## OBITUARY

# Dirl Lynn Cole

Dirl Lynn Cole, age 71, of San Tan Valley, AZ passed into eternal life Thursday, Feb. 21, 2019 in Mesa, AZ.

Funeral Services were held Tuesday, Feb. 26, at Berean Baptist Church in San Tan Valley, AZ, followed graveside services at the Globe Cemetery, in Globe.

Dirl was born Dec. 3, 1947 at the Miami-Inspiration Hospital in Miami, AZ to Marvin and Nola Cole. He was raised on Moonshine Hill in Inspiration. After graduating from Miami High School in 1965, he set off to attend Arizona State University (ASU) where he enrolled as an Army ROTC Cadet majoring in Education. It was at ASU that he met the love of his life, Karen E. Morey, of Superior. It was love at first sight with Dirl giving Karen a thump on the head in Hayden Library the first time they met. They were married Sept. 9, 1967 in Superior.

Dirl graduated from ASU in 1970 with a BA Degree

in Education, and minor in Mathematics. Having completed his ROTC training, he reported for active duty in the Army as a 2nd Lieutenant. He attended Signal Officer School in Fort Gordon, GA and was stationed at Foot Hood, TX- 39th Signal Battalion. In Fall of 1971 Dirl was deployed to Vietnam. He was granted a short leave of absence in February of 1972 to be present at the birth of his first child, a daughter, Dorinda Manone. His home stay was short and 3 days after her birth he returned to Vietnam. He completed his Vietnam tour and was as promoted to the rank of 1st Lieutenant. He was honorably discharged in mid 1972 after having met his active duty commitment.

After his discharge he immediately obtained his first teaching position in Clifton, AZ as an Auto/Welding teacher for the 1972 school year. In March of 1974, Dirl and Karen were blessed with their second child, a son, Dirl Markly "Mark". The small family continued to live in Clifton until 1976 when Dirl found a teaching position working for the Superior Unified School District (SUSD). This allowed Dirl and his growing family to live closer to relatives. In November of 1977, Dirl's third child, Bryan Tom, was born. Dirl initially taught auto, welding and driver's education classes, however as computers and technology entered schools as well as having a heart attack at the age of 45, he transitioned out of classroom teaching to become Vocational Director and later Technology Coordinator for the school district.

During his 30+ years of service to SUSD he was actively involved in coaching football, being the official timekeeper for football, basketball and wrestling, and attending multiple athletic events as his children attended school. He was involved in writing/applying for multiple grants and partnering with other school districts to obtain much need funds and programs to allow for students to have hands on experiences in multiple vocational and technology fields of study. In 1996 following the high

school graduation of their youngest son and death of his father-in-law, Dirl and Karen moved to Claypool, AZ to be closer to aging family members. In 2005, Dirl started working both for the school district as well as for Cobre Valley Institute of Technology(CVIT) as the Program Director. After retirement from SUSD in 2008, Dirl and Karen moved to San Tan Valley, AZ to be closer to family in the valley. Dirl remained working for CVIT until 2012 when he fully retired.

Dirl was devout Christian, a faithful and loving husband, father, son, son-in-law, brother, uncle and friend to many. He was a dedicated educator who enjoyed providing practical, hands-on educational experiences within the vocational and technology fields of study to students of rural schools. From a young age he loved being outdoors and as an adult took advantage of summer times to not only to camp and fish with his family, but also to mentor/coach youth and young adults participating in the JTPA programs and ASU Camp Tontazona football camping experiences. His love for camping was passed down to his children and grandchildren who enjoyed many summers together doing so in both Arizona and Washington State. In his spare time he enjoyed reading adventure novels, watching comedic military related movies/TV shows such as Kelly's Heroes and M\*A\*S\*H, and staying in touch with friends. He is dearly loved and will truly be missed.

Dirl is preceded in death by his wife, Karen Cole on Jan. 3, 2019; father, Marvin Cole on May 5, 2000; and mother, Nola Cole on Nov. 19, 2017.

Dirl is survived by his daughter, Dorinda (Jim) Johns of Gilbert, AZ; son, Dirl "Mark"(Janice) Cole of Cave Creek, AZ; son, Bryan (Gina) Cole of Fife, WA; brother, Coye (Paula) Cole of Washington, UT; sister, Sue (Wayne) Asberry of Claypool, AZ; and 7 grandchildren, Amber, Katelyn, Connor, AnaSofia, LiliAna, Amelia, and John.

