OBITUARIES

Phillip C. MacClennan

Phillip C. MacClennan passed away on Feb. 1, 2016 at Banner Baywood Hospital in Mesa, AZ at the age of 86.

Phil was born in Nashua, NH to George and Marion MacClennan, on June 13, 1929, the youngest of four children. His father passed away when he was only 3 months old and when he was a very young boy he would work on neighboring farms to help support the family. He struck out on his own at the age of 15 and had many adventures. One of which was the tour bus driver for Woody Herman, the famous jazz musician. He met many other famous acts including the Mills Brothers.

Phil came to Winkelman on a last minute road trip with his older brother Dana in 1953. He met the love of his life Nancy and they married on Feb. 20, 1954. They moved to Dudleyville in 1963 and stayed there until 2011 when they moved to Kearny.

Phil worked at ASARCO for 33 years retiring from there in 1986. During his time at ASARCO he made many

friends and made many fond memories that he would often share with his loved ones. Phil also loved the outdoors and often would hunt, camp or simply just go for a ride in the hills. Phil was one of the founding members of Quail Fry an annual event held every October and attended faithfully until he was too ill.

After retirement, Phil had a handyman business and picked up woodworking. Their house has many of the beautiful pieces of furniture he crafted.

He is preceded in death by his parents, George and Marion, his sister, Ruth, and brothers, Dana and Robert. He survived by his wife of nearly 62 years, Nancy; sons, Phillip (Deborah) and George (Dorothy); and daughter, Holli (Ramon) Lerma.

He is also survived by his grandchildren, Kelli McKee, Max MacClennan, Joshua Lerma and Colt MacClennan and great-grandson Dustin White; and many, many beloved nieces and nephews.

Dad will be greatly missed by all those who knew and loved him.

Gerald H. Crandall

Gerald H. Crandall, 91, passed away at Tucson Northwest Medical Center on Feb. 5, 2016. Jerry was born to Myron Hamilton and Elizabeth (Moody) Crandall on Oct. 3, 1924 in Gilbert, AZ.

He is preceded in death by his parents, his dear wife, Madonna Bingham Crandall, and four brothers. He is survived by his three children, son, Douglas (Peggy) Smith and daughters, Donetta Smith and Linda Crandall Cameron. Grandpa was blessed with 15 grandchildren, 40 great-grandchildren with a great-grandson due next month, and one great-great-grandson. His brother Joe (Audrey) Crandall also survives him.

Grandpa was proud to be a Navy veteran of World War II. He worked as a Justice of the Peace, theater manager and time keeper for the mines while living in Ray, AZ. After relocating to Kearny, AZ, he became an engineer for the railroad.

Tucson became Grandma and Grandpa's home in 1998. Grandpa was a kind, loyal, happy, loving giant of a man. His positive personality will be deeply missed, but we know that we will be reunited again.

Funeral services will be held Saturday, Feb. 13, at the Tucson West Stake Center of the Church of Jesus Christ of Latter-day Saints located at 3530 W. Magee Rd. Services will begin at 11 a.m. Interment to follow at The Binghamton Cemetery.

We would like to thank everyone who helped in any way with the services for our wife, mother, and grandmother. Everything was so beautifully done. From the preparation of the building, the food, the sisters and brothers that prepared and served it and the feelings of love we felt from you all. Thank you for the flowers, cards, visits, kind words, love & support during this time. Thank you to everyone that helped us in any way.

A special thank you to Thema Hospice, Margaret Hewitt and Bonnie Cason. Also to Flor Aguirre & Juanita Chesley from ALTCS and Donna Jenkins and all those at Haven of Globe. Thank you so much for taking special care of our loved one in her time of need.

Fundraisers, Groundbreaking and Super Bowls

All the rest of this week, through Sunday, February 14, Old Time Pizza will give \$2.00 to the Matthew York fund for every large or giant pizza ordered. A healthy response from all of us will make a difference for this boy. We are grateful to Gary and Lorraine and the whole pizza crew.

I also ask your love and concern for long-time Town Council Member Rudy Flores, who is battling a severe infection. Cards may be sent to Rudy at 333 South Pinnule Circle, Mesa, Arizona 85206.

And remember to go to the Swap Meet uptown on Saturday, February 13, beginning at 2 p.m. Who knows what wonderful things will be found there?

Looking ahead to Pioneer Days, March 23-26, this excellent weather should prompt us to get an early start in creating a float for the parade. Be inventive. Be creative. Let's show off Kearny to everyone.

