Arizona Water Company seeks substantial rate

By James J. Hodl
Copper Area News

Residents along the Copper Corridor served by the Arizona Water Co. (AWC) could see a substantial increase in their water bills next year if the Arizona Corporation Commission (ACC) signs off on a request recently filed by AWC.

A proposal (Docket No. W-01445A-16-0443) AWC filed on Dec. 6, 2016 asks for a general rate increase of from 21% to 37% for its customers in northern and eastern Pinal County and in Cochise County. The proposal is currently

in the consumer comment stage, with oral testimony scheduled for mid-July and hearings before all ACC commissioners in late September. AWC asks that the rate hikes go into effect on Jan. 1, 2018.

Water bill increases would differ among Copper Corridor towns, according to Joel Reiker, AWC vice president of rates and revenue.

In Superior, where the average home uses 6,600 gallons of water per month, the average monthly water bill would go from \$36.04 to \$43.83; a hike of 21.6%, Reiker said. In Oracle where monthly water use is 4,439 gallons, the bill would rise 31%

from \$42.84 to \$56.12 per month. In San Manuel where monthly water use is 5,131 gallons, the bill would rise 31.84% from \$45.64 to \$60.17. And in Winkelman where home average 7,235 gallons per month, the monthly water bill will rise 36.6% from \$30.24 to \$41.30.

Reiker cited several reasons why AWC seeks to raise its rates.

“The leading reason results from AWC’s investment in its infrastructure since the last rate hike in 2010 including replacements and improvements in its water utility plants and the need for continued replacements of aging

equipment and delivery systems,” Reiker said.

In its petition, AWC also cites rising operation and maintenance expenses, increased capital costs, and increased income and property taxes above amounts currently reflected in its rates. AWC further cites the increased cost of delivering renewable water supplies to customers through the Central Arizona Project, which brings water from the Colorado River through 336 miles of aqueducts to communities in Pinal County and surrounding areas.

Oracle Operations Center grand opening draws elected officials, residents

(Oracle, AZ)After years of planning, permitting and construction, Arizona Water Company opened its brand new Oracle Operations Center today with a Grand Opening event that gathered dozens of local residents, members of the business community and elected officials.

“This is a great addition to the Oracle community, and an asset for the entire region,” said Pinal County Supervisor Pete Rios, who represents Oracle. “This is definitely an upgrade that the community deserves and speaks to the commitment of Arizona Water Company to provide excellent service.”

Also attending was Greg Stanley, County Manager for Pinal County and Anastasias Matiatos, representative for area Congressman Tom O’Halloran. All guests were treated to freshly barbecued hamburgers and hot dogs, cupcakes and sodas.

“We are very excited about our new home in Oracle and looking forward to serving our customers from the beautiful new facility,” said Freddy Rios, the Division Manager for

San Manuel Division. “I am very gratified that so many of our friends and family came out to share this beautiful day with us. We have been working on this for a long time.”

The new office is located at 670 E. American Avenue, near the historic Oracle Inn. The new 2,500 square-foot building will house the division manager, operations superintendent, customer service representatives and field service employees, a total of eight staff. It includes plenty of parking for customers and room for future growth.

Communities served by the new office include: Oracle, SaddleBrooke Ranch, San Manuel and Winkelman.

“This is a significant investment in the Oracle community and marks our commitment to providing excellent service to all our customers,” said Bill Garfield, the President of Arizona Water Company. “It is our goal to provide safe, reliable water to our customers, 24/7/365, and this new facility, with its updated technology and customer service features will definitely help us do that.”

Arizona Water Company’s grand opening for its new Oracle Operations Center drew a large crowd last week.

increases for towns along the Copper Corridor

rise until ACC votes to allow them, and the process is long and arduous. As soon as AWC filed for a general rate increase, ACC officers demanded documents verifying the need for the increase. Those documents can be read in the Utilities Section of the ACC website at www.azcc.gov. Some are lengthy and may take several minutes to download.

The proposal moved into the Public Comment period in early March.

