Chastain, sister Betty Schwartz, brother James Chastain and great-grandchild River VanWallene.

Bob was born on Dec. 1, 1923 in Silt, Colorado to Maude and Walter Chastain. He moved to Tolleson, Arizona in 1932. Bob began his educational career at the Tempe Normal School on a basketball scholarship. In 1942, Bob enlisted in the U.S. Marine Corps where he served as a U.S. Marine Raider in World War II in the South Pacific. During his service he was awarded two Purple Hearts. Upon returning to the states, Bob continued his education where he played the first basketball game under the new mascot, Arizona State Sun Devils. He married his college sweetheart, Phosia Smith, a teacher. In the years to follow, Bob was a teacher/superintendent at Stanfield School, Superintendent at Ray Unified Schools for 29 years, served one term as an Arizona State Legislator, and served one term as an Arizona State Senator.

Bob was a dedicated individual who loved his family and who was passionate about education and making a difference. His family remembers him as a kind, generous and hardworking man who encouraged and inspired all who knew him.

A celebration of life will be held on March 23, 2019 at the Ray Unified School Cafeteria at noon. All are welcome to attend and celebrate Bob's life. In lieu of flowers, donations can be made to the Chastain Educational

Richard 'Dicky' Rivera Bracamonte

Richard "Dicky" Rivera Bracamonte, of Kearny, Arizona, passed away on Tuesday, Jan. 8 2019. He was 84 years old.

Richard was born on Aug. 19, 1934 to Roberto and Magdalena Bracamonte in Winkelman, Arizona. He was a graduate of Hayden High School. He attended Arizona State University, where he played baseball and began his lifelong love of Sun Devil sports. In 1954, he started his 33-year-old career in the mining industry as an employee of Kennecott Copper and Asarco Mining Company. His proudest accomplishment was marrying Gloria "Laly" Padilla and building the family that he loved and treasured above all.

Richard is survived by his wife of 64 years, Gloria "Laly" and his children, Richard (Carmen), Lorrie Celis (Peter), Alex (Lisa) and Ernie (Melissa). He also is survived by his brother Dave (Lupe) and sister Angie Chavez (Rex). He will be lovingly remembered by his 14 grandchildren, 27 great-grandchildren, and 1 great-great-grandchild, many nieces, nephews, extended family, and dear friends.

We were blessed to learn many valuable lessons from him throughout his life. Among them cooking the best beans in town, the virtue of saving everything, and loving unconditionally. He was a lifelong fan of the New York Yankees and the ASU Sun Devils – FORKS UP!

Services were held on Wednesday, Jan. 16, at the Infant Jesus of Prague Catholic Church in Kearny, Arizona. He was laid to rest at Mountain View Cemetery in Hayden, Arizona.

On Saturday, Jan. 19, join Footprints Matter to Us and Natural Restorations for the 10th Annual Footprints Matter to Us Environmental Stewardship Event, beginning at 7:30 a.m.

The goal is to "... remove trash, graffiti, and anything foreign to the environment from our natural areas," as is expressed on naturalrestorations.org, which is a great site to learn more about their other activities. Also visit footprintsmatter.org for information on the seven previous Stewardship Events, their other activities and their mission.

If you are up to challenge of helping these dedicated organizations in their quest to honor the natural beauty of Arizona, you may register to participate by RSVP'ing online at <http://www.naturalrestorations.org/new-events-1/>. If you are under the age of 18 years old, additional details on how you can participate will be emailed as a reply. Accepted participants will also be

signing up for a free lunch which has graciously been offered by Red Bear Outfitters.

Where will it all take place? The directions for getting there are to drive down US-60 toward Superior, turn onto Queen Valley Rd., drive another 1.7 miles to Hewitt Station Rd., and follow that for another 1.5 miles to the sign-in table. Be sure to bring your work gear: gloves, buckets, rakes, water; and, protective clothing: long pants, closed-toes sturdy footwear, a hat and sunglasses.

Youth volunteers - please bring gloves that fit your hands. We are still trying to get gloves to fit smaller hands, but right now all we have are adult sizes.

Water: Please help reduce use of single-use plastics and bring a refillable water bottle or hydration backpack. If you have a 4x4 truck or OHV, you can pack extra water in your vehicle. There will be water coolers full of water for you to refill your bottles and hydration backpacks.

Snacks: Coffee and donuts will be provided in the morning, and there will be snacks for volunteers. If you have any dietary restrictions, you may want to bring your own snack.

This event is possible because of the support of the Arizona Trail Association, the Arizona State Land Department and the Tonto National Forest,

Rios sponsors change to amendment requiring all supervisors to vote, not abstain

On Jan. 9, 2019 the Pinal County Board of Supervisors discussed and approved an amendment to their General Board Meeting Rules which were originally adopted in June of 2010.

One of the proposed rules sparked a discussion led by Vice Chairman Pete Rios. The change would allow Board members to "Abstain." from voting at anytime.

Vice Chairman Rios questioned the rule change, saying, "I don't think board members should be allowed to abstain from voting unless they have a conflict of interest that has been declared and filed with the Clerk of the Board. Otherwise we

can abstain on anything for any reason."

According to records, never in Pinal County history had a board member been able to abstain from voting without abiding by Conflict of Interest protocol.

"My concern is with the public that we represent. We all represent approximately 100,000 people, we are almost to 500,000 in population in Pinal County and I don't suspect that they wanted us to represent them up here by saying I don't want to vote on that one, I am going to abstain. They want us to either vote to the affirmative or the negative," Rios

explained.

The board discussed the reformation of the rules and unanimously voted in favor of Rios' proposed language, which is as follows.

All board members present at the time the question is called for are required to cast an AYE or NAY vote, unless they have previously declared a conflict of interest and submitted such in writing to the Clerk of the Board.

Chairman Todd House shared his thoughts, saying, "I appreciate your effort on this ... I am in total agreement with going forward on the guidelines that you've set forth."

Those new Pinal County General Board Meeting Rules are complete and in effect immediately.

Survey equipment and aircraft similar to the one Kennecott will likely use. The hexagonal shape 60 feet wide bird is towed 130 feet below the helicopter. The data recording equipment is mounted inside the helicopter.

Kennecott to conduct aerial surveys of Pinal, Gila counties

Late last week and early this week, letters began arriving in mailboxes throughout the Copper Corridor announcing that Rio Tinto/Kennecott Exploration would be conducting airborne geophysical surveys in Pinal and Gila counties, beginning in 2019.

"We plan to survey an area of approximately 66 square miles," the letter reads, "as part of early-stage exploration efforts to better understand the geology of the area."

The least intrusive and quickest means of collecting high quality data over a large area is through the use of airborne surveys. Airborne surveys are commonly used during mineral exploration to map the geophysical characteristics of the underlying bedrock which can provide a basis for geologic interpretation and help map fault structures.

The survey aircraft will fly at an altitude of approximately 200 feet above ground level with a sensor

towed beneath the aircraft, over areas where Kennecott Exploration has unpatented mining claims. The towed sensor collects two measurements: the naturally occurring fluctuations in Earth's natural magnetic field, and conductivity of the underlying bedrock. These measurements do not have any effect on human or animal health. The survey will be flown along a grid of north-south flightlines spaced approximately 1/8 and 1/16 miles apart.

Any further exploration work in the region will be dependent upon results of the airborne survey. "If our exploration efforts move forward to future stages of work (i.e. drilling), we will communicate with you again and inform of next steps," the letter reads.

If you have any questions about this exploration activity, or would like further information about the planned work, please call the Resolution Copper Community Hotline at 520-689-3409.
