Gladys Martinez awarded March Yard of the Month

Gladys Martinez's yard at 417 Danbury is the Yard of the Month for March. It was nominated by Cassidy, Gladys' eleven-year-old granddaughter, through the cooperation of the elementary school with the Journey for a Clean Kearny group. Cassidy likes her grandmother's yard because it is neat and well-cared for, and because she especially appreciates the summer months when the flowers are tall and prolific.

Kearny Police Report

According to state law, there are two methods by which police may arrest suspected offenders. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damages are estimates.

Activity listed from Feb. 27 to March 5.
Feb. 28

A search warrant was served in the 400 block of Greenwich Rd.

March 2

Theft was reported in the 600 block of York Dr.

March 3

A juvenile was arrested in the area of Jamestown Rd. and York Dr. and was charged with possession of marijuana.

Theft was reported in the 500 block of Victoria Cir.

March 4

Fire was reported in the Kearny area near Gila River.

Calls not listed include: ambulance request (10), traffic stop (7), animal/cattle complaint (3), citizen assist (10), suspicious activity (2), agency assist (4), civil stand by (1), illegal dumping (1), extra patrol (1), disturbance (1), civil matter (1), abandoned vehicle (1) and 911 hang-up (1).

EMS, RAD and Kearny's 10-Year Plan

Many things happened along the Gila, but I missed them because I was residing in the intensive care unit at Oro Valley Hospital in Tucson. I felt pains in my chest on Tuesday night and called 911. Our fine Kearny EMS (and officer Ken Boldin) were at my door in a minute, and soon decided that I was the winner of a helicopter ride. Once I was in and we took off, it took only 18 minutes.

The emergency doctors were skilled and courteous, and got me wired up for the ICU. Well, I didn't have a heart attack, but I do have pericarditis which mimics the symptoms of a heart attack. I am home now, weak but alert, and seeing the pain diminish a little every day.

Well, while I was away, Horizon Health opened its doors in the old bank building which they have been rehabbing for some time now; RAD sanitation services delivered the new recycling bins and an explanatory letter about the garbage service, and the Kearny Town Council voted not to have a shared police chief with Hayden, Winkelman, and Mammoth.

On top of that, there's a new café in Mammoth that I need to check out, and I missed my opportunity to emcee the Country and Gospel concert at Good Shepherd Church in Kearny. I also missed saying "goodbye" to the missionary NOMADS who provided three weeks of service to Kearny, including work at the Hand Me Up Shop.

The one thing I managed to accomplish was to find a way

U.S. Forest Service seeks public input on criteria for Resolution Copper mining debris tailings site

Concerns on how site would affect local life and the environment sought at two workshops

By **James J. Hodl**
Copper Area News

Officials with the U.S. Forest Service and Tonto National Forest will conduct two public workshops this month to collect information on what the public deems important with regard to mine tailings as the Forest Service analyzes alternate locations for Resolution Copper's proposed tailings facility.

Resolution Copper's General Plan of Operations (GPO) for a large-scale copper mine near Superior proposes that tailings (the waste material left over after processing) be pumped as a slurry to a tailings disposal facility located on national forest land between the towns of Queen Valley and Superior. The tailings facility would grow in phases, and eventually occupy about 4,400 acres (including associated structures) of national forest land.

The first workshop is scheduled to take place March 21 from 5 to 8 p.m. in the Superior High School located at 100 Panther Dr. (formerly 100 Mary Drive) in Superior. The second session is set for March 22 from 5 to 8 p.m. in the Gilbert Southeast Regional Library located at 775 N. Greenfield Road in Gilbert.

"The workshops are not intended as a 'vote' for any specific alternate tailings location," according to U.S. Forest Service Project Manager Mary Rasmussen. "Instead, using

given workshop criteria, the sessions will allow attendees to provide feedback on what they feel are the most important variables to consider for a tailings location.

"This feedback will give the U.S. Forest Service a means for evaluating alternate tailings locations using stakeholder derived interests and values," Rasmussen explained.

The workshops are part of an ongoing effort to develop and Environmental Impact Statement (EIS) for approval of Resolution Copper's GPO concerning proposed large-scale mining operations in the Oak Flats area. It is separate from a parallel EIS being developed concerning public use of the Apache Leap area west of Oak Flats that Resolution Copper traded with the U.S. Forest Service to secure copper mining rights at Oak Flats.

