OBITUARIES

Chaille Ann McGrew

Chaille Ann McGrew, born July 19, 1940, passed away peacefully in her home on Feb. 13, 2018.

Chaille loved the San Manuel community where she happily lived for the past 48 years. She taught in the Mammoth-San Manuel School District and retired in 2002, making many life-long friends. As a devoted member of the Church of Jesus Christ of Latter-day Saints, she faithfully served her ward, family and friends.

She was passionate about painting and sewing and used her many talents to create projects for humanitarian aid. An avid reader, she

dedicated many hours of service to the San Manuel Public Library where she wanted to share her love of books with others.

Her grandchildren were the epicenter of her life, and she adored sharing their pictures and stories with everyone. Her grandchildren all agree that she was the best grandmother ever!

She is survived by her husband, Kenneth, and her three children, Ken, Amy (David) and Julie (Paul); and her

younger brother, Edgar Crews (Carolyn). She is also survived by her 7 grandchildren, Blaine, Trevor, Megan, Paige, Carter, Carrie and Mary Jane. She is preceded in death by her son, Michael.

A Memorial Service will be held at 11 a.m. on Saturday, Feb. 24, 2018 at the Church of Jesus Christ of Latter-day Saints (101 S. Giffen Avenue, San Manuel). We welcome all to celebrate her life with us.

Interment will follow Binghampton Cemetery, Tucson.

Norma Lara Sanchez

Norma Lara Sanchez, 73, passed away Feb. 15, 2018, surrounded by family and friends. She was born Feb. 26, 1944 to Geraldo Lara and Maria "Chiquita" Lara in Douglas, Ariz., where she was raised and attended high school.

She is survived by her loving husband of 25 years, Martin Saenz Sanchez; brothers and sisters, Mercedes Lara, Jerry Lara, Larry (Frances) Lara, Ruby Lara, Lupe (Alfredo) Cornidez and Sandy (Peter) Quinonez; sons, Mario (Lydia) Sanchez, Jerry (Suzie) Sanchez, Joey Sanchez, and Frank (Kathy) Smith; stepchildren, Gilbert (Zina) Sanchez; Tino Sanchez, Tina Sanchez, Rachel Medina, Lindy Lopez, Wilo Dickson and Albert Chavez; grandchildren, Joey (Dawn) Sanchez, Joshua (Erica) Sanchez, Jeremy Sanchez, Jonathan Sanchez, Mario (Tiffany) Sanchez III, Megan Sanchez, Frank Smith III, Brittney Smith, Alexander Smith, Mercy Sanchez, Mandy Sanchez, Angelica Molina, Chad (Aubree) Vargas, Helena Sanchez, Burgundy Sanchez, Autumn Sanchez, Mackinzie Nelson, Francine Nelson and Vanessa Ochoa; many nieces

and nephews and several great-grandchildren.

She is preceded in death by her father, mother and brothers, Manuel Lara and Jack Lara.

Norma resided in Mammoth, Ariz. for the past 40 years and was employed by the county assessor's office and Pinal County as a social worker in the Tri-Community. Norma's favorite things to do were attend church, spend time with her family and friends and host family gatherings. She was also known for volunteering with at-risk youth. She created and managed the breakdance group "Untouchable Image," leaving a lasting, positive impact on many Mammoth area teens in the 80s. She was often described as a strong woman of God with a big heart and vivacious attitude.

She raised four sons as a single mother. Norma was constantly thinking of others and kept in communication, whether it be lending a helping hand or providing a listening ear. Her home was the central hub for holiday family gatherings, complete with her spot-on gift giving, indoor game nights, basketball games and outdoor seating under the Mammoth stars. She had her own sense of fashion, often wearing loud prints, or her favorite color burgundy. She loved teaching drama and Sunday School at her church, collecting photos, doing crafts with and helping raise her grandchildren, and spending time with her family and her husband Martin. Everyone felt loved by her in many ways, whether she was just listening to you, giving advice, or taking you shopping. There was no mistaking how much she cared for everyone. Norma befriended and knew many in the community and her loss will be deeply felt.

Services will be held Wednesday, Feb. 21, 2018 at the Potter's House Christian Fellowship Center located at 212 Main St., Mammoth. A viewing will take place at 9 a.m. followed by church services at 10 a.m. Her final resting place will be at the Valley View Cemetery in Mammoth at 11 a.m., immediately followed by a reception at the San Pedro Valley Lions Club 115 S. Main Street.

SM Jr./Sr. High implements new cell phone policy

By **John Hernandez**
San Manuel Miner

The Mammoth-San Manuel School District has in place a new cell phone policy. Electronic devices, if brought to campus, must be turned off and placed in individual lockers during

school hours.

The lockers are located at the main office and separated by grade and marked with the student's name and ID number. The lockers are only accessed by the administration. Only four people are assigned to control access to the locker room. No other staff or students are allowed in the locker room.

Flyers were sent out to parents before the Christmas break notifying them of the policy.

The policy is intended to "keep the kids focused on the classroom," said Superintendent/Principal Julie Dale-Scott. "They should not be distracted or use the phones to meet up with other students during school hours."

"Parents," she added, "have a responsibility to work with the school to enforce policy. We want their parents engaged with us to support the policy."

