# Kearny family tests positive for measles

The Pinal County Public Health Services District announced Tuesday that it had confirmed a fifth case of measles in an adult male, who is now recovering. This individual was exposed to the family of four other cases identified last week residing in the Kearny area. This new case raises the possibility that some Pinal County residents or others in the area may have been exposed to measles since the patient visited public locations while infectious. This patient was born after 1957 and reported only having one dose of MMR (measles, mumps, and rubella) vaccine. Two doses of

MMR vaccine are recommended in persons born after 1957.

Pinal County Public Health Services District has identified several public locations this patient visited while infectious. If a person is unvaccinated or unsure of their vaccination status and visited any of the following businesses during these specific dates and timeframes, contact the Pinal County Public Health Department at 520-509-3555 or toll free at 1-888-431-1311.

On Tuesday, Jan. 22, 2015, this patient visited four public locations in Kearny:

- Big D's, 1113 Tilbury, Kearny – 5:30-8:30 a.m.
- Gordon's IGA, 352 Alden Rd, Kearny – 3-8 p.m.
- Kearny Health Mart, 338 Alden Rd, Kearny – 4:30-7 p.m.
- Kearny Post Office, 388 Alden Rd, Kearny – 3-8 p.m.

On Wednesday, Jan. 23, 2015, this patient visited two public locations in Kearny: Cactus Mini-Mart, 352 Alden Rd, Kearny – 5:30-8:30 a.m.

"We have already contacted these places of business this patient visited. These businesses

are assisting the health department by placing signs at their entrances to inform customers and employees that they could have been exposed if they were in these locations during specific timeframes" said Public Health Acting Director Kore Redden.

On Jan. 22, 2015, the Pinal County Public Health Services District identified four cases of measles in one family. The individuals had travel history to Disneyland between December 16th - 20th, 2014, and are believed to be linked to the ongoing multi-state outbreak

# Job creation top challenge for new chair, vice chair

By James Hodl  
Copper Area News

Increasing job opportunities in Pinal County is the top challenge facing the board of supervisors in 2015, according to the board's new leadership team.

Cheryl Chase, supervisor for District 2 encompassing much of San Tan Valley and some surrounding areas, was elected by board members as chairman for 2015. Pete Rios, supervisor for District 1 taking in the entire eastern side of Pinal County, was elected vice

chairman.

"It is an honor to be thought highly enough to be entrusted with the position of chairman, and I promise to work with the county staff to meet the needs of this growing and changing county," Chase said. She succeeds Anthony Smith in that position.

Rios said he felt likewise honored though he is more seasoned in board leadership, having earlier served as chairman of the board of supervisors in 2009-2011 when it still consisted of only three elected members. The number of supervisors was expanded to five with the

election of 2012 to reflect the substantial population growth Pinal County had undergone since 2001 and give citizens more local representation.

Despite Chase being a Republican and Rios a Democrat, their plans for the coming year are alike.

"We need to double down our efforts to attract high-paying jobs to Pinal County," Chase said. "We have residents with the talents and skills to hold such jobs but many have to leave the county to work jobs equal to their abilities. We need to bring such jobs here so they can work locally and not have to commute up to an hour daily to get to earn their livings."

Rios agreed with Chase, adding that the Pinal County economic development picture is brightening, but with it new challenges are emerging.

"Congress in December approved legislation approving the Resolution Copper land swap in the Tonto National Forest, thus enabling the company to go forward with the required environmental impact statement. This could mean the creation of mining jobs as soon as 2018," Rios noted.

"However, these will not be old-fashioned mining jobs. Resolution will use high tech mining technologies, with employees required to have skills in robotics and such. We'll need to have training available so county residents will have the skills Resolution Copper needs when it finally starts its operations near Superior," Rios explained.

Resolution Copper said it may create up to 3,700 jobs within 10 years that will create employment for people throughout the Copper Corridor.

Another pending job creating project cited by Rios is Inland Port Arizona, a large railroad hub planned near Eloy. Located east of Highway 87 between Hume Road and House Road, the 1,637 acre facility will serve as a hub where goods arriving at the port of Long Beach, Calif. will be sent by rail car to be assembled into trains according to the goods' ultimate destination. The fate of this project is in the hands of the Arizona legislature, which will need to approve it so the Union Pacific Railroad can proceed with acquiring the necessary land.

