LETTER TO THE EDITOR

Show Our Businesses That We Care

On Sunday, March 21st, our restaurants were ordered to shut their doors for dining and may only serve take out at this time. If we ever had to pull together as a community it is now! Please support our restaurants to keep them going and

provide jobs for our residents. For faster service you may call ahead.

If 50% of our Town can order take out just once a week that's 1,500 meals our restaurants can prepare. Think what it would do if 75% of us can order out twice a week.

That's 4,500 meals!!!!

As Superior's motto says: "Together, We Are Superior". Let's show our businesses we care!

Food supply pinched!

The shelves are bare. More deliveries possible soon.

Residents of the Copper Corridor may have noticed that their local grocery store shelves have been rather empty. There has been a mad rush to buy paper products like toilet paper, paper towels and of course hand sanitizers and cleaning supplies. The panicked buying started when the warning of the potential for shelter in place orders and personal quarantines due to the COVID-19 virus were publicized.

For local grocers in the area, their supply chain has been overly stressed with resupply trucks not being able to make their deliveries due to a shortage of warehouse workers and an increased demand across the state for resupply to the grocery stores.

Governor Doug Ducey has activated the Arizona National Guard to assist grocery warehouses to load trucks and

restock stores. For Norm's in Kearny and Save Money Market in Superior, they rely on the Basha's distribution warehouse for their weekly grocery supply. Their orders have been delayed over the past two weeks. Smaller supplies have come in from other distributors. On an average, it takes two semi-trucks a week to keep a grocery store filled. Due to the panicked buying of consumers across the state it will take 12 semi trucks to refill the store.

Do not be alarmed if you see National Guard Vehicles and personnel arriving into town to restock grocery stores. Grocery store resupplies are expected to be delivered this week.

Readers may also note a lack of grocery store sales flyers in their newspapers this week. Don't worry. They will be back as soon as supplies start flowing again.

A Little Bit of State History: Valentine, AZ

By **John Hernandez**
Copper Area News

We all know the story of St. Valentine and how Valentine's Day started but did you know there is a town in Arizona named Valentine?

Valentine is a small village located in Mohave County in northern Arizona. It is about 26 miles north east of Kingman on State Route 66. The area that became Valentine was first known as Truxton named after a railroad siding that became a small town with a post office. The town grew around the railroad station and the Truxton Canyon Training School which served as the school for the nearby members of the Hualapai Indian tribe, located within the Indian Agency. It was also a boarding school for other tribes in Arizona.

In 1910, the Truxton post office, town and the school were renamed Valentine,

not after St. Valentine but after Charles Gordon Valentine, the new Commissioner of Indian Affairs. C.G. Valentine was 36 years old, a native of Massachusetts and a graduate of Harvard when appointed as Commissioner. He served from 1909 until 1912.

In its heyday, Valentine would have a population of a couple of hundred residents. It was a small tourist stop on Route 66 before the I-40 section bypassed it. It would become known for its heart shaped postal stamp and Valentine, Arizona cancellation postmark in February as visitors would flock to the post office and thousands of people from all over the country and from overseas would mail their valentines to Valentine to be post marked. It is believed that the tradition began in the 1940s and its popularity grew over the years promoted by the post mistresses.

On Aug. 15, 1990, tragedy struck that

would be the end of the Valentine Post Office. The contract post office was being operated by Jacqueline Ann Grigg and her sister-in-law Sheli for the past 11 years. On this day Jacqueline was murdered during a robbery. She was shot while sitting in a chair knitting. The murderer got away with \$40 cash and \$800 in worthless money orders that had not been validated. He was arrested two days afterwards in California. He was sentenced to Life in prison. She was survived by her husband, Fred and three children.

Soon after her death, her broken-hearted, widowed husband dismantled the building used as the post office and left town. This ended the tradition of thousands of people sending their valentines or visiting the post office for its heart shaped Valentine's Day postmark from Valentine, Arizona.

The Valentine postal stamp is now at the Kingman, Arizona post office. If requested they will stamp your letter with the cupid heart that says Valentine, Arizona and its zip code although it is postmarked

Kingman. They get some requests, but not like in the days of the Valentine post office when tourists flocked to town in February and they processed more mail than at Christmas.

Valentine is virtually a ghost town these days with fewer than 40 residents reported in the last census.

MVD update: office appointments required; change to license expirations

PHOENIX – In order to safely and efficiently serve customers during the ongoing health situation, the Arizona Department of Transportation Motor Vehicle Division will limit office visits to only those customers who need essential services that must be done in person.

Two-thirds of MVD services are available online, yet many of the nearly 12,000 daily customers statewide visit offices to process transactions that could be accomplished through ServiceArizona.com. Beginning Monday, March 23, appointments will be required for any in-office services. Walk-in customers will be directed to access services online or by phone, or if necessary, to make an appointment to return.

Authorized Third Party offices are not affected by this change and may have services available.

Additionally, in compliance with Governor Doug Ducey's executive order of March 19, expiration dates for customers whose license or permit expires between March 1 and Sept. 1 have been extended for six months. MVD will automatically update affected customers' motor vehicle records to reflect that change. Customers may also request a duplicate license through ServiceArizona.com, but this is optional.

"These extraordinary measures are needed because the safety of MVD customers and

employees is our first priority," said MVD Director Eric Jorgensen.

Beginning Monday, March 23, a new statewide customer service phone call-in system at 602-712-2700 will begin operations between 7:30 a.m. and 4:30 p.m. Customers may set up office appointments for essential services that cannot be done on the phone. But in the vast majority of cases, customers will be assisted with those services remotely. A list of services that can be done entirely online can be found at ServiceArizona.com. Many transactions can also be done through the U.S. mail.

