# Fire destroys homes on Lobb

On Dec. 23, 2017 at 2:17 a.m., Superior Fire was paged out for a report of a possible structure fire in the area of Lobb and Main. The on duty crew responded in an engine and was followed by the tender and second engine a few minutes later with personnel responding from home.

The first engine arrived to find a vacant home on Lobb fully engulfed in flames with roof and wall collapse, indicating it had been burning for a time before it was called in. The intense heat and flames had spread to neighboring properties. An immediate defensive fire attack was administered on the property to the north, properties to the west, and property to the south with hose lines and a deck gun utilized. Fire on a wooden fence and section of a yard on the property to the west was extinguished as well as the south wall on the house to the north. The fire had spread into the roof eaves of the house to the south with electrical lines sparking overhead.

While crews attacked that section with a hidden attic fire bellowing inside, fire crews had to stop fire attack operations and perform search and rescue operations to the homeowner, who had ran inside the house against police orders. He was discovered near the back of the house with smoke inhalation and was removed from the structure and seen by AMR ambulance. He was treated and released on scene. The house became engulfed in flames with a heavy fuel load inside only minutes later with fire attack strategy

on suppressing the flames on the house and protecting the large commercial building four feet away.

Due to the intensity of the fire, close proximity of residential and commercial buildings, and windy conditions, additional resources responded to include Queen Valley Fire District, Tri-City Fire District, and Superstition Medical and Fire. Heavy fuel load in one of the structures required several hours of defensive attack and mop up, to include the utilization of an elevated water stream. There was just one reported smoke inhalation victim who was treated and released on scene, however, property loss of a vacant house and a family home. The commercial buildings were saved along with some neighboring residential properties.

The fire on the original structure is deemed suspicious and arson has not been ruled out. A parallel fire and criminal investigation is underway for this fire as well as recent past fires. Superior Fire Department reminds all citizens to be cautious with electrical wiring and heaters around this time of year, as well as to report any suspicious activity prior to and during a fire.

Relief efforts are underway for the Lott family who lost everything in the fire. You can drop relief items off at Porter's Cafe or the Saint Mary's Center. Chaplain VanGorp is aiding in the coordination of relief efforts. He can be reached at: 520-827-0988.

# Superior softball trio sign LOI;

By Andrew Luberd  
Superior Sun

Three members of the Superior softball team signed their Letters of Intent during a signing event that was held at Porter's Café on Friday, Dec. 22.

Kiki Arriola, Anaysse Juarez and Tori Juarez, all seniors, will continue their academic and athletic careers in the fall at Glendale Community College after a final season at Superior High School.

Gauchos head coach Rebecca Shaw and two assistants

were on hand along with a large turnout of family, friends, coaches, classmates, and teammates to witness the Lady Panthers' fulfill a dream.

"I think they work hard and are dedicated to getting better," Superior head coach Martin Navarrette told the *Superior Sun*. "There are things that are instilled in them already, that they were born with."

Tori Juarez, was an All-State and All-Region selection after last season, hit .407 and led the Lady Panthers with 25 RBI. She also tied for the team lead in doubles with eight.

"I knew the environment was great," Juarez said about

choosing GCC. "The coaches were welcoming, the girls were nice, and it reminded me of home."

Juarez said she wants to fulfill her prerequisites at GCC before transferring to a four-year school and earning a degree in Forensic Psychology.

"Her dedication," Navarrette answered when asked for an attribute that will serve Tori well at the next level. "Her will also. Like Anaysse, she'll go out there to get better and fix what is not working."

Anaysse Juarez, who will study physical therapy at GCC, was an All-Region selection a year ago after hitting .291

Friends, family and well-wishers gather on the patio of Porter's Café to congratulate Alicia Arriola, Anaysse Juarez and Victoria Juarez on signing their college letters of intent. The three teammates will remain teammates at Glendale Community College.

with 13 RBI, a double and a triple. The senior catcher battled back from a significant knee injury, something that Navarrette said will benefit her in the future.

"She doesn't give up," he said. "I've seen a lot of improvement over the summer; she's stroking the ball well. Her mentality is not to quit, and that will serve her well."

Like her teammates, Analyse felt comfortable at GCC.

"It made me feel welcome, like home," she said. "The coaches are really hands on with the players and other members of the team said the same; they care about us. I like the coaches concern for our academic success too."

What is Analyse most looking forward too as she transitions from high school to college?

"Being able to see the difference between high school and college," she responded. "Getting out there more. I'm a little nervous, but it's going to be fun."

Kiki Arriola, one of the top returning players in Arizona, is widely considered a premier pitcher and is equally as dangerous at the plate.

The 1A Conference and East Region Offensive Player of the Year, Arriola went 15 – 4 as a junior with a 2.24 ERA. She struck out 170 hitters in just 112.2 IP, more than one hitter per inning. At the plate, Arriola hit .433 with 21 RBI, eight doubles, two triples and five homeruns.

