LETTERS TO THE EDITOR

From Family First: Carefully Planted

Growing up back East, where cold and snow were the norm for most of the winter, I remember something amazing. Without fail every year there would be a sign that the cold, dark winter would not last forever. It would start with a crack in the crusted, frozen snow. Out of this crack would be a small sprig of green which would grow up out of the cold carpet of snow. Sometimes it would snow again, burying this green wonderplant, as if to say: "I am winter, I am here to stay"! But again, a tiny sprig would pop up, always topping the snow. A little sunshine and the green wonderplant would reach to the sky, touch the sun, and burst into a radiant daffodil flower! It was as if this one tiny spring flower conquered winter all by itself.

How did this flower get there? The year before, someone planted a seed hoping to produce a beautiful flower next spring and many years to come. Someone knew the work

of digging and planting that would produce something wonderful, something worthwhile.

This is what we do here at Family First. We plant seeds in the lives of the families here in our community. We do a little digging and planting, placing seeds of encouragement and love here and there – maybe even a diaper or two along the way. Some seeds end up in parents, some in their children, some even in our own lives! Then something amazing happens: when it seems to be the darkest, coldest time in someone's life, a little sprig pushes through, a daffodil bursts out! There is hope!

It's at this time of the year we celebrate the holiday of

Easter, when God the Father gave us the precious seed of His own Son Jesus! He carefully planted Him on this earth for a short time. The cold, dark world tried to stop Him, crucify Him, and bury Him. Just when it seemed that the cold and darkness would prevail, a burst of light sprang up, a light that continues for us all! He burst out of the tomb! He conquered all! He is alive!

Tina had a long career in manufacturing at Motorola before retiring in 2015 at which time she was able to devote her time to shopping for perfect gifts, hosting family gatherings, apprentice gardening, being mom's assistant, and caring for the feral cat.

Tina is preceded in death by her father, Armando, and survived by her mother, Petra; daughter, Jamie Navarrette; sons, Paul (Angel) and Ralph "RJ" (Maureen) Navarrette; grandchildren, Desiree and Shantel Smith, Destiny, Natalie, Nathan, Niko, Jacob and Mia Navarrette; great-granddaughter, Maya Laguna; sisters,

Susan Ybarra and Christine Navarro; and brothers, Michael, David (Rosa), Vincent, and Marty Navarro.

Community asked to make a difference for Child Abuse Prevention Month

In honor of National Child Abuse Prevention Month, CASA of Gila County is asking the community to spread awareness and stand up against child abuse.

CASA of Gila County encourages our community to take action and support children who have been abused and/or neglected. We ask you to be alert and report suspected abuse, but we also need to advocate for the children who are already in the child welfare system. Court Appointed Special Advocate (CASA) volunteers make a difference in children's lives, giving them a voice in court and advocating for their best interests.

We are making a plea to our communities to step up and prepare to be the voice for the most vulnerable among us.

If you suspect a child is in immediate danger, please call 9-1-1. To make a report of child abuse and/or neglect call 1-888-SOS-CHILD (1-888-767-2445.)

Children come into the child welfare system through no fault of their own.

"The needs of Gila County's children coming into care are more complicated than ever before, and life in foster care can be chaotic and frightening," said Emily Nader, CASA Coordinator. "Every child deserves the support of caring,

consistent adult to help them heal and thrive."

Throughout the month of April, CASA of Gila County is calling on members of the community to help our program serve more of Gila County's most vulnerable children. We are asking community members to volunteer as Court Appointed Special Advocates (CASA).

Without intervention, the odds are stacked against children in foster care. A child with a Court Appointed Special Advocate (CASA) volunteer, however, will leave the foster care system earlier, on average, compared to a child without a CASA volunteer. Studies show children with a CASA volunteer receive more services that are critical to their well-being than children without an advocate, and those children are more likely to achieve educational success.

"CASA volunteers are a constant for the child in a time of chaos," said Nader, "A child may have multiple social workers, attorneys, therapists and foster placements throughout the life of the case but only one CASA volunteer, which can make all the difference for the child's future."

