OBITUARIES

William 'Bill' McKay

William "Bill" McKay, quiet man with a big heart, passed away peacefully on Dec. 9, 2017 at home surrounded by his loved ones. He was 93 years old, and had been battling cancer for the last few years.

One of America's greatest generation, he was born in Eureka, Nevada on May 12, 1924. He was one of four children who helped his widowed mother by working on ranches throughout Eureka County. Hard work, loyalty and love of family is what he was all about. He was an excellent basketball player, and loved the Phoenix Suns and the University of Arizona Wildcats. Bill was a true New York Yankees fan, and made sure the entire family, both in Arizona

and Nevada were fans too.

He enlisted in the Army during World War II and spent three years as an Army Medic, stationed in the Philippines, and New Guinea. He helped many refugees escape the Japanese from New Guinea, and many years later one of the people he helped recognized him and told him they would always remember him for being so brave and kind. After the war Bill returned home to Nevada and started working in the mines.

He married the love of his life, Georgia, who preceded him in death in 2014. They relocated to Mammoth, Arizona where Bill started working for Magma Copper in December of 1948. The family then moved to

Oracle, AZ in 1960 where he lived until his passing. He worked at Magma until 1983.

They had four children, Christine "Binki" McNulty, (Jim), of Oracle, Arizona, Bill (Becky) McKay of Gold Canyon and Lakeside, AZ, Gina (Gary) Knight of Newcastle, WY, Donna (Julio) Garcia of Brighton, CO. He had nine grandchildren and eight great-grandchildren, who so loved and adored him.

Services will be held at Oracle Union Church, Saturday, Jan. 6, 2018 at 10 a.m.

Harry Franklin 'Frank' Miller Jr.

Harry Franklin Miller Jr. ("Frank"), 64, passed away on Nov. 22, 2017, following a long battle with cancer. Born in July 1953 in Williamsport, PA, he was the son of the late Harry F. Miller Sr. and Ada Marie Miller. Frank grew up in and around

Dudleyville, AZ. He graduated from Ray High School in Kearny, AZ in 1971. He worked for BHP Copper (formerly Magma Copper) for more than 28 years. He retired from mining and lived in Lakeside, AZ since 1997. Frank is a former member of the Board of Directors for the Lakeside Fire Department, and he owned and operated High County Green Waste in Lakeside until his illness led to his retirement a few

years ago.

Frank loved the outdoors, and had a passion for hunting, especially white tail deer. He is survived by his three children, Nicole, Christy (Jay), and Frank III; his 6 grandchildren; and his extended family and many very close friends.

Formal memorial services are not planned at this time. Condolences may be sent to the family at PO Box 51944, Phoenix, AZ 85076.

Kill All Robots

Artificial Intelligence (A.I.) and Robotics have been replacing Americans in the workplace. Not only are they taking our jobs, now they are killing us! By us, I mean human beings. It is estimated that at least 27 humans have been killed by robots in the workplace. Of course, the corporations have placed the blame for the accidents on human error. A police department employed a robot normally used to diffuse bombs to deliver a bomb to a man who had shot people and had barricaded himself. The bomb was detonated by remote control killing the shooter.

Unmanned Aerial Vehicles (UAVs), better known as Drones have killed an estimated 3,502 combatants and 457 civilians since 2002 in the War on Terror in Pakistan, Iraq, Afghanistan, Syria and other Muslim countries. The estimate was provided by the FDD's Long War Journal, a media organization dedicated to providing accurate reporting and analysis of the Long War also known as the Global War on Terror. It is

ADOT and its plows are prepared for winter weather. Are you?

Drivers should think twice before traveling during snowstorms

With winter on the horizon, the Arizona Department of Transportation has spent months preparing for snow and ice that storms will dump on the state's higher elevations.

ADOT has 375 certified snowplow operators ready to operate the agency's nearly 200 snowplows, which are stationed around the state to keep people and commerce moving when snow falls on highways.