There are consequences for kids misusing the phones and violating policy. The first time violation results in the parents having to pick up the phone. The second violation consequence is an automatic In School Suspension and confiscation of the phone which the parent must pick up. On the third violation, the phone will be confiscated and the student will serve a Saturday school suspension and must perform community service at the school's discretion.

Hypertension: What Exactly Do Your Blood Pressure Numbers Mean?

Hypertension is defined as blood pressure above agreed upon limits. Normal blood pressure is usually agreed to be 120/80. These numbers mean that the “systolic,” or top reading, is 120 millimeters of mercury (mm Hg or 2.32 psi), whereas the “diastolic,” or lower reading, is 80 mm Hg. Systolic refers to when the heart pumps blood out into the system. It is effected by how strong the pulse is and by how well the blood vessels are able to absorb the pressure, or how “elastic” they are. Diastolic refers the resting pressure.

The cardiovascular system is a closed system. It consists of “pipes” which are the blood vessels, a “pump” or heart, and two releasing “valves” or kidneys. The blood vessels (pipes) are connected to each other. The arteries leave the

heart (pump) and branch out into 30,000 miles of vessels that connect directly to the returning 30,000 miles of veins. Because this is a closed system changes in the amounts of fluid (blood) and changes in the overall space (vessels) and changes in the force (heart) driving the fluid are all reflected in changes in the blood pressure.

For example, if the kidneys stop releasing fluid then fluid will back up and cause a rise in pressure. If the heart starts pumping very strongly then the pressure will rise. And, if the blood vessels constrict or lose their elasticity then pressure will rise.

This is a dynamic system with all three of these components working together to maintain a healthy blood pressure that ensures delivery of blood to all the cells of the body without jeopardizing any of its parts.

A designation of hypertension is influenced by scientific studies and lobbying efforts. The upper limits have seen two major decreases in the past few years. The upper limits for safe blood pressure as recommended by the American Heart Association has gone from 140/90 to 135/90 to the most recent 130/90 thereby including half the population of the U.S.A.

Very high blood pressure is considered anything over 180/90. Some individuals may have readings higher than 200/100. These are

not necessarily alarming, though they need to be addressed. If the pressure stays high for a long period of time then it is a concern that the pressure itself may cause damage. High blood pressure may rupture blood vessels, especially the very small capillaries.

There is a distinction that is made between “long standing hypertension” and “hypertensive urgency” and “hypertensive emergency.”

Anyone with hypertension should be followed to monitor what factors effect it and to determine if regulation is appropriate. Hardening of the arteries from a poor diet can cause hypertension as can constriction of blood vessels from high stress. The situation becomes “urgent” when a person starts having symptoms like shortness of breath or swelling in the ankles. This requires attention and probably medication of some kind. An “emergency” situation occurs when the symptoms reflect organ damage caused by the pressure. Examples of organ damage include strokes or disorientation caused by pressure and/or blood vessel ruptures or blockages in the brain and fluid buildup around the heart (congestive heart failure). Also, visual disturbances can signal ruptured vessels in the eyes and blood in the urine can indicate kidney failure. These are all signs that immediate action should be taken to prevent total

Changing Times

I want to first add a few of Annie Forbach's memories of how it was along Aravaipa Creek as she was growing up where her family, the James Brandenburgs, had settled in 1888. She wrote that great numbers of people came to the Aravaipa for camping and to enjoy the cool climate, as well as the fresh fruit, vegetables, and melons during the summers, and that the creek was a good attraction for everyone to wade, bathe, swim, and fish. She also wrote that before she went away to college, her mother and she kept boarders through the summers in their nine-room house.

Annie also wrote that her family's fruit produce was marketed in Hayden, and the fruit was delivered to the depot in Winkelman and shipped by train to Kelvin and Ray. Also, that Henness, Giffin,

and Leonard had stores in Winkelman, Kelvin, and Ray. The Brandenburgs had previously done business in Mammoth, or Dudleyville which was just a store and post office, after which they went to Winkelman for their shopping and mail. Annie wrote that they always passed the ruins of old Camp Grant, and the walls were not very tall, no roof, only the door and window openings, but evidence was all around the buildings of the past. Sometimes old cartridge shells or soldier uniform buttons were found.

Annie wrote that after she was a teacher in Winkelman for the second time, she had a teacher friend, Ruby, who taught at a small mining camp, Chilito, about 15 miles from Winkelman, and Ruby had about 30 pupils in her school, all grades and mostly Mexican children. Chilito also

had a post office and store. Annie also mentioned Mr. Chittendon, the manager of the mine and camp, who kept the men working at the mine and supervised the ore hauling to the mill at Hayden. She wrote that the ore was brought from the mine by numbers of pack burros that carried the ore in pack boxes and transported the ore to a loading platform where it was loaded on the wagons and taken by team to Hayden.

How things had changed! They had changed for Annie, too! She wrote that during her last year of teaching in Hayden she had met her future husband, Albert Forbach, who then was working in the Wells Fargo Express Office at the Hayden Depot, and they were married on May 19, 1918. It was from their son, Alvin Forbach, that I was so fortunate to be given copies