"The environment was totally different," said Arriola, explaining her decision to attend GCC. "The girls welcomed us, and the coaches were awesome. I just felt like that was where I belonged. As soon as I went there, I knew that's where I wanted to go."

According to Navarrette, Arriola has a chance to contribute right away at GCC.

"She is a phenomenal pitcher," the Lady Panthers' head coach said. "She pitches hard, she pitches well, and she has desire. I think she's going to move right into college and do well. It wouldn't surprise me at all if she goes in and is starting. She's got the skills to do it, and I believe she will."

Navarrette believes all three signees will leave their mark at GCC before it's all said and done.

"They're all going to work out great and make a difference at GCC," he said.

Despite considering other individual offers to attend other schools, signing with GCC was a package deal for the trio, who plan to live together when school starts.

"It grew on all of us," Tori Juarez said. "It's better that we get to go in together as teammates."

After moving on from a small town, there figure to be

many challenges in moving away, but Superior will never be too far from the players' hearts and minds.

"I already know I'm going to get homesick," said Arriola, who will study Radiology at GCC. "Having Tori and Analyse there with me is really going to help."

There remains one order of business before heading off to the next chapter of their lives. After finishing as the State

Runner-Up in 2017, the Lady Panthers are aiming for a different ending in 2018.

"We fell short last year, so hopefully we take it all this year," Arriola said. "It's our last year, so we need to leave it all out there."

One door closing, for sure, but the next door that is opening is only the beginning.

dealership sells new Ford vehicles and has a variety of certified preowned vehicles of many makes and models.

McSpadden Ford is one of the last, full service dealerships in the Cobre Valley area. They have a full service auto body, parts and service department at their dealership. As the years have gone on the McSpaddens have done their best to keep up with the times.

"Everything is automated," explained Udon. Their website offers many of the features of the larger dealerships and they can arrange financing online as well.

Buying a car can be a challenging process, but the team at McSpadden strives to help their customers find a car that fits their needs and budgets. Udon recommends that buyers look at what they will pay for doc fees and sales taxes when considering a purchase.

### 6 Creating Art with Nature Images

You've seen the "make-and-take" painting classes; here's an innovative spin on the concept - for your photography! On Saturday, Jan. 6, Linsa Langell will teach a workshop, Creating Decorative Art with Your Nature Images. Class will be held from 11 a.m. to 4:30 p.m. Cost is \$49 and does not include the \$12.50 daily Arboretum admission. This class will help you create a vision - and turn it into outstanding art for your home - in one day. Images of wildlife and nature are beautiful, but are not always suitable from a decorative standpoint for hanging on your living room or bedroom wall. They might not match the color palate of your room, or fit your decorative style. We will conquer the challenge of transforming nature photography into art during this fun and innovative class. What will you learn? Read a complete class description, enroll and pre-pay online <https://cals.arizona.edu/bta/photoclass.html>.

# Free Firewise Assessor course for Copper Corridor residents

By **Holt Bodinson**  
Oracle Firewise

Here's a unique opportunity to learn how to better protect your and your neighbors' properties from the constant threat posed by wildfires. The Arizona Department of Forestry and Fire Management is hosting a free, two-day, hands-on workshop to train and certify local residents as Firewise Communities Assessors on Saturday and Sunday, Jan. 20-21, at Constitution Hall in Kearny. All residents in the Copper Corridor are invited and, indeed, encouraged to attend. The goal of the assessor workshop is to provide community volunteers with the most up-to-date information and methods available for evaluating a home's survivability in the face of a wildfire as well as a survey of improvements homeowners can make to better prepare and protect their properties. Topics covered in the 2-day course will include wildfire behavior, the role

of topography, building materials, design and subsequent fire risk, fire department access, vegetation control and the creation of defensible space around homes and out-buildings plus case studies of recent wildfires and their effects on homes in the West. The second day of the course will be spent in the field, applying the knowledge gained in the classroom to the evaluation of a variety of local properties while making recommendations to the owners for improving and hardening their homes against wildfire threats. At the end of the course, participants will be qualified to evaluate properties for community Firewise programs and be registered by the Arizona Department of Forestry and Fire Management as certified Firewise Communities Assessors. To register for the free workshop, please call or e-mail Arizona Firewise District Coordinator, Mayra Moreno, at 520-628-5487 or [mmoreno@dffm.az.gov](mailto:mmoreno@dffm.az.gov).

Oracle Fire District has a fully established Firewise group.

Coconino, Gila, Yavapai, Maricopa, Pinal and Santa Cruz Counties, Arizona

Any or all of the above-described lands may be exchanged if the values are equal. As specified in the Act, if the value of the Federal land exceeds the value of the non-Federal lands, Resolution may equalize the values by making a cash payment or add additional land.

