OBITUARY

Alvie T. Amos

Pastor Alvie T. Amos, 82 of Superior, Arizona, died Tuesday, Sept. 30, 2014 peacefully in his home. He was born Nov. 2, 1931 in Fairfax, Oklahoma to James Harvie and Flossie Dell Amos.

Alvie moved to Superior in 1960 from Eloy, Arizona, 54 years ago. He worked at Kennecott Copper Corporation for 26 years as a shovel operator. He was known in Superior as the Pentecostal preacher at the Family Life Christian Center for 12 years and he served his community ministering at the Pinal County Jail for 21 years.

Pastor Alvie was loved and will be missed by all who knew him. He is survived by his loving and faithful wife Dorothy married for 62 years. He is also survived by his children: Ron Amos of Superior, AZ. Reba (Dave)

Campbell of Bancroft Idaho, Rebecca (Leo) Clawson of Florence, Arizona and Leon (Mary) Amos of Shumway, Arizona. Alvie has 12 grandchildren, 23 great-grandchildren and three great-great-grandchildren who also survive him.

He was preceded in death by his parents, James and Flossie Amos, and brothers, Leon R. Amos, Leo Marvin Amos, Walter Lee Amos Sr. and George H. Amos. Services were held Saturday, Oct. 4, 2014 at the Family Life Christian Center 56 N. Kellner Ave. Superior, Arizona. Interment followed at the Fairview Cemetery in Superior, Arizona.

Superior Police Report

According to state law, police may arrest suspected offenders by two methods. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damage amounts are estimates.

Items are given to *The Superior Sun* by the Superior Police Department and reflect information available at the time the report is compiled.

Sept. 26

Criminal damage was reported in the area of Main St.

Sept. 27

Stephanie Armenta, 28, Superior, was arrested and charged with possession of drug paraphernalia and disorderly conduct.

Gregory Salazar, 53, Superior, was arrested and charged with possession of dangerous drugs and possession of drug paraphernalia.

Sept. 28

Shantal Tellez, 24, Superior, was arrested and charged with assault-domestic violence (DV), disorderly conduct-DV and probation violation.

An accident was reported in the 400 block of Highlands.

Sept. 29

Joseph Trujillo, 25, Superior, was arrested and charged with disorderly conduct-DV and threatening/intimidation-DV.

Oct. 1

Burglary was reported in the 800 block of Church.

Theft was reported in the 800 block of Western.

Louis Stewart, 37, Phoenix, was arrested and charged with theft of a means of transportation and unauthorized use of vehicle.

Burglary was reported in the 200 block of Sunset.

Calls not listed include welfare check (3), disturbance (3), traffic stop (8), alarm drop (5), information (7), agency assist (5), animal complaint (4), suspicious activity (2), 911 hang-up (2), medical assist (2), threats/harassment (1), fraud (2), citizen assist (1), open door (1), parking violation (1), abandoned vehicle (1), curfew violation (1) and civil matter (5).

Citizens are reminded to call Silent Witness at 1-800-358-INFO, Crime Stop at 689-5611 or the Information Tip Line at 520-827-0065 if they have information that may help the police department in solving a crime.

A Voter's Right and Responsibility

Voting is a right which comes with citizenship.

You are eligible to vote if you are a U.S. citizen, are at least 18 years old, and have not been convicted of a felony or been ruled incapacitated. You must be a resident who actually lives in the district where you are registered to vote. It is a felony to allow yourself to be registered or to cause another person to be registered knowing this criteria is not met. There are exceptions for military personnel stationed away from home.

Your vote is confidential.

It is a class 2 misdemeanor to coerce you to show your ballot to anyone. It is also illegal to take or deliver a ballot unless you are an election official. Mail-in ballots have a

separate affidavit and ballot, so no one knows your vote.

No one has the right to fill in your ballot except: An election official if you request help at the polls.

A person who assists you with your mail-in ballot and signs the affidavit stating that they assisted you.

You may not vote using someone else's ballot.

You may not register, sign petitions, request early ballots or vote for another person, even if you have power of attorney to act in other matters for that person. You may only mark on another person's mail-in ballot if you sign the affidavit that you have done so.

No one can make promises to you or threats against you if you vote a certain way.

It is a class 2 misdemeanor to accept or promise goods or consideration for your vote. It is a class 1 misdemeanor to intimidate you to vote a certain way. You do not have to vote for the same candidate that you signed a petition for or voted for in a previous election.

