Pinal County launches new effort to curb illegal dumping

FLORENCE - A new rewards program will provide a monetary incentive for residents to submit tips and information on those illegally dumping items in the desert as part of a revamped effort to curb the issue across Pinal County.

Pinal County is a beautiful place to live, work and play. However, the amount of tires, mattresses and other items littered across the desert is unacceptable and an eyesore. The Pinal County Attorney's Office is launching a 'rewards program' that will provide a \$500 reward to tipsters who submit information on people illegally dumping items if the tip leads to charges in the case.

"This is a problem that we need the whole community to help us solve," said Pinal County Attorney Kent Volkmer.

Pinal County has also created a new, simplified online page to direct residents to any resource they are seeking. This includes how to properly dispose of bulky items, when and where to find community cleanups, and how to report an illegal dump site.

"We wanted a one stop shop with all the information that people would need to do the right thing," Volkmer said. "We are really excited and hopeful that this new program is going to cut down on illegal dumping and hold those that do dump accountable."

The new online site, which includes the submission form for the rewards program, officially launched Wednesday, Dec. 8.

"There's no longer the excuse of, 'I didn't know what to do with it,'" Volkmer said. "All of the information is now at the end of your fingertips."

You can find the new online page at <https://www.pinalcountyz.gov/Pages/keep-pinal-pristine.aspx>

The revamped effort to address this issue is truly a county-wide effort. The Pinal County Attorney's Office would like to thank public works, public health, the IT department, communications and marketing and the Pinal County Sheriff's Office for their contributions and participation in this effort to #KeepPinalPristine.

Superior Rotary places Peace Pole at Besich Park

December 7 of this year marked the 80th anniversary of Pearl Harbor. The U. S. Navy, along with the National Park Service, hosted varied ceremonies in Hawaii on that day, as well as the day before and after, in memory of the day, including memorializing the USS Nevada, Utah and Oklahoma.

Three-hundred sixty-five Japanese bombers attacked Pearl Harbor and also Ford Island Naval Air Station base in Oahu, Hawaii, beginning shortly before 8 a.m. By 8 a.m., they had bombed Wheeler Army Airfield, injuring 53 people and killing 37 soldiers, while devastating the base by bombing aircraft hangers and airstrips, destroying 54 planes. This was just the beginning of their reign of terror and destruction on an unsuspecting populace.

The attack, intended to cripple the Pacific Fleet, lasted approximately 115 minutes. While the Japanese intended this attack to prevent the United States from taking action against them regarding

their dealings with Southeast Asia, America was, on that day, launched into World War II.

One of the battleships that were sunk that day, when 2,403 servicemen and civilians were killed and 1,178 were injured, was the USS Arizona where 1,177 sailors and marines remained on board and were taken to their watery grave. On December 6 of this year, Channel 8 featured the interment of the ashes of a Mr. Marino who served on the USS Arizona 80 years ago.

This attack, this bloody and awful day, is referred to simply as Pearl Harbor, the name of a once peaceful place on an island that encouraged thoughts of paradise. Regardless of what the days are like at Pearl Harbor in modern times, the name is burnt onto the hearts of those who survived, those who were or are related to the survivors and all Americans who believe in learning from history in order not to repeat it.

Another unusual Christmas delivery this year for Superior Senior Center

Due to the Pandemic, volunteers at the Superior Senior Center were unable to celebrate at the Center with Superior's seniors. Instead, they played the old "Ding Dong Drop and Run", leaving presents at the door and Singing "Merry Christmas". The volunteers also included one of Santa's newest reindeers, Ariyah Ray Carrillo, who will soon be added to the Rudolph song, we've heard. All presents were donated and very much appreciated. Merry Christmas to all. God Bless and stay healthy.

Dear Santa ...

Christmas is coming. It will be here ever so soon. In every land, every country, every city or town or village - really, anyplace you can find on a map and many places that you cannot - children have written their holiday missives, expressing their heart's desires and are anxiously awaiting a Christmas visit from Santa.

The United States Postal Service site states, "Each year, hundreds of thousands of letters sent to Santa from children and families arrive at Post Offices around the country. Most letters ask for toys and games. Some ask for basic necessities. Some ask for help for themselves and their loved ones."

For as long as children have been sending letters to Santa, he has cherished these communications and shared them with his wife. In December of 1899, Santa decided to share a letter to be printed in a newspaper. The letter was quite simple. In it an unnamed girl said, "Dear Santa, If you haven't time to pick out things for me, just leave everything you've got."

