketball and volleyball courts!