I took part, along with the mayors of

Mammoth, Hayden, and Winkelman, in the groundbreaking for the Desert Sky Casino. The San Carlos Tribe plans to build a road and move in mobile units while the main casino is under construction. These will be busy times, and there are employment opportunities in slots, food and beverage, housekeeping, administration, security, and many more. Apply in person this Thursday, February 11, from 2-4 p.m. at the Dudleyville Community Center, 4004 North Dudleyville Road.

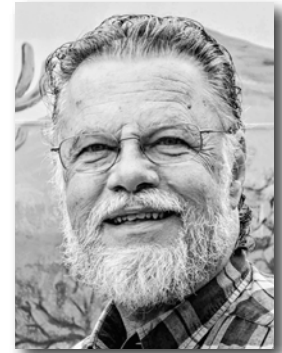

There is a real need for volunteers to serve in the Volunteers in Patrol (the VIPS) in support of our police department. Mark your calendar now to attend the VIPS training session on Sunday, February 21. Younger adults are especially sought. You may call me at 363-9781 for more information. I am usually home since I am still in recovery from my operation in December.

I will be joining Town Manager Anna

Flores and Council members in traveling to Phoenix for the legislative day. I have lots of questions to ask, for our legislature is doing several things which are anti-education and antithetical to the needs of rural communities.

And on a lighter note, I enjoyed giving a phone call to Andrea Griffith on Super Bowl Sunday. We reconnected around the fact that both of us were in the star group for the very first Super Bowl in the Los Angeles Coliseum (Green Bay vs. Kansas City). Andrea played flute and I played baritone horn in the University of Arizona Marching Band. And what was the name of that other guy? Played trumpet or something... oh, yes! Al Hirt.

So we didn't have to pay anything to see that first game, and we even got our expenses paid.

Kearny Police Report

According to state law, there are two methods by which police may arrest suspected offenders. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damages are estimates.

Feb. 2

Citizen assist at the Kearny Library with an advice request.

Feb. 3

Citizen assist with a fingerprinting request.

Feb. 4

A juvenile was arrested on the 400 block of Jamestown and charged with possession of marijuana/possession of drug paraphernalia.

A motorist assist was requested at the police department.

Feb. 5

A suspicious male subject was reported.

Feb. 6

A welfare check was requested on the 400 block of Jamestown.

During the period of Feb. 1 to Feb. 7 there were six ambulance runs, one alarm drop and one 911 open line.

Volunteers Needed

Are you a people person? Want to give unto others and assist those experiencing a challenging time?

Copper Communities Hospice is looking for volunteers that are interested in visiting with patients. Volunteers attend an 8-hour training session, must be able to pass a background check, have a driver's license, current auto insurance and their own reliable transportation. TB skin test is required (we will provide).

Volunteers devote a minimum of 2 hours a week.

If your organization or group would like more information or would like to have a Hospice Presentation detailing the hospice volunteer services, please feel free to call Debra Green, Volunteer Coordinator, at 520-391-3000. We will gladly set up arrangements.

Volunteers "Plant Seeds of Kindness." PICK UP AN APPLICATION TODAY! We would love to have you join our dedicated group of volunteers.

Pinal Supervisors approve lower developmental impact fees levied on new construction

But rules under which developers can apply for special fee consideration sent back for more work

By James J. Hodl
Copper Area News

Reductions in most developmental impact fees for new construction in Pinal County were approved by the Board of Supervisors at their Feb. 3 meeting. However the Board put off yet again changes in the county ordinance to allow alternative fee determination for special projects.

The new developmental impact fees are now scheduled to go into effect on May 9.

The reason given for splitting up what had been introduced at the Dec. 9 Board meeting as Resolution 120915-DF was that under Pinal County statutes changes in fees go into effect 90 days after approval while changes in statute language can become effective in 30 days. With contractors holding back requests for new construction permits until the lower fees go into effect, the Supervisors opted to approve the new fee schedule now while spending more time ironing out the wording of the alternate fee determination section of the ordinance, said Board Chairman Todd House.

The split was suggested by Himanshu Patel, director of the Pinal County Community Development Department, who reported new construction and developmental projects in the county grinding down to a crawl.

Under the new schedule, most impact fees would be lowered in Pinal County, while the fee structure for residential housing would be increased from two to four categories. Instead of separate fees for new homes under and over 1,500 sq. ft., the new categories would be under 1,000 sq. ft., 1,001 to 1,500 sq. ft., 1,501 to 2,100 sq. ft., and over 2,100 sq. ft.

