OBITUARY

Joe Duarte Rios

On Monday, Jan. 4, 2021, Joe Duarte Rios, beloved brother, father, grandfather, great-grandfather, uncle, and friend, passed away at the age of 73 from complications related to COVID-19.

Joe was born on March 18, 1947 in Hayden, Arizona to Santiago and Angela Duarte Rios, their 12th child. A few years later, the family would be complete with a total of seven brothers

and seven sisters. He often told stories of a rough childhood, especially after losing his mother at a young age. However, he

and his siblings always found a way to make sure everyone had enough.

Joe served his country honorably, enlisting during the Vietnam War and serving two tours. After returning from Vietnam, Joe married and started a family. He also started working at the Ray Mine where he would stay until retirement. After retiring, Joe served as an organizer for the United Steelworkers of America.

Outside of work, Joe was dedicated to his political views. He supported those in his family who held political office and served as a delegate to five Democratic National Conventions. Joe also donated his time to be a baseball coach for many years. It was obvious from his stories, which he told for decades, how much those teams and players meant to him. Joe loved hunting, horses, the outdoors, and had an obsession for classic cars.

His creative talent allowed him to draw and paint impressive pictures. He also enjoyed playing the guitar and carving animals out of wood. Joe cherished old photos of his family, often spending hours on the computer making sure those images live on. Joe had a strong connection to his Catholic faith. For many years of retirement, he donated his time and effort to the church. Above all, Joe's most meaningful passion was for his family. Whether it was a weekend or a holiday, he wanted to be at the house of a brother or sister, where he always looked forward to the next game of Trivial Pursuit. Christmas was always about time with family and then mass. His love for his family lives on in those who knew and loved him.

Joe was preceded in death by his father, Santiago, his mother, Angela, his brothers Manuel, Chente, Tony, Jimmy, and his sisters Helen, Maria, Carmen, Jenny, and Emmie.

Joe is survived by his brothers, Peter and Tommy; sisters, Ruth and Angelita; four children, Annette, Joe Jr., Kenny, and Danielle; 11 grandchildren, two great-grandchildren, many other relatives, and Evangeline, to whom he was married for 37 years before they went their separate ways.

Due to family availability and ongoing COVID-19 exposure concerns, services are being planned for a future date that is yet to be determined. Services will be held in the Kearny/Hayden area with burial to follow at the Hayden Cemetery.

The family invites friends and relatives to visit and sign his online guest book, <http://www.griffithmortuary.com/obituary/joe-rios>.

Gila County School Superintendent swears Roy Sandoval swears in Jessica Quesada and Rafael Flores as new Hayden-Winkelman Unified School District governing board members.

Hayden-Winkelman School District extends online learning

On Wednesday, Jan. 13, Hayden-Winkelman School District Governing Board voted 5-0 to continue online learning until Monday, Feb. 22. Superintendent Jeff Gregorich shared with the Governing Board that COVID-19 cases continue to rise throughout Arizona and Gila County cases are leading the state in positivity rates and new cases based on percent of the population.

“Just this past week Arizona lead the United States in COVID rates and Gila

County lead the state, which speaks for itself,” added Gregorich.

The Governing Board discussed the need to re-open schools as soon as possible but believe it should be safe both for the students and teachers. “Reopening up schools during the worst part of the pandemic will put at risk the lives and safety of our students, staff and community. We need to continue to monitor the coronavirus data and make

the re-opening our school's decision based on science," stated Board President Thomas Lagunas.

Leonor Hambly Elementary School Principal Pam Gonzalez discussed how online learning is faring and how the students and families are managing online schooling overall.

"Of course, everyone would like to return to in-person school, but we all understand why we

are continuing online.

The teachers have worked very hard learning to become effective online instructors, while students have learned how to use technology for learning which is an important 21st Century skill," added Principal Gonzalez.

The Governing Board decided to revisit the reopening of in-person school at the Feb. 10 board meeting.

Final Environmental Assessment on Resolution Copper Project

Tonto National Forest officials announce the release of a final environmental impact statement (FEIS) for the Resolution Copper Project and Land Exchange. The FEIS discloses the potential environmental effects from the disposition of National Forest System land and development of the proposed Resolution Copper Mine near Superior, Arizona.

