"There are numerous countries in the world where the politicians have seized absolute power and muzzled the press. There is no country in the world where the press has seized absolute power and muzzled the politicians"

—David Brinkley

Some vintage truck lovers parked their vehicles in the NAPA parking lot Friday waiting for others to join them to go for a cruise. Pictured are Jessica Ring and Gary Stepke, who owns a '52 Studebaker, said they usually meet on Wednesdays and Friday and drive to Globe or the valley and meet others and have dinner. Other trucks and owners are Jim Chenoweth's '38 Ford and Vern Rucker who drove all the way from Cortez, Colorado with his '38 Chevy. James Carnes | CBN

Shop at Home: Kearny's NAPA Auto Parts

In April, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly began the road to recovery. Even those listed as

Robin McEuen, manger of the local NAPA Auto Parts store takes care of a customer. James Carnes | CBN

"essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are hanging on as best they can. *Copper Area News* wanted to give something back to the local business community. Over the next several weeks, our newspapers (*Copper Basin News*, *Superior Sun* and *San Manuel Miner*) will be featuring local businesses and non-profits, encouraging our readers to Shop at Home, stay local and support our local businesses.

NAPA Auto Parts in Kearny has had several owners over the years. Clark McPherson has owned the business for the past year. It's been a hard year, but they are going strong.

The business sells auto and industrial parts, in support of the mining industry and other local businesses. They make hydraulic hoses and sell bulk oil and other fluids.

Located at 393 Alden Rd. in Kearny, it sometimes serves as a meeting point for vintage vehicles lovers, who stop at the store before heading out to cruise the area with other connoisseurs of vintage vehicles.

The store is open 8 a.m. to 5 p.m. Monday through Friday and 9 a.m. to 1:30 p.m. on Saturday. It is closed on Sunday. For more information, please call them at 520-363-5557.

Store manager, Robin McEuen, said, "Thank you for your continued support."

Resolution Copper completes \$75 million restoration of historic mining land

Resolution Copper has completed a \$75 million restoration and reclamation project of 475 acres of land impacted by close to a century of historic impacts from the Magma Copper Mine near the Town of Superior.

Resolution Copper voluntarily committed to accelerate the reclamation work to demonstrate its commitment to cleaning up the historic mining impacts well in advance of any new mine development activities.

Resolution Copper Project Director Andrew Lye said, "We're proud to deliver this significant piece of environmental remediation work decades earlier than required, to make our community a cleaner and safer place to live and work. Cleaning up the historic Magma Copper Mine ahead of time demonstrates our commitment to operating safely and responsibly, in a way that brings lasting benefits to the entire community. This work was completed by

local contractors and ongoing post closure monitoring and maintenance activities will continue to provide local jobs as an important part of our business."

In total, the reclamation project has supported more than two dozen local jobs with businesses such as Oddonetto Construction, based in Globe, Arizona.

Oddonetto Construction owner Mike Oddonetto said, "Resolution Copper has been an important source of business for my firm for more than a decade, and I look forward to continuing to work with the company to grow our business."

The Magma Copper Company ran mining and processing operations between 1910 and 1996, including smelting operations on the site between 1924 until 1971. Since 2005, reclamation work by Resolution Copper has included more than a decade

RESOLUTION COPPER RECLAMATION

Continued from page 3

of soil clean-up, placing a cover with soil and vegetation over the historic tailings, restoring and establishing drainage for passage of stormwater, reshaping and vegetating development rock piles, removing the old

concentrator complex and smelter structures. Reclamation and restoration have included shaping landforms to a more natural state and vegetating with a native seed mix characteristic of the surrounding Sonoran

Desert landscape. Recently, the completed restoration and reclamation was approved by the Arizona Department of Environmental Quality (ADEQ). As required, Resolution will continue post-closure monitoring

for the next three decades, including groundwater monitoring, surface water monitoring, regular inspection of all facilities and monitoring of the vegetative cover. Resolution Copper also recently completed a \$200

million project to deepen the Magma Copper Mine Shaft # 9, that was originally constructed in 1971. Over the last four years, the shaft has been sunk a further 2,000 feet to over 6,800 feet below the surface. It now connects to the newer Shaft 10 in two places, improves ventilation, and increases safety by providing a second exit for workers.

Resolution will now focus on the maintenance of Shaft 9 and 10 and continuing the underground characterization study to increase ore-body knowledge, as the project continues to progress through a multi-year federal, state and county permitting process. After the permitting process, a detailed feasibility study will be completed over several years to inform investment considerations on the project. When an investment decision is made, Resolution Copper is expected to take around 10 years to build the infrastructure for the commencement of mining. About Resolution Copper The Resolution Copper Project is operated by Resolution Copper Mining, which is a limited liability company owned 55 percent by Resolution Copper Company (a Rio Tinto PLC subsidiary) and 45 percent by BHP Copper Inc. (a BHP PLC subsidiary).

Public Notice

Community Development Block Grant Program Public Meeting Notice Pinal County Public Meetings on the use of HUD Program funding FY2021-2022 Annual Action Plan

The U.S. Department of Housing and Urban Development (HUD) requires Pinal County to publish an Annual Action Plan outlining the use of HUD funds for the Community Development Block Grant Program (CDBG) and HOME funds. All Pinal County citizens are invited to voice their comments regarding housing and community development needs, strategies to meet identified needs, and identifying barriers to those needs. Public input is an essential component of this planning effort. Pinal County, in conjunction with the cities and towns of Eloy, Florence, Mammoth, and Maricopa would like to invite you to a series of public meetings. The meetings are to solicit ideas for potential CDBG and HOME projects. Projects must benefit low to moderate income residents and address one of the national objectives of the CDBG program. Information may be found on the Pinal County website www.pinal.gov/grants. Sample projects include public facilities infrastructure, housing, and public services. Pinal County will receive approximately \$1.3 million in FY21 CDBG funding and approximately \$600,000 in HOME funding. Each participating community will receive approximately \$130,000. Please contact Savannah Anderson at (520) 866-6266 for questions, comments, or project ideas by 5:00 PM February 18, 2021.