The Arizona Secretary of State Maintains a toll free number to report concerns regarding voter rights and voter fraud 1-877-THE-VOTE or 1-877-843-8683

PS Form 3526, September 2007 (Page 2 of 3)

Orzell announces run for Justice of the Peace

By Dave Orzell

On Tuesday, September 2nd I made a very important decision. That decision was to enter the race for Justice of the Peace for Precinct 6 (The Superior/Kearny Justice Court) as a write-in candidate. I am not a politician by any means, nor do I want to become a politician by any standard. My intent is to continue to serve the Copper Basin and its surrounding communities by seeking the office of Justice of the Peace.

I believe that I am a highly qualified candidate for the position of Justice of the Peace based upon my education, experience and my strong belief in ethics.

My educational background and professional memberships include:
1972 - 1976 • Arizona State University, Tempe, AZ / BA Elementary Education
1990 - 1992 • Arizona State

University, Tempe, AZ / MA Ed. Leadership & Supervision
2006 - 2007 • Judicial College of Arizona, Arizona State Supreme Court Certification Limited Jurisdiction Courts
2006 - Present • Attendee Arizona State Judicial Conference
2006 - Present • Attendee Arizona Courts Association Conference

- Member of the Arizona Magistrate's Association
- Member of the Arizona Courts Association
- Member of the National Judges's Association

I worked for the Ray Unified School District for twenty-nine years serving as a teacher, coach, director of gifted programs, primary principal and high school principal. Upon my retirement in 2006 I received the honor of being selected as the Family, Career and Community Leaders of

America, Administrator of the Year Award for the State of Arizona. The award is sponsored by the Arizona Department of Education Career and Technical Education Department.

Following my retirement, I was appointed as the Deputy Magistrate for the Town of Kearny. I completed my judicial training at the Judicial College of Arizona and received my Limited Jurisdiction Certification from the Arizona State Supreme Court. I have been the Magistrate for the Town of Kearny for eight years and will continue to do so as appointed by the town council. I have also served as a judge pro tem for Pinal County for eight years.

Throughout all of my life experiences I have relied on making decisions that are firm, fair and consistent. I believe in doing the right thing and sometimes that

Dave Orzell

means not the popular thing. Ethics must be the foundation for building a strong judiciary.

I am an active volunteer in our community. In 2006 I served as a member of the Ray Unified School Governing Board. Currently I volunteer with the following community organizations: Copper Basin Pride with the Free Dump Day (21 years), Copper Basin Community Health Care Foundation (22 years), and Kearny Golf Board (8 years). I have participated in many community events as a volunteer and I have a passion for the rural lifestyle that I have enjoyed as a resident of the Copper Basin.

My wife and I have lived in Kearny for thirty seven years. Our daughter Clarissa is a graduate of Ray High School and the University of Arizona and is now attending Midwestern University. My wife Jo earned a BSN from the Arizona State University College of Nursing and is employed by Oro Valley Hospital.

The position of Justice of the Peace for Precinct 6 is currently open and the voters will decide which candidate is best qualified to serve the people of our community. I would encourage all voters to compare each candidate's qualifications and make an informed decision.

Fill in the oval and write in Dave Orzell for Justice of the Peace.

ELECT CARMEN CASILLAS

"A Voice for Us!"

State Representative - District 8

Former Globe City Councilwoman and Vice-Mayor

Founder and former CEO of the Domestic Violence Victims Advocate (DVVA) Response Team

Founding member of the City of Globe's Summer Youth Leadership Academy

Superior School Board Candidate Forum held at Chamber of Commerce

The chamber of commerce and the Optimist Club hosted a School Board Candidate Forum at the chamber of commerce. All but one candidate was there to answer questions and there was a meet and greet afterwards. Hank Gutierrez was the moderator. The candidates for the upcoming Nov. 4 election are Jon Nathan Duarte, Catherine Sommers, Ignacio "Max" Magallanez, Yolanda Najera-Ewing and John Tameron. There will be two positions on the school board that need to be filled in November. Gutierrez asked several questions to the candidates and gave them each two minutes to respond.

Tameron could not attend and had a typed statement for Gutierrez to read. "Hello, while I support candidate forums I would very much like to participate but I will be unavailable during the upcoming chamber sponsored debate. As you know, I own several small businesses one of them needs my immediate and undivided attention due to unexpected employee transitioning. I am reorganizing and training for the next few weeks. Please give my apology to the other candidates and the audience. Thank you."

What is your vision for education in Superior and what do you bring to the table?

Ewing responded, "I have said a number of times and I will say it again we need to bring our teaching techniques and our students in our school into the twenty-first century. We need to provide appropriate support and appropriate equipment. We currently are working on a program called 20/20 it has worked for other districts, we

have been implementing it and it does require a great deal of parent participation, that is what we are going to need to focus on."

Magallanez responded, "I agree with Ms. Ewing that along with that we need to be as part of the school system as a community. I don't know what types of curriculums are out there yet until I am more involved. I think a different type of curriculum and hopefully we will go from there."