Interested parties can still file comments through the end of April at <http://bit.ly/AzWater> or by filling out a Public Comment Form at <http://bit.ly/2nnozIC>. All comments should note the Docket No. W-01445A-16-0443 so it is directed to the proposed case.

ACC has tentatively set live testimony on the AWC rate increase for July 17 to July 24, 2017. Rebuttals on Testimony are set for Aug. 14, Subrebuttals on Sept. 5,

and Rejoinders on Sept. 15. Following a Prehearing Conference on Sept. 15, a Full Hearing before ACC commissioners is set for Sept. 18 to Sept. 22.

ACC hearings are usually held at ACC headquarters at 1200 W. Washington in Phoenix.

As the entire process for ACC considering utility rate increases can take anywhere from 12 to 18 months from filing to ruling, Reiker admits that the AWC general rate increase may not occur next January 1 as planned but later in early 2018.

There were some questions about AWC needing a general rate increase to cover rising costs when it just opened a new Operations Center in Oracle. However, an AWC spokesman noted that the modern new facility in Oracle will help trim operating costs in the future while enabling the utility to better serve customers in the area, especially around SaddleBrooke Ranch where water demand is rising.

Read the complete filing this week on Page 10.

Pinal County Supervisor Pete Rios with David Apodaca of Artistic Irons. David made the ARizona Water Company sign on the new building.

**PUBLIC NOTICE OF HEARING ON ARIZONA WATER COMPANY'S
APPLICATION FOR A PERMANENT RATE INCREASE FOR WATER
UTILITY SERVICE IN ITS SUPERSTITION, COCHISE, SAN
MANUEL, FALCON VALLEY, & WINKELMAN SERVICE AREAS
(DOCKET NO. W-01445A-16-0443)**

Summary

On December 30, 2016, Arizona Water Company ("AWC") filed with the Arizona Corporation Commission ("Commission") an application requesting adjustments to its rates and charges for water utility service in its Eastern Group service areas—Superstition (Apache Junction, Superior, and Miami), Cochise (Bisbee and Sierra Vista), San Manuel, Falcon Valley, and Winkelman. AWC asserted that its current rates and charges are inadequate to allow AWC to recover its cost of service, including the cost of its capital deployed to provide such service.

AWC asserted that for the test year ending June 30, 2016 ("TY"), the Eastern Group as a whole had adjusted operating income of \$3,238,309, and a fair value rate base ("FVRB") of \$81,811,081, resulting in a rate of return of 3.96 percent. AWC proposed rates and charges that would produce an overall revenue increase of \$6,964,557 or approximately 30.68 percent, to produce a 9.11 percent rate of return on AWC's FVRB. In addition, AWC requested continued authority to implement surcharges under the System Improvement Benefits ("SIB") mechanism authorized in Commission Decision Nos. 73736 (February 20, 2013) and 73938 (June 27, 2013) and under the Arsenic Cost Recovery Mechanism ("ACRM") most recently authorized in Decision No. 73736 (February 20, 2013). AWC also requested authority to increase off-site facilities fees in the Superstition service area and to implement a new CAP surcharge.

AWC's proposed rates and charges would produce the following revenue increases:

Service Area	FVRB	Revenue Increase	Percentage Increase
Superstition	\$63,295,554	\$4,531,979	26.62%
Cochise	\$10,607,984	\$1,508,293	49.02%
San Manuel	\$2,711,490	\$370,042	40.23%
Falcon Valley	\$4,762,990	\$510,290	32.56%
Winkelman	\$433,063	\$43,953	39.28%
Overall	\$81,811,081	\$6,964,557	30.68%

For each service area, AWC's proposed rates and charges would result in the following monthly bill changes for a residential customer served by a 5/8" x 3/4" meter, with average monthly usage or standardized monthly usage of 7,500 gallons:

SUPERSTITION

Monthly Usage	Current Bill	Proposed Bill	\$ Change	% Change
5,667 gallons	\$36.04	\$43.83	\$7.79	21.62%

