Sansom named to Superior Planning & Zoning Commission

Sonnie Sansom took the Oath of Office for the Planning and Zoning Commission on Thurs., Nov. 14. Sansom was appointed by the Superior Town Council on November 7.

Sansom has over 40 years experience in the construction industry, primarily in Arizona. He operated his own company, S.L. Sansom General Contractor Inc., working on projects that included light commercial projects, design and

construction of custom homes and remodeling projects, and the ownership and operation of a plumbing company. He held both an Arizona B2 General Contractors license and an Arizona Real Estate License.

Sansom has an extensive knowledge of building codes, including having familiarized himself with the code book for the Town of Superior, as well as the town's maps and zoning vocabulary. In

his initial inquiry into the position he is now stepping up to fill, Sansom said "I also have an appreciation for the history of the town and the need to preserve as much of the town's identity as possible while staying in the confines of the zoning and codes."

He went on to say, regarding his vision for Superior "The town is about to enter a new era of real estate development and it will be critical to manage the planning

and zoning not only in a legal manner, but to appropriately develop the town of Superior according to the town's planning and zoning codes."

In addition to his extensive experience in and knowledge of both the real estate and construction industries, Sansom has been a resident of Superior for over three years, owns his home in town, and has rehabilitated and is currently operating a retail store at 203 W. Main St.

Superior School District discusses a vision of the future

By **Nina Crowder**
Superior Sun

Education is important to all of us. It helps build character and gives us knowledge to unlock each individual's potential. The Superior School District holds high expectations for our youth and the future of our youth.

Donna Davis with Expect More Arizona came to Superior to speak at a meeting open to the public about what to expect for the future of education and our youth. Many of the goals Donna Davis spoke about involve health, family life, community life,

crime rates, environmental quality and well-being. The standards and curriculum set and adopted by the Arizona State Board of Education help with the guidance for our youth. Education is a vital part of life. Education helps develop a meaningful outlook on life.

Education serves as the means to bring about the desired change in society, to develop a generation of virtuous individuals and thus contribute to the development of good human beings. The fundamental purpose of education is to gain knowledge, form proper conduct and acquire

natural gas SAFETY

SOUTHWEST GAS

Whether you're a Southwest Gas customer or not, it's important to know how to recognize and respond to a natural gas leak.

A leak may be present if you:

SMELL: An odor similar to rotten eggs, even if it's faint or momentary.

HEAR: A hissing or roaring sound coming from the ground or above-ground pipeline.

SEE: Dirt or water blowing into the air, discolored vegetation surrounding a pipeline, or standing water continuously bubbling.

If you suspect a leak:

- Leave the area immediately.
- From a safe place, call **911** and Southwest Gas at **1-877-860-6020**, day or night, whether you're a customer or not. A Southwest Gas representative will be there as soon as possible.
- Don't smoke or use matches or lighters.
- Don't turn on or off any electric switches, thermostats, or appliance controls; or use automated doors.
- Don't start or stop an engine.

For more information about natural gas pipeline safety, visit swgas.com/safety or call **1-877-860-6020**.

Pastor's Corner

**By Rev. Dennis Van Gorp

Galations 2:20, "I have been crucified with Christ; it is no longer I who live, but Christ lives in me; the life which I now live in the flesh I live by faith in the Son of God, who loved me and gave Himself up for me."

Many have lived this as reality, but not everyone. There is a common thread that ties together those who have lived it. Each has realized that one does not carelessly fall into this truth. You must learn and grow into it.

We are invited to "come

up here" into the Throne Room and completely experience God. His power and majesty are far greater than our words can describe. He is an all consuming fire and totally holy and awesome.

Using the Temple or Tabernacle as an example, entry into the Holy of Holies requires going through the Holy Place. This is a journey of preparation so that we can be ready for the Throne Room and God's Holy Presence.

It is in the Holy Place that we learn the mysteries of God. We are able to sit there at His feet and

receive revelation of His nature and character. We become free in our spirit, soul and body so that we can enter into that intimate relationship with Him.