# Esteban 'Steve' Ramirez

Esteban (Steve) Ramirez, passed away at his home on Feb. 20, 2019, surrounded by his loving family. Esteban was born in 1938 in the mining town of Superior, Arizona. He and his wife, Helen, lived and raised their family in Mammoth.

Steve is survived by Helen, his loving wife of 48 years. Steve and Helen's family are Maria Lisa Ramirez, Jenny Marie (Ed) Beasley, Chris Ramirez, Rene Ramirez, and Manuel (Cathy) Sanchez. There are nine grandchildren: Kenny, Brian, Nico, Brittany, Bianca, Edward, Blake, Garren, and Sofia; in addition to five great grandchildren.

Steve's siblings are Robert (Maria), Pablo (Chela), and Alfredo (Yolanda). Family also includes sister-in-law, Yolanda (Dennis) Marquez, many nephews, nieces, and extended relatives. Preceded in death by his parents, Policarpio and Blasa Levario Ramirez; granddaughter, Alycia; brother, Arthur; and sister, Angelina.

Steve served four years in the Army from 1969 - 1973. He also was in the Army Reserve from 1973 - 1977. He worked at Magma in Superior, Kennecott in Ray, and retired from Asarco Ray Mine as a mechanic.

Steve was devoted to God and was an

active member of Blessed Sacrament Catholic Church in Mammoth. He loved praying the rosary and visiting the homebound as a Eucharistic minister. Steve was always willing to help anyone in need.

His hobbies included fishing, playing the guitar, painting, designing unique canes, batches of his famous salsa, and being the piped piper to his many stray cats.

Steve was a kind and very generous man. He loved his family and was always ready to visit with the many relatives and friends. His quiet nature will be missed by all. May he rest in peace.

Services will be Saturday, March 9, at Blessed Sacrament Catholic Church, 122 Church Drive, Mammoth, AZ.

Rosary begins at 9 a.m. and followed by Mass at 10 a.m. Inurnment will take place with military honors at Valley View Cemetery, 125 N Clark Rd, Mammoth, AZ following services.

Family was assisted by Griffith Mortuary, Kearny,

## Latest snow and ice accumulation can create problems for your home

FLORENCE, AZ – It's a subject not thought of in this area of the state, but our recent winter storm has brought up the subject of the dangers of snow and ice to your home.

We do not have many high pitched "A" Frame homes in Pinal County with many of them flat or slightly pitched roofs. Home owners with those flat or slightly pitched roofs should understand that their roofs are at the greatest risk of buckling under heavy snow and ice accumulations. If heavy

snow or ice occurs try to get it off the roof before it becomes a safety hazard.

Here are some general safety tips if you find yourself in this situation. (Remember safety first, don't climb on your roof if you don't have the proper safety equipment.) If you are unsure about completing this, you should contact a professional to help out.

### DO

- Metal tools may cause damage to your roof. Try a plastic shovel or push broom

instead.

- Have someone outside with you to assist.
- Wear protective headgear and goggles when performing any of these tasks.
- Start from the edge and work your way up the roof, only as far as you're able to do so safely.
- Try to shave the snow down to 2 or 3 inches on the roof instead of scraping the roof clean, which will risk damage to your shingles or other roof covering.

- Keep all ladders, shovels, and roof rakes away from utility wires.
- Keep gutters and drains clean and free of ice, snow, and other debris, and keep downspouts clean at ground level.
- Carefully remove large icicles if they're hanging over doorways and walkways.
- Clear snow away from furnace and dryer exhaust vents to prevent carbon monoxide poisoning. Make sure you have working

# Bike Jamboree Around the World traverses the Copper Corridor

Despite the rain and snowy weather that descended upon Arizona last week, a group of five Polish cyclists took part in the Arizona leg of the Bike Jamboree Around the World. Mariusz Orlik, Jarek Ba, Anna Studnicka, Marek Zalweski and Ola Slawek are all Polish residents who are participating in the two year Jamboree coordinated by the Polish Safety and Guiding organization, which is similar to Boy Scouts and Girl Scouts in America. The Jamboree website describes the event as “an ambitious project aiming to present scouting as the unique movement involving young, extraordinary people. People who, regardless their nationality, culture, religion and outlook on life, can cooperate with each other.”

