Worst Financial Decision in Pinal County History

In 2004, the Pinal County Jail held an average of 600 to 700 inmates in a facility which was originally built to only hold 472. Then, Sheriff Roger Vanderpool worked with the Pinal County Board of Supervisors to expand the jail. County Supervisors at the time agreed with Sheriff Vanderpool's plan to offset construction costs by housing ICE detainees. The jail expansion project expanded the jail to hold 1,499 inmates/detainees.

In 2006, a contract was signed by the Pinal County Board of Supervisors and U.S. Immigration Customs Enforcement Detention Removal Operations (ICE

DRO) to hold an average of 625 detainees per day. ICE DRO agreed to pay \$59.64 per day for each detainee who was placed in the jail.

In January of 2013, Pinal County Internal Audit completed an analysis of the contract and determined the County was losing \$2 million dollars each year. At that time, Sheriff Babeu pointed out that the auditors were using old ICE population numbers which skewed the audit and the revenue was much higher using the current population averages.

The Board of Supervisors at the advice of then County Manager Fritz Behring attempted to negotiate a new contract rate of \$87 per day. Due to the Federal Government Sequestration the negotiations took longer than they wanted.

Sheriff Babeu asked the Board of Supervisors to do a staffing study of the jail before any attempt to cancel the ICE contract as our staffing levels could not return to pre ICE standards. The Board of Supervisors refused and County Manager Fritz Behring at the direction

of the Board of Supervisors sent ICE a "100 day contract cancellation notice."

Per U.S. Senator Jeff Flake's Office, when ICE received the 100 day notice they ended the negotiations process.

After the ICE Contract was cancelled, the BoS had a staffing study completed by an independent company they

hired. The staffing study and County Manager Stanley confirmed the jail could not return to pre ICE Contract staffing numbers and in the end 113 jail employees were laid off. The plan also only cut \$7.2 million from the jails budget.

Since 2009 the County received an average of \$10,975,441 per year from ICE. During 2013 which was the last full year of the ICE contract they received \$11,669,758 and in 2012 they received \$11,744,308.

The 100 day cancellation notice was the worst financial decision in Pinal County history. The County now has over \$4 million dollars of lost revenue they would still be receiving had they not sent the 100 day notice to cancel the ICE Contract. The cancellation also resulted in 113 positions largely worked by residents residing in Pinal, that will no longer be filled.

DPS releases names of victims in Jan. 30 fatal crash

On Friday, January 30, 2015, DPS officers investigated a two vehicle collision involving three fatalities and multiple injuries. The collision occurred on State Route 77 near Aravaipa.

The collision occurred at about 7:48 a.m. when a white pickup was northbound on State Route 77 in the area of milepost 123.

For an unknown reason, the driver of the pickup switched lanes, going northbound in the southbound lane of traffic. A white van, which was traveling southbound, saw the oncoming pickup and attempted to avoid a collision with it by changing lanes into the northbound lane of travel.

At that point, the pickup changed lanes back into the

northbound lane and the two vehicles collided head-on. Three people in the van received fatal injuries. The driver of the pickup and four other people from the van were transported to a hospital in Tucson for treatment. One of the injured sustained life-threatening injuries.

The driver of the van, Rodger D. Fugett, 53, of Mammoth died at the scene from injuries sustained in the collision. Passengers Francisco R. Calzadillas, 49, of Winkelman and Troy A. Brownrigg II, 34, of Oracle also died at the scene from their injuries. The driver of the pickup, Mark J. Reynoso, 32, of Mammoth was transported from the scene to a hospital in

Tucson for treatment of injuries sustained in the collision. Passengers in the van, William L. Reidhead, 53, of Mammoth, Jeffrey R. Herelko, 61, of Oracle, Freda F. Davis, 62, of Kearny, and Francis L. Hawkins, 34, of San Manuel were also transported to Tucson for treatment of their injuries.

DPS was assisted at the scene by personnel from Pinal Rural Fire Rescue, Mammoth Fire Department, Dudleyville Fire Department, San Manuel Fire Department, Golder Ranch Fire District, Southwest Ambulance and Rural/Metro Ambulance.

The investigation of this collision is in its early stages and impairment has not been ruled out.

