# Southeast Arizona Land Exchange and Conservation Act approved in the House

By Mila Besich-Lira  
Copper Area News

The Southeast Arizona Land Exchange and Conservation Act was approved by the US House of Representatives yesterday. The bill was included in the National Defense Authorization Act that was approved by the House of Representatives on Thursday

afternoon. It is expected to be voted on in the Senate on Tuesday.

The land exchange was included in the defense authorization bill which included a bipartisan agreement under the jurisdiction of the House Natural Resources Committee and the Senate Energy and Natural Resources Committee. The National Defense Authorization Act is passed each year to

approve how the military can spend their money and allocate their budget.

There were a few amendments to the land exchange bill which include additional environmental protections. The amendments included that the federal land will not be transferred to the mining company until the environmental studies are completed, it will also allow Native American tribes to

access the property until the area is longer safe to use. Another critical amendment designates 807 acres of the Apache Leap Cliffs as a special management area which places it under Forest Service Protection. The designation of the Apache Leap will allow the Forest Service and other stakeholders to monitor the area and ensure that mine

# A Regional Approach

**B**y all accounts, this year's Christmas Light Parade sponsored by the Copper Basin Chamber of Commerce was a rousing success. The floats were larger and well-designed with many lights. The Ray High School ROTC unit displayed precision and real skill, ably passing their lighted rifles through the air. The Ray High School band members marched and played well, and they were as brightly-lit as the floats.

It didn't hurt that it was a beautiful night, preceded by the remarkable sight of the setting sunlight on the mountains and an arching double rainbow.

Angela Hillan-Ramirez, Rosalind Padilla, and the Chamber of Commerce were the behind-the-scenes people making the parade possible. Thanks also to the many vendors uptown and, of course, to Mr. and Mrs. Claus (and their photographer) for delighting children and adults alike.

More behind-the-scenes work was done by the Kearny and Hayden police departments and by our Volunteers in Policing (VIPs), making the parade route safe.

This week the Mayors' Group will be meeting in Winkelman. The Town of Mammoth will be taking part for the first time. This group took some of its inspiration from the Copper Basin Chamber of Commerce. Like the Chamber, the Mayors' Group is intentionally regional, exploring the many ways that the towns can work together.

The direction of the group is positive. Yes, our towns face huge obstacles, but when we work together the focus is on what we can do together. When we meet we share

## MAYOR'S CORNER

our concerns, then we see how we might help one another. We follow an agenda, but we also deal with the issues of the moment.

The towns are always present at the monthly meeting of the Copper Corridor Economic Development Committee (CCEDC) in Dudleyville. This group, mostly funded by Pinal County, provides business education and workforce training. It also works to provide improved economic infrastructure and publicity about the whole area.

All the towns benefit from the expertise and support of Central Arizona Governments (CAG). They help us find funding sources and give us tools for planning.

From parades to municipal government, a regional approach brings good results.

holiday, we want to express our deep gratitude to all the people who have donated canned and dry food for the food bank in November. A special thanks to our volunteers who faithfully

work in both centers. We also thank those who helped make 2014 our most successful year with your time, donations, and prayers. Merry Christmas to all and Blessings in the New Year!

Did you know you can reduce your Arizona Tax liability by making an end of the year donation to Family First which qualifies for the Arizona Charitable Organization Tax Credit up to \$200 for individuals and \$400 for a married couple filing jointly. This gift must be received before Dec. 31 to qualify. Changes in the law this year: Use EZ form to receive your credit!

New volunteers are always welcome, if interested this would be a great time to get started. On Saturday, Jan. 17, 2015, there will be a Volunteer Workshop from 9 a.m. to 3

p.m. Lunch will be provided. A workshop will be presented on Love and Respect. If you care about people and want to help, this would be a great way to start the New Year.

Our center activities continue Mondays, Wednesdays, and Fridays in Oracle from 9:30 a.m. to 4:30 p.m. and Story Time for moms and tots is every Wednesday from 10 to 11 a.m. Material assistance is available by taking a class. Our new curriculums for improving better parenting skills for fathers and for parents with toddlers are proving very helpful.

For further information on our services or to sign up for the workshop, call us at 520-896-9545 or check us out at [www.familyfirstpcc.org](http://www.familyfirstpcc.org).

## Town of Kearny spreading Christmas joy with annual decorations

They weren't up on the housetop and they didn't use a 'suchak ladder,' but the Town of Kearny employees did add a festive touch to uptown earlier this month when they put up the annual street light decorations. (And points for those of you who know what poem the ladder is in.)

She is always ready to lend a helping hand, a listening ear, or a dose of good humor, whenever they are

needed. With quiet efficiency, she sees what needs to be done in her classroom and takes care of it. I

# On Board the Missouri at Pearl Harbor

Sunday, Dec. 7 was the 73rd anniversary of the Japanese attack on Pearl Harbor which led to the United States entering World War II. The war would reshape the world geographically, politically and

socially. On that Sunday 2,403 Americans were killed and 1,178 wounded. Now Pearl Harbor, besides being an active naval base, is part of the National Park Service and features a visitor's center and museums.

A view of the Arizona Memorial from the bow of the USS Missouri.