Of special concern is how the modern copper mining technology Resolution Copper will use to remove copper deposits deep underground through vertical shafts by employing a technique called block caving. The method requires less blasting and drilling when compared to traditional mining. Copper concentrate extracted by this process will under the Resolution GPO be pumped 22 miles southwest along the existing Magma Railroad corridor for additional processing. Tailings left after processing will be disposed

Bearcats bounce back after loss

By Andrew Luberda
Copper Basin News

The Ray baseball team shook off a one-run 4-3 loss at St. Augustine last Tuesday by winning back-to-back games versus Pima and San Manuel last Thursday and Friday, respectively. In the first of two lopsided wins last week, the Cats scored six runs in the third and

12 more in the fourth of an 18 – 6 victory against Pima on Mar. 9.

Six players drove in at least two runs versus the Roughriders, including Anthony Acuna and Jaden Pace, who had three each. Anthony Lopez, Brett Fackiner, Christian Day, and Richard Valenzuela had two RBI apiece.

Pace, a sophomore, went 5-for-5,

Natural Gas Safety

Wherever you live, work, or play.

NATURAL GAS LINES

can be buried anywhere, even in areas where homes don't use natural gas. So it's important that **EVERYONE** knows how to recognize and respond to a natural gas leak, wherever they are.

A LEAK MAY BE PRESENT IF YOU:

SMELL:

a distinct sulfur-like odor, similar to rotten eggs, even if it's faint or momentary.

HEAR:

a hissing or roaring coming from the ground or above-ground piping.

SEE:

dirt or water blowing into the air, unexplained dead or dying grass or plants, or standing water continuously bubbling.

IF YOU SUSPECT A LEAK

- **Exit the area or building immediately.** Tell others to evacuate and leave doors open.
- From a safe place, call 911 and Southwest Gas at **877-860-6020**, day or night, whether you're a customer or not. A Southwest Gas representative will be there as soon as possible.
- Don't smoke or use matches or lighters.
- Don't turn on or off electrical switches, thermostats, or appliance controls; or do anything that could cause a spark.
- Don't start or stop an engine, or use automated (garage) doors.

Sena Acuna, Marianna Chavez and Jacob Sanchez with their first place DIY Hover Board Project.

Hayden-Winkelman students do well at Gila County Science Fair

On March 7, 2017, Hayden-Winkelman Unified School District had 50 students combined from Hayden High School and Leonor Hambly K-8 compete in multiple categories at the Gila County Science Fair in Miami. Two categories had first place wins, sending them to compete in the State Science Fair of Arizona.

The 1st place winners are Aliyana Perez and Frankie Valencia whose category is Energy-Chemical with their project ElectroMagnet. When asked why they chose to conduct this experiment, they stated they were interested in how to create an electric magnetic field.

Next group of winners are Sena Acuna, Marianna Chavez and Jacob Sanchez whose category is Engineering Mechanics with their project DIY Hover Board. When asked why they chose to conduct this experiment, they stated that hover boards are popular and they wanted to create one that was cheaper.

Mr. Deere, the Science Teacher, stated that he is proud of this group of kids and the amount of work they put in to their projects. In the 4 years that HWUSD has been participating in the Science Fairs ranging from District to County, we have had numerous projects get

No fooling – Health Fair set for April 1 in Globe

On April 1, 2017, Cobre Valley Regional Medical Center (CVRMC) will be hosting its annual Health Fair on the campus of the hospital located at 5880 S. Hospital Drive from 9 a.m. – 1 p.m.

“Our main focus is the health of all our communities. Through health screenings, education, information, and fitness activities provided by many professionals within our region, we can guide our community to healthier life choices,” affirmed Neal Jensen, CVRMC CEO. “Together, our mission is truly the health of the people we are dedicated to serve.”

The CVRMC Health Fair was designed to promote health, wellness, and injury/illness prevention by gathering many regional health and wellness professionals together in one location where free health screenings and valuable information could be disseminated to the population.

Information regarding dental health, well baby checks, air ambulance information, heart health, living wills, donor information, health careers, and much more will be provided at the health fair. CVRMC will be providing free health screenings including sleep assessments, pulse oximetry, AccuChecks, blood pressure, as well as information on breast feeding, total knee replacements, laser vein procedures, Lap Band® Weight Loss, mammography and much more. We are excited to bring the fair back this year after taking a short break due to construction.

With the goal of promoting physical wellness for all ages, the CVRMC Health Fair will kick off at 7:30 a.m. with a 5K run around the hospital and surrounding area.

