RUSD considering four-day school week, seeking public input

By Mila Besich Lira

Copper Basin News

The Ray Unified School District will host a community meeting on Thursday, Jan. 23, at 6 p.m., in the school cafeteria to share information on the District's possible transition to a four-day school week, beginning with the 2014-15 school year. A second meeting is tentatively scheduled for Thursday, Feb. 20, at 6 p.m. The school district is encouraging public input on this change to the 2014-15 school year.

Many of the smaller schools in the surrounding area have already begun using a four-day school week to save on transportation and utility costs. Currently Ray and Superior are the only schools in the immediate area who still use the traditional calendar. Hayden, Miami and Globe have all used the four-day schedule over the past two years. The four-day week allows the students and teachers to conduct their personal business on a work day without having to be absent or require

a substitute teacher

The Ray Unified School District board tasked the district administration to find cost savings measures to combat the \$300,000 budget deficit that the school has been dealing with. One of the proposed ideas is to have the district utilize a four-day school week. Superintendent Curt Cook explained that the administration has been doing extensive research on the use of four-day school weeks since October. To accommodate the required instructional

hours, the school day will have to be extended 15 to 30 minutes. "In addition to savings on utilities, other schools have used this schedule to help attract highly qualified teachers," Cook said during a brief interview.

The board is expected to hear a final presentation and report on the outcomes of public meetings at their February meeting. A vote to adopt the new schedule could happen as soon as the March school board meeting.

Family First – not just for pregnancy

By Nina Crowder
Copper Area News

Clare Grochocki is the Center Director of Family First Pregnancy Care Center, and with two locations one in Oracle and one in Winkelman, Clare stays very busy.

The Family First Pregnancy Care Center provides a safe, confidential, non-judgmental and compassionate place for women facing a planned or unplanned pregnancy, post-abortion trauma or from sexual activity disturbances. Boys and girls, men and women are encouraged to take advantage of the free programs offered to help the people of our communities. Education is provided at both centers as well as in schools. Youth face pregnancy, sexually transmitted diseases, substance abuse, dating violence and planning for the future.

Family First is a 501 (c)3 organization, designated by the federal government as a public charity. Family First is incorporated as a nonprofit organization in the state of Arizona, all contributions are tax

deductible for Federal and Arizona State taxes.

Family First serves three Arizona counties: Pima County (Northern Tucson, Catalina and Marana); Pinal County (Oracle, Mammoth, San Manuel, Dudleyville, Kearny and Superior); and Gila County (Hayden and Winkelman). A large part of the service area reaches out to the rural areas where services are normally not available.

The new year has started with volunteer and staff training. They lost a few volunteers last year so they are looking for a few new volunteers. The veteran volunteers are also going through training as it will help sharpen their skills. They are eager to get going and do what they can to help the customers and communities.

Family First has free pregnancy testing, information on adoption, abortion, foster care and parenting. Many people feel the center just offers the programs on pregnancy, but that is not true, there are many life skills that are taught. GED

classes are held to help further education; this is with the help of Central Arizona College. Also provided are skills and tools for life and future planning including budgeting, utilities, apartment/home planning and many other tools are offered.

The Family First Organization provides prenatal care, child development, sexual integrity, child car seat safety classes and inspections, career choices, story time for toddlers and mothers, Fatherhood Program and Family Diaper Bank.

A special program Ten for Teens is a part of the “Earn While You Learn” parenting program. Family First Ten For Teens is geared towards education for teens on pregnancy issues, STD’s, substance abuse,

dating abuse and careers. The Earn While You Learn program gives women and men the opportunity to earn credits that can be used to purchase material items: baby clothes, diapers, blankets, formula and other baby items.

At both centers mothers and fathers are provided an opportunity to learn how to be the best parents they can be! Through regular meetings and lessons that include videos, worksheets, parents learn important and interesting information about pregnancy, their upcoming baby and parenting. There are many topics to choose from and the staff at Family First will put together a lesson plan that fits the

The following guidelines are used in the selection process and must be included in the nomination letter.

The Nominee must reside in the Copper Basin Area. Only one nominee per letter; however husband and wife teams may be nominated together, no groups. Submit a complete description of activities in which the nominee has participated, especially the most notable. Former COY's are not eligible and may not nominate others.

Gila County Spelling Bee set for Feb. 20

GILA COUNTY - It's that time of year again! Students will be preparing and participating in their school and district spelling bees in the coming months. This year's Gila County Spelling Bee will be held on Thursday, Feb. 20, 2014 at 1 p.m. in the Miami High School auditorium, located at 4739 S. Ragus Road in Miami, Ariz. The Gila County Spelling Bee is a public event, sponsored by the Gila County School Superintendent's Office. Everyone is encouraged to come out and show their support of the talented students as they compete to represent their county.

Winners in the county spelling bee will advance to the state competition, which will be held on Saturday, March 29, 2014 at Eight/Arizona PBS in Phoenix. Bearcats suffer consecutive losses for first time this season

By Andrew Luberda
Copper Basin News

The Ray Bearcats boys' basketball team is currently mired in a three-game losing streak. It is the first time this season that the 'Cats have lost consecutive games.

After winning five games in a row, the Bearcats lost at San Carlos, at Miami, and at Mogollon last week. The three away games were the last of five straight road games. After a home game versus Hayden on January 21, 2014, the 'Cats

will play two more roads games – at St. Johns (Jan. 24) and at San Manuel (Jan. 28). They are in a stretch of their schedule where they play seven of eight games on the road.

