## LETTER TO THE EDITOR

# Lots to love about the San Manuel Library

"I love this library!" A fellow San Manuel Library user said that to me one day and I had to agree. I, too, love having a library here in San Manuel.

It may look small from the inside, and it is; but, because it is linked to the Pinal County Library system, consisting of 12 libraries and access to the books held in the Central Arizona College libraries located at the three campuses, it provides me- an avid reader, researcher and writer- and the citizens of San Manuel with a massive library in a small building. This was a concern for me when I moved here four years ago, but I have been very pleased. I have not missed my several-thousand-square-foot big-city library at all.

The biggest difference between the library I left in Texas and the one in San Manuel is the funding. Here, the library desk is maintained by volunteers. Many have been volunteers for several years and are glad to help you with any questions, faxing, or getting your request filled. Unlike libraries in incorporated cities that are funded through the city tax base, there is no tax base for the San Manuel Library. San Manuel is an unincorporated town.

Pinal County provides the computers, the internet access and a majority of the library materials, as well as a small annual grant. However, all of that is useless to the user of the library if the lights are not on.

So where does this library get a majority of the money to operate? Part of the money comes from a few things: the fines collected on overdue items, the small fees charged for the use of the printers/copier/ fax machine, and the annual book sales /on-going book sales in the library. But, the lion's share of operating income is from people like you and I. Those who drop coins or dollars in the donation box located on the checkout desk and from those who send in checks or cash during the library's annual fundraising drive, and, throughout the year.

It takes your dollars, and my dollars, to ensure that there is a library here in San Manuel. Every quarter, dollar or donation check helps not only to keep the lights on but the heating and cooling, as well as the alarm system, the fire alarm system, and the insurance on not only the library

building, proper, but, the community center building across the street. The money that comes in also helps to buy some books and DVDs that the county does not provide and to support programs such as the Summer Reading Program (along with an expanding series of programs for the community).

So what is available here in San Manuel at YOUR public library? There is free internet access that is available for use with your personal electronic device and the library's four laptops, six desktop computers and a teen room with five computers for gaming or teen use for school.

There are two B&W/color printers to print from the in-house computers for a small fee, and a large copier with fax capabilities for public use, for a small fee. A new service that began in January is a digitalization station. You now have the ability to convert your personal memory VHS tapes, slides and audio cassettes and save them to a flash drive (copyright prevents converting any commercial movies). This is a free service that only requires setting up an appointment since the copying is in real time. I have my daughter's wedding to convert for my grandson.

The library also stays up-to-date on the latest movies, books and graphic novels, audiobooks. The movies nominated for an Academy Award this year are or will be available for checkout at the library for a seven-day loan. If there is an older movie you want to see, it can be requested from one of the other libraries. The same is true with books. I am reading the Alex Cross books by James Patterson, so, I have requested the ones not in San Manuel from other libraries. If you are wanting to research a topic, you can find the books you need in the Pinal County Library System. I have been researching one of the hot social issues and have found more than a dozen books on the topic. If you are wanting to binge-watch your favorite show, the library has an extensive collection of T.V. series on DVD and can usually order, from other libraries, the seasons or series not available in San Manuel.

The library also sponsors various events for the community such as a genealogy workshop and a conversational Spanish class, as well as various children's

activities throughout the year. Other events are in the planning stage.

You may think that you have no use for a library card, but, I have met people who didn't have internet access at home, but, needed access due to a trip or needed to take care of some business that required printing off a form from some business. They can get a card and take care of their business knowing that if they needed to do it again they could. Or, their child had a book for required reading, but, they didn't want to go buy a copy for the class. With a card, if the book is in the system, they could have it in a week, less if available in San Manuel.

So one never knows when a card may come in handy and if you have never had one, they are free. Get one for each member of the family. If you have lost your card, a replacement is available for only two dollars. On my card I can check out three movies, eight books, and two games.

The library is open from 9 a.m. to 5:30 p.m., Monday through Friday, and, from 10 a.m. to noon on Saturday, and, closed on national holidays.