About Intervention

The law provides for an open public hearing at which, under appropriate circumstances, interested persons may intervene. An interested person may be granted intervention if the outcome of the case will directly and substantially impact the person, and the person's intervention will not unduly broaden the issues in the case. Intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other parties' witnesses. **However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and providing public comment on the application or from filing written comments in the record of the case.**

To request intervention, you must file an **original and 13 hard copies** of a written request to intervene with Docket Control, 1200 West Washington, Phoenix, AZ 85007, **no later than April 21, 2017**. You also **must** serve a copy of the request to intervene on each party of record, on the same day that you file the request to intervene with the Commission. Information about intervention and sample intervention requests are available on the Commission's website (www.azcc.gov) using the "Intervention in Utility Cases" link.

Your request to intervene must contain the following:

- Your name, address, and telephone number, and the name, address, and telephone number of any person upon whom service of documents is to be made, if not yourself;
- A reference to **Docket No. W-01445A-16-0443**;
- A short statement explaining:
 - Your interest in the proceeding (e.g., a customer of AWC, etc.);
 - How you will be directly and substantially affected by the outcome of the case, and
 - Why your intervention will not unduly broaden the issues in the case;
- A statement certifying that you have served a copy of the request to intervene on AWC or its attorney and all other parties of record in the case; and
- If you are not represented by an attorney who is an active member of the Arizona State Bar, and you are not representing yourself as an individual, sufficient information and any appropriate documentation to demonstrate compliance with Arizona Supreme Court Rules 31, 38, 39, and 42, as applicable.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105, except that **all motions to intervene must be filed on or before April 21, 2017**.

**Chapter 2.360
MULTI-PURPOSE COMMUNITY
MASTER
PLAN (MP-CMP) ZONING DISTRICT**
Sections:
2.360.010 Legislative intent and purpose.
2.360.020 Applicable existing zoning districts and relationship to comprehensive plan.

2.360.080 Authorization.
2.360.090 Validity.
2.360.010 Legislative intent and purpose.

A. The MP-CMP zoning district is established to provide an alternative to conventional residential, commercial and industrial zoning districts by promoting imaginative and innovative planning consistent with the goals, objectives and policies of the comprehensive plan and this title by permitting flexibility in the development standards for large multi-purpose developments that possess the following characteristics:

1. A central component involving a sporting, recreational, entertainment, amusement or cultural facility;
2. Planned multimodal transportation systems;
3. Coordinated residential, commercial, industrial and public facility uses intended to complement the central component; and
4. Exemplary examples of thoughtful innovative design construction and agglomeration of land uses.

B. The MP-CMP zoning district is intended to accomplish the following purposes:

1. Permit and encourage innovative land development while maintaining appropriate limitations on the character and intensity of use and assuring compatibility with adjoining and proximate properties;
2. Permit greater flexibility within the development to best utilize the features of the particular site, in exchange for greater public benefits than could otherwise be achieved through standard development under this title;
3. Ensure that larger, multi-purpose planned developments function as integrated communities, with exemplary community amenities and benefits and with enhanced design not required or available in standard subdivision development;
4. Encourage integrated and unified design and function of the various uses comprising the MP-CMP;
5. Encourage a more productive use of land consistent with the public objectives and standards of accessibility, safety, infrastructure and land use compatibility; and
6. Foster a strong sense of community based on the distinctive character of the development and a shared physical and economic environment.

2.360.020 Applicable existing zoning districts and relationship to comprehensive plan.
A. An application to rezone to a MP-CMP zoning district may be submitted only for land located within a rural zoning district

Public Notice

or combination of rural zoning districts. Approval of a MP-CMP is required prior to development in a MP-CMP zoning district. An approved MP-CMP establishes the location and character of the uses and the unified overall development of individual development units and phases within the MP-CMP zoning district. The MP-CMP shall be adopted by the County together with an approved development agreement between the County and the applicant/master developer.

B. Projects developed under a MP-CMP zoning district are only appropriate for, and deemed to be in conformance with, areas designated in the County's Comprehensive Plan Land Use Plan Map as either:
1. Employment; or
2. Employment combined with Primary Airport or Secondary Airport designations, Airport Reserve, Aviation Based Commerce Center, High Intensity Activity Center or General Public Services and Facilities in any combination provided that the Employment designation is no less than 75% of the total project area.