After the road contest at San Manuel on

January 28, the Bearcats will play four of their remaining five games at home. Their lone road game during that five-game stretch is at Ft. Thomas on January 31. All games tipoff at 7:00 p.m. except the game at St. Johns, which begins at 7:30 p.m.

points in the win over Miami on January 15, 2014. After leading by five at halftime, the 'Cats outscored Miami 33 – 14 in the second half to pull away.

The Bearcats will play Hayden at home

on January 21 before road games at St. Johns (Jan. 24) and San Manuel (Jan. 28). All games begin at 5:30 except the game at St. Johns, which begins at 6:00 p.m.

individual's needs. Most importantly parents will work with a parenting instructor who will be able to help parents have a better understanding of the challenges and joys that are ahead for them and their family.

The Ten for Teens program has a small cost of \$10 a month to guide teens in making wise choices. The small donation will impact the life of our youth. Just think how nice it would be to not have to worry about your youth being involved in alcohol, violence, sexual activity and drug use. This program could make a big enough impact to change the decisions your youth may make in the future.

Last year Family First mentored 188 teens through their Sexual Integrity Program. Abstinent teens on average make more over their lifetime than sexually active teens. Around 80 percent of teen mothers remain on welfare for life. Since the inception of Family First Pregnancy Care Center, the teen pregnancy rate has decreased by over 20 percent.

Clare and her volunteers are very passionate about trying to help our youth with pregnancy and life skills. If given the opportunity look into what Family First Care Center can do for you and your youth. If you are interested in adoption and or Foster Care, please feel free to contact Family First to see what they can do for you.

Family First office in Oracle is open Monday, Wednesday and Friday, the phone number is 520-896-9545 and the Winkelman office is open on Tuesday the phone number is 520-269-9152. They are extremely willing and proud to help out!

PASTOR'S CORNER

Ultimate Security

**By Pastor Joe Palmer
Fellowship Baptist Church**

Believing that God is good and that He loves me and that I am forgiven because of Jesus Christ, establishes me in a position of ultimate security. I need people, but I do not have to demand that they fulfill my longings for happiness and hope.

If other people's actions and words determined whether I was happy or not, then eventually I would find myself in conflict with everyone in my life. No one always acts and speaks in ways which satisfy me. If I were totally dependent on others, then I would eventually end up saying (in so many words), "I hate you, because you failed me!" Isn't this essentially the way we are thinking when

we are angrily in conflict with others?

If, however, God is the foundation for my happiness, then I do not need to depend too heavily on other people. Sure, people will disappoint me and hurt me, but when they do I can recover from the pain and say, "I accept you, and I don't need you to be different." There are, of course, qualifications for saying this. You don't let evil people go on hurting you badly; you get out of their way. But we can forgive anyone anything in light of how much God has forgiven us through Jesus Christ. And with respect to those family members and friends who just irritate you with their ways, let us grin, bear it, and love them just the way they are.

If you find this hard to do, feel free to email me at joeandsuzypal@yahoo.com.

NOTICE OF THE PRELIMINARY DECISION TO ISSUE

A SIGNIFICANT AMENDMENT TO AN AQUIFER PROTECTION PERMIT

Public Notice No. 14-35 Published on January 22, 2014 Published in the Copper Basin News Pursuant to Arizona

Administrative Code, Title 18, Chapter 9, Article 1, the Director of the Arizona Department of Environmental Quality intends to issue a significant amendment to an individual Aquifer Protection Permit (APP) to the following applicant(s):

Facility Name: ASARCO Ray Operations **Aquifer Protection Permit No. P-102278 Permittee:** ASARCO LLC P.O. Box 8 Hayden, AZ 85235 Under ADEQ's APP program, a permit is required for any facility with the potential to discharge to groundwater. There are four equally important demonstrations the mine must make to the Department to receive an APP: (1) compliance with Arizona aquifer water quality standards at a point of compliance; and (2) the facility must be designed and operated to achieve the greatest degree of discharge reduction achievable through the application of Best Available Demonstrated Control Technology (BADCT); (3) financial capability; and (4) technical capability.

The ASARCO Ray Operations are located in eastern Pinal County, along State Highway 177, approximately ten miles to the north of Kearny. The site consists of an open-pit mine and associated rock disposition areas (RDAs), a mill that produces concentrate, and a solvent extraction-electrowinning (SX-EW) plant that produces refined copper cathodes from the leaching operations. This significant amendment application is to permit new facilities, modify permitted facilities, consolidate permitted facilities, remove/close permitted facilities, increase permitted rock disposition area (RDA) elevations, remove alert level wells, revise selected sections of the permit (such as BADCT descriptions and operations and maintenance), modifications to merge the Elder Gulch Permit (P-102278) into the ASARCO Ray Operations Permit (P-100525), and facility changes for Elder Gulch permitted facilities; to insert radionuclide ALs and AQLs into the consolidated permit, and make administrative corrections to the permit. The draft permit and related documentation are available for public review, Monday through Friday, 8:30 a.m. to 4:30 p.m., at ADEQ, 1110 West Washington Street, Records Management Center, Phoenix, Arizona, 85007. In Phoenix, please call (602) 771-4380 or e-mail RecordsCenter@azdeq.gov 24 hours in advance to schedule an appointment to review the file.