Sommers responded, "Being a teacher for 14 years, I probably have a different perspective on this when it comes to education. I strongly feel that education is a three pronged approach you have to have your community, parental and responsible school system in order for it to be viable in our community. We all know that no matter what we do parental support is lacking and that can't be our primary focus we still need to be able to move on with our goals. In our goals we should have financial goals and operational goals then we can set a target we can meet and then we will have a system that is strong. I think it is a different level of approach educational leadership, supporting our teachers then our teachers can support the students, that is just my

Candidates Yolanda Ewing, Max Magallanez, Catherine Sommers and Jon Duarte. Nina Crowder | Superior Sun

viewpoint."

Duarte responded, "My vision that I would like to see the school come up from where it is right now it's that we don't have the equipment, the tools and the people. I know that principals are teaching we need to figure out ways to get people here to help those people do better jobs. They may be over-extending themselves and I would like to see support from the community and I think it's been here for a long time we just need to get things in order start working on

CANDIDATE FORUM

Continued from page 5

technology. A part of everyday life is technology, people need to learn computers and there is none of that here in Superior, they have lost wood shop, welding and I don't know how good the resources are anymore and we need to work on that stuff."

What would be your number one district priority to improve education in the district?

Magallanez said, "First off we need money to be able to change anything, that has a lot to do with tools or anything of that nature. We need to find some money somewhere, every time you turn around the government is taking away money from education, we need to have it brought back."

Sommers said, "I think that as a school board member we need to close the gap in how the school board deals with the community. I don't feel that they bring in the teachers that know first-hand what should be done, how it should be done and value the expertise. Community support is again an optimist rebel but when we have communication out there that brings them in and is able to draw attention to the needs of the school. Are

resources are tapped, we are over extending teachers, don't have time to go to donorschase.com and ask for requests we need to have a grant writer in place to go out to obtain technology. As I was looking for jobs this year, there are a lot of schools who have technology because they knew where to go get the grants. We have resources if we know where to go look for the grants. This has to be a priority. It has to be a goal if we are going to make our kids function in a global society to go out and be successful in. The world is changing and it could be what our kids learn now is changing but they will be able to have the skills to adapt. Those are things we need to teach our kids and teaching them foundational skills so they are confident and able to adjust to what the world is."

Duarte said, "I believe we need to start with security for the kids. They don't understand or have the knowledge to know what is out there. We are in the day and age where technology is one of the biggest places to obtain jobs. All these different jobs and we are not able to push the kids forward because they do not get what they need out of the school right now. If we can obtain those things then the kids will have better opportunities. It's all about the kids in the school and they need our help. It's not one person taking on the county or State to get money. It's us as a group to make sure we do our best. Like Ms. Sommer's said the grants are there why are we not going after them? The security is important there has been incidents with shootings, knives, there is a lot of things going on and making sure there is enough people in the school to take care of issues that are going on is going to take time and money but I think we can do it."

Ewing said, "We have already contracted with a company ENVOY, they come and teach the teachers to become more effective in the classroom, and we also have people from the state that come to help us as well. I am sure everyone is aware of the fact our junior high had some problems as required by the State at this point and time we have people coming in to help. Not everyone is going to college we know that we need to train children by making the education of the school system relevant to this world. We have to start teaching them in other areas as well. The money of course is a big problem right now because we are not attended to by the State Legislature we are having a mass exodus not just from this community or the State, teachers, superintendents, school supporters know we are not supported by the legislature. We need to work in this area as well. We need to start preparing our children for the world they will be exiting into."

Once the school board votes to approve an action or policy what do you believe is your responsibility to that policy or action if you do not support that policy or action?

Sommers replied, "If the policy is adopted by the school board it needs to be enforced. We as school board officials may elect the policies but it is up to the superintendent to make sure they are enforced throughout the district. Personal preference whether or not I agree with it is irrelevant."

Duarte replied, "I agree with that in support of that the superintendent needs the school board. The decision would need to be upheld and we would need to make sure things are happening that should be."

Ewing replied, "A school district has a hierarchy and the school board sits as a board but not at the top. The most important level is the teachers they are directly affecting our futures and then the principals, superintendents and the school board. Once

a policy is passed by the school board it's the job of everyone concerned including the board members to support that. If the policy is not supported by anyone further down the chain that's a good reason to talk to that person and ask what is going on. I agree that once the policy is passed it must be supported by everyone whether I agree with it or not."

Magallanez replied, "I agree with what everyone has said, you need to support the decision and be professional about how you take your stance. The bottom line is to be professional."

What guidelines do you think should be adapted in regards to bullying in school?