Pinal County took a step backward in job creation when it decided not to renew an agreement with the federal government to house prisoners of the US Immigration Customs and Enforcement (ICE) unit in Eloy. According to Rios, ICE wanted to renew the pact with the same reimbursement funding. But since housing of ICE prisoners (illegal immigrants incarcerated prior to deportation) was already costing the county more than ICE was offering to pay, the county opted out. This resulted in Pinal County letting go about 100

Supervisor Pete Rios

corrections officers.

Some of these jobs could be restored with a planned expansion of the Eloy Detention Center, which could add up to 1,000 additional beds to house convicts from Arizona and other states.

Yet another job producer in the planning stage is the Phoenix Mart in Casa Grande, in which a Japanese company will have clothing items from head (hats) to toe (shoes) and accessory items for shipment to stores throughout the Western Hemisphere, Rios noted.

A major cog in plans to attract high-paying jobs to Pinal County is improving infrastructure, especially roads, which Chase

# Time to Light Up the Neighborhoods

**W**onderful things have been happening in Kearny these last two weeks. The Journey for a Clean Kearny was successful beyond my expectation, then this past weekend the Vaches' NAPA Store teamed up with the Copper Basin Chamber of Commerce to celebrate their grand opening with an incredible car show on Alden Road. It was wonderfully promoted and managed, and the number of cars, the quality of the show, and number of visitors were all great.

But let me take a different direction in this column. I have a concern that our streets are too dark.

About three weeks ago a flurry of break-ins took place in town, and there were also reports of some vandalism. These things do happen from time to time, but I wondered how best to respond. I know our police department has good leads now, and I figure there will be an accounting. But how can we be more proactive about our town's safety?

With all this on my mind, I went to bed but woke up at 2:30 a.m. with my mind racing. I got dressed, stepped outdoors, and checked on a old motion sensor light I installed a few years back. It had a new bulb, but the sensor had quit working. Still awake, I decided to drive around town, starting with my own 400 block of

Jamestown. It was dark. Really dark. The streetlights were on, but they were not enough. I drove down the street and started counting: 28 homes were totally dark, with not so much as a 60 watt bulb at the front door, much less lighting on the sides or in the back.

I continued on. I went down the 400 blocks of Kearny, down the 500 blocks, up to all the "uptown" homes across the highway, then down the 300 block. I would have gone on to count the whole town, but at 4:30 a.m. I was getting sleepy so I headed home. I wish I had visited the 200 and 100 blocks and the area across the railroad tracks. The commercial district is well lighted (with a couple of exceptions) but our town is really dark! Twenty-eight homes on the 400 block of Jamestown were dark, and the results were similar on all the streets.

The streetlights were all in good order. But a criminal could easily hide from anyone on any of our streets, simply by going into the dark yards.

I think all of us should leave one or more lights on at night, and that we should explore motion-sensor lights or dusk-to-dawn lights for our side and back yards. The statistics from insurance companies support this. And did you know that many home insurance companies will reduce your rates if you install such lights?

## MAYOR'S CORNER

By Sam Hosler  
Special to the Copper Basin News

Yes, the fixtures and the cost of the electricity figure into all this. But good lighting will accomplish more and cost less than any insurance... and we all will be able to walk down the streets at night without tripping.

The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. # Town of Kearny to begin enforcing parking code violations

Kearny - The Town of Kearny Police Department has been receiving complaints in regards to inoperable and wrong-way parked vehicles. There have also been various complaints regarding portable basketball hoops blocking sidewalks, as well as public roadways.

The Town Codes, 11-3-1 Wrong Way Parking and 11-3-6 Abandoned Vehicles, prohibits the

parking of vehicles that are inoperable for more than 36 hours and wrong-way facing vehicles. Also stipulated in the Town Code, 10-1-13 Obstruction of streets, sidewalks or public grounds, it is "unlawful for any person to obstruct any public street or alley, sidewalk or park, or other public grounds within the town." This includes all portable basketball hoops left

on the sidewalk or public roadway.

The Police Department would like all Town of Kearny citizens to know that, beginning Sunday, Feb. 1, they will be actively issuing "red-tag" warnings for abandoned vehicles, and written warnings and citations for the above-mentioned Town Code violations. Furthermore, should a vehicle owner fail to comply with an

issued "red-tag" warning, the vehicle will be towed at the owner's expense.