John Hernandez | Copper Area News

If you travel to Hawaii and visit the island of Oahu, Pearl Harbor is a great place to spend some time. Depending on your interests and what you want to see, you can spend a few hours here or even a few days to see everything. Admission to the visitors center and the Arizona Memorial is free. There are other museums on site but they will cost you extra. They include the USS Bowfin Submarine Museum and Park, Pacific Aviation Museum and the Battleship Missouri Memorial.

There are a number of tour companies that will pick you up at your hotel and drive you to and from Pearl Harbor. They provide a ticket for entry to the visitors center and Arizona Memorial. They will run you around \$40 per person for a basic tour and round trip. You are limited to three hours of sight seeing at Pearl Harbor. That is enough time for most people to view the Arizona Memorial and visitors center but if you are a history buff or want to visit the other museums, you will need more time. On my first visit to Pearl Harbor my wife and I used a tour service. Our guide was friendly and pointed out some of the sites around Honolulu. He showed us the hospital where President Obama was born (yes, the Hawaiian people know he was born in Hawaii) and even the Baskin Robbins

where he once worked as a teenager. The tour and roundtrip lasted about 4.5 hours. I recommend a rental car if there are more than two of you or you want to spend more time viewing the sites at Pearl Harbor.

The free tour of the Arizona Memorial and visitors center will keep you busy for a few hours. It includes a shuttle boat ride to the Arizona Memorial which is operated by actual service men from the Navy. The

## LAND EXCHANGE

Continued from Page 3

operations are not destroying the cliffs.

Arizona Representatives Ann Kirkpatrick and Paul Gosar introduced this bill in 2013 and worked in a bipartisan effort to see the legislation advance. "Rural Arizona and our entire state won big today. Superior and the Copper Corridor have more than a century's legacy of mining, with generations of families working in local copper mines. And today, they have a future that includes more jobs and economic stability," said Rep. Kirkpatrick. "This project will empower folks to stay in these wonderful small towns, make a living and raise a family. I was honored to work with Congressman Gosar and Senator McCain on this important legislation, and I thank them for their efforts. I urge the Senate to pass it and the president

to sign it so we can get the job done for Arizona," said Rep. Kirkpatrick.

Rep. Gosar stated: "This is a great day for America and a great day for Arizona. Copper is once again king in Arizona, and our military and our manufacturing base will be assured of critical domestic copper supplies. I am extremely pleased that the House once again passed my Southeast Arizona Land Exchange and Conservation Act. Attaching to the must pass Defense Authorization makes a lot of sense as my bill will lead to new critical mineral production and paves the way for mining one of the largest copper deposits ever discovered in North America, producing enough copper to meet nearly 25 percent of US demand. It was a true pleasure working closely with Senator McCain who is spearheading this effort in the Senate."

In addition to including the Southeast Arizona Land Exchange and Conservation act, there were other lands bills included in the act. In a press release from the House Committee on Natural Resources the included bills will help to expand American energy and mineral production, protect jobs and will balance conservation designations with federal land conveyances. The other lands bills included in the bill were H.R. 5205 Northern Nevada Land Conservation and Economic Development Act, and H.R. 4350 Northern Cheyenne Lands Act both of these bills will allow for the expansions of mines in those states.

The Resolution Copper project is expected to create 3,700 jobs and generate \$60 billion dollars in revenue over the life of the mine.

## PEARL HARBOR

Continued from Page 8

visitors center has numerous displays and exhibits. You can read or listen to the stories of people who were at Pearl Harbor and living on Oahu in 1941. Be advised that due to security concerns you cannot bring purses, bags or anything where objects can be hidden including camera bags into the facility. Cameras are allowed but you will have to carry in accessories without your bag. There are storage lockers for rent or you can leave the items in your car.

The Battleship Missouri (BB-63) is moored at Pearl Harbor. Its big 16-inch guns overlook the Arizona Memorial. With the arrival of the Missouri at Pearl Harbor in 1991 to celebrate the 50th anniversary of the attack, a symbolic connection of the beginning of the American entry into World War II and the end of the war was created. On board the deck of the "Mighty Mo" you can stand at the exact spot where the Japanese officially surrendered to the allies in Tokyo Bay Japan on Sept. 2, 1945. The Missouri was made a permanent attraction at Pearl Harbor in 1998.

The Missouri saw action in World War II, the Korean War and Operation Desert Storm. It was the last active battleship in the world. For you younger people it was also the ship that helped defeat the space aliens in the movie "Battleship". The Missouri was

taken out to sea for some of the filming. The ship is nearly 900 feet long and had a crew of 134 officers and 2,400 enlisted men during World War II.

On board the Missouri, you can take a variety of guided tours included with your admission or you can pick up a map of the ship and take your own tour. To see everything you will have to climb a number of stairways and enter through narrow hatches. The general admission price to the Missouri is \$25 for adults and \$13 for children age 4-12. It is ADA accessible.

To get to the Missouri you must take a shuttle bus to Ford Island (included in admission price) and will see some of the naval base and housing areas along the way. I recommend the shortest guided tour which is a half hour and then explore the Missouri on your own. The guide takes you to some of the historical sites including the surrender deck and points out interesting areas on the ship. They will answer any questions you have and tell interesting stories about the history of the Missouri. Besides the ship itself there are many things to see on board including exhibits of photographs from the ship's history and memorabilia donated by former crew members of the Missouri. In my view, it is well worth the price of admission.