In the four Pinal County Developmental districts, impact fees would rise only in the North Central District (which includes Apache Junction, San Tan Valley and

Queen Creek), and not in all construction categories. For instance, in the less than 1,000 sq. ft. residential category, the fee would drop from \$4,462 to \$3,940 but rise in the 1,001/1,500 sq. ft. category from \$4,462 to \$6,532. Fees also would rise in the over 2,100-sq.-ft. residential, Institutional, Commercial and Other Services categories.

In the South Central, East (including Superior, Kearny, San Manuel, Oracle and Mammoth) and West districts would see all impact lowered from current levels, with non-residential construction fees in the West District dropping by more than \$7,200. An additional fee was levied on construction in the extreme northern part of the East District (including Superior) where there are no arterial roads.

Developmental impact fees are levied to take care of safety, recreational open space (parks) and roads needs resulting from development of properties to account for increased population densities or commercial/industrial uses. The new schedule bases fees on the square footage of new structures, with larger properties accessed higher fees.

But Supervisor Anthony Smith argued that square footage may not be the only indicator of a development's ultimate use or occupancy. He cited retirement communities like SaddleBrooke, where new homes exceed 2,000 sq. ft. but are occupied by only two retired people who have most of their immediate needs served inside these communities and travel very little off premises. This would negate the need for major improvements outside the community such as widening roads, he said.

On the opposite end of the spectrum, Smith noted

plans to build tiny houses (homes with square footage equivalent to efficiency apartments in urban areas) in Arizona City. A collection of homes of under 800 sq. ft. would result in a higher population density, thus having a bigger impact on the local infrastructure than larger senior housing, he noted.

As currently drafted, the alternative fee determination section of the proposed resolution defines those projects where developers can seek special consideration outside the approved impact fee structure as those differing greatly from developments in the same impact fee category. To get special fee consideration, developers must submit to the county manager an alternative development report explaining why the impact of the development would be substantially different from the norm, detailing what the actual costs and burdens would be to the county. The report can propose an alternate fee based on statistics compiled in the report. After reviewing the report, the county manager can make a determination as to the development fee to be charged. The county manager may require the applicant to pay an administrative fee to cover the actual costs of reviewing the special fee determination application.

Some developers at the meeting objected to having to bear the cost of having the county review their applications for special fees. However Cameron Carter of the Rose Law Group praised the Supervisors for allowing

New Pinal Rural Fire Rescue & Medical District accused of not answering medical assistance calls

'True,' say PRFR&M officials, but they note they are still organizing with full services coming in May

By **James J. Hodl**
San Manuel Miner

Is the new Pinal Rural Fire Rescue & Medical District (PRFR&M) not fulfilling its duties as a tax-supported firefighting and medical assistance operation?

Complaints from some citizens are that PRFR&M has not answered the call for up to a dozen requests for medical assistance since it officially came into being last September 26. Officers of the new district admit that it isn't, but caution that PRFR&M is still in its organizational stage and within a few months when all equipment is in place and personnel is fully trained the district will fulfill its promised duties.

PRFR&M is somewhat unique in Pinal County as it serves a primarily rural area rather than an incorporated municipality. Its boundaries are the San Carlos Apache Tribe and Dudleyville on the north, the Pinal County border on the east, San Manuel on the south, and Oracle and Mammoth on the west. The district covers more than 100 square miles and includes Aravaipa Canyon, with State Route 77 the main road through the district.

Creation of PRFR&M was authorized by the Pinal County Board of Supervisors when it accepted the district's impact statement in early August 2014 and district organizers submitted within one year signatures on a petition equal to the required 50% plus one of all homeowners with district boundaries that have are also valued at 50% plus \$1 of all taxable property.

PRFR&M succeeded Pinal Rural Fire & Rescue, a nonprofit

volunteer fire department funded by subscribers, donations and grants that had long served the area. It differed from for-profit firms like Rural/Metro that sell its services only through paid subscriptions.

Less than a month after PRFR&M came into being, complaints that the district was a no-show when called for medical assistance began.

The first 911 medical emergency to which the district didn't respond was on Oct. 19, 2015 involving a traffic accident on Palomita Road a few miles from the former fire station of Pinal Rural Fire & Rescue since used by PRFR&M as its central depot. "No one was available from PRFR&M, so an ambulance had to come all the way from San Manuel," said Cathy Gorman, who had earlier opposed creation of the new district and has since become its severest critic.

"Previously the adjacent districts would respond to areas that were not included in any district. So all of us in the Pinal Rural district are in greater danger," Gorman said at the time.

