Sue Garner honored for having a Firewise yard

The Dudleyville Fire District has jumped on the Firewise bandwagon! This month, they gave their Quarterly Firewise Yard award to Sue Garner of Dudleyville. The Quarterly Firewise Yard award recognizes residents who maintain a yard that is defensible in the event of a fire. The fire department's criteria for winning is having a clean yard, free from weeds and brush, that also maintains space to prevent fire jumps. Mrs. Garner is the first ever winner of the award. The Dudleyville Fire Chief, Joe Morales, presented her with a yard sign and a \$10 scratcher for her efforts. "We are hoping that this will encourage residents to clean their yards and help prevent a situation similar to the Margo Fire," the chief said. Congratulations, Sue!

Ray back in the winning column with 36-16 victory over the Wildkats

By Nathaniel A. Lopez
Copper Area News

The Ray football team played a good game last Friday when they hosted the Duncan Wildkats. The game started off with a bang, with both teams scoring 8 points.

During the second quarter, the Bearcats began to pull into the lead. At the half the score sat at 20-16.

After the half, the boys came out ready to keep playing. The boys scored another 8 points during the third quarter and holding the Wildkats from progressing forward. The final quarter saw the boys score another 8 points, while once again holding Duncan back.

The game ended with a Bearcat victory, and a final

score of 36-16. The boys now sit with a 4-3 record.

“It was nice to get back in the win column on Friday night. We were able to send our lone senior Joseph Morales off with a W and a touchdown in his final home game,” said head coach Zach Moore. “We started a total of four freshman. They really stepped up for us. Chris Curiel did an excellent job filling in for Jason Day at QB. He managed the game very well and gave us an opportunity to succeed on every play. We have a tough game coming up on Friday against San Manuel. I am looking forward to a very physical battle Friday night.”

The Bearcats will travel to San Manuel to take on the Miners, on Friday, Oct. 6, with a kickoff time of 7 p.m. Why not venture down the road and cheer on the Boys of Fall?

Hayden's Lydia Martinez named Athletic Director of the Year

By Nathaniel A. Lopez
Copper Area News

Hayden High School's own Lydia Martinez was named the 2023 AIA Athletic Director of the Year.

A former Lobo herself, Martinez was part of the 1980 state runner-up softball team. Mrs. Martinez is currently beginning year number 38 of her service to the Hayden-Winkleman Unified School District.

It was 1986 when Lydia began her teaching and coaching career in Hayden. During her years as an assistant softball coach, Hayden has won eight softball state championships, and four state runners-up titles. She has

also coached volleyball and basketball. Last school year, as an Athletic Director, she saw the Hayden boys baseball team claim the 2023 1A State Baseball Championship. Aside from being an alumni, and an athletic director, Lydia Martinez is also a dedicated fan to Hayden athletics.

From the Copper Basin and the entire Copper Corridor, congratulations, Mrs. Martinez. Your pride and dedication to your community, students and athletes is inspiring!

Lopez recognized for 20 years of elected service

Olga Lopez has been serving on the Superior Town Council for the past 20 years. Mila Besich | CANP

Town of Superior Councilmember Olga Lopez was recognized for 20 years of elected service to the Town of Superior by the League of Arizona Cities and Towns during the annual conference in Tucson. She is currently the longest serving Councilmember on the Superior Town Council and has lead the Town through many ups and downs. During her 20 years of service, she has served several terms as Vice Mayor.

Lopez began her career on the council during a time when the Town was first looking to purchase the original Superior High School from the Superior School District in the early 2000s.

“I am so excited to see the High School being renovated into a multi-gen center,” she said.

Lopez shared that over the years, she has learned a lot about how the town operates and realized quickly that many of these projects take a long time to bring to fruition.

“That was a surprise,” she said. “Our downtown has come a long way over the years, it is great to see so many tourists shopping and visiting.”

Over the past five years the Town of Superior has negotiated several agreements with Resolution Copper that are helping to transform the town.

“I am very proud of the agreements the Town has made with Resolution Copper,” she said.

Lopez is a lifelong resident of Superior. After retiring from Pinal County, she now substitute teaches for the Superior Junior-Senior High School. She is a devoted mother and grandmother and spends time supporting her 14 grandchildren and one great-grandchild in their sports and activities.