So, yes, like my fellow library user, I love having this library here. And I hope it stays for years to come.

# Reward offered in mule deer poaching case in San Manuel

SAN MANUEL, Ariz. – The Arizona Game and Fish Department's Operation Game Thief is offering a reward of up to \$1,000 for information leading to an arrest in the case of a mule deer buck found dead March 7 off State Route 76 (Veterans Memorial Blvd.) near Redington Road.

Acting on a tip, wildlife officers found the 3 x 3 buck beneath of bridge over a wash in an area frequented by

target shooters. The deer was intact, and apparently had been shot. Physical evidence was recovered at the scene.

Illegal take of wildlife is punishable by up to a \$750 fine and six months in jail under state law.

"Poachers are not hunters. They are thieves stealing wildlife from the citizens of Arizona," said Regional Supervisor Raul Vega of Game and Fish in Tucson. "This appears to be a crime of opportunity that we will investigate further with the public's help."

Individuals with information about the case are asked to contact Operation Game Thief at 1-800-352-0700, 24-hours-a-day, seven days a week, anonymously if need be. They should reference OGT#17-000557. Information may also be provided on-line at [http://www.azgfd.gov/ogt\\_form.shtml](http://www.azgfd.gov/ogt_form.shtml).

The Arizona Game and Fish Department has trust responsibility for managing more than 800 native wildlife species – the most of any inland state – for current and future generations of Arizona citizens. [bit.ly/2mouR8P](http://bit.ly/2mouR8P)

# U.S. Forest Service seeks public input on criteria for Resolution Copper mining debris tailings site

Concerns on how site would affect local life and the environment sought at two workshops

By **James J. Hodl**  
Copper Area News

Officials with the U.S. Forest Service and Tonto National Forest will conduct two public workshops this month to collect information on what the public deems important with regard to mine tailings as the Forest Service analyzes alternate locations for Resolution Copper's proposed tailings facility.

Resolution Copper's General Plan of Operations (GPO) for a large-scale copper mine near Superior proposes that tailings (the waste material left over after processing) be pumped as a slurry to a tailings disposal facility located on national forest land between the towns of Queen Valley and Superior. The tailings facility would grow in phases, and eventually occupy about 4,400 acres (including associated structures) of national forest land.

The first workshop is scheduled to take place March 21 from 5 to 8 p.m. in the Superior High School located at 100 Panther Dr. (formerly 100 Mary Drive) in Superior. The second session is set for March 22 from 5 to 8 p.m. in the Gilbert Southeast Regional Library located at 775 N.

Greenfield Road in Gilbert.

"The workshops are not intended as a 'vote' for any specific alternate tailings location," according to U.S. Forest Service Project Manager Mary Rasmussen. "Instead, using given workshop criteria, the sessions will allow attendees to provide feedback on what they feel are the most important variables to consider for a tailings location.

"This feedback will give the U.S. Forest Service a means for evaluating alternate tailings locations using stakeholder derived interests and values," Rasmussen explained.

The workshops are part of an ongoing effort to develop and Environmental Impact Statement (EIS) for approval of Resolution Copper's GPO concerning proposed large-scale mining operations in the Oak Flats area. It is separate from a parallel EIS being developed concerning public use of the Apache Leap area west of Oak Flats that Resolution Copper traded with the U.S. Forest Service to secure copper mining rights at Oak Flats.

Of special concern is how the modern copper mining technology Resolution Copper will use to remove copper

deposits deep underground through vertical shafts by employing a technique called block caving. The method requires less blasting and drilling when compared to traditional mining. Copper concentrate extracted by this process will under the Resolution GPO be pumped 22 miles southwest along the existing Magma Railroad corridor for additional processing. Tailings left after processing will be disposed at a tailings facility 5.5 miles

Continued on page 12

The U.S. Forest Service will be hosting two workshops, the next step in the permitting process for Resolution Copper Company.

# First graders collect funds to send cookies to the troops

First Graders at First Ave. Elementary School in San Manuel surpassed their monetary goal for Girl Scout Cookies for American troops stationed overseas by more than \$100, thanks to the help of students at the Jr. Sr. High School, according to first grade teacher Isabel Austin.