This Jamboree started in 2015 and is expected to end at the World Scout Jamboree in West Virginia, USA which will begin on July 22 and end in early August. The Jamboree started in May of 2017 and has traveled through Asia, Russia, Siberia and Mongolia. By the time the Jamboree is complete, those participating will have traveled 21,750 miles and 21 countries. Each segment is cycled by a team of at least five people and a sixth person may attend from another Scouting group depending on the country they are cycling through.

The group cycling from Arizona flew into Los Angeles and drove to Tucson to start their Arizona adventure which will travel from Tucson to the Grand Canyon. Encountering so much rain and snow has delayed their adventure a bit more than expected but along the way in the Copper Corridor they have met a few helpful residents who have aided them.

Once in Tucson, they camped at Catalina State Park before making their way to Winkelman where they were assisted by Rose Slotter at the Palo Verde RV Park. With the cold, wet weather becoming more of a hinderance to

the trip, Rose welcomed them into her home for a dinner and overnight stay and breakfast.

The cyclists started on their trip to Globe on Highway 77 over El Capitan pass. Rose did not want to see them have too much of a struggle so she drove over to Globe and picked up lunch to take to them and help them along the way. The pass proved to be challenging for a few of the riders so she loaded them and their bikes and away they went to Globe. Once in Globe she helped them find a repair shop that was able to help with a few bike repairs and to shop for groceries, with the bad weather setting in she knew it would be an additional challenge for them to be cycling to the grocery store for supplies.

What no one could have expected, was the winter storm of all storms to get in the way of this trip. The cyclists were held up in Globe and eventually made it down to Superior after being delayed with road closures, snow and ice. They had planned to camp at Oak Flats but traveled into Superior to camp at the Box 8 Ranch due to the heavy snow fall and running creeks at Oak Flats. They were all impressed at how friendly and helpful everyone has been on their journey. They were curious as to why the mountain in Superior in has a big S on it, which was explained that letters on the mountains are a landmark and brand for each little mining town in the area.

# Resolution Copper Company: No. 9 Shaft Deepening Update

Resolution Copper's proposed mine continues to make progress on all fronts, gaining momentum as they lay the groundwork for a modern, world-class operation that will continue to be an economic engine for Arizona in the coming decades.

Resolution Copper recently reached a key milestone in its development, with other critical work on track for completion in the near future. Work is progressing on schedule to deepen the historic No. 9 shaft, originally constructed in 1971. The project scope consists of rehabilitating the shaft, sinking it to approximately 2,086 meters and linking it with the newer No. 10 shaft completed in 2014. The rehabilitation phase was completed in December 2018 after approximately two years, and the deepening phase will require another two years, commencing in the second quarter of 2019. The project is on track to be completed in early 2021. Connecting the shafts will enhance safety and establish the basis for developing towards the copper deposit. The shaft connection will provide a second egress route between the two shafts, and improve ventilation.

The No. 9 shaft deepening project has made significant achievements over the last three months. Following successful cleanup of the existing shaft bottom in December 2018, the shaft crew proceeded to outfit the 4,000-ft level with a bulk air cooler that will chill the intake air for the No. 9 shaft sinking. The crews sinking the shaft use a Galloway work stage, which allows the miners to do their work with a high degree of automation, withdraw during the blast, and then quickly return to the bottom and repeat the cycle. The five-deck work stage has four jumbo drilling machines, two shaft mucking machines, a concrete pouring system, and all the tools needed to advance the utilities (pipelines, electricity, etc.). The Galloway used to complete the shaft rehabilitation was also removed from the shaft to make room for the sinking Galloway, which is specially designed to support the deepening work. Removal and installation of these Galloways involved technically complex lifts with multiple steps that were well planned for safe and efficient execution.

Another significant achievement is the successful phase-1 commissioning and testing of the emergency generator system. In the event of a site power outage, the addition of these generators provides the ability to operate the auxiliary hoists for both No. 10 and No. 9 shafts and to restart the necessary refrigeration, ventilation and pumping to maintain the infrastructure at Temporary Pump Level 2 (TPL2). Looking forward, the project will focus on surface setup and shaft services work to support the sinking, completing the infrastructure

installation on the 4,000 level, which is underway, and finishing the Oak Flat substation transformer upgrade.