Duarte response, "I don't think anyone is going to stop bullying unless everyone is involved. The board members, superintendent and I say again, security. There needs to be someone there that can handle the situations and take care of the kids. Bullying happens every day we see shootings, knives and there is no one there to stop it from happening. Sometimes there is someone there, but if we have someone in place we are giving our kids a chance to continue and move on where they might not be able to. We need to make a strong effort that our kids are safe in school the bullying policy is in force and once again we need the community, teachers, and parents. Everyone needs to be involved. We just need to provide support."

Ewing response, "Arizona Revised Statute Title 15 deals with schools and under the law explicitly there are only two explicit commands or two powers that the board members are given, one is to hire and fire the other is to set policy. As far as I know we have set a strong policy on bullying. Mr. Duarte is right we need to start with the teacher, informing the teacher that the child had been bullied. Then the principal is notified and then the superintendent, that is how it works. We have had people from the county and the State come in and address these issues and we have also invited parents to come. I agree that we should have more people on the playground, in the hallways, during lunch and after school. Having assemblies to reiterate what has been said and done about bullying."

Magallanez response, "I agree with both Ms. Ewing and Mr. Duarte bullying is going to be an everyday occurrence whether in school or the work place. It's not an easy thing to be bullied, I have been bullied a lot and it's not an easy thing to deal with. We need to educate the kids so they know what to do if they are bullied, I am sure the kids are aware, but we need to let the kids know it is okay to talk about it and that it's not right to be bullied."

Sommers response, "With bullying it's been a spotlight at the Federal and State level for quite a while, but when it comes to that there are a lot of things to deal with that we can't control. We can't control home life where they might learn this in and then they bring it to school. We need to find the methods in order to handle it correctly. It needs to be ingrained in our school system. We need to educate the people who will implement the policies and make sure our children and school will know what bullying is and how to handle the situation. The children need to be able to stand up for themselves when they need to. We need to be able to provide a safe and comfortable environment for them."

There were a few more questions asked and all the candidates replied with qualified answers. The meeting was well attended by the community and it will be up to the community members to choose the two appropriate people to join the school board in November. Good luck to each one of the candidates.

Neighboring town to celebrate centennial on Saturday; all are welcome

The Town of Winkelman will be celebrating the 100th birthday of its founding Oct. 11 with something for everyone.

The Centennial Celebration is planned to get underway at noon at Winkelman Flats Public Park with a free BBQ, corn

dogs, birthday cake and drinks.

A history of the town will be on display throughout the event complete with pictures and several keynote speakers will address the crowd. Also on the agenda are entertainment and a

dance in the evening. A Kids Zone is also planned for the youngsters with train rides, piñatas, mechanical bull and a rock climbing wall.

In addition the Copper Corridor Economic Development Coalition is expected to unveil the

Winkelman Ore Cart exhibit by artist Nancy Dunn.

Vendors, other than food, are welcome for a charge of \$20 and a beer and wine garden will be available with a charged fee. Call the Winkelman Town Hall for more information.

Come one, come all. Bring your lawn chairs and enjoy the day and the evening at Winkelman Flats Public Park.

The Winkelman Historic Bridge is one of the sites of interest in the town that is turning 100 years this year.

Subscribe to our website and view the newspapers BEFORE they hit the stand.

Resolution Copper Mining Committed to Developing a Stronger Future

Resolution Copper Mining is proud to make our home in the Town of Superior. RCM has contributed more than \$200,000 in donations and in-kind support to 18 organizations in Superior through the first half of 2014:

- RCM helped the **Superior Chamber of Commerce** complete renovations to their new home on Main St. in downtown Superior.
- RCM and our contractor Sundt were proud to support the **Town of Superior Independence Day Celebration**.
- RCM provided funding to the **Superior Little League** to help defray costs of field maintenance and also provided in-kind support to help improve the electrical system at the ball field.
- Since 2012, RCM has supported **Superior Unified School District Professional Development** workshops and training for Superior teachers to help enhance their skills.
- Since 2009, RCM has supported Superior Unified School District in sponsoring the **FIRST LEGO and FIRST Robotics** programs that are designed to increase STEM knowledge and skills.
- Since 2008, our **Emergency Services Agreement** with the Town of Superior has helped deliver infrastructure improvements and provide police, fire suppression and ambulance services.

Pink truck delivers breast cancer awareness

By **John Hernandez**
Copper Area News

October is “Breast Cancer Awareness Month”. It is an annual campaign to increase awareness of the disease and encourage women to take the necessary steps to detect the disease in its early stages. The month is used for fund raising walks and runs such as the Susan G. Komen Race for the Cure. Besides raising money and awareness, the month is a time to remember victims of the disease and honor the survivors. Nearly 40,000 women die each year from breast cancer. One in eight women will be diagnosed with breast cancer during their lifetime. Unfortunately most of us know someone who has had breast cancer. Many of us have had family members or friends that have had other forms of cancer.