John Thomas Zarate-Cox, United States Air Force, and son-in-law of local school para-professional, Liz Zazueta, received "Cookies for the Troops" while deployed

to Afghanistan.

"The cost of a box of Girl Scout Cookies went from \$4 to \$5 this year, after not changing for more than 10 years," said Tonya Harre, mother of Girl Scout Tabitha Kellam,

the local princess of Girl Scout cookies.

Local students will contribute approximately 70 boxes of Girl Scout cookies to the goal of 20,000 boxes set by Girl Scouts of Southern Arizona.

# Miners' offense struggling this season

By **Andrew Luberda**  
San Manuel Miner

The San Manuel baseball team is battling through a current six-game winless streak, mainly due to lack of run support.

The Miners' offense has scored three or fewer runs in five of their last six games and pushed across four runs in a 12 – 4 loss at Santa Cruz Valley on Feb. 28.

Good pitching and little offense was story in a 5 – 3 loss against San Tan Foothills on Mar. 4 in the Joe S. Padilla Tournament.

Sophomores Frankie Gonzales and Christian Estrada each had a hit and an RBI against the Sabercats. Estrada's knock was a double, one of four in the game for the Miners. Benny Laguna, Saul Quijada and Alejandro Camacho hit the others.

Pitchers Angel Barriga and Josh Sharp were the bright spots. The duo combined to allow five runs, four earned. Barriga, a sophomore, did not allow a hit in his inning and two-thirds outing. Sharp fanned two and did not allow walk.

The ball heads straight for the catcher's glove.

## Faith in Action at Catalina church provides donation for Tri-Community Food Bank

Members of the Mountain Shadows Presbyterian Church with donations collected for the Tri-Community Food Bank.

Mountain Shadows Presbyterian Church, located in Catalina, has a mission statement that says: Centered in Christ, Caring for Community. For several years this local church has dedicated a specific day to enact that statement and February 19 was such an event.

There are traditionally 5 "off site" locations where church members provide services to people identified by IMPACT as having a need for some modest home/yard improvements, as well as offering the talents of the church choir to entertain the residents at the Brookdale Care Facility on Oracle Road.

Other projects that took place at the church facility included: creating 80+ Easter cards for homebound recipients of meals provided by Interfaith Community Services; collecting clothing for the homeless people served by Southside Presbyterian Church; making pillowcase dresses for children in Africa; sending special letters to missionaries who have relationships with our church; and this year assembling 160 hygiene bags for seniors who are clients of the Tri-Community Food Bank in Mammoth. This local church has also worked with a refugee family from Africa and during this day wrapped baby shower gift items for the mom who is expecting a little girl within the next month.

This caring group of Mountain Shadows congregants completed the day with a luncheon of sandwiches and joyful comradery. For more information on MSPC view our website: [www.mountainshadowchurch.org](http://www.mountainshadowchurch.org). We are located at 14240 N. Oracle, at the intersection of Mountainair RD. Services are offered each Sunday at 10AM and all are welcome. Want more information? Call 520-825-7858.

## COMMUNITY CALENDAR

### Elks Lodge Eatables

Everyone is welcome to come to the San Manuel Elks every Wednesday, for tacos or Friday for soup and salad. Both will be served from 5 p.m. - 7 p.m. Soup & salad is \$6.50 or \$4 for either soup or salad.

### Oracle Brush Thinning Grant

Arizona State grant funds are available to thin brush on properties within the Oracle Fire District at the cost of \$150 per day, to be paid in advance, which includes a 10 - 15 man chainsaw crew with a weed whacker. Treatment entails cutting down dead trees and shrubs, removing shrubs or "ladder fuels" from underneath trees, and thinning large patches of shrubs. Cactus, agaves, yuccas, and bear grass cannot be treated on these projects. Trees are limbed up to about 6', cut up into fireplace-sized logs. Anything under 2" in diameter is chipped and dispersed as mulch. Work should start in March. For more information please call the Oracle Fire District at 896-2980.