Work on the No. 9 shaft is creating procurement and job opportunities throughout the four-year span of this project. The company is hiring locally, developing local talent, and purchasing goods and services in the local community whenever the right skills and services are available. Resolution

Copper contractors also hire and procure locally through a local participation plan. The company is participating in the Copper Communities Supplier Source program to ensure local communities are aware of new business and employment opportunities.

# Through our readers' viewfinders: Photos of the 'monster storm'

Snow in the desert is an unusual occurrence and last week's storm dumped enough snow to shut down the highways and give kids a 'snow day' to enjoy. Much of Copper Area's news coverage of the storm was done through Facebook. Looking at posts from residents in the Superior area, we found many excellent photos from the storm and thought to share them with our readers. We hope you enjoy them as much as we do. The photographers' names are with each photo.

### Play Bingo in Miami

In 2019, Bingo at Our Lady of the Blessed Sacrament Church on Sullivan St. in Miami will be held on the first and third Tuesday of the month. Those over age 18 are welcome to join in, starting at 6 p.m., with doors opening at 5 p.m. There will be three Early Bird games and then the rest of a 21 game pack. Packs are \$19 per player. There will be a snack bar. If you would like more information about CDA or Bingo, please contact Mary Stemm, Regent via email [atjmstemm@cablone.net](mailto:atjmstemm@cablone.net).

## CYCLISTS

Continued from page 4

Their tents were set up to stay warm on the cold clear night and they would leave Superior on Sunday to travel to Apache Junction. The next leg of

their trip from Apache Junction will take them through the Apache Trail to Roosevelt Lake and then on to Payson, Sedona, Flagstaff, then finally

the Grand Canyon. They will treat themselves to a visit to Las Vegas and the fly home from Los Angeles. They have six weeks to complete their leg of

the Jamboree.

You can follow them on Facebook at: <https://www.facebook.com/BikeJamboreeWArizonie/>

## ICE AND SNOW

Continued from page 3

smoke and carbon monoxide alarms on every level of your home.

- Clear snow from fire hydrants near your home or business.

### DON'T

- Don't stand on or place heavy equipment on the roof unless approved by a registered professional engineer.

- Don't use a ladder, since ice tends to build up on both the rungs of the ladder and the soles of your boots. If using a ladder, be extra cautious during cold and

icy weather.

- Don't use blow torches, open flames, or electric heating devices like hair dryers or heat guns to remove snow and ice.

### Warning Signs of Structural Roof Problems

- Sagging roofs
- Severe leaks
- Cracked or split wood members
- Bends or ripples in supports
- Cracks in walls or masonry
- Sheared-off screws from steel frames

- Sprinkler heads that have dropped down below ceiling tiles

- Doors that pop open

- Doors or windows that are difficult to open

- Bowed utility pipes or conduit attached at ceiling

- Creaking, cracking, or popping sounds

### What to Do if You Have Structural Damage

- If you notice any signs of roof damage, or suspect a gas leak from falling ice or snow,

leave the building immediately without touching light switches and call 9-1-1 from an outside location.

Enjoy the snow, before you know it, summer will be here.

**Cards of Thanks**

The family of Cornelio A. Lopez would like to thank everyone for your kindness and sympathy during our time of loss. It gives great comfort to know that you were thinking of us as we grieve the passing of our husband, father, grandfather and brother.

Our special thanks to Father Alex Tigga, Griffith Mortuary, Bernadette Munoz and Josie Zapata for your services in making the mass and funeral a time for us to reflect and find comfort.

We would like to thank La Casita for the catering of food for the luncheon and to Carol and Melissa Monroy, Terri Bravo, and Toni Ann Aguirre for helping to serve our family and guests. Thanks to all of you for the cards, flowers, food donations and visits. All your support is appreciated and heartfelt.

Thanks again to all. We deeply appreciate all you have done for our family.

Cecilia Lopez, Billy and Arturo Lopez, Laura, Angelica, Selena, and Billy Lopez, Jr., Josie and Frank Zapata, Mickie and Denny Wasko, Gerri and Chacho Bracamonte