For booth information, or if you have any questions please call Margo Flores at (928) 402-1111, Evelyn Vargas at (928) 402-1141, or Melissa Steele at (928) 402-1230.

Lorona/Maes team wins 2017 Mammoth-San Manuel Education Foundation golf tournament

By John Hernandez
Copper Area News

On Saturday March 11, 2017, the Mammoth-San Manuel School District held its 8th Annual Education Foundation Benefit Golf Tournament. The tournament was held at

the Hayden Municipal golf course.

Thanks to many tee box sponsors and generous donations from corporate sponsors, the Foundation were close to reaching their goal of raising \$10,000.

This year's winning team was Bob Lorona, Sam Lorona, Frank Maes and Ramon Maes with a score of 56.

Lady Miners deal champs first loss

By Andrew Luberdia
Copper Area News

The San Manuel softball team defeated the 2016 Division V State Champions last Friday, 5 – 3. It was Lady Cats' first loss of the season after starting with three-straight victories.

San Manuel scored at least one run in four different innings and held a 4 – 0 lead until Ray scored three

runs in the fifth.

Tara Lorona, a sophomore, went 2-for-4 with two RBI in defeat. Ema Alverado, a senior, hit a triple in the game. Junior Janae Ruiz had two hits in the loss.

Daniella Hinojos took the loss despite pitching well enough to win. The sophomore starter pitched six innings and allowed five runs but only two were earned. She fanned six Lady Miners' hitters and walked only one.

The ball smacks into the Bearcat catcher's glove in last week's game against San Manuel. Dietz & Roan | SMHS

Get in the swing for reading by third grade – golfing for a great reason

CASA GRANDE – The United Way of Pinal County is encouraging golfers to “get in the swing” at their upcoming annual golf tournament that is held at Robson Ranch located at 6844 S. Robson Ranch (just off Hwy. 287, east of Sunland Gin Road) in Eloy. Registration starts at 7:00 a.m., with an 8:00 a.m. shotgun start. The 18 hole course is set up in a four-man scramble format with an early registration cost of \$375, if registered by March 17, 2017. You can expect lots of on-course contests, great raffle prizes, silent auction and a satisfying lunch.

“The United Way of Pinal County Board of Directors has chosen Third Grade Reading attainment as an area of focus. In Pinal County about 30% of 3rd graders don't meet the current reading standards. It is interesting to note that 30% of high schoolers don't graduate. Is there a relationship? The Board of Directors feels there is” said Executive Director Manuela Bowler. We spend the first few years of our life learning to read so that we can spend the rest of our life reading to learn. For this reason the golf tournament proceeds will be allocated toward interventions that help address this needs gap.

Sponsorships are still available. For more information on registration or sponsorships you may visit the website at www.unitedwayofpc.org or call the office at (520) 836-0736.

including a triple. Lopez had two doubles and Noah Warren, who had three hits in the game, also tripled.

On the mound, starter Warren surrendered six runs, all of them unearned, on three hits with nine strikeouts and three walks to pick up the victory, his third of the year.

In a 13 – 2 win at San Manuel last Friday, the Cats hit three doubles and had four players with at least two RBI, including Warren (3), and Acuna, Fabian Valenzuela and Charlie Romero with two each.

Starting pitcher Richard Valenzuela went four innings, allowing two runs, both unearned, on three hits with nine strikeouts and a walk. Fabian Valenzuela tossed a hitless and scoreless inning in relief.

CVRMC recognizes Byron Belew for years of service

For nearly 10 years, the scale of commitment Mr. Byron Belew has given to Cobre Valley Regional Medical Center Board of Directors has been exemplary. His steadfast resolve and disciplined tenacity are characteristics which facilitated the advancements and growth of CVRMC both in patient care services, and the building of two clinics and the new hospital.

As Chairman of the Board from 2013-2015, Mr. Belew spent many hours of hard work with the rest of his committed board members and Neal Jensen, CVRMC CEO, in planning and finance meetings to ensure the new hospital would be effective, beneficial, and comfortable for the patients of the service region.

"I am proud to have served on the Board. People should know that the CVRMC Mission Statement, 'Our Mission is Your Health,' truly guides the actions of the Board and hospital. All those involved in operating the hospital

have a genuine concern for the care of the community," Mr. Belew responded when asked of his personal feelings while serving on the hospital board. "Although we are not big enough to have every possible healthcare service, we try to recruit those services most in demand in our community. We thus provide high-quality care, close to home, for the benefit of patients and their family members."