Now it's time for drivers to do their part, starting with following essential safety tips available at azdot.gov/KnowSnow to prepare themselves and their vehicles for winter travel. That includes slowing down, leaving extra room behind the next vehicle, taking along warm clothing, blankets, food and water, and packing an emergency kit.

Your preparations should include staying apprised of weather conditions and being ready to postpone travel so ADOT's snowplows can clear roadways. A highway takes much longer to plow when it's jammed with vehicles that had no business traveling on a roadway that's slick with snow and ice. That happened last Christmas Eve, when a powerful storm dropped inches of snow per hour, closing a long stretch of Interstate 40 in a tangle of crashes and stranded vehicles that took many hours to clear.

A snowplow can't clear a highway if it's pulled out of service when another vehicle hits it. That happened several times last winter, fortunately without significant injuries. Every vehicle, from semis to passenger cars, needs to give snowplows room to work – a minimum of four vehicle lengths to allow room to stop.

Avoid passing a snowplow that's clearing a highway until the driver pulls over to let traffic pass. Never assume a snowplow operator knows your vehicle is nearby. If you can't see the plow driver, there's a good chance the driver can't see you.

Always remember: The safest place on a highway when it's snowing is behind a snowplow.

Heading to sled and throw snowballs? Do that in designated areas away from highways, not parked on shoulders, which are for emergencies only. Parking on a highway shoulder to play in the snow distracts other drivers and can interfere with first responders who may need to use the shoulder. If that isn't reason enough, keep in mind that a snowplow can hurl large amounts of snow and ice well away from a highway.

ADOT recently installed signs along a stretch of US 180 northwest of Flagstaff reminding drivers that parking on the

shoulder is for emergencies only.

Those heading to popular snow-play areas should be prepared to spend extended time in winter conditions, as traffic at day's end is often heavy on highways including US 180 toward Flagstaff. In addition, highways can have extended closures from crashes and weather conditions.

Prepare for trips by visiting the ADOT Know Snow website (azdot.gov/KnowSnow), which has tips on making sure your vehicle is ready for winter driving, driving safely on highways with snow and ice, driving safely while snowplows work and packing supplies in case a vehicle becomes stranded. For example, a little cat litter or sand will provide traction if a vehicle

becomes stuck along the roadway.

Before heading out, drivers can call 511 or visit ADOT's Arizona Traveler Information site at az511.gov for the latest highway conditions. The website features real-time images along state highways that give drivers a glimpse of weather in various regions. ADOT's Twitter account (@ArizonaDOT) and Facebook page ([facebook.com/AZDOT](https://www.facebook.com/AZDOT)) are sources of real-time information and interaction.

When a freeway closure or other major traffic event occurs, ADOT's free app available at ADOTAlerts.com will send critical information directly to app users in affected areas – where possible, in advance of alternate routes.

Santa at the OFD

Santa and his elves are very busy at this time of year preparing for his special flight around the world to deliver toys to all the good little boys and girls. But he did take some time off last week to drop in at the Oracle Fire Station to visit with the kids in Oracle. His sleigh, he said, was in the shop having some last minute checks to make sure all is in order for Dec. 24. So he asked his friends at the Oracle Fire Department to drive him around town and then to the party at the station. Kids got to share their hopes and Christmas wishes with the man of the season. They also romped in a jumping castle, wrote letters to Santa, colored Christmas pictures and had cookies and hot cocoa.

Despite balanced scoring, Miners suffer close loss

By **Andrew Luberda**
Copper Area News

Nine different players scored for the San Manuel boys' basketball team in last Tuesday's game at Santa Cruz, but the balanced attack did not (pun intended) result in the Miners' desired 69 – 67 win over the Dust Devils.

Junior Michael Ochoa and sophomore Javy Tamayo each scored a team-high 12 points in the loss. Michael Primero-Predgo and Hector Sierra added nine points apiece while

sophomores Jose Moreno and Caleb Quintero finished with eight and seven points, respectively.

