In his later years he enjoyed his daily routine of going to the corrals to feed and water and spending time with his grandkids. His life was filled with many experiences about the cowboy way of living and he loved every minute of it.

Dad, we will miss you very much and we thank you that, even though it may have been difficult at times, you have helped us to learn how to be strong and stick together as a family. We will never forget you and we love you very

much.

Following the Open Meeting Law

I have the odd habit, when eating a meal, of eating one kind of food at a time from my plate. I start with the least-favorite item and work my way up. And when working on tasks, I prefer to work on one thing at a time until it is complete.

I have learned that effective and open government doesn't allow for a "one thing at a time" approach. Many matters are always being considered at the same time and all deliberations are made openly. That is the reason why occasionally you will see a NOTICE sign at the post office saying, in effect, that four or more council members will be at a meeting, but that no town items will be discussed.

This is something not very convenient, but it is necessary. It precludes members from doing "behind the scene" what should always be done only in a public setting. I rejoice that the Arizona State Legislature rejected the resolution from Senator Sylvia Allen (District 6) which would have abolished Arizona's Open Meeting Law. There is enough hanky-panky in government without adding more.

At our last, and very open, meeting of Town Council, some of the items dealt with were these:

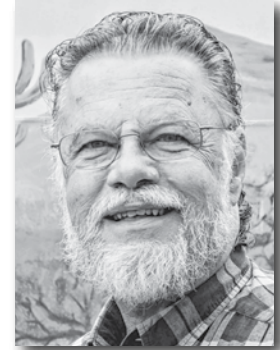

1. During the call to the public, several citizens returned to speak again about the need for greater animal control in Kearny. It was a spirited and good discussion. The Town is already negotiating an intergovernmental agreement (IGA) with Hayden to work cooperatively. The Council also directed the Town Manager and legal counsel to review and propose a revision of the animal control

ordinances. A couple of bites, but not a full meal.

2. During the business session, the Council, responded to a request from the Copper Basin Railroad to consider eliminating the All Terrain Vehicle Corridor (which is all on railroad land). At the previous meeting of Council, Mr. James Hosea had been asked to explore community sentiment on the issue. He presented a petition with many signatures supporting retention of the corridor. The Council discussed the issue, then voted to open negotiations with the Copper Basin Railroad for a written agreement retaining the corridor in a matter agreeable to both parties. The previous agreement had been an oral one.

The Council also voted to approve a trial Facebook page for the Police Department once a set of guidelines for use is written. It also approved entering into a Highway Safety grant to acquire a new vehicle for DUI and traffic safety enforcement. Finally, it approved a grant request to the Pascua Yaqui Tribe in the amount of \$200,000 for rebuilding the town swimming pool. I hope to write more about this next week.

This was all done in public, without fanfare or rancor.

Kearny Council discusses easements and Police Facebook

By Mila Besich-Lira
Copper Basin News

The Kearny Town Council held their monthly meeting last month. The council had an in-depth discussion on the ATV corridor and drainage easement with the Copper Basin Rail Way. Several local residents commented that the path way often has standing water on the trail which makes it difficult to use. The council discussed the existing agreement and it was suggested that the agreement possibly be modified due to the fact that the town is responsible for the drainage issues.

Another hot topic agenda item for the evening was the use of a Facebook page for the Kearny Police Department. It was reported during the meeting that the department has had a page since 2012, however no one knows who set it up. The council held a lengthy discussion on the use of the Facebook page. Interim Chief Corso, explained that they would set up guideline on the use of the page to promote public safety information and would use caution when posting pictures especially of youth in the community. One of the discussion points that occurred during the meeting was the use of Facebook to

bash people and possibly the department. Chief Corso assured the council that they would not allow negative comments to be posted on the page, if negative or harassing comments were posted the page admins would delete them. After lengthy discussions, the council voted to allow the police department to use the Facebook page under a three month trial.

The council also approved the police department to apply for a grant to acquire a patrol vehicle for DUI enforcement and approved the staff to apply for a revenue sharing grant from the Pascua Yaqui tribe to help with pool repairs. The council

heard a presentation from Elizabeth Magallanez with Gemini Hospice about their services that are available throughout the tri-community area.

Some Bunny in Kearny sure loves Easter

Kearny - It's springtime and that means the Easter bunny is on his way, to visit and spread cheer, here, there and everywhere.

Easter Egg hunts, here in America, are a nationwide celebration, thrown by local government, celebrated in news as tots scramble across the lawn of the White House, hosted by church groups and non-profit organizations, making Easter more than just a family or religious holiday. Yet, making it, at one and the same time, very much all about the family; but, the larger family, covered over by the same flag, and, united by choice.

The Town of Kearny, joining in the fun, is hopping with activity, getting ready for the annual Easter Egg Hunt. Bring your family, friends, bonnets and baskets to Hubbard Park on Saturday, April 4, to hunt and seek the hidden, myriad-colored

treasures, in a traditional community activity that links the generations. To volunteer, please come at 7 a.m.

We Know A Lot About Him!

As we noted, the famous philosopher Bertrand Russell wrote that "it is quite doubtful whether Christ ever existed at all, and if He did we do not know anything about Him." Contrary to Russell's assertion, it is quite certain that Christ existed. With this article let us discuss whether or not much is really known about Him.

Lee Strobel, in his book "The Case for the Real Jesus", details some accusations made against the trustworthiness of the New Testament and then brings scholars to bear on the subjects. The first challenge he mentions in this regard comes in the form of this question: "Is the Bible's portrait of Jesus unreliable because of mistakes or deliberate changes by scribes through the centuries? His answer: "No, there are no new disclosures that have cast any doubt on the essential reliability of the New Testament. Only about one percent of the manuscript variants affect the meaning of the text to any degree, and not a single cardinal doctrine is at stake. Actually, the unrivaled wealth of New Testament manuscripts greatly enhances the credibility of the Bible's portrayal of Jesus."