POWER COST ADJUSTMENT
Pursuant to the Bureau of Indian Affairs regulations governing our electric power utilities, found at 25 CFR 175, notice is hereby given that the San Carlos Irrigation Project (SCIP) is adjusting the purchased Power Cost Adjustment (PCA) component of our rates. Effective September 1, 2023, all customers except Irrigation Project Pumps will be charged \$0.056 per kilowatt-hour (kWh) billed in addition to our existing electric power rates published in the Federal Register (87 FR 77628, Dec. 19, 2022). This will replace the April 1, 2023, PCA of \$0.0249 per kWh. While SCIP has long-term contracts for power from the Western Area Power Authority, most of SCIP's power supply is purchased through short-term transactions based on current and forecasted market rates. Recent weather-related events combined with the high demand for energy resources have increased power market rates. Because purchased power costs are in part determined by market rates that are not under our control, we need to immediately implement the PCA to meet our financial and statutory requirements. We will continue to monitor energy rates and adjust the PCA as needed. Please direct questions via e-mail to scippca@bia.gov or mail to San Carlos Irrigation Project, P.O. Box 250, Coolidge, Arizona, 85128.

FILED REBECCA PADILLA CLERK OF THE COUNTY PINAL SUPERIOR COURT Dated failed: 8-1-23 Time Filed: 2:42 PM by: Jason Mallory Form 1. Notice to Parent: Dependency Action and Order To the child's parent or legal guardian: READ THIS NOTICE CAREFULLY The Department of Child Safety (DCS) I has filed a dependency petition concerning your child. As a parent or legal guardian, you have rights in this case. You have the right to an attorney. Your attorney will be with you at every hearing in your case. You have a right to a trial (called an adjudication hearing) on the allegations in the petition. At the adjudication hearing your attorney can question any witness who testifies against you. You have the right at the adjudication hearing to subpoena witnesses, to present documents, and to testify on your own behalf. Hearings are open to the public, but you may ask the court to close the hearing. The court will decide whether your child is dependent based on the evidence. If the court determines that your child is dependent, your child will become a ward of the court. If your child is a ward of the court, DCS and the court will make a decision about your child's care and custody until you show that you are able to do so. If within a certain time you cannot fix the problems that caused your child to become dependent, the court may terminate your parental rights and your child may be adopted, or a permanent guardian may be appointed for your child. As a parent or legal guardian, you also have responsibilities: 1) You must appear for every court date. You are required to appear for every hearing the court sets, including a pre-trial conference, a settlement conference, and the adjudication hearing. If you don't show up for a court date and you don't have a good reason for not showing up, the court may find that you waived your rights in this case and that you have admitted the allegations in the dependency petition. The court will then schedule other hearings that you must attend, and the court will proceed without you if you do not have a good reason for not coming to court. 2) You must participate in reunification services. You must participate in all the services that DCS offers you to help reunite you with your child. Your failure or refusal to remedy the circumstances that caused your child to be removed from the home may be grounds for terminating your parental rights or establishing a permanent guardianship for your child. 3) You must attend termination or guardianship hearings. If a motion or petition is filed to terminate your parental rights or to establish a guardianship, you must attend all additional court hearings concerning that request, including the initial hearing, a pre-trial conference, and the adjudication hearing. If you fail to show up at any of these hearings without a good reason, the court may find that you have waived your right to object to the termination of your parental rights or establishing a guardianship. The court may then consider evidence in your absence and terminate your parental rights or order a permanent guardianship for your child. Hayden Library hosts class on composting

Too Good to Waste.

No matter the slogan, there is one thing that is undeniable: Composting is good for the environment.

Chris Jones from the University of Arizona's Cooperative Extension visited the Hayden Library last Friday to talk about composting.

We know. It's not really glamorous. In fact, it's actually kind of messy.

Jones told those present how to start a compost pile. He talked about the materials and construction of the box to contain it. He also spoke extensively about what you can put into a compost pile. And what you can't put into one.

The ratio is 30 parts carbon (which includes dried leaves, newspaper, sawdust, etc.) to one part nitrogen (lawn clippings, non meat food scraps, coffee grounds, etc.). The things you're composting should be in layers, and be turned and watered regularly.

If it starts smelling like ammonia, it has too much nitrogen. If it's too cold or hot, that's a problem too. The pile should, ideally, be between 90 to 140 degrees F. If it's too hot, that means you need turn the pile, which means getting a shovel and scooping it so the inside is now on the outside, and air is getting in. If it's too cold, then you either need to water it or add more "nitrogen".

If you're interested in starting a compost pile, the U of A Cooperative Extension has information online at: <https://>