Other medical emergencies cited by Gorman to which PRFR&M didn't respond included a particularly nasty one

on the morning of Jan. 19 involving a rollover crash in which the driver was ejected from his vehicle on Veterans Memorial Highway outside of San Manuel. Pinal County Sheriff's deputies who answered the 911 and found the driver with lacerations to the head, back and hands, called Southwest Ambulance, who after treating him at the scene, took him to the SunLife Clinic helipad in San Manuel. The driver was later transported by helicopter to the University Medical Center in Tucson.

While it remains unverified as to whether PRFR&M waved off the 911 call saying it had no manpower as critics charged, the report filed by Sheriff's deputies said that only 65 minutes elapsed between receiving the 911 and the injured driver – Michael Anthony Butler – being placed in an ambulance for transporting to San Manuel.

John Stanford, chief of the San Manuel Fire Department, confirms that his department has "answered quite a few calls" of medical emergencies within the PRFR&M territory. While he had no specific number for such calls, he remembers three wrecks other than the Jan. 19 rollover, including one involving

Ground broken at Apache Sky Casino

By **John Hernandez**
Copper Area News

What has long been a rumor and plans will soon become a reality.

On Thursday, Feb. 4, 2016, the San Carlos Apache tribe held a groundbreaking ceremony for their new Apache Sky Casino. The casino will be located off of Hwy. 77 between

Leaders from the San Carlos Apache Tribe as well as local leaders officially broke ground last week on the Apache Sky Casino near Dudleyville. They plan to open in June.

Central Arizona College and Dudleyville on reservation land. The casino has been a long time in coming and local communities and the San Carlos Apaches are looking forward to the economic benefits it brings to the area.

Harold Kenton, an Apache singer, spoke about his grandfather being from Aravaipa. He sang a "prayer song" and provided the blessing.

Gary Murrey, CEO for Apache Gold gave a brief update on the casino project. The plans call for a temporary casino that will have 375 slots and four gaming tables. Construction will start in three weeks and the temporary casino is expected to be in place in June. The construction will provide 100 jobs. The temporary casino will mean employment for 200 people and when the permanent casino project is completed there will be 400 jobs. It is expected to be the "anchor" for other businesses that will provide services for people that come to the area.

Terry Rambler, Chairman of the San Carlos Apache Tribal Council, spoke about "developing a community" and "working together with our neighbors

to make things better for our children and grandchildren." He talked about partnering with Central Arizona College Aravaipa campus to create a gaming curriculum to train workers for the gaming and hotel industry.

"It is a great day for all of us," he added.

Supervisor Pete Rios was one of the guest speakers at the official groundbreaking of the Apache Sky Casino.

Hike, bike, run, learn at the 2016 Legends of Superior Trail Fest

Have you ever thought about taking a multi day-week backpacking adventure? Are you intrigued about the Arizona Trail but you don't know where to start to even make those first few steps hiking on the trail? This Saturday, Feb. 13, the Legends of Superior Trails Fest will feature recent Yo-Yo hikers Rass and Kathy Vaughn who will be leading a discussion about their adventure and then will lead a two hour trail run on the Arizona Trail later in the afternoon. They will share their experience, their motivation and some humor about their recent adventure as they call them. The couple are the first yo-yo hikers on the Arizona Trail which means they have completed hiking both north and south bound on the Arizona Trail.

The event begins at 10 a.m. in front of the Superior Chamber of Commerce building

at 165 Main St. in downtown Superior. All lectures will be hosted at the Superior Chamber of Commerce. The morning starts out with a series of informative talks including a history discussion on Pinal City and the archeology of the area, an update on the future plans of the LOST trail system and the always popular geology talk with ASU professor Steve Semkin. This year a new talk has been added by Rass and Kathy Vaughn who are the first Yo-Yo hikers on the Arizona Trail. They will share their adventures, what to expect for those considering a hike and also share about their personal journey on the trail. This is a can't miss presentation.

From 10 a.m. to 2 p.m. there will be an outdoor expo featuring booths by the Arizona

Copper Area well represented at sectional basketball tournaments

By Andrew Luberda
Copper Area News

Four basketball teams from Copper Area schools will be competing for a sectional championship and the accompanying automatic bid to next week's 2016 AIA Division V State Championship Tournament.

The Ray and San Manuel girls' teams, both members of Section IV, will start with quarterfinal games on Tuesday, Feb. 9 at Thatcher High School.

No. 4-seed Ray will face No. 5-seed Mogollon at 5:15 p.m. with the winner playing No. 1-seed San Carlos on

Thursday, Feb. 11 at 7 p.m.