A group of employees in the safety department of ASARCO Grupo at the Ray Mine thought outside the box and came up with an awareness campaign idea that is unique and effective. Nick Ferreira, safety and health manager first brought up the idea then members of the ASARCO Management Team added to it and got the ball rolling to paint one of its fleet trucks pink and gray. The pink for breast cancer and gray for brain cancer. Not just any truck but the world’s largest haul truck, the Liebherr T 282B. The truck has a 400 ton load capacity. Its overall height is 48 feet and it is over 50 feet in length. It is 30 feet wide. The tires are 12 feet in diameter and cost \$60,000 each. A brand new Liebherr will cost over \$5 million.

At first the idea of a pink truck met with some doubt as some felt that none of the “macho” truck drivers would want to drive

it. After talking with staff they decided to go ahead with the project. Two companies, Road Machinery and Taylor Made Irons helped with the project. It took 35 gallons of pink paint and 20 gallons of gray paint to complete the job. It was decided that any employee, vendor or contractor at the mine who had friends or family with any form of cancer could sign their name and write the names of family members who were victims of or survived cancer. Many chose to write a message about loved ones. ASARCO mine has over 800 employees. Pink and gray ribbon pins and cancer awareness wrist bands were passed out to all those that participated.

ASARCO allowed employees to bring some of their family under escort to view the truck and bring in cameras for the day so everyone could take pictures of themselves with the truck. George Herman spent nearly six hours operating a scissor lift to allow people to sign on the upper areas of the truck. George said he lost two family members to cancer. “It got very emotional; people started talking about loved ones that had passed away,” he said. “A few teared up.” George said that people have been putting the pictures on Facebook and Twitter and are getting a lot of responses from people who have viewed the photos. George said he received 200 responses on his Facebook page.

The pink truck sends a big message for breast cancer awareness. It honors cancer survivors and remembers the ones that have been tragically lost to the disease. As it transports and dumps ore every day it will also be delivering awareness that will provide help and inspire hope for those affected by breast cancer.

Employees sign the truck with wishes for relatives and survivors.

Management and employees in front of the special truck.

John Hernandez | Copper Area News

Whether you're a Southwest Gas customer or not, it's important to know how to recognize and respond to a natural gas leak.

A leak may be present if you:

- SMELL:** An odor similar to rotten eggs, even if it's faint or momentary.
- HEAR:** A hissing or roaring sound coming from the ground or above-ground pipeline.
- SEE:** Dirt or water blowing into the air, discolored vegetation surrounding a pipeline, or standing water continuously bubbling.

If you suspect a leak:

- Leave the area immediately.
- From a safe place, call 911 and Southwest Gas at 1-877-860-6020, day or night, whether you're a customer or not. A Southwest Gas representative will be there as soon as possible.
- Don't smoke or use matches or lighters.
- Don't turn on or off any electric switches, thermostats, or appliance controls; or use automated doors.
- Don't start or stop an engine.

For more information about natural gas pipeline safety, visit swgas.com/safety or call 1-877-860-6020.

Cruz's six TDs lead to rout of Chargers

By Andrew Luberda
 Superior Sun

Sophomore quarterback Gage Cruz accounted for six touchdowns – four passing and two rushing – to lead the 11th-ranked Panthers to a 56 – 6 win at Arete Prep last Friday.

Cruz completed 10-of-11 passes for 212 yards, throwing touchdowns to receivers Matthew Zavala, Austin Navarrette, Jalon Murray, and Dominic Perea.

The Panthers' quarterback had a big game on the ground as well, rushing for 167 yards and two scores. Sophomore Edgar Pacheco also had a big rushing game, running for 141 yards and two touchdowns.

Included in Cruz's six touchdowns were an 83-yard pass and an 88-yard run.

The Panthers led 44 – 0 at halftime, meaning a running clock was in effect for the remainder of the game. The Panthers outscored the Chargers 12 – 6 in the second half.

Pacheco led the Panthers defense with 19 tackles and a sack. Senior defensive lineman Ricardo Ochoa finished with 10 tackles and a sack in the game.

The Panthers face, perhaps, their biggest game of the season so far, playing at fifth-ranked Gilbert Christian on Friday night. The Knights defeated fourth-ranked Ray handily last week, 62 – 28.

With a win Friday night, the Panthers would be in a virtual three-way tie for first place in Section IV with Gilbert Christian and Ray.

Friday's game is scheduled for 7:00 p.m.

Loss to Jr. Cougars dims playoff hopes for Jr. Panthers

By Andrew Luberda
 Superior Sun

Last Tuesday's 14 – 6 loss at Mt. Vista cost the Jr. Panthers a chance to control their own destiny in locking up a berth in the Central Junior High League football playoffs.