Ochoa, who shot 6-for-7 from the field, also had five rebounds, an assist and two steals in the game. Quintero and Fabian Russo were the Miners' top rebounders with seven each.

Sierra and Tamayo led the Miners in assists with three apiece. Up next: Dec. 15 at Desert Christian, Dec. 19 vs. Immaculate Heart and Dec. 20 at Hayden. All games are scheduled for 7 p.m.

the Grand Canyon State Gridiron Club (GCSGC) and given to the top Arizona high school football player.

The award luncheon took place last Saturday at the Scottsdale Resort at McCormick Ranch.

Velasquez broke several school and state records during the 2017 season. The biggest was his state best 514-yard, nine-touchdown performance against Tombstone on Sept. 22, which earned him a

performance medallion. He was later named a finalist by the GCSGC selection committee.

Some of Velasquez' other records include a school record 2,103 rushing yards and a 2A Conference-record 56 points in one game. He was honored as the Arizona Cardinals Player of the Week following the game against Tombstone. Additionally, Velasquez earned AIA 2A South 2nd-Team All-Region honors and AllSportTucson.com 2017 Frog & Firkin 2nd-Team All Star and 2A 1st-Team All Star.

from the experience despite the results. They defeated Rio Rico (36 – 30) for their lone victory at the meet. Their only other competitive match was a 41 – 30 defeat against Desert View.

Head coach Manny Yubeta said his team "ran into a buzz saw" at the meet and acknowledged his team was outmanned against bigger wrestlers. Adrian Romero (220) went 4 – 4 and was the only Miners' wrestler to have moderate success against his opponents.

The Miners have one more multi-meet before the Christmas break, traveling to Casa Grande on Wednesday, Dec. 13, to take on Casa Grande, Canyon Del Oro and Catalina Foothills. During the break, the Miners will return to action on Dec. 28, as they travel to Miami for a holiday multi-meet. Yubeta is hoping the Miners will be at full strength by then.

Make the gift buying experience for young kids easy, by keeping it simple

SAN MANUEL (December 2017) – Every year there's a hot new toy that sells out and drives parents to race from store to store in search of the latest gadget or stuffed animal.

This year, make the gift buying experience for the youngest kids in your life easier.

When it comes to promoting learning for children 5 and younger, basic toys and quality time with adults are the best gifts an infant, toddler or preschooler can receive.

First Things First has compiled some suggested toys by age and stage that promote learning and language development.

Books are one of the best gifts for all ages. Daily reading has been shown to help young children develop language skills and increase vocabulary – both crucial if they are going to be good readers in the future.

Other good choices for different age groups include:

For babies under 1 year old, focus on toys that stimulate curiosity. Babies are fascinated by their surroundings, especially faces and bright colors. They enjoy playing hide-and-seek with different objects. Look for things such as:

- board books
- safe, chewable toys
- toys with mirrors

For toddlers between 1 and 3 years old look for toys that

encourage imagination and problem-solving such as:

- pretend versions of everyday objects
- balls to roll or catch
- building-type toys, including fill and dump varieties.
- matching and sorting toys
- large crayons or markers with plain paper
- simple puzzles

For preschoolers, which covers ages 3 to 5, look for toys that help them relate to each other and the world around them include:

- dress-up clothes
- simple board games
- counting and letter games
- sports equipment suitable to their size
- musical instruments
- art supplies such as play dough, safety scissors, glue, etc.

Another thing to keep in mind is that parents and family members talk the most to babies when they are engaging their child with books and traditional toys, rather than electronic toys that claim to promote language development. Young children learn through play, through experimenting with the world around them and through interaction with other kids and adults. The best toys are those that appeal to the way their minds work. Those toys

will get used most and will help children develop skills they will need to be successful once they enter school. **About First Things First** – First Things First is a voter-created, statewide organization that funds early education and health programs to help kids be successful once they enter kindergarten. Decisions about how those funds are spent are made by local councils staffed by community volunteers. To learn more, visit FirstThingsFirst.org.

Boosting Your Immune System

In the world of medicine it is the norm to treat disease.