The second challenging question is: "Are scholars discovering a radically different Jesus in ancient documents just as

credible as the four Gospels? (e.g. Gospel of Thomas, the Gospel of Peter, the Gospel of Mary, the Secret Gospel of Mark, the Jesus Papers, the Gospel of Judas) His answer: "No! All of the alternative texts that are touted in liberal circles are too late to be historically credible." In contrast, the Four Gospels (Matthew, Mark, Luke, and John) are credible records of Jesus because: 1) they were certainly written in the middle of the first century, 2) they are consistent with one

Snake-y love entertains local artists

By Vicki Clark
Copper Basin News

Never in my life would I have expected to see what I witnessed last week. I was born and raised in Arizona and I think maybe I have seen three or four live rattlesnakes and never two at a time. Lucky I guess. Well, this is quite a story, at least for me.

The ArtUs group, that I paint with every Thursday, began their day as usual. We meet every Thursday in Ray Hall, next to the United Methodist Church. Nothing special until after lunch. The weather was beautiful and the doors were opened up onto the back patio.

Fellow artist Gary Hill noticed an activity just across the patio, maybe 15 feet from the open door. Lo and behold there were two rattlesnakes engaged in something that was unreal at least to us. A mating dance perhaps, who knows but it was fascinating.

We all gathered to watch and at first were very apprehensive. These two were not in the least bit put off by our presence and continued to pursue their thing. We all got much braver and moved in to take pictures. And we got plenty, plus videos...and they didn't seem to care.

After about 30 minutes they left the area and left all of shaking our heads. This display put a whole new twist on artistic creativity.

And oh, needless to say, we shut the doors.

Halfway through the season, Jr. Lady Bearcats 4-0

The Junior High Bearcats faced off against two teams from last year's championships before the Spring Break. The first team to roll into town was the Blue Devils of Eloy.

The Blue Devils reloaded in the pitching department from last year and were ready for the rematch with the Bearcats. In what turned out to be a pitching duel, the only registered hit for both teams in this four inning matchup was a single by Tara Lorona in the second inning.

Great base running and an eye for the ball led to the Eloy pitcher yielding 15 walks and 5 strikeouts, en route to a 10-0 win for the Ray Bearcats.

Tara Lorona was 1-1 on the offensive side for the day. Daniella Hinojos (9K, 6W) took the mound and kept the Eloy batters hitless through 4 innings.

"Game ball went to the team," said coach Dan Hinojos "Total team effort."

The second game of the week took the Bearcats

to the Globe Tigers. Being a rematch from last year's Championship game, there was a little bit of excitement in the air from the Globe crowd.

The Ray Bearcats were first at bat. A Tara Lorona single and scored run led the charge in the first inning. The Tigers sent five batters to the plate with no runs scored. The second inning the Bearcats result was 3 up, 3 down. The Tigers second at bat yielded 2 runs from 6 batters.

In the third inning the Bearcats sent 4 batters to the plate resulting in no runs scored. The Tigers managed to score 2 more runs on some fielding miscues. With the top of the fourth inning at hand and the score 4-1, the Bearcats had some work to do. This inning, the offense woke up. A Daniella Hinojos double, followed by a Shelby Yocum double and an RBI hit by Danielle Barajas brought life into the offense. The Tigers offense tried to keep up with the Bearcat offense but the Bearcat defense began to clamp down. At the end

of 4 innings the score was now 4-3 Globe.

Trailing by one run and entering the top of the fifth inning, a single by Miranda Figueroa, a triple by Tara Lorona, and an RBI by Destiny Gonzales scored 2 runs for the Bearcats. With the score now 5-4 Bearcats, the Tigers were now trying to rally their offense in the bottom of the fifth inning. While sending 4 batters to the plate, no runs scored.

With the final at bat for the Bearcats at hand and looking to score some insurance runs, 3 runners were able to get on base only to see inexperienced base running lead to no runs scored. With the sixth and final at bat at hand for the Tigers, trailing by 1 run, the Globe offense gave it their best shot, but the Bearcats defenses was able to get a 3 up, 3 down. The final score was Bearcats 5, Tigers 4.

"This game was a great team effort to bounce back from 4-1 deficit and not allow another run to score in the 4th, 5th, and 6th innings to seal the win," the coach said.

On the offensive side of the game for the Bearcats, Tara Lorona (2-3, triple), Miranda Figueroa (1-2), Daniella Hinojos (1-3, double), Shelby Yocum (1-3, double), and Danielle Barajas (1-3). On the mound Daniella Hinojos (11K, 1W) led the defensive charge.

"Game ball went to the 4th and 5th inning batters," the coach said, "game changers with their batting."

The Jr. High Ladycats will host the Hayden Lobos today and the Superior Panthers on Monday. Both games are scheduled to start at 4pm. Come out and support the Ray Bearcats!

another, and 3) they present historical details which are consistent with the history and culture of Palestine in the 20s and 30s.

A third challenging question is: "Doesn't the Da Vinci Code allegation that Emperor Constantine collated the books of the Bible in the fourth century and burn all the alternative gospels make sense?" New Testament scholar Craig Evans responds to this by saying, "...the Christians had no control over the city. They couldn't command or coerce anyone to burn

anything ... The idea that there was some sort of culling process or purging that took place is really absurd." Furthermore, the existence of so many fictional writings from the second century and later proves Evan's point. If there was a culling process in the fourth century, why did they put out of existence only first century alternative writings?

Contrary to modern popular sensationalist media, we can trust the New Testament record, and so we do in fact know a lot about Jesus.