Good Changes Being Made in Kearny Police Department

There's some really good news for Kearny this week. Our interim Chief of Police, Richard Corso, has been busy. There are now five new-to-us police vehicles donated by Arizona's Department of Public Safety. Two of them are large SUV-style cars (Chevrolets), two are smaller SUV-style Fords, and a Ford Crown Victoria cruiser. All of them are in excellent condition and will require only minor attention and proper decals.

This will give the department an opportunity to assess all their vehicles to

choose only the best for our use. Others may be traded with other towns or cities for other equipment.

We are close to having a full complement of trained officers. The training agreement we have with the Town of Miami has speeded up the process of acquiring new officers. The whole department is working hard to maintain and improve the standards initiated by Sergeant Dave Blue of the Department of Public Safety and continued by Interim Chief Chris Alvarez before Richard Corso was named Interim

Chief. There's a really good spirit in the department.

All of this has been done while staying well within budget restraints. There are still areas of need, especially with our

small number of dispatchers, and as time goes on it would be good to have a detective.

The changes being brought about are real. Change sometimes pinches a few of us. Are you used to casually parking on the wrong side of the street? Do you make illegal u-tuns on Alden Road? Most of us have done these things. I ask for a spirit of cooperation with our department as they work to improve the safety of Kearny in small ways as well as in large.

Park on the proper side of the road; it's that simple. Plan your "uptown trip" to be on the proper side of Alden Road when going to the Post Office, then complete your tasks (or go to the Post Office last, whichever makes sense).

And remember, if you see something wrong or suspicious, give a call to the Police. In an emergency, use 911. And please be patient when the officers are working on a case. They are trying to make arrests which will stand up in court. If we all work together, Kearny will become much safer than it already is.

Kearny Police Report

According to state law, there are two methods by which police may arrest suspected offenders. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damages are estimates.

Pinal County Contract With ICE

Once again, the Pinal County Sheriff is attempting to place fault for the termination of the Immigration and customs enforcement contract at the doorstep of the board of supervisors.

The sheriff is also blaming Pinal County's

former county manager for raising the ICE contract issue. County Manager Fritz Behring brought to the board's attention that county taxpayers were losing between \$3 to \$4 million dollars annually on this contract. Behring would have been totally

negligent in his duties had he not raised this issue.

The sheriff knew for a long time that the ICE contract needed to be renegotiated to stop the bleeding of taxpayer dollars. This didn't pop up overnight, everyone from the supervisors to the sheriff were on the same page following several meetings about the details of the contract.

Yet, Sheriff Babeu continued to grandstand and "bad mouth" the federal government and homeland security in the press, for a variety of reasons. He would intentionally go out of his way to "slam" Homeland Security Director Janet Napolitano and ICE on immigration topics.

Well guess who ICE reported to? Yes, Janet Napolitano and homeland security!!

And the sheriff can't figure out why the ICE contract with Pinal County Sheriff's Office was not renegotiated by the feds? The sheriff may have had a good working relationship with middle management workers in ICE. But when it came to negotiating with decision-makers in Washington DC, even our Congressional delegation that was attempting to help Pinal County, asked the sheriff to stay

away.

The failure to renegotiate the ICE contract and the scores of detention officers and families that lost their jobs lies squarely at the foot of the sheriff's office. And all because Sheriff Babeu couldn't resist grandstanding and mugging for the TV cameras.

CAHRA provides weatherization program

Community Action Human Resources Agency (CAHRA) has funding to assist eligible low-income homeowners in Pinal County with weatherization, according to Mary Lou Rosales, executive director.

"Under the weatherization program, improvements are made by CAHRA to help reduce energy consumption and energy costs," Rosales said. A thorough assessment of the eligible home is performed including diagnostic and blower door testing to determine where the house is losing energy and what can be done to stop the loss. The auditor will also assess health and safety issues that might exist in the home. A test to determine carbon monoxide leakage is also done.

Minor repairs are made to make the home safer, more sound and secure. "Families

are counseled as to changes in their energy use habits, which will complement the work done on the homes, and help promote the conservation of energy," she explained. After making the efficiency upgrades, the home could save from 5 to 30 percent on the family's energy bill.

Based on the home assessment, weatherization repairs may include repair or replacement of old cooling and heating systems, repair or replacement of leaky ductwork, replacement of old or inefficient refrigerators and the addition of sunscreens to sun struck windows. Staff may also be able to assist homeowners with the repair or replacement of inefficient or non operable appliances and water heaters.