Steven Ybarra's 8-yard touchdown run was too little, too late for the Jr. Panthers, according to head coach Manuel Ortega.

"We came out flat and when we decided to play it was too late," said Ortega, adding that his team started playing well in the fourth quarter. "(We) have to play all four quarters in order to win games."

Two outcomes must take place in order for the Jr. Panthers to reach the playoffs. First, they must beat San Manuel at home on Tuesday. In addition to winning their own game, they need Ray to lose at Hayden.

"We have a huge game on Tuesday," Ortega said. "We need to win this game."

Kirkpatrick presses on EPA for efficiency on ASARCO Smelter improvements

By Mila Besich-Lira
Copper Area News

US Congresswoman Ann Kirkpatrick has requested that the US Environmental Protection Agency (EPA) achieve a coordinated and complete settlement as quickly as possible regarding the ASARCO Hayden Smelter retrofits. This settlement will allow ASARCO to have adequate time to complete the retrofits at the Hayden smelter by 2018 or it may put the smelter operations at risk. Currently the retrofits submitted by ASARCO have not been approved by the EPA despite the approval of the Arizona Department of Environmental Quality.

In her letter to the EPA Kirkpatrick explained that she is confident that ASARCO and the EPA can find a balance between protecting the environment and sustaining the jobs in the region. The Hayden smelter is one of the three working smelters in the United States; she has two of the working smelters in her district. The third is located in Salt Lake City, Utah and is owned by Kennecott Copper.

The required retrofits are designed to meet the new National Ambient Air Quality Standard (NAAQS) for sulfur dioxide. ASARCO's current plans have come under

scrutiny from the EPA, that the retrofits do not meet all the requirements set by the EPA. ASARCO began designing a smelter retrofit to meet the standards in 2010 when the standards were enacted. ASARCO submitted their retrofits plan to the Arizona Department of Environmental Quality (ADEQ). ADEQ has agreed that retrofits will allow the Hayden Smelter to meet the new national standards, yet the EPA has delayed ASARCO's beginning of the retrofit project. The EPA contends that the smelter is a "major source" of hazardous air pollutants (HAP) and the proposed retrofits will not meet the standards. Both ASARCO and the ADEQ dispute the claims by the EPA.

ASARCO has been meeting with the EPA. The company claims that the additional retrofits being required by the EPA will double the cost of the retrofit to over \$250 million. Company officials claim that the EPA's retrofits have not been tested in the copper smelting industry. ASARCO contends that the retrofits are not feasible from an engineering standpoint and would at best would only minimally reduce the sulfur dioxide and HAPs emissions.

Continued delays to the beginning of the retrofit construction could have severe economic impacts on the Copper Corridor

region of Arizona. If the additional requirements are forced by the EPA, it may

force ASARCO LLC to close the smelter as
Continued on page 14

How are other facilities affected by the EPA ruling?

There is no doubt that everyone wants a safe, clean and sustainable environment, but each regulation to protect the environment also creates an effect on the local, state and national economy, not to mention national security.

Since 2010 the EPA has enacted new and stronger environmental protection regulations on emissions. The NAAQS standards in turn affect smelter operations.

The Hayden Smelter has not been the only operation in Arizona that has been affected by these new standards. The Freeport McMoRan smelter in Miami also has to make many retrofits and improvements. These regulations also affected the Navajo Generating Station coal-fired power plant in northeastern Arizona on the Navajo Indian Reservation. This plant not only provides electric energy for most of Arizona, Nevada and parts of California, it also helps to move water through the Central Arizona Project Canal to Phoenix and Tucson.

The Navajo Generating station coal-fired power plant is owned by several utilities including Salt River Project, Arizona Public Service along with the Los Angeles Department of Water and Power and the NV Energy. The Navajo Generating Station was on the verge of closing because the regulation implementations were far too costly. However company representatives from the generating station made other suggestions on the repairs and the residents of the Navajo Nation also got involved by educating the EPA and supporters of these regulations how the closure of the plant would affect the local economy. In the end the Los Angeles Water and NV Energy have decided to move away from coal fired energy and they will divest their interests. Their departure from the Navajo Generating station will reduce their output by 1/3 which will help the plant to meet the overall regulations. Nonetheless, environmental groups like the Sierra Club are still looking for ways shutter the plant for good.

Asarco's smelter in Hayden.

'Bread and Wine' by Marilynn Rasmussen to be at CV Art and Wine Auction

The annual CV Foundation Art and Wine Auction, "Friday Night at the Movies," will take place on Friday, Nov. 14, beginning at 6 p.m. at the Gila County Fairgrounds. The evening will feature many talented

Marilynn Rasmussen

local artists, fine wine, finger foods, and a silent and live auction. The night will also take you to a movie filled evening. Artist, Marilynn Rasmussen's painting, "Bread and Wine," is the featured painting and will be up for sale at the end of the live auction.