The FS and BLM propose to acquire land with floodplains associated with the Lower San Pedro River, Cave Creek, Tangle Creek, Turkey Creek and East Clear Creek. The Act segregated the Federal lands from appropriation under the public land laws and mineral law.

Persons claiming such properties or having any liens, encumbrances, or other claims relating to the lands being considered for exchange must file their claims or objections within 45 days after the initial date of publication of this notice. E-mail submissions should be sent to: comments@resolutionmineeis.us. Postal submissions should be sent to: Resolution Land Exchange Comments, PO Box 34468, Phoenix, AZ 85067-4468. This outreach is separate and distinct from public scoping which has already been completed for the Resolution Copper Project and Land Exchange Environmental Impact Statement and the Apache Leap Special Management Area Plan. Submissions are limited to those with claims, liens or encumbrances relating to the lands described above.

The Whiskey Ranch Grill Food Truck served the public during the April grand opening of the Apache Sky Casino in Dudleyville. John Hernandez | Copper Area

## Food truck sensation grows across the country and Pinal County

FLORENCE, AZ - It's no doubt that food trucks have grown in popularity across the nation. You see them everywhere you go. From construction sites to NFL games, if there is a crowd, a food truck is more than likely to be there.

Food trucks have also grown in sophistication as well. At one time, you could only find a standard fare from hot dogs to fries. Today, it's not out of the realm of possibility to find a food truck serving fresh curry to just out of the oven pizza. In fact, some restaurants have started after beginning as a food truck.

Pinal hasn't missed out on the food truck craze.

"There are specialized food truck gatherings in the county where trucks congregate and customers can pick and choose what they want from a variety of trucks," stated Public Health Manager Chris Reimus. "We also now have food trucks run by professional chefs. These are the types of things we didn't see much of a decade ago."

This begs the question, are these trucks inspected? If so, how are they inspected since they are mobile and not like a brick and mortar restaurant?

"Yes, Pinal County Environmental Health does permit food trucks and inspect them. The permit that applies is a 'Mobile Food Unit,'" said Reimus. "A food truck is basically a brick and mortar food establishment on wheels and the food safety requirements are the same."

The big difference Reimus points out is that the food trucks have much less meal prep and cooking space than a brick and mortar location. Not only that, the equipment that comes with a food truck is much different than that of a restaurant.

"This leads to some necessary changes with regards to food safety in a food truck," stated Reimus. "They typically have a much more limited menu and specialize in one or two main menu items. They also have limited preparation facilities and deal more with made to order items than items with advanced preparation."

Reimus said those food truck operators who understand and recognize that they are limited to what they can do and what they can cook are more likely to be better prepared for an inspection than a more complicated operation.

"Food trucks can run into challenges when they are trying to do too much with their limited facility," Reimus said. "Food trucks simply do not have the space or equipment to do complex food service such as advanced preparation, cooling, and reheating. Their kitchens are much more appropriate for made to order foods like hamburgers or tacos. When we see food trucks try to do too much is where we see challenges with food safety."

So if someone is out at an event somewhere in Pinal County, how would they know the food truck they are ordering from has been inspected?

"When you go to a food truck look for the Pinal County Environmental Health Permit sticker on the truck. If you see a permit sticker, you can be assured that the truck is permitted and operating under the guidelines of the food code," said Reimus.

If someone has concerns that something is not right, the Environmental Health Division investigates complaints of illegal or improper food service from food trucks. The public may file a complaint by calling the office at 520-866-6864 or online on their website at: [www.pinalcountyaz.gov/ehs](http://www.pinalcountyaz.gov/ehs).

## Community Working Group to discuss 2017 Community Well Monitoring Program Jan. 10

The next meeting of the Town of Superior Community Working Group (CWG) will be held Wednesday, Jan. 10, 2018 at 6 p.m. in the Superior Chamber of Commerce meeting room. Southwest Groundwater Consultants will review the results of water quality testing performed over the past year as part of a community monitoring program.

The CWG includes residents and stakeholders from the Town of Superior, Queen Valley, Hewitt Station, Globe, the San Carlos Community and around the area. The group deals with the social and environmental issues, science and policy, and the pros and cons of the proposed Resolution Copper Project. Topics include environmental impacts, health, safety, natural resource issues,

engineering, water quantity and quality, geology, economics, air quality, community investments, recreational changes and other related subjects.

Meetings are held at the Superior Chamber of Commerce at 165 W. Main in Superior from 6 to 8 p.m., most often on the second Wednesday of each month. The public is welcome, and time is reserved on the agenda for everyone's comments, questions, and discussion.

More information about the CWG as well as agendas, meeting summaries, and past presentations are available for public review at the Superior Chamber of Commerce offices and at the Superior Public Library at 99 North Kellner Avenue, as well as online at <http://SuperiorAZCWG.org/>