At the time of the approval by the County of the MP-CMP, the land shall be designated on the County's Comprehensive Plan Land Use Plan Map consistent with one of the above land use designations.

2.360.030 Minimum land/development requirements.
The minimum land/development requirements for a MP-CMP zoning district are:

- A. The land has not less than 2,000 contiguous acres under the ownership or exclusive control of a single legal entity who shall be the applicant/master developer for the entire project;
- B. The land has direct access to a principle arterial or higher roadway classification and is located (i) within one mile of a proposed or existing high capacity roadway interchange or higher roadway classification and (ii) at least one mile from a single family residential development that is either existing or was platted not more than 20 years prior to the effective date of this chapter;
- C. The land does not include any existing development except for farming uses and accessory structures associated with farming activities (including ancillary dwellings), airports and business and/or industrial parks;
- D. The development is anchored by a central component comprised of a regional sporting, recreational, entertainment, amusement or cultural facility;
- E. The development includes planned multimodal transportation systems; and
- F. The development includes coordinated residential, commercial, industrial and public facility uses intended to complement the central component.

2.360.040 Application requirements.
An application for a MP-CMP zoning district shall comply with the rezoning process and requirements set forth in chapter 2.166 of this title, as amended. A MP-CMP zoning district application shall not be accepted for processing on any property that was part of a PAD overlay or zoning district application denied by the supervisors within the previous six months.

2.360.050 Multi-Purpose Community Master Plan.

Approval of a MP-CMP is required prior to development in a MP-CMP zoning district. The purpose of the MP-CMP is to establish the location and character of the uses and the unified overall development of individual development units and phases within the MP-CMP zoning district. The MP-CMP shall include, at a minimum:

1. Title page that states:
A. Project name
2. Case number (to be added at the time of filing)
3. Date of filing
4. Revision dates (with any resubmittals)

Public Notice

2.360.060).
J. Zoning Implementation Table. This section shall provide the total amount of square footage of commercial, mixed-use, office and industrial or other non-residential land uses as well as the total number of residential dwellings allowed within the overall project area. As each development unit, or portion thereof, is platted, the applicant/master developer shall provide an updated Zoning Implementation Table that (i) identifies the assigned uses for the specific development unit or portions thereof; (ii) identifies the dwelling units and/or square footages assigned to the specific development unit or portions thereof; and (iii) updates the total remaining square footages and/or dwelling units for the remaining project-wide unassigned development units. The Zoning Implementation Table on the last processed approval is the controlling table and all prior tables are void. Any remaining square footages and/or dwelling units remaining after full build-out of the project area shall be forfeited and are deemed no longer available.

K. Signage Standards. This section may either (i) refer to the typical standards of title 2, or (ii) provide specific standards for the entire project area or specific development units.

L. Infrastructure. This section will provide basic information about the circulation system, the grading and drainage for the overall site and how water and wastewater will be provided including utility and public safety facilities that can be used to enhance the provision of services to the region surrounding the development site.

M. Phasing Plan. This section shall provide a phasing plan for the overall project.

N. Additional Information. Nothing herein shall be construed as limiting what may be included in a MP-CMP. The county may require and/or the applicant/master developer may include additional information, development standards or other materials within the final MP-CMP including, but not limited to, aircraft noise contour studies and archeological reports. Failure to submit the requested additional information, standards or materials will constitute an incomplete application and will not be processed.

2.360.060 Plats and specific site plans.
Plats and/or specific site plans or individual site plans in substantial compliance with the approved MP-CMP shall be filed in accordance with chapter 2.200 of this title, the schedule for development, if any, or the county's subdivision regulations. Prior to development, the applicant/master developer shall formally subdivide the development unit or units in order to (i) complete the required Zoning Implementation Table as per Section 2.360.050(H) and to (ii) finalize design requirements as per Section 2.360.060(F).