In Gila County, there are 22 volunteer advocates fighting

for the best interests of 46 children. This means 133 children from our community still need the care and support of a CASA volunteer.

Volunteers come in all shapes and sizes. No specific background or training is needed to become a CASA volunteer. Anyone 21 years of age or older, who can pass a thorough background check and complete 30 hours of free virtual training, is encouraged to apply.

To learn more about becoming a CASA Volunteer, call us at 928-402-4427, email enader@courts.az.gov or visit our website at www.CASAofGilaCounty.org.

Copper Area News is committed to providing our readers with as much information as possible. This graph shows the positive cases as of press time on March 30, 2021. We have also included a graph showing the daily counts for the past week. Statewide, positive case counts have reduced dramatically, as the number of people vaccinated has increased. Case counts in the Copper Corridor are not increasing and have been holding steady.

New data reported this week is the number of residents who have been vaccinated per zip code. We will update that on a weekly basis.

There are a few points we would like our readers to consider when following this data.

1. This will continue to be a rolling total of positive cases. It does not reflect recoveries or deaths. The Arizona Department of Health Services does not break out this data.
2. If you see a reduction in numbers from day to day it is most likely due to a data entry error or mis-coding of a zip code (at the state level).
3. This is all zip code based data; most of our zip codes include unincorporated areas. There is no way to track exactly which areas each of the positive cases are. Example, Kearny and Winkelman each have small communities in their zip code that are not in the Town's incorporated boundaries.
4. If you live in Gila County, please follow the Gila County Health and Emergency Management, Facebook. They have maintained their data on recoveries and current positive cases.
5. You can follow other data such as ICU bed use, Ventilator use and hospital capacity online: <https://bit.ly/3inh280>

Working together, we can slow the spread of the virus across the Copper Corridor. Wear a mask in public, remain physically distant (6ft apart or more) and practice good hygiene (wash your hands frequently, sanitize high touch areas), stay home if you are not feeling well.

Off With Their Heads

Copper Area News has received some articles from a former corrections officer from Arizona State Prison. This retired officer spent 25 years with the Arizona Department of Corrections working all custody levels from juvenile detention units to Death Row. The author wishes to remain anonymous. He hopes to provide the readers with a view of what it is like working with inmates and what life is like behind prison walls.

INTRODUCTION

The job of a corrections officer

On December 12, 1924, Robert B. Sims, Warden of the state prison in Florence was arrested and charged with exhuming and removing the heads of two inmates who had been executed by hanging. In another legal action, Sims was accused of "inflicting cruel and inhuman punishment" on C.E. Howard an inmate at the prison. The charges were filed by Mrs. C.E. Howard who claimed that her husband was being held in a darkened cell in solitary confinement since July 20, 1924 and was fed only three slices of bread per day and water.

Mrs. Howard charged that Warden

is not easy. The nature of the job, working with men or women behind bars can be stressful. Working in high custody units can add to the stress. The Arizona Department of Corrections has a high staff turnover rate. One in five staff members quit within the first couple of years of being hired or use the training and experience they receive to transfer to Sheriff departments or Federal corrections.

Maximum custody inmates are either there because they are doing long sentences, are

convicted of violent crimes or they are problem inmates while in prison. Inmates on Death Row are under a sentence of death and have nothing to lose by acting out against staff or other inmates. Officers must always be on the alert to prevent these inmates from harming other inmates or staff. To understand the type of inmates that are housed on Death Row, I will provide you with a few of their stories, the crimes they committed and some of their prison life.

Sims willfully and unlawfully aided, abetted and caused the dead bodies of Paul V. Hadley and Theodore West to be removed from their graves and their heads severed without authority of law, a felony. Hadley had been executed almost two years previously and West had been executed a few months prior to the incident. They had both been hanged for murder.