"The Police Department would like to thank you in advance for your cooperation .." said a representative of the Town of Kearny Police Department. Should you have any questions, please address them to the Kearny Police Department.

## ASARCO to challenge arbitration award

Tucson-ASARCO, LLC President and COO Manuel Ramos announced recently that ASARCO would challenge an arbitration award concerning the eligibility of certain workers to a quarterly bonus based on the price of Copper. ASARCO filed a petition in the United States District Court for the District of Arizona to vacate the award.

Mr. Ramos explained: "The arbitrator in this case acted outside of the authority given to him under the labor contract between ASARCO and the unions. The labor contract stated that the arbitrator could neither add to nor change in any way the terms of the contract, yet the arbitrator took it up himself to do exactly that. ASARCO must challenge this award to uphold the integrity of the agreement between the Company and the unions and to prevent other arbitrators from rewriting parties' collective bargaining agreements

in the future."

ASARCO, the United Steelworkers, and several other unions previously agreed in their labor contract that only employees covered under ASARCO's pension plan are entitled to payment of a quarterly copper price bonus. The unions drafted this language and insisted on its acceptance as a pre-condition to entering a labor contract with ASARCO in 2007, while ASARCO was in bankruptcy.

In 2011, after the bankruptcy, ASARCO and the unions' leadership negotiated certain modifications to the labor contract. Chief among those modifications was a provision stating that employees hired on or after July 1, 2011 are not eligible to participate in the Company's pension plan, thereby precluding those employees from receiving the copper price bonus.

When the union slate claimed that they

failed to understand the effect of what they negotiated and that had been imposed upon ASARCO while ASARCO was in bankruptcy, ASARCO made numerous efforts to resolve the problem without success. The United Steelworkers rejected those efforts and ultimately initiated the arbitration process.

The arbitrator issued an arbitration award on December 5. In the award, the arbitrator stated that there is no language in the labor contract that requires ASARCO to pay a copper price bonus to employees not covered by the pension plan. Despite explaining that he could not find for the unions based on the language of the labor contract, the arbitrator decided to rewrite a specific provision of the labor contracts so that employees hired on or after July 1, 2011 would be paid the copper price bonus even though they are not

covered under the Company's pension plan.

ASARCO is a subsidiary company of Grupo Mexico with approximately 2,720 employees. The Company is an integrated copper mining, smelting and refining company headquartered in Tucson, Arizona and operates mines, mills and a smelter near Tucson and a refinery in Amarillo, Texas. # Celebrating new ownership of the Napa

By **Nina Crowder**  
Copper Basin News

What a wonderful way to celebrate the new owner of the Kearny Napa Auto Parts Store, Rip Vache held a successful Poker Run and Car Show. There were local vendors with merchandise for sale, they gave away prizes and the townspeople were warm, welcoming and excited about this new owner of NAPA.

The Poker Run started in Apache Junction and ended in Kearny. Well over 50 cars came rumbling into Kearny, many were polished, looking show room new, others were in progress of becoming like new. It was pleasurable to see so many people passionate about their vehicles and to see the dreams coming to life. There were vibrant colors, amazing paint jobs, chrome and special effects. The time and tireless effort the owners of the vehicles put into their work are truly amazing.

Town Manager Anna Flores said, "Thank you Rip Vache for putting on such a great show and welcome to our community. We are looking forward to more events like this one." The Copper Basin Chamber is also thankful of Rip Vache and the NAPA crew for holding this event and are excited for the future. There is already talk of another car show set for this fall during the Kearny Octoberfest. Everyone is looking forward to the upcoming events!

## BOARD

Continued from Page 4

Chase also would like to accelerate construction of I-11, currently planned to abut the northern and eastern borders of San Tan Valley, as it would attract additional businesses, Pinal County targets it to be a high tech corridor, to the area.

Road improvements also play large in other job-creating ventures. According to Rios, the board is working with the Arizona Department of Transportation (ADOT) to get State Route 77 widened and a half-mile spur road built to make possible the planned Arizona Sky Casino near Dudleyville. A gaming facility with 600 slot machines, 12 table games, six poker tables, and a full-service restaurant, Arizona Sky also will create 400 jobs, half of which the owner San Carlos Apache Indian Tribe promises will go to Pinal County residents.