No. 6-seed San Manuel will take on No. 3-seed Duncan at 7 p.m. with the winner advancing to play No. 2-seed Ft. Thomas on Thursday at 5:15 p.m.

On the boys' side, Superior and San Manuel, also members of Section IV, will play in quarterfinal games, beginning on Wednesday, Feb. 10 at Thatcher High School.

No. 4-seed Superior will battle No. 5-seed Duncan at 5:15 p.m. on Wednesday with the winner taking on No. 1-seed

San Carlos on Friday, Feb. 12 at 7 p.m.

No. 6-seed San Manuel will face No. 3-seed Ft. Thomas at 7 p.m. on Wednesday with the winner advancing to face No. 2-seed Miami on Friday at 5:15 p.m.

Both championship games will take place on Saturday, Feb. 13 at Thatcher High School. The girls' championship is scheduled for 5:15 p.m. and the boys' will follow with tipoff scheduled for 7 p.m.

Valentine's Day 100 Years Ago in Arizona

Arizona celebrated Valentine's Day 100 years ago pretty much like today. Valentine cards, chocolates and flowers were popular items just like today. Schools held dances and parties, church socials with a valentine theme were held, and many of the social clubs had events to celebrate the day of romance. Judging by the number of events reported in the newspapers of 1916, Valentine's Day was celebrated more than it is today. Many private valentine parties were reported in the Society sections of the newspapers as were those held by social clubs and organizations.

The *Bisbee Daily Review* had a story about the Bisbee Post Office Association composed of employees of the Bisbee Post Office sending out an invitation that was signed Post Office Girls. It read, "The following invitation has been received by a number of Bisbee young people:

Your presence we ask,

To grace a valentine party,

We'll dance and We'll play,

As long as you stay,

A welcome awaits you most hearty.

Arizona was known as the Valentine State. Technically

LETTER TO THE EDITOR

Supervisor speaks about CAC President search

Many of you know that Central Arizona College President Doris Helmich is retiring at the end of the school year.

A search committee was formed to help hire of the next president of our community college. I am honored to be one of those chosen by the Chairwoman of the CAC Governing Board, Gladys Christensen to be on the search committee. There are currently 14 members on the search committee. At Tuesday's initial meeting, I supported Frank Davidson, Superintendent of Casa Grande Elementary School District as Committee Chairman and Valerie Jensen, CAC professor as Vice-Chair.

The next step for the committee is to review applications from February 23 to March 3 and narrow them down before extending oral interviews. The target date to have a new President is May 31.

I am pleased with the make-up of the committee as selected by the CAC College Board. This is going to be an exhaustive search for the right person to serve a college that is spread out over a large geographical area, but yet small enough to serve many of the students on a one-to-one basis.

I look forward to working with the rest of the committee and finding the right person to serve the students, the faculty and the taxpayers.

/s/ **Pete Rios**

Pinal County Supervisor, Dist. 1

it still is as Feb. 14, Valentine's Day, is the day Arizona became a state in 1912. Arizona's first governor,

HISTORICAL PERSPECTIVE

By **John Hernandez**
San Manuel Miner

G.W.P. Hunt declared February 14th a state holiday called Admission Day. The *Tombstone Epitaph* on February 13 reported that Tombstone would observe Admission Day. All government offices including the court house and post office would be closed. Stores and other businesses in town would close for business at 1 p.m.

The *Arizona Republican* reported in their February 13 edition under the heading Valentines for Congressman that "A number of local suffragettes planned a 'valentine shower' for Congressman Hayden, the missives being mailed at the time which would permit their being delivered to him on Monday, valentine day. The valentines are in shape of letters urging Mr.

Hayden to use his influence in favor of the passage of the Susan B. Anthony amendment." This had been part of a national campaign by the Congressional Union later the National Women's Party to get the Constitutional amendment passed allowing women to vote. The group sent out personalized valentines to congressmen, senators and President Woodrow Wilson. In 1920 the amendment would finally be ratified. In Arizona, women had the right to vote as part of the state constitution of 1912.

In 1916 an article appeared in the *Tombstone Epitaph* about the growing valentine card and novelty industry in the United States. It said that over the last couple of years the American industry had grown due to the war in Europe. Before the war most of the cards and novelties were manufactured in Germany. In 1914, World War I began in Europe and trade with Germany and the United States soon stopped. America had taken the lead in valentine production and exporting valentines to other countries that recognized Valentine's Day, a day to celebrate love and romance even in a time of war!

PINAL RURAL FIRE RESCUE

Continued from page 6

a Jeep in which a young man died.