A. There may be more than one plat and/or specific site plan or individual site plan within the MP-CMP zoning district.

B. Approval of a specific site plan in accordance with chapter 2.200 of this title does not replace the plat process and shall not be used to circumvent the plat process required by the County's subdivision regulations.

C. Where the plat process is required, no site plan, if required, may be approved prior to final plat approval.

D. A plat, specific site plan or individual site plan shall be deemed in substantial compliance with the MP-CMP provided that the plat, specific site plan or individual site plan does not:

1. Change the uses or character of the approved MP-CMP.
2. Increase the approved maximum density.
3. Change the number or make a substantial change in the location of streets with a collector or higher classification.
4. Contain changes which would normally

Public Notice

cause the MP-CMP to be disqualified under the applicable criteria.

E. Dedications may be required with approval of the final plat or specific site plan or individual site plan when substantiated by final studies that are not completed until review of the final plat, specific site plan or individual site plan by county staff. Studies may be for, but are not limited to, drainage, hydrology, and traffic analysis.

F. At the time of tentative subdivision plat application for any development unit (or any part thereof), the applicant/master developer shall provide development unit specific detailed architectural, lighting and landscaping guidelines that comply with the overall master character and theming provided in Section 2.360.050(I). The community development director shall conduct a design review of any submitted plans to verify compliance with approved specific guidelines prior to issuance of any building permits.

G. If a plat, specific site plan or individual site plan does not substantially conform to the approved MP-CMP, the community development department or public works department shall notify the applicant/master developer of the deficiency, and county staff review shall be suspended until the deficiency is remedied.

H. Minor land divisions are prohibited within the boundaries of an approved MP-CMP zoning district. All land divisions shall be processed as a subdivision according to title 3 of the PCDCS. Modifications and appeals of the subdivision provisions under Chapter 3.60 of the PCDCS may only be used to modify the provisions of Chapters 3.20 and 3.50, of the PCDCS.

2.360.070 Amendments to the Multi-Purpose Community Master Plan (MP-CMP).

A. Major MP-CMP Amendment. An amendment will be deemed major if it involves any of the following as determined by the community development director:

1. A request for different type of land use not included in the MP-CMP;
2. A greater than 10 percent change in development unit boundaries when located within 600 feet of the exterior boundaries of the MP-CMP zoning district;

16. Any change to the approved development agreement that would have a substantial effect on the MP-CMP or

Public Notice

stipulations of approval.

B. Major MP-CMP Amendment Procedure. Requests for major amendments shall follow the same procedure as the initial application for approval of a MP-CMP.

C. Minor MP-CMP Amendments. Any request that is not major, as defined in subsection A of this section, or is otherwise determined by the community development director to be a minor amendment. 1. The procedures for such transfers are explicitly stated within the MP-CMP and will be allowed only once per residential development unit;
2. Density transfer proposals indicating donor and recipient areas are submitted to the community development director for administrative review and approval; and
3. The overall density of the MP-CMP is not exceeded.

F. Reduction or Removal. An approved MP-CMP zoning district may not be reduced or a portion removed or severed unless the remaining portion of the approved MP-CMP zoning district can stand alone without changing the character, circulation or open space as originally approved as determined by the community development director.

G. Variances. The board of adjustment shall not grant any variances for an approved MP-CMP.

H. Appeals. Appeals of actions and/or decisions of the community development director shall be made to the Board of Adjustment and processed pursuant to chapter 2.155 of this title, except for those specific plans required under section 2.360.060(F) of this chapter, which shall be appealable to the county manager. Easter Bunny hopping into Kearny April 15

There's a special event going down, planned for by the Town. It's not about winning, it's not about choosing. It is about finding, though it's not about losing. So if you are looking for something funny to do, about the Easter bunny and family, too you might come to Hubbard Park and share in this town-wide lark.

On Saturday, April 15, 9 a.m. is the time, I'm sure. Though if you want to help, you can come before. The Town will be hopping, after the bunny is through, hiding its pretty eggs to be found by you.

In other words: The Town of Kearny Easter Egg Hunt is going to be on Saturday, April 15, starting at 9 a.m. at Hubbard Park. Volunteers are welcome to help at 7:30 a.m.