CVRMC celebrates groundbreaking for new expansion

By **Andrea Justice**
Copper Area News

With a ceremonial shovel of dirt Cobre Valley Regional Medical Center celebrated the future of health care in the Copper Corridor on Thursday, Feb. 5, 2015. CVRMC welcomed over 300 community members from Globe, Miami, San Carlos, Roosevelt, Superior, Kearny, Winkelman, Hayden, and Young to witness the groundbreaking for CVRMC's new expansion project. The expansion will include a new Family Birth Center, along with new Med/Surg rooms, a Cath Lab, and a pharmacy.

CVRMC's Evelyn Vargas welcomed the crowd. "Today marks the beginning of a new age of health care in our region," said Vargas. Copper painted shovels were presented to community groundbreakers by the directors, managers and support staff of CVRMC. Those receiving a shovel

included various companies from around the Copper Corridor, the Cattle Growers Association, educators, fire personnel, emergency medical services, air and ground ambulance services, county health, police, sheriff, city and town leaders, nursing facilities, spiritual leaders, medical board of directors, volunteers and the media.

Chief Executive Officer of CVRMC Neal Jensen also addressed the crowd. "It is with gratitude that I stand here today as we embark on a major expansion to bring each of you, our families, friends and neighbors a patient-centered health care facility," said Jensen. "Today marks the beginning of a new physical structure for our medical center but you will continue to see and feel the same excellent care from our team of dedicated physicians, nurses, technicians and staff who are working every day to provide compassionate, high quality care."

Officials use the special ceremonial golden shovels to break ground at the Cobre Valley Regional Medical Center for their new expansion.

Pre registration for the hikes, walks tours and meals encouraged. To register online visit: <http://bit.ly/LOSTEVENT15> or you may call Nancy Vogler at 520-827-9461 or Mila Besich-Lira 520-827-0676.

Pancakes and ashes mark beginning of Lenten

For centuries the Lenten tradition is to clear out the kitchen cabinets of flour, sugar and leavening agents to prepare for 40 days of fasting. This started the tradition of pancake races, pancake breakfasts and suppers around the world.

The Church of the Good Shepherd will treat you to a dinner of pancakes, sausage, beverage and great fellowship as much fun as the Mardi Gras' held round the world. Tickets are \$5 for adults and \$3 for children.

One hundred percent of the proceeds from this dinner will go to the International Imagine No Malaria campaign sponsored by the United Methodist church and the Bill Gates Foundation. In addition, this year money will be shared with fighting Ebola. Both diseases are prevalent in Africa so it is fitting that money will be used to

fight both deadly diseases.

The pancake supper is Tuesday, Feb 17, 2015 from 5 p.m. to 7 p.m. and will be held in Ray Hall at the Church of the Good Shepherd.

The next day on Ash Wednesday a new event will take place in front of Bank of the West from 10 a.m. to 1 p.m. Drive by Ashes is a fairly new concept. Last Year Rev. Holliday who was serving the Safford Methodist Church tried the concept which was very successful. He was transferred this past July to Tucson and this year five churches in the Desert South West South District of the United Methodist Church are scheduling Drive by Ashes.

Those interested will be able to receive a blessing in the form of ashes which begins the Lenten Season as a form of spiritual renewal.

Community Schools Basketball heads to Kearny

As this new year has begun, we look forward to Community Schools Athletic League which is a range of school districts including the Oracle School District, Mammoth-San Manuel (MSM) Unified School District, Hayden-Winkelman Unified School District and the Ray Unified School District. These programs include soccer, flag football, basketball, wrestling, Aikido karate, kids cooking, swimming and cheerleading/

spirit squad through multiple events.

Basketball season is in full swing and Saturday games were held in Kearny at the Ray High School gym.

Lisa Armenta, community schools director at Mammoth-San Manuel, is excited about the new year and the activities for the youth. For those of you not familiar with community schools basketball program it has four age appropriate divisions:

kindergarten/down, first/second grade, third/fourth grade and fifth/sixth grade. The junior high division that community schools has tried to put in place simply doesn't work due to incredible success of the four Copper Corridor school district programs.

The reason the MSM Community Schools Athletics Program is blooming is through the volunteers that give selflessly their time

and dedication to help the youth of our communities. Let's make this year another great year!

If you have the opportunity to watch any of the upcoming games, please do so. If you have questions or need additional information, please refer to MSM Community Schools Facebook page at: Msm CommunitySchools or contact Lisa Armenta at 520-385-2337 ext. 1110.