Marty Ponce, interim chief of the Mammoth Volunteer Fire Department, likewise reported his department handling in PRFR&M territory two medical assists involving car accidents and one from a citizen complaining about a possible gas leak.

“When people call PRFR&M, they are told they have no manpower and are referred to us. We thus pay our volunteers to go on calls outside our district,” Ponce said.

“People are starting to complain. PRFR&M needs to step up to the plate,” said Olivia Morales, board member of the Dudleyville Fire Department.

“We have only a limited budget so its costs us when we cover for other districts,” she

added.

“We can’t continue to run into PRFR&M territory covering their emergencies using our tax money,” San Manuel’s Stanford said. “I don’t mind helping out but local residents are starting to ask me if we can bill them for covering for them.”

PRFR&M Chief Rod Plast countered that the new district is still being organized and thus is unable to handle medical assistance calls at present. The district, however, has still handled the fire calls it has received since September.

“We are still setting up the district according to the requirements of Pinal County and the State of Arizona,” Plast said. “We are still acquiring necessary equipment and a training volunteers in firefighting and

paramedic skills.”

A hindrance at this early stage of organization is money, added Steve Turcotte, a member of the PRFR&M board and chairman of the district’s organizing committee.

Although PRFR&M was created as a special taxing district, it will not receive any revenues from property taxes until October 2016. Likewise it cannot tap into its share of funds from the Arizona Fire District Assistance Tax until July.

For now, PRFR&M are tapping into available grant money to acquire additional equipment, including tanker trucks for getting water to areas without fire hydrants, devices for pumping water directly out of streams through fire hoses, and special fire engines designed for the territory’s steep and varied terrain. Also being acquired are EMT vehicles equipped with first aid equipment, oxygen tanks and an EKG device to enable paramedic firefighters to provide on-site medical care possible.

“Chief Plast has done a great job in writing the grant proposals as we have received the funds for 80% of the grants for which we applied,”

said Turcotte, who also is a retired Rear Admiral of the U.S. Navy and owner of a local ranch.

Turcotte noted that two volunteer firefighter/paramedics will have completed their training by late February and another will be fully trained by late March. This will solve some manpower issues.

If organizational momentum continues at the current rate,

PRFR&M will likely notify the Pinal County Sheriff’s Office that it will be able to take on all firefighting and medical assistance services by May 1, Turcotte predicted.

But shouldn’t PRFR&M have provided all and full promised services from Day One?

“There is no legal requirement for a newly

organized fire district to be fully operational from the beginning,” said John Flynn, executive director of the Arizona Fire District Association. “Fire districts take time to organize, so citizens should give them time to get things right and provide quick and effective services.”

Notice to the Defendant: A lawsuit has been filed against you in justice court! You have rights and responsibilities in this lawsuit. Read this notice carefully. 1. In a justice court lawsuit, individuals have a right to represent themselves, or they may hire an attorney to represent them. A family member or a friend may not represent someone in justice court unless the family member or friend is an attorney. A corporation has a right to be represented by an officer of the corporation, and a limited liability company (“LLC”) may be represented by a managing member. A corporation or an LLC may also be represented by an attorney. If you represent yourself, you have the responsibility to properly complete your court papers and to file them when they are due. The clerks and staff at the court are not allowed to give you legal advice. If you would like legal advice, you may ask the court for the name and phone number of a local lawyer referral service, the local bar association, or a legal aid organization. 2. You have a responsibility to follow the Justice Court Rules of Civil Procedure (“JCRCP”) that apply in your lawsuit. The rules are available in many public libraries, at the courthouse, and online at the Court Rules page of the Arizona Judicial Branch website, at <http://www.azcourts.gov/>, under the “AZ Supreme Court” tab. 3. A “plaintiff” is someone who files a lawsuit against a defendant. You must file an answer or other response to the plaintiff’s complaint in writing and within twenty (20) days from the date you were served with the summons and complaint (or thirty (30) days if you were served out-of-state.) If you do not file an answer within this time, the plaintiff may ask the court to enter a “default” and a “default judgment” against you. Your answer must state your defenses to the lawsuit. Answer forms are available at the courthouse, and on the Self-Service Center of the Arizona Judicial Branch website at <http://www.azcourts.gov/> under the “Public Services” tab. You may prepare your answer electronically at <http://www.azturbocourts.gov/>; this requires payment of an additional fee. You may also prepare your answer on a plain sheet of paper, but your answer must include the court location, the case number and the names of the parties. You must provide to the plaintiff a copy of any document that you file with the court, including your answer. 4. You may bring a claim against the plaintiff if you have one. When you file your answer or written response with the court, you may also file your “counterclaim” against the plaintiff. 5. You must pay a filing fee to the court when you file your answer. If you cannot afford to pay a filing fee, you may apply to the court for a fee waiver or deferral, but you must still file your answer on time. 6. You may contact the plaintiff or the plaintiff’s attorney and try to reach an agreement to settle the lawsuit. However, until an agreement is reached you must still file your answer and participate in the lawsuit. During the lawsuit, the court may require the parties to discuss settlement. 7. Within forty (40) days after your answer has been filed, you and the plaintiff are required to provide a disclosure statement to each other. The disclosure statement provides information about witnesses and exhibits that will be used in the lawsuit. A party may also learn more about the other side’s case through discovery. Read the Justice Court Rules of Civil Procedure for more information about disclosure statements and discovery. 8. The court will notify you of all hearing dates and trial dates. You must appear at the time and place specified in each notice. If you fail to appear at a trial or a hearing, the court must enter a judgment against you. To assure that you receive these notices, you must keep the court informed, in writing, of your current address and telephone number until the lawsuit is over. IMPACT FEES