As a 28-year veteran employee of Freeport-McMoRan, Mr. Belew has been the Miami Smelter Manager for the past 10 years. His community involvement in healthcare demonstrates the willingness to make a difference, and a difference he has made.

"Even if you don't know what to do, get involved! When asked to serve on the Board I knew nothing about the intricacies of healthcare; I felt completely inadequate," stated Mr. Belew of his contribution to his community. "However, I found that I didn't have to know everything; there were many knowledgeable individuals that could

educate me. The main thing I needed to do was invest the time and effort to learn."

"Byron has been a true strategic leader and visionary for Cobre Valley Regional Medical Center these past 10 years," stated Neal Jensen. "His dedication and commitment has helped bring about growth and many positive changes. I am truly grateful for his unwavering perseverance and all he has given in service to CVRMC."

Mr. Byron Belew closed the conversation and his years of service by stating, "The people are what I will remember the most. Nearly everyone wants to come to work and feel valued. A principle function of the Board is to establish and oversee a system that enables people to do so. I am walking away from the Board knowing that the hospital has such a system in place. Is everything perfect – No. However, it is a good place to work, where our friends and neighbors who work at the hospital can make a real impact in the lives of their friends and neighbors who go there for care."

Copper Area News

There have been many books written about the attack on Pearl Harbor on December 7, 1941, so you might ask yourself, why another one?

The book *My Pearl Harbor Scrapbook 1941: A Nostalgic Collection of Memories* is different from earlier books in that it tells the story of Pearl Harbor with pictures, newspaper clippings, post cards, telegrams, maps and memorabilia of the times. It is put together in the format of a scrapbook and brings the war time experience to life. The memorabilia includes medals, pins, war ration books, buttons and posters.

Creator and co-author of this award-winning book, along with Ernest Arroyo, Bess Taubman has put together a book that can be enjoyed by everyone. It is entertaining as well as educational. It covers Pearl Harbor from the prelude to the attack to the

end of the war and the creation and establishment of the USS Arizona Memorial. The pictures of both the patriotic and propaganda posters are amazing. There are nice anecdotes and trivia throughout the book. Readers learn that Elvis Presley put on a benefit concert in Honolulu, Hawaii for the Arizona Memorial in 1961 raising \$64,000. What was surprising was that one could have bought a ticket to see Elvis for as low as \$3. The book even included a page at the back where one can put their own pictures of Pearl Harbor and write down their family's memories.

Author Bess Taubman has an affinity for the men who fought and died at Pearl Harbor. She feels their story needs to be preserved and told to the younger generations so they will not forget. She travels to Pearl Harbor every Dec. 7 to attend the remembrance services at the USS Arizona Memorial at the World War II Valor in the Pacific National Monument.

Bess is also the author and publisher of the Pearl Harbor Visitors Guide that is available at Pearl

Harbor.

My Pearl Harbor Scrapbook 1941 is one of the top sellers at the Pearl Harbor gift shop. It is also available at amazon.com.

Bess was a recent visitor to Leonor Hambly K-8 School.

ribbons but this is the first time that we have had any of our students win 1st place at County. Nothing can be said about how amazing it feels to know you have made it to County Science Fair but now knowing that we have students representing our school at a state level is truly outstanding.

This group of kids were not the only students who represented Hayden at the County Science Fair. Here is the list of students whose projects also took home a ribbon.

2nd Place:

- Devon Donovan, Lexi Gomez and Mario Mariscal – Category Mathematics
- Jacob Carrasco, Mario Chavez and Alejandro Martinez – Category Environmental Engineering
- Jessica Lopez and Regina Ortega – Category

Chemistry

- Robert Bohrn – Category Physics
 - Ariana Allen, Julian Corona and Emma Torres – Category Earth/Environmental Science
 - Analia Ahumada, Josiel Rodriguez and Sonia Urias – Category Earth and Planetary Science
 - Jarin Cruz – Category Environmental Science
 - Brandon Garner and Fabian Elvira – Category Computer Science
- 3rd Place:
- Anissa Estrada, Linda Kame and Martha Palafox – Category Energy: Chemical
 - Angelita Casillas and Kenny Hines – Category Cellular and Molecular Biology
 - Robert Casillas and Katrina Trevizo – Plant Science
 - Manuel Guillen and Sarrah Perez – Category

- Leticia Ahumada – Category Plant Science
 - Miranda Gomez – Category Physics
 - Chris Casillas – Category Earth/Planetary Science
 - Karissa Acuna – Category Behavioral and Social Sciences
 - Leticia Ahumada – Category Plant Sciences
 - Miranda Gomez – Category Physics
- District administration and teachers said, “We are proud of all the contestants who represented Hayden-Winkelman USD at the Gila County Science Fair. We will be cheering you on as you continue to represent our school at The State Science Fair of Arizona. Good luck!”
- And good luck from all your fans in the Copper Basin.