### Lions Club Food Sale Events Canceled

Due to some technical difficulties in the San Pedro Valley Lions Club kitchen, all food sale events previously scheduled are canceled until further notice.

# Lady Miners deal champs first loss

By Andrew Luberd  
Copper Area News

The San Manuel softball team defeated the 2016 Division V State Champions last Friday, 5 – 3. It was Lady Cats' first loss of the season after starting with three-straight victories.

San Manuel scored at least one run in four different innings and held a 4 – 0 lead until Ray scored three runs

in the fifth.

Tara Lorona, a sophomore, went 2-for-4 with two RBI in defeat. Ema Alverado, a senior, hit a triple in the game. Junior Janae Ruiz had two hits in the loss.

Daniella Hinojos took the loss despite pitching well enough to win. The sophomore starter pitched six innings and allowed five runs but only two were earned. She fanned six Lady Miners' hitters and walked only one.

## RESOLUTION WORKSHOPS

Continued from page 5

northwest of Superior on 4,400 acres of Forest Service land, according to Mary Morrissett, senior metallurgical specialist with Resolution Copper.

At the two workshops – which are open to all members of the public – Forest Service representatives will provide updates on the EIS process, describe the alternatives development process, and solicit input on the criteria being used to evaluate alternative tailings

storage facility locations. The sessions will include a question-and-answer period.

A document summarizing the scoping process for the Resolution Copper Project and Land Exchange Environmental Impact Statement (EIS) was issued on March 9 and is available online at [bit.ly/2mjNsCV](http://bit.ly/2mjNsCV). The report lists concerns raised during a 2016 comment period including the views of 133,396 people who participated in the public scoping meetings and cover a variety of environmental and social criteria.

Among concerns raised by the public in 2016 include if the tailings site has the potential to affect the municipal water supply

of Superior and local air quality.

Could the tailings have an effect on local flora, including trees such as the Arizona alder, willow, cottonwood and sycamore? Or the Arizona Hedgehog Cactus? And could the tailings bring in noxious and invasive weeds to the area? Could the tailings site likewise endanger local wildlife, including ocelots, the Lowland Leopard Frog, and the Yellow-Billed Cuckoo?

The report also lists public concerns that the entire Resolution Copper operation could increase area noise pollution, and traffic along U.S. 60 and Arizona Routes 79, 177, 88 and 24, and even the streets of Superior.

A full list of issues and concerns can be found on pages 130 to 141 in the report.

Persons unable to attend the workshops can participate in an online version that will be available at the project website at [www.resolutionmineeis.us](http://www.resolutionmineeis.us) between March 23 and April 5.

The workshops are only one step in the EIS process, so no type of decision on the tailings site will be forthcoming in the immediate future, said John Scaggs, public affairs specialist with the Tonto National Forest.

“The EIS is projected for completion in late 2020, but I emphasize that is a projection,” he emphasized.

## Natural Gas Safety

Wherever you live, work, or play.

### NATURAL GAS LINES

can be buried anywhere, even in areas where homes don't use natural gas. So it's important that EVERYONE knows how to recognize and respond to a natural gas leak, wherever they are.

#### A LEAK MAY BE PRESENT IF YOU:

#### SMELL:

a distinct sulfur-like odor, similar to rotten eggs, even if it's faint or momentary.

#### HEAR:

a hissing or roaring coming from the ground or above-ground piping.

#### SEE:

dirt or water blowing into the air, unexplained dead or dying grass or plants, or standing water continuously bubbling.

#### IF YOU SUSPECT A LEAK

- **Exit the area or building immediately.** Tell others to evacuate and leave doors open.
- From a safe place, call 911 and Southwest Gas at **877-860-6020**, day or night, whether you're a customer or not. A Southwest Gas representative will be there as soon as possible.
- Don't smoke or use matches or lighters.
- Don't turn on or off electrical switches, thermostats, or appliance controls; or do anything that could cause a spark.
- Don't start or stop an engine, or use automated (garage) doors.