Continued from page 5

more flexibility in its impact fee structure and that making applicants bear the cost of reviewing their requests for special fees was right as it would help prevent frivolous appeals.

Other criticisms concerned the wording of the alternate fee determination section. Some found the wording to verbose and thus open to misinterpretation. Some changes shortening the text were proposed, along with a change that would enable developers to seek a special fee if only one of three criteria were met rather than all three.

The alternate fee determination section was sent back to committee for additional work. Board Chairman House said that wording that all parties can agree on could be ready for approval by the April Board meeting, thus enabling the revised impact fee ordinance and the already revised fee schedule to go into effect at the same time.

Release of Draft Environmental Impact Statement and Notice of Public Meeting

Proposed Tailings Storage Facility: Ray Mine – Pinal County, Arizona

The U.S. Army Corps of Engineers, Los Angeles District ("Corps") has released a draft environmental impact statement (EIS) for a tailings storage facility that Asarco LLC ("Asarco") is proposing for the Ray Mine in Pinal County, Arizona. The draft EIS is available on the Corps' website at <http://www.spl.usace.army.mil/Missions/Regulatory/ProjectsPrograms.aspx>.

To comply with Corps' regulations associated with Section 404 of the Clean Water Act, Asarco submitted an application to the Corps in 2013 for the proposed tailings storage facility. To evaluate the project's environmental effects on the human and natural environment, the Corps has prepared a draft EIS in compliance with the National Environmental Policy Act (NEPA). Asarco has proposed to construct and operate a tailings storage facility in the Ripsey Wash watershed, an ephemeral wash that is tributary to the Gila River. Asarco has stated that this facility is required to support continued long-term copper mining activities at the Ray Mine. Tailings from the Ray Mine concentrator would be transported via a new tailings pipeline that would cross the Gila River near the current Florence-Kelvin highway bridge. Water would be recycled back to the Ray Mine concentrator from the proposed tailings storage facility. The proposed facility is designed to store approximately 750 million tons of tailings and would have a facility footprint of approximately 2,574 acres once completed.

The Corps is hosting a public meeting on this draft EIS on Wednesday evening, February 24, 2016 at the Ray Elementary School cafeteria in Kearny, Arizona from 6:00 to 9:00 PM.

The public meeting will allow interested parties to learn about the results of the draft EIS, the Corps' regulatory obligations under its 404 permit process, and the plans and schedule for completion of a final EIS. The meeting will open to the public at 6:00 pm; the Corps will make a presentation starting at 6:30 pm. At the conclusion of the presentation, the Corps will provide an opportunity for any interested parties to make an oral statement that will be recorded by a court reporter for the administrative record. A maximum of two minutes speaking time per person will be provided, at the discretion of the Corps. The Corps is soliciting public comment on the draft EIS and requests that any comments be submitted in writing to Michael Langley, Senior Project Manager, U.S. Army Corps of Engineers, Los Angeles District – Arizona Regulatory Branch, 3636 North Central Avenue, Suite 900, Phoenix, Arizona 85012-1939 or via email at michael.w.langley@usace.army.mil. The Corps requests that commenters include their full name, physical address and the project title "Ray Mine Tailings Storage Facility Project" with any comments. The draft EIS comment period closes on Monday, March 14, 2016. Comments must be postmarked or emailed by the close of that date to be considered in the preparation of a final EIS for the project. Any questions about the project or the scheduled meeting can be directed to Michael Langley, the Corps' project manager, using the contact information above.