Alvarado's three RBI leads Lady Cats in win

By Andrew Luberda
Copper Basin News

Junior Ema Alvarado had two hits and drove in three runs in the Ray softball team's 9 - 1 tournament win against host-team Chandler Prep on Mar. 24.

Alvarado was one of four Lady Cats to have two hits versus the Titans. Janae Ruiz, Tara Lorona and Daniella Hinojos were the others. Haily Mabuce and Hinojos also had a pair of RBI apiece.

Hinojos pitched five innings to pick up the win. She allowed an unearned run on four hits with six strikeouts and three walks in the 85-pitch outing. Dani Montano pitched two scoreless innings, giving up only a hit with three strikeouts.

Cards of Thanks

The family of Maxine Dalton would like express our heartfelt thanks to everyone for the support, care and friendship during her hospitalization. Also, many thanks for the outpouring of sympathy in her passing. All of the cards, food, drinks, and the beautiful plants and flowers were all greatly appreciated.

Another note of thanks to all of her neighbors who helped her and watched out for her daily. It was a great help to her and her family, which helped us in allowing her to remain at home. Thanks everyone!

Kearny Library sponsors National Library Week Bookmark Contest

Kearny -National Library Week Bookmark Contest 2017, sponsored locally by the Kearny Public Library and Friends of the Kearny Library, will be celebrated in April from Sunday, April 9 through Saturday, April 15.

Libraries Transform is this year's theme. Kearny Library is celebrating with a Bookmark contest for children in grades K through 6,

To participate, pick up an entry form at the school or at the library. Then, design a bookmark illustrating how the library has transformed your life. Make it wonderful and colorful! Return the entry form to the Kearny Public Library or the Ray Primary School Office no later than Thursday, March 30 by 4 p.m.

Winners will be announced at the Open House for the friends of the Bookmark

Winners at the Kearny Public Library on Thursday, April 13 at 6 p.m. Goodie bags and Books will be awarded to each of the top three winners, from grades K through 6, followed by refreshments

Other events are also planned to celebrate, starting with the serving of popcorn and cookies every day. Adult Craft will be held on Monday, the 11 at 1 p.m. National Library Workers Day is Tuesday the 10, with meat and veggie trays served all day. Winter Visitors, New Services in Kearny and New Chief in Hayden

The whole Copper Basin is blessed with a number of winter residents who enter fully into the lives of our communities. I mention this now because (gosh darn it!) the lengthening days of Spring are beginning to call some of them away. By the end of April, I suspect most of them will be in cooler climes. To them I say, "Thank you and hurry back."

After some apprehension regarding the changes in sanitary services in Kearny, I think most people thought the changeover went well. This is a higher level of recycling than we are used to, but it puts us on par with other towns and cities.

Captain Tamatha Villar, now serving as the Bureau Commander for Criminal Investigations for the Pinal County Sheriff's Office, will be serving as Interim Chief of Police for Hayden and Mammoth and, by agreement, in the Town of Winkelman. She will begin as Interim Chief on April 2 and will assume the full office of Chief of Police on June 1.

Originally from Marana, she served in the Eloy Police Department for three years, then began work with Pinal County and has served in a variety of positions and places throughout the county. In 2012, she was selected to attend the FBI National Academy in Quantico, Virginia.

The Church of the Good Shepherd is holding a rummage sale in Ray Hall next to the church building in Kearny on Friday, March 31, beginning at 9 a.m.

ALONG THE GILA

By Sam Hosler

Special to the Copper Basin News

There should be lots of nice items.

Ray Hall will also be the site of the ArtUS Exhibition on Palm Sunday, April 9, from 2 p.m. to 4 p.m. Come meet the artists, who are displaying not only current work but favorites from past years.

The delicatessen at Norm's IGA in Kearny is expending hours on Wednesdays, Thursdays, and Fridays. I've been in twice now to take personal advantage, and I recommend it highly.

I missed having a column last week owing to illness. I'm doing better now, and I'm looking forward to serving the Copper Basin.