It has always been Father's heart to have a people who love Him compassionately. A people: who can have a relationship with Him, and through whom He can express His eternal, perfect and Divine Love.

Live your life by faith in Him, not in the earthly trials of the flesh. Let the Lord shine His everlasting light through your life, filled with His grace, mercy and peace.

Vision

Continued from Page 4

technical competency. Education serves as the means to develop oneself physically, mentally and socially.

Arizona has common core standards for education that are national standards. The standards were developed through a state-led initiative spearheaded by governors and state school chiefs. The federal government was not involved in developing the standards. Arizona is committed to staying on course and supporting the implementation of the common core. The State Board of Education can make changes to academic standards at any time. Good standards shouldn't change too often, but over time evolve based on what is learned from research, from educators in the field and from student assessments.

The standards reflect the real world expectations of what is necessary for students to succeed in higher education and the workforce, including critical thinking, problem solving, and effective communication skills. The standards were

developed using evidence that includes scholarly programs, assessment data identifying college and career ready performance and comparisons to standards from high performing states and nations, among other data. Together with highly trained, well supported teachers, the standards will better prepare Arizona students for college and careers.

Education is a fundamental human right and essential for the exercise of all other human rights. It promotes individual freedom and empowerment and yields important development benefits. Superior School District cares deeply about the future of our youth and will be holding additional meetings about the vision of educational future.

Expect More Arizona has high expectations for our youth. The organization can send out brochures about kindergarten to high school, tools that can be used to help children at home and to help them excel at school. If interested in additional information before the next meeting please go to ExpectMoreArizona.org.

The Superior High School DECA club has taken on a community service project to help raise awareness on hunger in Superior. The student organization is hosting a "Fill the Bowl" fundraiser on Saturday, Nov. 23, 2013. The event ticket is \$10 and includes all you can eat soup, salad and bread. There will be three soups to choose from including beef posole, chicken noodle soup and a vegetable soup. These bowls are not just your average soup bowls, they are bowls that have been decorated by the students, local artists, business owners and community leaders. All proceeds raised will benefit the Superior Food Bank. The food bank plans on using these funds to assist with holiday food boxes for those in need in Superior.

The students have been researching statistics on hunger. During their presentation to the Superior School Board these statistics were what encouraged these students to host this important community event to raise awareness on hunger and gain support for the Superior Food Bank.

A week of ups and downs for Resolution Copper

By Mila Besich Lira
Superior Sun

Last week started out with a barrage of state and national news coverage upon Resolution Copper's announcement that their Mine Plan of Operations would be submitted to the Tonto National Forest Service. The submission of the Mine Plan of Operations will mark the beginning of the full National Environmental Protection Act (NEPA) review. The Mine Plan of Operations will be available electronically on the Resolution Copper website in the coming weeks. Resolution Copper hosted a community wide open house in Superior on Monday to allow

the community an opportunity to see the plan and ask questions before it was submitted to the Forest Service on Friday.

On Wednesday, there was an unexpected call for a floor vote by the U.S. House of Representatives on the Southeast Arizona Land Exchange and Conservation Act H.R. 687. As unexpectedly as the house vote was called by Representatives Gosar and Kirkpatrick the duo pulled the bill from the floor for a full vote within minutes of the floor vote. In a statement following the series of events both Gosar and Kirkpatrick vowed to keep fighting for the passage of the land exchange bill.

Kirkpatrick stated, "The setback on HR 687 is disappointing. The families in Arizona's Copper Corridor need these jobs, and Arizona's economy needs this boost. I remain committed to moving this forward, working across the aisle with Congressman Gosar and my colleagues, and bringing local stakeholders together. When it comes to creating jobs and strengthening the economy, we need to find common ground."

While the U.S. House of Representatives have not voted on the bill, Senator John McCain has requested a hearing in the Senate Energy Committee for Wednesday, Nov. 20, 2013.