The draft EIS and other information for the proposed tailings storage facility is available on the Corps' website at <http://www.spl.usace.army.mil/Missions/Regulatory/ProjectsPrograms.aspx> or contact Michael Langley at the Corps at the aforementioned address and telephone number.

#PRAYFORMATTHEW

Matthew York, son of Justin and Kerri Hune was recently diagnosed with 2 different forms of Leukemia, AML and ALL. He started his first rounds of aggressive chemotherapy 2 weeks ago and his medical needs will be extensive and a hardship on the family. Matthew is a 2nd grader at Ray Elementary. He loves sports of all kinds but most importantly he loves spending time with his parents and 2 brothers. To help his family with the costs that will continue to add up over the course of this "Fight for Matthew" there have been 2 GoFundMe pages set up. There is also a Donation account set up at Ray Federal Credit Union.

Thank you to everyone for your continued support, donations and prayers for Matthew! He is an amazingly special boy and so many people have shown that to his parents. Kerri and Justin are truly overwhelmed with the love and support they are continuously receiving from everyone.

Kerri & Justin have requested for all scheduling, fundraising & donations be set up through Kristina Ruiz at 520-363-9737.

Multiple fundraisers planned for Matthew York

Matthew York, son of Justin and Kerri Hune, was recently diagnosed with two different forms of Leukemia, AML and ALL. He started his first rounds of aggressive chemotherapy two weeks ago and his medical needs will be extensive and a hardship on the family.

Matthew is a second grader at Ray Elementary. He loves sports of all kinds but most importantly he loves spending time with his parents and two brothers.

To help his family with the costs that will continue to add up over the course of this "Fight for Matthew," there have been two GoFundMe pages set up at (<http://bit.ly/1SFDES2> or <http://bit.ly/1Wagpx6>). There is also a donation account set up at Ray Federal Credit Union.

Bracelets are being sold for \$3 each and can be ordered and paid for at Cactus Mini Mart, Ray Elementary Office, Kearny Health Mart or West End Café. One hundred percent of the bracelet sales proceeds will go to the family.

There is also a T-Shirt Fundraiser going on. Orange shirts have been ordered to support Matthew. They can be preordered or after preorders are filled the extras can be purchased. All order forms and pickups will be at Cactus Mini Mart. There will be all kid's sizes and adult sizes available.

Seeing a lot of little orange shirts running around town supporting Matthew and his fight against Leukemia will mean so much to his family. In support of Matthew some kids would like to wear Orange to school at RUSD for the Fight against Leukemia on Thursdays.

There is another shirt fundraiser online setup by Kerri's cousin and those shirts can be ordered through her Facebook page.

Window Clings for cars are being made and will be available for purchase at the RUSD District Office as soon as they come in.

Kearny Little League will be selling orange ribbon pins starting Pioneer Days at the concession stand.

PINAL RURAL FIRE RESCUE

Continued from page 13

Pinal County Supervisor Todd House, who also served on the board of the Superstition Fire & Medical District near Apache Junction and Gold Canyon, agreed.

"PRFR&M is creating a new firefighting operation in territory previously served only by a tiny volunteer organization. They are adding new services not offered by the earlier entity. They should have the time needed to put the package together," House said.

He added that the situation with PRFR&M differed from those of two failed efforts to create a new fire district comprising all or part of the unincorporated city of San Tan Valley.

"San Tan Valley already has full fire protection and medical assistance services from Rural/Metro, a for-profit subscription provider. Any local district would have to be able to fully supplant the fire protection the area already gets so there is no interruption in services," House said.

As for complaints that other districts covering PRFR&M medical assistance calls, minutes

of the August 2014 Pinal County Board of Supervisors meeting included testimony of turf battles between the municipal districts and Pinal Rural Fire & Rescue. When municipal firefighters came out of their districts to fight a fire, they sometimes clashed with the former volunteer group's chief Bud Paine, who saw such encroachment as hurting his ability to sell \$100 a year subscriptions to rural residents.

PRFR&M is offering Mutual Aid Agreements to surrounding municipal fire districts.

PRFR&M's Turcotte noted that once the district has its basic operation in place and has a steady flow of revenue, it will gradually build to encompass its other plans. These include supplementing volunteer firefighters with part-time personnel and later some full-time employees. It also wants to build a second fire station on the other side of Route 77 from its current station north of Mammoth to one closer to Aravaipa Canyon.

Under a schedule proposed last fall, those plans should be completed by July 2017.
