No, this is not a pop quiz! The answers to these questions – and many, many more – are waiting to be discovered at this year's STEM Fest on Saturday, March 29 from 9 a.m. to noon! STEM Fest will take place at the beautiful and

# Pray for the Peace and Prosperity of Superior

Life is not always easy or comfortable. Sometimes that happens because of the choices that we make. All choices that we make affect us one way or another, either good or bad.

Paul, in his first letter to Timothy, says in 2:2 – “pray for those in authority, that you may live peaceful lives in all godliness and holiness.” In Jeremiah 29:7 we read these words, “Seek the peace and prosperity of the city where you live. Pray to the Lord for it, because if it prospers, you too will prosper.”

If we desire our town to prosper, so that more people will have jobs, we need to pray. The Jeremiah passage begins earlier with these

words: ‘This is what the Almighty, the God of Israel says -.’ It is a word from God saying we need to do this.

## PASTOR'S CORNER

By **Dennis Van Gorp**  
Family Life Christian Center

God can turn anything around, if we would only pray over it; and not just once, but until we see breakthrough and victory. Many have read God's command to pray for the peace of Jerusalem. How many of us have read His command to pray for the peace and prosperity of Superior?

Let us as a community, stand together and ask the Lord for His blessings over us. From the heart, pray regularly for His provision of abundant jobs, finances and favor. He has spoken before: “I will hear from heaven and answer your prayers!”

It was 91 years ago on March 12, 1923 Guillermo Gomez was born in Guadalajara, Mexico. He is the oldest of one brother and two sisters.

Moving to Superior in 1962, he is very proud to have become a U.S. Citizen in the early 1980s. He is known around the community with nicknames such as “Billy”, “Caballo” and now known to many as “Tata Horsey”.

# Superior Little League Board continues to work on field improvements

By **Mila Besich Lira**  
Superior Sun

This year's Superior Little League games will be different from the 50 plus year history of the league. Parents and spectators of America's sports won't have to keep asking what the score of the game is because for the first time in the league's history there will be an electronic score board on the field.

For the past six years the leadership of the Superior Little League has worked diligently to make many needed improvements to the ball park, the bathrooms have been remodeled and grass was planted on the field and many other improvements. These improvements and additions came through the leadership of the all volunteer board and a collaboration

from other partners within the community and the region. This year, Resolution Copper has provided \$10,000 to support the league, while the donation was made this year the board had already begun working on funding and purchasing a score board for the field. Superior Environmental and Marcanti Electric volunteered time to install the new score board.

The T-Ball season for the Little League will begin on March 25 this year. Registrations are now open for the baseball and softball seasons. Registrations are set for Friday, March 21 and 28 from 5 p.m. to 7 p.m. at the Superior Fire Department training room on Golf Course Road. For more information on the league or registrations please contact Arlene Diaz-Gonzalez at 480-309-4049.

A new scoreboard is installed at the Superior Little League Field.

## Panthers getting better results

By **Andrew Lubarda**  
Superior Sun

The Superior Panthers' baseball team has won three of its last four games and, in the process, evened its record at 3 – 3 on the season.

After an 11 – 0 loss to Combs in the Joe S. Padilla tournament, Panthers' players and coaches said the experience of playing against better competition in the tournament would pay dividends in the future. The future appears to be now.

Superior defeated Salt River and Duncan last week by scores of 8 – 1 and 7 – 1, respectively. The last time the Panthers

won back-to-back games came last season when they swept Gilbert Classical Academy in a double-header on March 29, 2013.

With every win they get, the young Panthers' confidence continues to grow. With the talent the younger players possess, confidence is what they need to be more consistent.

The Panthers will return to action and look to extend their winning streak with games at Bowie on March 20, at Desert Christian on March 21, and at San Carlos on March 25. The game versus Bowie begins at 3:00 p.m. All other games are scheduled to start at 4:00 p.m.

# FCCLA hosts 5th annual Cancer Walk by Candlelight honoring Marisol Perez

By **Nina Crowder**  
Superior Sun

The Superior High School Family Career and Community Leaders of America (FCCLA) held their fifth annual Cancer Fight by Candlelight event. The honored guest was Marisol Perez with her family, parents Rusty and Julie Perez. Marisol was at the leader of the walk she was on her father's shoulders wearing the FCCLA Cancer Walk t-shirt and a bright colored head band. The family found out about Marisol's T-Cell Acute Lymphoblast Leukemia just before Halloween last year when Marisol had broke out in a rash and bruising. This ultimately has changed the life of the Perez's family.

There were over 150 people walking and Sunset Drive was lined with luminaries that had names of people with cancer past and present. Many families walking have either lost a loved one to cancer or have a family member fighting cancer. The cancer walk helps people remember and fight back and gives the teens of Superior the opportunity to help raise money for the American Cancer Society.

Marisol undergoes chemotherapy and radiation at the Phoenix Children's Hospital East Valley Clinic. The family has to be extremely careful about keeping Marisol

safe from other infections. This happy little girl was enjoying her surroundings Saturday evening and wore a bright colorful headband as she sat on her father's shoulders during the walk.

Following the walk on Sunset Drive the group walked around the Superior High School track and then enjoyed concessions, music and entertainment. Marisol was given a large bouquet of flowers in honor of her Leukemia fight! This little girl has a good spirit!

The FCCLA is a vibrant and effective national student organization that helps young men and women become leaders and address personal, family, work and societal issues through Family and Consumer Sciences education. Chapter projects focus on a variety of youth concerns, including teen pregnancy, parenting, family relationships, substance abuse, peer pressure, environment, nutrition and fitness, career choices, teen violence and the list goes on. The FCCLA is a wonderful opportunity for members to expand their leadership and develop skills for life.

Cancer is a disease characterized by out of control cell growth. There are over 100 different types of cancer and each is classified by the type of cell that is initially affected. Cancer harms the body when

### PLANT SALE

Boyce Thompson Arboretum winter events showcased the Australian gardens and plants of Southern Africa; eucalyptus and gum trees, colorful aloes that thrive in our desert climate. Visitors marvel at mature examples of these plants and trees throughout the gardens - and you can buy your own during March at the annual Spring Plant Sale fundraiser March 8-23. This month brings a great selection, its also a prime time to buy annual membership at BTA, where annual members save 20-percent on plant purchases during the fundraising sale of trees, shrubs, herbs, flowers, cacti and succulents. Need planting and landscaping advice? Arboretum staff are joined by engaging volunteers from Pinal County's Superstition Mountain Master Gardeners program there to advise and assist buyers with suggestions for trees and smaller plants ideal for a wide range of landscaping projects. Special events during the March plant sale include lectures, guided tours and weekend wildflower walks; most are included with daily admission of \$10. ## CANCER WALK

Continued from page 8

damaged cells divide uncontrollably to form lumps or masses of tissue called tumors (except Leukemia where cancer prohibits normal blood function by abnormal cell division in the blood stream). Tumors can grow and interfere with the digestive, nervous and circulatory systems and they can release hormones that alter body functions. Tumors stay in one spot and demonstrate limited growth.

Anyone dealing with cancer has a rough road but it can be conquered. The support of family, friends and community are of the upmost importance. Marisol and her family have a long road ahead of them but have a wonderful support group. Everyone gets through cancer in their own way. It's nice to know so many people in the Superior community are concerned and care

about others. Best of luck to anyone who is fighting the cancer fight! And

congratulations to the ones who have fought cancer and won!