The FEIS analyzes several alternatives to the proposed action submitted to the Tonto National Forest by Resolution Copper Mining, LLC (Resolution Copper), and identifies Alternative 6 – Skunk Camp as the preferred alternative. The FEIS also identifies mitigation measures, both required and voluntary, that would minimize, reduce, or offset impacts from the proposed project.

The Tonto National Forest also prepared a draft Record of Decision (ROD) that documents the U.S. Forest Service's decision to issue a roads use permit and special use authorizations for pipeline and power line corridors associated with the Resolution Copper Project as described by the preferred alternative, Alternative 6 – Skunk Camp. The FEIS, draft ROD, and supporting documentation are available online at: www.ResolutionMineEIS.us.

How to file an objection, and time frame

This proposed project is subject to the objection process pursuant to 36 Code of Federal Regulations (CFR) 218 Subparts A and B. Objections to the Resolution Copper Project will only be accepted from those who have previously submitted timely comments regarding this project proposal during a designated opportunity for public comment, unless based on information not available during an earlier designated opportunity for public comment (i.e., new information).

Objections on the Resolution Copper Project must be submitted within 45 calendar days following the publication of the legal notice in the Arizona Capitol Times. The date the legal notice is published in the Arizona Capitol Times is the exclusive means for calculating the time to file an objection. We anticipate this publication to occur on or about January 15, 2021. We will post a copy of the published notice on our website (above) once received.

Those wishing to object should not rely upon dates or time frame information provided by any other source. A timely submission will be determined by USPS postmark; the agency's electronically generated posted date and time for email and facsimiles; or shipping date for delivery by private carrier. It is the responsibility of the sender to ensure timely receipt of any objections submitted. The regulations at 36 CFR 218 prohibit extending the time to file an objection.

Objections, including attachments, must be addressed to the Reviewing Official, Regional Forester, filed via mail or express delivery to 333 Broadway Boulevard SE, Albuquerque, New Mexico 87102; by facsimile to: (505) 842-3800; or by email to objections-southwestern-regional-office@usda.gov. An automated response will confirm the electronic objection has been received. If an automated response is not received, it is the sender's responsibility to ensure timely filing by other means. Electronic objections must be submitted in Microsoft Word, portable document format (PDF), or rich text format (RTF). The subject line for electronic submissions should contain the words "Resolution Copper Project".

Eligible objections must be filed, in writing, with the reviewing officer of the project, and must be open to public inspection during the objection process. At a minimum, an objection must include the following: (1) The objector's name and address, along with a telephone number or email address if available; (2) Signature or other verification of authorship upon request (a scanned signature for electronic mail may be filed with the objection); (3) Identification of the lead objector, when multiple names are listed on an objection, and verification of the identity of the lead objector, if requested. Individual members of an entity must have submitted their own individual comments in order to have eligibility to object as an individual. Additional requirements are included below. The reviewing officer must set aside and not review an objection when one or more of the following applies: (1) it is not filed in a timely manner; (2) the proposed project is not subject to the objection procedures; (3) the individual or entity did not submit timely and specific written comments or substantive formal comments during opportunities for public comment; (4) except for issues that arose after the opportunities for comment, none of the issues included in the objection are based on previously submitted written comments and the objector has not provided a statement demonstrating a connection between the comments and the objection issue; (5) the objection does not provide sufficient information as required; (6) the objector withdraws the objection; (7) an objector's identity is not provided or cannot be determined from the signature, and a reasonable means of contact is not provided; or (8) the objection is illegible for any reason, including submissions in an electronic format different from that specified in the legal notice, and a legible copy cannot easily be obtained. Only issues raised in an objection that meets the requirements for eligibility will be reviewed.

How to object to the Resolution Copper Project
In addition to the identifying information outlined above, written objection comments on the proposed project must include (1) the name of the proposed project (Resolution Copper), the name and title of the responsible official (Tom Torres, Acting Forest Supervisor), and the name(s) of the National Forest or District on which the proposed project will be implemented (Tonto National Forest); (2) a description of those aspects of the proposed project addressed by the objection, including specific issues related to the proposed project; if applicable, how the objector believes the environmental analysis or draft decision specifically violates law, regulation, or policy; suggested remedies that would resolve the objection; and supporting reasons the reviewing officer should consider; and (3) a statement that demonstrates the connection between prior specific written comments on the particular proposed project or activity and the content of the objection, unless the objection concerns an issue that arose after the designated opportunities for comment. Specific written comments are written comments within the scope of the proposed action, with a direct relationship to the proposed action, and include supporting reasons for the responsible official to consider. Including documents by reference is limited to incorporation of all or any part of a Federal law or regulation, agency directives and land management plans, documents referenced by the agency in specific proposed project documentation, or comments previously provided by the objector during an opportunity to comment. If the objector included copies of cited and/or supporting materials with their comments, they are not required to submit them again ("comments previously provided"). All other documents must be included with the objection.