What usually transpires is that a person waits for a disease to appear before taking

steps to eradicate it. This is known as allopathic medicine. Allopathic means to intervene or to stop a process before it overwhelms you.

It is less common to practice preventative medicine, though there is a definite trend

towards that direction. What is meant by prevention is to prepare and, in fact, enhance one's own protective systems in order to avoid a spiraling downturn caused by exposure to overwhelming conditions.

HEALTH ISSUES

Continued from page 12

There are a number of ways to bolster your defense systems. One simple way is to avoid those things that undermine the immune system. A couple of the more blatant offenders are sugar and cigarettes. What I mean by sugar is large amounts of refined table sugar. This is what is found in the sugar bowl and in cakes, candies, ice cream and sodas. It amounts to too much sugar in too short of time without the normal accompanying vitamins, minerals and enzymes found in food to process it effectively. The body is shocked by the demands to process this refined “naked” sugar and is thereby left weakened.

The second offender, cigarettes, has about 4,000

different chemicals that need to be sorted out and detoxified. This is another extraordinary demand on our bodies.

Stress and sleeplessness are two other taxing conditions on our overall stamina and ability to respond adequately to an infection.

Enhancing the immune system is particularly important when anticipating exposure to infectious agents such as encountered in enclosed spaces with a multitude of people. Common places of this sort are hospitals and gatherings such as movie theaters, churches, airplanes, family get-togethers and the like.

Widely advertised commercial products such as AirBorne and Emergen-C,

which contain Vitamin C and other vitamins and minerals with an herb or two, help prepare the immune system. Specific herbs that boost the immune system include the popular Echinacea, for overall enhancement, and Lomatium, Elderberry and St. John’s Wort which are effective in bolstering the immune system against viruses.

Glandulars are freeze dried glands that are touted as having similar effects. Thymus, in particular, is considered a good anti-viral agent. The thymus gland is responsible for producing all the T-cells in our bodies. T-cells play a large role in fighting off viruses.

Other than avoiding harmful things and taking

supplements, some physical activities are very good for building one’s immune system. Basic exercise and keeping in relatively good condition is helpful. Hyperthermia, or raising one’s core temperature very high, has seen good results in stimulating a buildup of the immune system.

The bottom line to being prepared to ward off your daily

encounters with potentially infectious agents is to support your own inherent immune system by staying active, eating healthy and considering an extra boost once in a while when the exposure is known to be excessive.

Oracle's community chorus to lead Messiah Sing Along

Have you always wanted to sing the Messiah, but never had the opportunity? Your opportunity has arrived! The Voices in the Oaks and the Oracle Piano Society are pleased to present their first Messiah Sing Along on Sunday, Dec. 17, at 3 p.m. at the Oracle Center for the Arts (OrCA), 700 E. Kingston St., Oracle.

Singers may bring their own Messiah score, or use one of a limited number of chorus copies available at the door. Copies of the chorus parts will be made available for a nominal cost. Don't care to sing? Audience members are invited to participate by either singing OR listening!

George Frederic Handel's masterpiece, Messiah, was written by in 1741, and has long been a choral standard often performed by professional choruses and church groups alike during the Holiday season. Messiah is Handel's most sung and most popular choral work.

The Voices in the Oaks will be joined by members of the Catalinas Community

Chorus to lead the audience in the performance of Part I, as well as the often performed and loved "Hallelujah" chorus from Part II. Solos from Part I will be sung by selected chorus members. The concert will be conducted by Chorus Director, Mary Huebner, and supported by piano accompanist, Sheryll McManus, who is also the music director for Oracle Union Church.

The Voices in the Oaks Chorale is presenting this Messiah Sing Along for donation only! For reserved seating, visit www.oraclepianosociety.org to make your donation and obtain a ticket. You may also enter at the door, as long as seats are available.

In the spirit of holiday giving, the Chorale requests donations of canned goods for those in need this holiday season.

Join the Voices in the Oaks for a spectacular afternoon of singing Handel's Messiah!