RESOLUTION WORKSHOPS

Continued from page 4

at a tailings facility 5.5 miles northwest of Superior on 4,400 acres of Forest Service land, according to Mary Morrissett, senior metallurgical specialist with Resolution Copper.

At the two workshops – which are open to all members of the public – Forest Service representatives will provide updates on the EIS process, describe the alternatives development process, and solicit input on the criteria being used to evaluate alternative tailings storage facility locations. The sessions will include a question-and-answer period.

A document summarizing the scoping process for the Resolution Copper Project and Land Exchange Environmental Impact Statement (EIS) was issued on March 9 and is available online at bit.ly/2mjNsCV. The report lists concerns raised during a 2016

comment period including the views of 133,396 people who participated in the public scoping meetings and cover a variety of environmental and social criteria.

Among concerns raised by the public in 2016 include if the tailings site has the potential to affect the municipal water supply of Superior and local air quality.

Could the tailings have an effect on local flora, including trees such as the Arizona alder, willow, cottonwood and sycamore? Or the Arizona Hedgehog Cactus? And could the tailings bring in noxious and invasive weeds to the area? Could the tailings site likewise endanger local wildlife, including ocelots, the Lowland Leopard Frog, and the Yellow-Billed Cuckoo?

The report also lists public concerns that the entire

Resolution Copper operation could increase area noise pollution, and traffic along U.S. 60 and Arizona Routes 79, 177, 88 and 24, and even the streets of Superior.

A full list of issues and concerns can be found on pages 130 to 141 in the report.

Persons unable to attend the workshops can participate in an online version that will be available at the project website at www.resolutionmineeis.us between March 23 and April 5.

The workshops are only one step in the EIS process, so no type of decision on the tailings site will be forthcoming in the immediate future, said John Scaggs, public affairs specialist with the Tonto National Forest.

“The EIS is projected for completion in late 2020, but I emphasize that is a projection,” he emphasized.

Sunny & 77 promises a good old fashioned great meal

Are you in the mood for a hotdog, hamburger or even good old fashioned ice cream? Are you looking to sit down in a nice, small old-timey café and have a warm meal?

Francisco Rodriguez officially opened the Sunny & 77 Grill on Saturday, Feb. 4.

Rodriguez said he and his wife decided to open a restaurant after he was in a bad accident.

"I was in a really bad accident, and I didn't know if I was going to be able to go back to work," he said. "So, we were thinking about starting some sort of fast food (place.)"

Rodriguez said he thought he would just make the place into a restaurant since the place was once a Mexican-American restaurant.

He said he first went through and had inspectors inspect the restaurant and he officially got the keys back in August.

"We had quite of bit of renovations," he said.

Francisco and his wife Sofia, repainted the restaurant, put new doors in and new tables.

Sunny & 77 Grill is focused mainly on cooking American food.

"We knew there were already three Mexican-American restaurants here, so we figured we'd focus on something different,"

said Rodriguez.

The restaurant menu includes: hamburgers, hotdogs, chicken wings, BLTs and ice cream.

"We have your typical American food," Sofia said. "I don't think anyone around here sells wings."

Sofia said there used to be a Highway 77 & Grill drive-through across from the Circle-K, by the Little League field, but it's now a ceramics shop

Sofia said a lot of people come back and say they remember the drive-through.

"Everybody comes back and everybody says, 'Oh, I remember the 77,'" she said.

The old-restaurant used to sell the Mammoth burger, which they have brought back, which was popular some time ago, Francisco and Sofia said.

"We call it, 'A throwback in time'," Sofia said.

The Mammoth burger includes: two patties, Swiss cheese, cheddar cheese and Canadian bacon with vegetables.

Francisco said he think the restaurant will be there for a long time.

"I think we're in it for the long run," he said.

Sunny & 77 Grill is open 11-8, Tuesday-Sunday. Breakfast is served all-day from Thursday through Sunday.

Francisco and Sofia Rodriguez, the owners of Sunny & 77 Grill, are flanked by their sons who are also members of their staff.