Shop at Home: Maria's Restaurant in Hayden

In April, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly began the road to recovery. Even those listed as "essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are hanging on as best they can. Copper Area News wanted to give something back to the local business community. Over the next several weeks, our newspapers (Copper Basin News, Superior Sun and San Manuel Miner) will be featuring local businesses and non-profits, encouraging our readers to Shop at Home, stay local and support our local businesses.

Maria's Restaurant in Hayden is not only surviving, but it is celebrating its 20th anniversary.

The restaurant was started in 2000 by Maria Corona. She and her partner Gaby Olmedo are still proud to be serving Mexican/American food at their location on Hwy. 177 in Hayden. They offer dine in or take out.

Their hours are 7 a.m. to 8 p.m. every day. For more information, give them a

call at 520-356-6807. Gaby and Maria said: "Maria's Restaurant

wants to thank the community for 20 years of support. We hope to keep serving the

Copper Basin Community for many years to come."

Some of the ladies who run the restaurant at Maria's are Erika Magallanez, Gabbi Montano, Maria Corona and Lorena Olmedo. Maria's has been in business for 20 years.

Off again, on again for AIA and winter sports

By Nathaniel A. Lopez
Copper Area News

The screen of the virtual AIA Executive Board hearing, live-streamed on YouTube, started filling up. Board members, athletic directors, coaches and other officials joined the hearing on Jan. 12. Quietly muted screens waited to find out if the Jan. 8 vote to cancel winter sports would be reversed.

On Jan. 7, the Sports Medicine Advisory Committee or SMAC recommended cancelling the winter sports season.

"Unfortunately, it is expected that the state will see a continued rise in Covid-19 hospitalizations for some time. As medical professionals, we cannot in good conscience recommend that students engage in a winter season under the current conditions," said SMAC Committee Chair Dr. Wilson in the recommendation to the AIA Executive Board.

The Jan. 8 vote to cancel the winter sports season passed narrowly, 5-4.

During last week's special meeting, AIA Board Members expressed their concerns for a canceled season, one of them being a worry that athletes will join other leagues or clubs.

"I do believe that canceling the winter sports in our high-schools does not provide the stop [to Covid-19] that SMAC is trying for. In-fact, much like when you dam a river, the water has to go somewhere, and the same is true of our students. We can cancel winter sports in the high-schools, but that will not stop our athletes from participating," said board member Jeannine Brandel during the virtual hearing.

Four other board members agreed that canceling the winter season could lead to future problems with student athletes joining third-party athletic programs or

other leagues. Another concern is that these other clubs and leagues might not be as concerned with enforcing health and safety regulations, like the AIA would. The other four board members stood by their previous vote to cancel the winter season, under the concerns of health risks for athletes, staff & faculty, and their communities.

In the end, after a 5-4 vote, the Jan. 8 decision was overturned, and the winter sports season is back on. Although, much like everything else in recent times, this winter sports season will not be like previous ones.

This year's winter sports season will see a handful of health and safety regulations attached to it. All officials, coaches, and student-athletes will be required to wear a cloth-mask or gaiter throughout the entire event. Competing schools will need to have completed AIA COVID-19 Athlete/Coach

Monitoring Forms the day of each game/event. Spectators have been limited up to two parents/legal guardians for home events, provided it's in co-ordinance with county and school regulations. If any participating schools fail to comply with the new mandatory modifications they risk losing access to AIA officiating. All of these modifications were added in an attempt to help minimize the spread of Covid-19.

The winter sports season will begin Jan. 18. Even though some might not get a chance to watch their favorite school sports team perform this season, continued support is always helpful. Purchasing team merchandise or contributing to fundraisers are just a few ways to show support this season. Let's hope for a safe and successful winter sports season.

Copper Area News attempted to contact local athletic directors for comment, but as of press time, none had reached out.