In many instances, the MVD staff member will help the customer access his or her AZ MVD Now account to process some services. AZ MVD Now is a secure, personal account that is already available to all current MVD customers through ServiceArizona.com.

Among the transactions that must be conducted in MVD offices are first-time driver license services, including photos, road testing and some written testing, commercial driver license testing, and some out-of-state title services.

To make an appointment for these in-office services, please call 602.712.2700 Monday–Friday from 7:30 a.m. to 4:30 p.m. Customers who already have a valid Arizona driver license or permit and a photo on file do not need to come to MVD in the majority of cases.

High School students (10th - 12th) can jump start their careers by enrolling in CVIT's Central Campus Programs located on Gila Community College or Central Arizona College Aravaipa campuses. All tuition, books, and certification fees are paid for by CVIT. Students can earn college credit and industry certification while learning entry level skills.

Governor Ducey orders dining rooms

The COVID-19 Virus continues to shake up the world. At the local level executive orders and declarations of emergencies have been made at the county, state and local levels. Local elected leaders and the business community are bracing for what is predicted to be a very deep recession, one that will affect many hourly workers in the hospitality industry, the hardest as the jobs they have been working at may not come back if these closures and restrictions last too long.

In Pinal County there are currently 20 cases: seven are still active and 12 have recovered. The number of positive test results are expected to grow over the next two weeks. Statewide there are 234 active cases and two people have died. Overall the spread in Arizona has been deemed moderate, according to the Arizona Department of Health Website. Gila County has not had any positive

tests confirmed despite 23 tests being completed: nine have been negative and 14 are pending.

Currently, Pinal County, the Town of Kearny and the Town of Superior have declared emergencies. Their emergency declarations allow the Chairperson of the Board of Supervisors, or the Mayors to act swiftly in regards to the emergency.

In an effort to flatten the curve of the virus or to stop the spread Governor Doug Ducey issued several executive orders for residents and business owners to follow. In an earlier Executive Order, the Governor forced any event over 50 people to be cancelled. The CDC and President Trump reduced that number to 10 in their recommendation guidance on helping to stop the spread of the COVID-19 virus. Governor Ducey ordered all bars, gyms and movie theaters to close and every restaurant was forced to close their

dining rooms and only offer take out/carry out options. This included patios at restaurants that also had to shutter. Over the weekend many visitors to the region were found eating in their cars or waiting outside local restaurants for their food to be carried out to them. The order did allow local restaurants with liquor licenses to sell sealed package alcohol beverages to their patrons to go. This was an exception to the normal rule which only allows establishments with

Class 6 Liquor Licenses to sell package liquor. When the order was enacted on the evening of Thursday, March 19, these orders only affected Pinal, Pima and Maricopa Counties. As of press time, this order to close dining rooms, gyms and movie theaters affected 11 of Arizona's 15 counties, the order applies to all counties where there is an active COVID-19 case. Gila County does not have any active cases at (press time-Monday night), so restaurants in Hayden, Winkelman, Globe

closed; schools remain shuttered

and Miami are not affected.

The Executive Order issued also halted all elective surgeries in the state of Arizona and the expiration on drivers licenses are also delayed for both regular drivers licenses and commercial drivers licenses.

School Districts are all ordered to remain closed for an additional two weeks, and at this time schools are scheduled to re-open on April 10, 2020. During this closure districts are expected to provide remote instruction to their students. Many local schools are sending home packets or creating online access for instruction for Junior and Senior High Students. This is bringing up the conversation of lack of internet access and technological equipment for rural students. The state is not forcing districts to make up the hours, and the federal government has indicated that they will not require the mandated federal testing. Local schools are also providing breakfast and lunch to students at all local school districts.

The closure has also affected the High School Spring sports seasons. Currently districts are not holding practices or games, however the Arizona Interscholastic Association (AIA) has voted to host the State Championship tournaments later in the Summer should the ban on public events be lifted.

Central Arizona College has announced that they will remain closed and have moved all courses to an online format. In a recent press release the district announced that graduation ceremonies and other academic awards event have been cancelled or will be moved to a digital format.

Many wonder if Governor will order a shelter in place order such as the Governors of California and New Mexico. In a press conference last week, the Governor indicated that he was not planning to issue a shelter in place order. On Monday evening, March 23, 2020 the Governor issued another executive order which outlined which occupations were deemed necessary and essential and should continue to operate. The order prohibits a city or town from issuing any order that restricts a person from performing an "essential function" as designated by the Governor, DHS Director or DEMA; requires any order restricting persons from leaving their home to be consistent with DHS advice and be coordinated with DHS prior to issuance; and defines essential functions. The business categories everything from

health care, human services such as long term care facilities and shelters. God is Our Refuge and Strength

In John 16:33 we read, "I have told you many things so that in Me you may have peace. In the world you will have tribulation. But be of good cheer. I have overcome the world." Romans 5:3 adds, "We also boast in tribulation, knowing that tribulation produces patience."

Many in this world are currently gaining a new understanding of tribulation. Problems they did not expect have come their way. The Church is not different, we live here too. But we have the Lord to lean on and depend on.

As sons and daughters of the Most High God, we too have overcome the world. That doesn't mean trouble will bypass us. Remember, the enemy really does hate

us and will do anything he can to cause us problems. Because our God dwells inside of us, Satan has double trouble.

The key here – God is our refuge and our strength, a very present help in times of trouble. Therefore: we will not live in fear or be afraid. He is always with us! You can depend on Him to be there when you need His help!