The very next year, many more letters to Santa were printed in the same newspaper. A tradition was born. Though Santa has never explained the reason he started sharing the letters he receives and allows them to be printed, there are many theories which he has equally never denied as possibilities.

The chief theory is that with the increased population of the world, Santa was using this method of communication to seek out new helpers. Another theory, somewhat less likely to apply in all situations, is that the newspaper editor had been a very good boy or girl in their youth and Santa felt they deserved an extra present.

To read more about the history of Santa sharing his letters with newspapers, and more historical letters that were shared, visit the *Tampa Bay Times* for a great article by Christopher Spata, at <https://tinyurl.com/y9nvj3t6>.

Our local children of the Copper Corridor have joined the ranks of hopeful letter writers this season. True to form, Santa's belly shook with mirth as he read each one. These are the ones Santa was especially tickled with, and generously decided to share with us.

Please be patient where we might make mistakes. Sometimes, things are hard for us to read that Santa, due to the twinkle in his eye, can read with expert precision every time.

ROTARY PEACE POLE

Continued from page 4

The Superior Rotary Club has dedicated a monument in Besich Park, to honor the service to their communities and the world of those who served on the USS Arizona, as well as all those who suffered from that attack. This is not a monument to remember a need for revenge or to glorify war, but it is a Peace Pole, as a reminder that the goal of the armed services of the United State of America is not to make war but to promote peace and the deterrence of war.

Superior residents have proudly served in many wars: World War I and II, as well as wars in Korea, Vietnam, and the Middle East, to make this world safer for those they left at home and those people of the countries in which they served without regard to their personal safety and life. This is truly service above self.

The Besich family has served as community leaders in Superior for the last 100 years, and Besich Park is the appropriate place for the Peace Pole that the Superior Rotary Club dedicated on Tuesday, Dec. 7 in Superior. Attending the dedication were Mayor Mila Besich and District Governor of Rotary District 550, Henrietta Huisking.

A representative of the Superior Rotary Club stated, "The Superior Rotary Club hopes that the Peace Pole it is dedicating this Dec. 7, 2021, and the goals of Rotary International promoting peace throughout the world can influence the governments of our world and their members that peace is a superior alternative to war and the

suffering and destruction of families and their communities in war and personal and community conflict."

They went on to say, "Today in Africa and the Middle East young children are being forced into being warriors instead of being students and young carefree children. Peace in this world should change that and Rotary is at the forefront in that conflict now that Rotary has accomplished the worldwide elimination of polio.

What a tremendous accomplishment of Rotary clubs around America and the world in eradicating polio. Rotary's service

above self is serving the needs of our communities, our state, nation and the world. We, as Rotarians, are privileged to be a part of this wonderful goal of peace not conflict. We hope that the Peace Pole can foster and promote civil relationships between members of Superior and the communities that surround Superior, and every goal of society begins with one small step, which the Superior Rotary Club is undertaking today."

Besich Park in Superior is a picturesque setting for the Rotary Peace Pole.

Resolution BOA2021-03

A RESOLUTION OF THE TOWN COUNCIL OF SUPERIOR ACTING AS THE TOWN BOARD OF ADJUSTMENT COMMISSION, APPROVING A VARIANCE REQUESTED BY JOAQUIN MANCINAS FOR 823 W. MARTIN STREET TO ALLOW USE OF THE EXISTING FRONT SETBACK LINE FOR THE FUTURE HOUSE. WHEREAS, the Town of Superior acting as the Town Board of Adjustments Commission has, at its regular meeting on November 29th, 2021, studied and considered Resolution No. BOA2021-03 recommending a variance request submitted by Joaquin Mancinas for a variance for the allowance to use the existing front setback lines for the future house at a residence located at 823 W Martin Street at the Town of Superior, a copy of which is attached hereto; and WHEREAS, a timely and properly noticed public meeting on Resolution No. BOA2021-03 was held by the Board of Adjustments Commission of the Town of Superior during its regularly scheduled meeting on September 29th 2021, at which hearing evidence, oral and documentary, was admitted on behalf of Joaquin Mancinas requesting a variance for the real property located at 823 W Martin Street to allow a variance for the following matters: The property has special circumstances and conditions. The 8-inch Town Main sewer line, Sewer Manhole, and 15 feet of utility easement for the sewer line are located in the middle of the applicant parcels. The current owner purchased the property with pre-existing conditions. The conditions described above were not imposed by the applicant. The future house dimensions will not fit in any other way on the property without interfering with the sewer line, manholes, and utility easement unless the 20-foot front setback is given to build the house. The existing conditions of the setbacks are not causing any inconvenience nor been materially detrimental to the adjacent property, neighborhood, or public welfare. Moreover, the current property is located at the end of the street adjacent to queen creek. It is the last parcel on the dead-end road. Attached Exhibit "A" Site Plan shows the property boundary lines, the setback lines, and the Sewer line and Easement. Zoning Ordinance regulations §18.2 Limitation on Lots: A. If the size and shape of the substandard lot is such that no permitted structure that may be constructed that meets the required setback requirements for that zone district, an application for a variance may be submitted to the Board of Adjustment for their approval conditional approval, or denial. WHEREAS the Board of Adjustments Commission has reviewed the applicable requirements to grant a variance in Article III, Section 3.8 of the Town Zoning Ordinance and determined that there are facts to consider the granting of a variance under the Town Zoning Ordinance; to consider approval of the requested variance; and WHEREAS the Board of Adjustments Commission has determined that it is in the best interest of the Town to approve the requested variance; and NOW, THEREFORE, BE IT RESOLVED that the Board of Adjustments Commission of the Town of Superior, in a regular session assembled on November 29th, 2021, resolved to approve the requested variance to allow the existing setbacks regulations as non-conforming lot conditions at a residence located at 823 W Martin Street in the Town of Superior, Arizona. Resolution BOA2021-04