"I was a crusher operator at a gold mine called Echo Bay in Nevada and from my perch, which had windows all around, I would see the beautiful sunsets." Marilynn Rasmussen states as she recalls the first urging to put magnificent scenes on canvas. "I wanted to capture the sunsets somehow, the colors, the warmth, the way I envisioned them."

Sometimes people have an untapped talent, an innate gift that is discovered within themselves through the help of others. "My husband, Jim (whose mother was a painter), began to encourage me to paint and when we moved back to the Globe-Miami area in 1993, I began taking classes out at the college," she said. Marilynn's gratitude is extended to her mentors who influenced and

encouraged her to delve deeper into her talent. "Over the years I had many instructors, but Wanda Mitchell-Tucker, Diana Tunis, and especially Jeri Warner left their mark with me."

"The feeling of satisfaction of putting paint to a canvas from your own hands brings me a sense of accomplishment," she said. "My children will go through my garage and pick out paintings and when I visit them, I see my paintings on their walls." Most of Marilynn's paintings are given as gifts. "I am happy to know that people appreciate my work and my hope is that my paintings are passed on to my grandchildren and their children after them."

Proceeds from the CV Foundation Art and Wine Auction provide equipment, continuing education, and training for Cobre Valley Regional Medical Center. Tickets are on sale now for \$15, or \$20 at the door. For tickets or event information, please contact Evelyn Vargas at CVRMC, 928-402-1141.

Arboretum Fall Plant Sale: Milkweed, Herbs & Autumn Pollinator Plants

Frequent shoppers who come to Boyce Thompson Arboretum (BTA) to get their green, know staff members who are great inside sources. If you need suggestions about charismatic accent plants that add unique variety, depth and color to your landscape, BTA's annual Fall Plant Sale fundraiser, and BTA's knowledgeable staff, are the combination that are going to take your garden from drab to fab.

Come on Friday, Oct. 10 for a members-only preview shopping day, or on Saturday, when the sale is open to all.

What's new this year? Staff were inspired by the specific botanical needs of Monarch butterflies; the botanical needs of culinary gourmards looking to plant Autumn herbs; and, by the culinary needs of hummingbirds searching for nectar flowers during autumn months when few plants blossom.

Superstition Mountain Master Gardener volunteers from

Gold Canyon and Apache Junction are on hand during the big opening weekend to answer horticultural questions and offer advice about drought-tolerance, cold-hardiness and watering. Special plant sale events include an Oct. 11 guided tour where Tom McDonald, owner of Smiling Dog Landscapes in Gold Canyon, will showcase some of his favorite plants seen in the gardens at BTA; explaining why they're ideal for your Pinal County garden and landscape.

"Full sun or part shade? Deciduous or evergreen? Low water or high maintenance? Explore the nuances of landscape plants that thrive in our Sonoran Desert environment," said McDonald, "on this relaxed, informal and slow-paced walking tour we'll see at least a dozen of my favorite plants in our gardens and talk about why they are well suited for your own desert landscape. Learn to pick the right plant for the right place!"

Daily admission of \$10 includes guided nature walks such as Tom's Saturday outing. Annual membership's a great deal at \$50 for a full year, which includes two one-time-use guest passes; and BTA members get a 20-percent discount on opening weekend purchases.

Upcoming weekend events, which can be verified at ag.arizona.edu/bta, include: Arboretum Members-Only shopping on Friday, Oct. 10, and on Saturday Plant Sale, open to the public from Saturday, Oct. 11 to Sunday, Oct. 26; On Saturday, Oct. 11 at 10 a.m. Plants & Landscape Walk, guided by Tom McDonald; at 1:30 p.m. Edible-Medicinal Desert Plants Walk, guided by Jean Groen, at 8:30 a.m. On Sunday, Oct. 12, Bird Walk guided by Kathe Anderson and Richard Ditch and, at 10:30 a.m. Mesquite flour-making class with Jean Groen.

Let Jesus Control Your Heart

In Romans 2:5 we read that stubbornness and an unrepentant heart can cause a lot of problems in a person's life. In contrast, a person who persists in doing good will receive God's blessing.

We tend to label a stubborn person as one who is difficult and doesn't get along with others. The Scriptures inform us that it is usually a heart issue.

Proverbs 4:23 says, 'guard your heart, it is the wellspring of life.' In Romans 10:10 we find these words: 'It is with your heart that you believe and are justified, it is with your mouth that you confess and are saved.'