Another road project cited by Rios is the creation of the Veterans Memorial Highway, which he said will bring more traffic to San Manuel, enabling it to become less a retirement village and bedroom community for Tucson, and more of a travel and shopping destination.

These road projects hinge on the Arizona state legislature leaving the state of highway funding alone, Rios said. With a \$1 billion state budget deficit looming, some in the legislature are

talking about raiding the HERF (Highway User Revenue Fund) and transferring some of it to the Highway Patrol. The board will try to convince legislators that a HERF raid will hurt economic growth in Pinal and other counties, he explained.

Chase promised to use her position to further the interests of San Tan Valley, helping to turn the essentially residential community into an economic engine.

"San Tan Valley is unique in Pinal County that doesn't mirror any other town around it, and should be developed accordingly," she said.

Besides beneficial road projects, Chase has been meeting with local civic groups to see what can be done to turn San Tan Valley from a collection of subdivisions into a community. These include the two organizations trying to create a fire and medical district covering all or the northern third of San Tan Valley to provide the equivalent of a tax-supported municipal firefighting service covering all residents rather than just subscribers. While Chase voted to accept the impact statement of the San Tan Valley Fire and Medical District covering the whole community in September, the district's road to creation failed on a 3 to 2 vote. Voting with Chase was Rios.

## MEASLES

Continued from Page 3

associated with Disneyland. All four family members affected were unvaccinated and reside in the Kearny area. The Pinal County Health Services District is in the process of identifying individuals who may have been exposed and is working closely with the Arizona State Department of Health Services and other related organizations to notify those at risk.

Measles begins with fever (101 degrees F or higher), red, watery eyes, cough and coryza (runny nose). This is followed by a maculopapular rash (red, raised, and blotchy). The rash begins on the head at the hairline and moves down the trunk to the lower extremities. The rash may last for 5-6 days and turn brownish. Symptoms typically appear 7-12 days after exposure to measles but may take up to 21 days. A person with measles is considered to be contagious 4 days before rash onset (generally one day prior to fever) through the fourth day after rash onset.

“This is a case where a family that has decided to not vaccinate their children are experiencing the consequences of that decision in a very real way” said Public Health Director Tom Schryer. “These cases of measles will trigger a very intensive effort on the part of public health throughout the state and nation to identify others that they had contact with who are also unvaccinated so we can stop the transmission of this serious disease.”

Director Schryer also said, “Parents who make the decision to forgo vaccination for measles need to know that the complications from this disease are serious. One child of every 1,000 who get measles will develop encephalitis (swelling of the brain) which can lead to convulsions and can leave the child deaf or mentally retarded. For every 1,000 children who get measles 1 or 2 will die from it. When making medical decisions it is imperative that we look at all of the risks involved and the science shows that vaccination saves lives so I urge all parents to immunize their children for measles - it can save your child's life. It is very important to also note that children under the age of 1 years old are unable to be vaccinated. This age group needs to be protected from exposure. This reason alone is why parents should not take their infants to Disneyland.”

Two doses of MMR vaccine provide full protection against measles. Those that have not been vaccinated or have just received 1 dose of MMR should obtain vaccination immediately. For those that are unsure if they have previously received MMR vaccination, they should obtain at least 1 dose of MMR vaccine.

Healthcare providers and pharmacies should have MMR vaccine available. The Pinal County Public Health Services District has MMR vaccine available for both children and adults.

Having all of our relatives and close friends present was a huge blessing. Thank you so much! Your love, kindness, and support are appreciated and helped in our mourning and grieving of our loved one.

They were special and heartfelt. Your presence and generosity will forever be treasured in our hearts.

Otilio Gudino born Dec. 13, 1932 - Jan. 6, 2015 was a great husband, father, tata, uncle and brother. We will miss him and forever hold him dear to our hearts.

A very special thanks to Father J. Aboyi (Pastor) for the beautiful Mass conducted. A huge thanks to Steve Lopez, Jessica Castillo and all the volunteers who helped serve at the reception.

Also a very special thank you to the following for their continuous help, love and support during our time of sorrow and loss: Mr. & Mrs. William Oberg & fam.; Mr. & Mrs. Michael Ybarra & fam.; Mr. & Mrs. Baudelio Zabalza & fam.; Mr. Richard Tameron & Los Hermanos; Mr. Richard Hing & fam.