El Centro Youth Center moving to Superior;

By John Hernandez
Copper Area News

Betty Chavez of Adelante Juntos Coalition (AJC) has announced that the El Centro Youth Center will be closed in San Manuel and moved to the town of Superior. The youth center will be moving in November. Betty is moving to Colorado Springs, Colo. to take care of her mother. Adelante Juntos will be

moving their office out of the B Avenue School building and returning to their old location until the first of the year. Diane Polanco, project assistant will be running the office. The closure of the office and youth center in San Manuel is due to the loss of funding. Money and grants have dried up in part due to the sequestration and government shutdown.

There is a possibility that the youth center may reopen if new funding becomes available.

Betty has been involved with Adelante Juntos in San Manuel since 2005. She has been active in substance abuse prevention and working with youth in the Tri-Community and Copper Corridor. The STOP! Underage Drinking program has been a success in the area. "We have had good results and outcomes in the prevention of underage drinking and want to duplicate this in other areas like Superior and the Florence school districts," said Betty.

Betty said that when she started, she did not understand community mobilization and coalition. She has been instrumental in establishing partnerships with law enforcement and other agencies that have resulted in more services for families along the Copper Corridor. Project STOP and National Night Out provided opportunities to build relationships with local law enforcement which has helped provide a safer, healthier, drug free community. In partnering with the Pinal County Sheriff's Office they were able to raise community awareness of the crystal

meth problem through town hall meetings and community forums. Sheriff Paul Babeu and Lt. Tami Villar have helped immensely. The Neighborhood Meth Watch Program garnered Betty and Adelante Juntos Coalition national honors. AJC designed and implemented the program

in many rural communities in Pinal County. The Pinal County Attorney's Office and Sheriff's Office have helped fund AJC programs with donations from their RICO funds.

Betty is proud that she has empowered others to be successful. She is "humbled and honored" to have been involved with

PUBLIC NOTICE

This is an official public notice to all residents of the Town Of Superior. Effective December 01, 2013 the Superior Police Department will commence with enforcement action and removal of all vehicles, which includes but is not limited to automobiles, trucks, utility trailers, camp trailers, that are abandoned, illegally parked, not currently registered, blocking or causing an obstruction of any city roadway or private driveway, parked within an intersection, or causing an obstruction of any stop sign or warning signs. This does not include all violations where a vehicle can and will be towed.

For further information please refer to Arizona Revised Statutes 28-871, 28-872, 28-873 and 28-2153.

To be included in the weekly church listings, call the Superior Sun at 520-363-5554.

Elizabeth Magallanez named head

the community in working with Safe Journey House, Copper Town Days, and the youth center. Her proudest moment was when the El Centro Youth Center opened its doors. This gave the youth in San Manuel a safe place to spend time after school and was used for many positive activities and events. Betty has given much to the community especially the youth in area. She will be missed.

Elizabeth Magallanez is the Adelante Juntos Coalition Project Coordinator in Superior. She is working on finding

a location for the youth center. She will be under the supervision of Dr. John Zhang. "The center in San Manuel is very nice," said Elizabeth. "I hope we can find a good location, getting the right location is key." Elizabeth has been the chairperson of the Superior Substance Abuse Coalition (SSAC) for five years. She has worked for Resolution Copper and the Town of Superior. She is also involved with the Copper Corridor Economic Development Coalition.

Elizabeth and Adelante Juntos will be looking for volunteers to help

with the Youth Center and other programs. She will have AJC partner with existing programs such as the Culinary Arts School at Superior High School. AJC started up in Superior and is returning to the area. Although the loss of the youth center in San Manuel will hurt, Superior will be gaining a well established program to help the youth of the area. For more information about Adelante Juntos Coalition and the Youth Center or to volunteer contact Elizabeth at emagallanez@luzsocial.com.

Elizabeth Magallanez will take over as head of the Adelante Juntos Coalition. (John Hernandez photo)