Don't let a stubborn heart keep you from heaven or from destroying your relationships. Ask Jesus to take control of your heart so that you can be set free from living a life of recurring problems. Focus on doing things that are good and heart healthy. You will be blessed.

For more information or to sign up, please contact Daniel Hinojos Sr. at 520-356-6455 or Daniel Hinojos Jr. at 520-548-7001.

17 Tri-Community Grief Support Group Fall Session

The 10 week fall session for the Tri-Community Grief Support Group will be held on Wednesday, Sept. 17 - Monday, Nov. 17 at Oracle Union Church's Trowbridge Hall, 705 American Ave., from 5:30 p.m. - 7 p.m. Group size is limited to 12. A \$15 donation is requested to cover cost of book, supplies and refreshments. For more information, call Jane at 520-896-2516.

25 Well-Armed Woman October Meeting

The Well-Armed Woman Copper Basin Shooting Chapter's meeting will be on Saturday, Oct. 25 at 8 a.m., at the Copper Valley Christian Center, 305 Croyden, Kearny. It is open to all women over 21 years of age. For more information, please contact Marti Stonecipher at 520-400-8914 or Kari Ramsey at 520-827-9910.

27 Counselors in Superior to Assist with Medicare Open Enrollment

Medicare Annual Open Enrollment is just around the corner, and will run from Wednesday, Oct. 15 through Sunday, Dec. 7. Medicare beneficiaries are encouraged to review their health and prescription drug coverage, including changes in costs, coverage and benefits that will take effect on Jan. 1. Counselors will be available to provide screening and application assistance for "Extra Help" programs for Medicare beneficiaries. Pinal County Enrollment Events are scheduled for Oct. 27 at Superior Arboretum Apts., 100 W. Gray Dr., Superior from 1:30 p.m. - 3 p.m. and at Superior Senior Center, 360 Main St., Superior from 10:30 a.m. - 1 p.m. For more information or to make an appointment, contact Pinal-Gila Council for Senior Citizens, 8969 W. McCartney Road Casa Grande, Az. 85194, or, call either 520-836-2758 or 1-800-293-9393.

NOVEMBER

01 Clean Up Planned at Superior's Fairview Cemetery

Honor our veterans and family during Cemetery Cleanup Day, Nov. 1, starting at 7 a.m. at Fairview Cemetery in Superior. Bring weed eaters, tools and gloves and join the Mayor, Council, residents and United Superiorities in cleaning the cemetery.

ON THE AGENDA

FAMILY LIFE CHRISTIAN CENTER BIBLE STUDY: A Bible Study will be held each Wednesday at 7 p.m. at Family Life Christian Center. Call 689-2202 for more information.

SUPERIOR ROTARY CLUB: The Superior Rotary Club is the oldest service club in Superior that is still in service today. If you are interested in becoming a Rotarian you can join them at their weekly meeting on Tuesdays at noon at Los Hermanos Restaurant.

SUPERIOR TOWN COUNCIL: The Superior Town Council meets the first and third Thursday at 7 p.m. at the old Roosevelt School Auditorium.

Submit information to CBNSUN@minersunbasin.com or call 520-363-5554. Listings are free. The Superior Sun reserves the right to edit or refuse submissions. Submissions are due the Friday before Wednesday publication.

ANNOUNCEMENTS

SUPERIOR HIGH SCHOOL YEARBOOKS: Superior High School is taking preorders for the annual yearbooks, the Prospector. Cost now is \$45; it will increase to \$50 in February. Senior baby pictures are due to the school by Nov. 3. If you would like to purchase a Senior Dedication Ad, the deadline is Jan. 16. Ads are \$80 for a full page, \$60 for a half page and \$40 for a quarter page. For more information, please contact Christine Martinez at cmartinez@superiorusd.org or call 520-689-3102.

ASARCO-EPA

Continued from page 11

soon as 2018 because the cost of the retrofits will be financially unfeasible.

Jack Garrity, Technical Services Manager for ASARCO said, "We are making progress in discussions with EPA regarding the substantial measures we are undertaking to continue to operate our smelter while at the same time protecting the environment. We believe the smelter, one of only

three in the United States, is extremely important to the future of the U.S. economy with regard to copper production, and we are hopeful the discussions are nearing a timely conclusion to provide the certainty necessary for our long-term operations in Hayden."

ASARCO provides over \$50 million in salaries, wages, and fringe benefits to local workers, the company contributes over \$6 million

in property, sales and severance taxes. ASARCO also spends over \$100 million on material and other items.

"It all boils down to jobs.

CROSSWORD

Solution to last week's puzzle

Subscribe to our website and view the newspapers BEFORE they hit the stand.

www.copperarea.com

We need the EPA to act with urgency because working families in the Copper Basin deserve far better than a bureaucratic waiting game," Garrity said.
