## Pinal County confirms first pediatric flu death in Arizona; Health officials ask the public to get their flu shot to help slow the spread of the flu

Pinal County Public Health Services District is saddened to confirm the death of a young child due to influenza. This is the first pediatric flu death in the state of Arizona this flu season.

"This tragic situation, unfortunately, reminds us that flu can cause serious illness and death," said Dr. Tascha Spears, Health Director for the Pinal County Public Health Services District. "Our deepest sympathy goes out to this child's family."

This year's flu season has started earlier, and hospitals are significantly impacted by the number of cases presenting in emergency departments. Since the start of the flu season, there has been a total of 172 lab-confirmed influenza cases reported in Pinal County, and 4,552 cases total in the state of Arizona.

The Centers for Disease Control and Prevention (CDC) recommends that everyone six months and older get the flu vaccine. The vaccine provides protection from hospitalization and death even if you get the flu. It's important to get the vaccine as soon as possible because it takes your immune system two weeks to build a defense against the flu.

In addition to vaccine, protect yourself and others from getting the flu by being vigilant in good hygiene: avoid touching your mouth and nose, wash your hands frequently, cover your cough in your sleeve and stay home when you are sick.

Flu symptoms usually come on suddenly. People who have flu often feel some or all of these symptoms:

- Fever\* or feeling feverish/chills
- Cough
- Sore throat
- Runny or stuffy nose
- Muscle or body aches
- Headaches
- Fatigue (tiredness)
- Some people may have vomiting and diarrhea, though this is more common in children than adults.

\*It's important to note that not everyone with flu will have a fever.

Not only is flu circulating throughout the United States, including Pinal County, but RSV (Respiratory Syncytial Virus) and COVID-19 cases are significantly increasing. All three of these respiratory illnesses have similar signs and symptoms. It should be noted that both influenza and RSV were contributing factors in this child's death.

Those who think they may have the flu or any other respiratory illness and are at high risk for complications are urged to contact their healthcare provider because antiviral medications may help, especially if taken within 48 hours of illness onset.

While there is no vaccine for RSV, those who would like to schedule a flu shot or other immunizations, please call Pinal County Public Health at 1-866-960-0633 or go to [vaccines.gov](http://vaccines.gov) for the nearest vaccine provider location.

# Bobby Soto first to send letter to Santa for Christmas

Santa Claus has once again teamed up with the Superior Sun and Save Money Market to collect the letters for all Superior children who want to send their letters to Santa.

Four-year-old Bobby Soto was the first in Superior to send Santa his wishes for Christmas.

He told Santa that he loves Thomas the Train and asked Santa for a “big Jurassic Park dinosaur.”

Bobby is the son of Robert Soto and Stephanie Martinez. He’s in Headstart.

The traditional mailbox drop off is located at the Save Money Market. Children wishing to send an email may send it to [cbnsun@minersunbasin.com](mailto:cbnsun@minersunbasin.com). Letters must be received by Friday, Dec. 16, 2022, in order to be published in the Dec. 21, 2022, edition of the Superior Sun.

This year, Mr. Claus has given us permission to accept letters through our Facebook page ([www.Facebook.com/CopperArea](http://www.Facebook.com/CopperArea)). Just send us a message (PM) with your child’s letter to Santa.

Hurry and get your letters in quickly so they can be forwarded to the North Pole in plenty of time for the big day. The deadline to mail letters in Santa’s special mailbox is Dec. 16. Santa needs time to get all the requests fulfilled.

**Bobby is the first child in Superior to send his letter to Santa Claus.**

## BLM comments on Final Environmental Impact Statement to be discussed at upcoming Community Working Group meeting

SUPERIOR, AZ, November 26, 2022—The next Community Working Group (CWG) meeting for the Resolution Copper mining project, located near Superior, Arizona, will be Wednesday, Dec. 14, 2022, starting at 6 p.m. Monthly meetings of the group have been moved from the Superior Chamber of Commerce to: Town of Superior Offices, Library Room at 199 N. Lobb Avenue, Superior

Vicky Peacey, Chief of Staff to the Chief Operating Officer for Rio Tinto, will answer questions and discuss review comments made by the Bureau of Land Management (BLM) about the Final Environmental Impact Statement (FEIS) developed by the U.S. Forest Service for the proposed Resolution Copper project. In 2021 USDA directed the Forest Service to withdraw the Notice of Availability and rescind the FEIS and draft Record of Decision. USDA took this step to allow the agency

to conduct a thorough review, to ensure regulatory compliance of environmental, cultural, and archaeological analyses, and to provide time for the Forest Service to fully understand concerns raised by Tribes and the public and the project's impact to these important resources.

### About the Community Working Group

The CWG focuses on potential environmental impact issues, science and policy, economic development and growth, and the pros and cons of the proposed development of the Resolution Copper mine, which could become one of the world's largest copper mining ventures. Members include residents and stakeholders from the Town of Superior, Queen Valley, and nearby communities.

Monthly meetings of the group are now held in the Town of Superior office complex library at 199 N. Lobb Avenue in Superior. Topics include environmental stewardship, transportation, education, health, safety, natural resource

issues, air quality, community investments, recreational changes and other related subjects.

The public is welcome and encouraged to attend these meetings. For more information on the CWG, please visit the CWG website at <http://SuperiorAZCWG.org/>. The site also posts summaries of all past meetings, presentations, and other related articles. Comments and questions can also be submitted here.

### About Resolution Copper

The Resolution Copper project is a proposed underground mine 60 miles east of Phoenix, Arizona, near the town of Superior. The project is a joint venture owned by Rio Tinto (55%) and BHP (45%). The ore deposit lies nearly 7,000 feet below the earth's surface. It represents one of the most significant untapped copper deposits today. The mine has the potential to supply nearly 25% of US copper demand.