A RESOLUTION OF THE TOWN COUNCIL OF SUPERIOR ACTING AS THE TOWN BOARD OF ADJUSTMENTS COMMISSION, APPROVING A VARIANCE REQUESTED BY STEPHANIE G. NAVARRO LOCATED ON 26 N MAGMA AVENUE TO ALLOW CONSTRUCTION OF THE ROOF AWNING AT THE HISTORICAL BUILDING ABOVE THE PUBLIC SIDEWALK. WHEREAS, the Town of Superior acting as the Town Board of Adjustments Commission has, at its regular meeting on November 29th, 2021, studied and considered Resolution No. BOA2021-04 recommending a variance request submitted by Stephanie G. Navarro for a variance for the allowance to build a roof awning above the public sidewalk located at 26 N Magma Avenue in the Town of Superior, a copy of which is attached hereto; and WHEREAS, a timely and properly noticed public meeting on Resolution No. BOA2021-04 was held by the Board of Adjustments Commission of the Town of Superior during its regularly scheduled meeting on September 29th 2021, at which hearing evidence, oral and documentary, was admitted on behalf of Stephanie G. Navarro requesting a variance for the real property located at 26 N Magma Avenue to allow a variance for the following matters: The property has special circumstances and conditions. The existing property has sun exposure for almost a full day; the building is commercial and rented out for the business. Customers often suggested having an awning in front of the building above the public sidewalk to provide a cooldown space with benches and enjoy the view of the mountains and downtown. The roof awning would give the clients a good rest area and preserve the structure from sun exposure. However, the structure has to be built above the public sidewalk area, which would be beyond the existing property setback line; therefore, the owner asks for the variance permit to construct the roof awning. PASTOR'S CORNER

By Dennis Van Gorp
Family Life Christian Center

Many times, our Lord speaks to us, and it is to our advantage to listen well. Learn to recognize His voice, so you won't ignore it. The season we are in is a time when our focus must be on Him, and nowhere else, or we will become

distracted, and not hear the important message He has for us.

When you shoot a rifle or a bow, your goal is to hit the center of a target. To do so, you must focus on the target's 'center.' Nowhere else, or you will miss it. Focus your mind and your

eyes on the center spot. Be determined in your focus. You will then hit the target dead center.

Our life is the same way. Focus on Jesus or miss the mark. Focus on God, and you will attract His attention. He will hear your thoughts and desires and

guide you into His victory. You won't miss the target, when your focus is on Him.

One day, Jesus' disciples, while in their boat, got stuck in a major storm. We also get stuck when storms

hit our lives. Fear is not an emotion or feeling, but a spirit. 2 Timothy 1:7 tells us, 'God did not give us a spirit of fear; but of power, and love, and a sound mind.' Thank you, Jesus!!

the miners team, resulting in a 31-73 final score.

On Dec. 16, the teams hosted Leading Edge Academy from Gilbert. The Lady Panthers had a tough time getting points on the board for this game. In the end, Leading Edge Academy walked away with the win. The final score of the game was 7-50. The boys team played a tough game,

but let their opponents put too many points on the board. The Panthers lost with a 25-83 final score.

Up next for the Panthers: Dec. 27-29, both varsity teams will travel to Santa Cruz Valley Union High School to take part in the 2021 Santa Cruz New Year's Shootout Basketball Tournament.