Arizona Governor, G.W.P. Hunt issued a statement about the charges. He said that the charges that Sims had exhumed the bodies of the two inmates and severed their heads was true but that no state law had been

PRISON STORIES

violated. The Governor explained that following Hadley's and West's executions that no friends or family claimed the bodies so they were buried by the state in Potter's field at the prison. After a number of months, no one had inquired about the bodies. Warden Sims assumed the authority that he had as much right as to the disposition of the bodies as anyone and conceived the idea of using the skulls for scientific research. They were sent to the Wistar Institute in Pennsylvania.

Warden Sims denied the other charges saying there was no dark cells at the prison and he had not held inmate Howard in solitary confinement since July 20. He had placed Howard in solitary because they had information that he was going to escape. A gun and money had been smuggled in along with letters from cohorts on the outside. On the charge of mutilating the bodies, Sims said that no

laws were broken in using the skulls for scientific purposes. The skulls had been sent to a scientific institute in Philadelphia. A preliminary hearing was set for Sims to be held at the Pinal County Superior Court in Florence.

Governor Hunt and Warden Sims were both against capital punishment. At one time Hunt was President of the national organization, Anti-Capital

Punishment Society of America. At the time some criminologists believed in the pseudoscience known as phrenology which was the study of the human skull. The theory was that the shape and size of the skull could determine character and mental abilities. Hunt and Sims felt that if the physical characteristics of one's cranium pre-disposed a person's character,

personality, behavior and mental capacity, then a murderer shouldn't be executed as their actions were not of their own free will.

Hunt said at the time, "I believe there is a better method of dealing with those who have violated extreme laws than that of execution. It seems to me praiseworthy to do anything to assist

in finding better and more humane methods of dealing with those unfortunate individuals who have overstepped the bounds of society."

On Jan. 8, 1925, the case against Sims involving the alleged complaint that Sims had violated a court order by allegedly keeping inmate C.E. Howard in solitary confinement and

A new event coming to Kearny

By **Jamie Ramsey**
Special to Copper Area
News

This town needs an economic booster. We can no longer afford to be hidden and not share our beauty with those that live just outside of our mountain region. It is important to bring people in to the community so that we can survive. There is much to see and do in and around Kearny, Arizona. We have a great family community for all ages. There are beautiful mountain views, tree lined

streets, a lake, a river, hiking, and great OHV trails.

Every year, the Copper Basin Chamber of Commerce, with a handful of dedicated volunteers, has a wonderful event called Pioneer Days. It is fully funded by the Chamber. People come to enjoy the parade, the carnival, street dances and all the good food. They come back to visit family and see old friends every year. It gives us something to look forward to every year. Sadly, this year it was postponed due to COVID.

In the meantime, why not have another event of a different sort?

I thought a music festival that will feature a diverse lineup of talent, with food trucks, vendors and artists would be a great idea. Bring a chair and sit, socially distanced, outdoors and enjoy the atmosphere. It could be something that everyone could enjoy.

Gila River Music Festival and a nonprofit, Arizona Rural Arts Foundation, were established to help with the funding for this event and future events. There are sponsorship opportunities available for local businesses that wish to be involved. Vendors may apply to participate in the event until April 30th. Vendor rates are very reasonable and start at \$75/day. A portion of the proceeds, from the tent camping, will go to the local Little League. You can get a Sponsor application or a Vendor application at www.gilarivermusicfestival.com

It is a great way to feature our community. Done annually, it could really turn into something big. I hope that it will. The festival will, no doubt, take on its own form, filled with various entertainers from near and far. It is a wonderful way to bring diversity into our own unique culture. Not only, will we as locals, experience something new and different, but they will also experience something new and different in our friendly small town.

The event will begin on Friday, May 21, at Pioneer Park. Sydney Swanson, a 14 year old singer/songwriter will open the festival at 11 a.m. She will be followed by other performers, such as The Floral Ties, an

alternative group from Tempe. At 4 p.m., local musician Eddie Gutierrez will perform. Megan & Shane, a country folk duo will play at 5 p.m. Later that night, Reckless Envy, from Reno, Nevada, will close out the evening. On the 22nd it will start all over again! At 11 a.m. the festival will open and Tequila Moon, a honky-tonk style band, comprised of local talents, Kenny Vallee, Leonard Hernandez and Alex Hernandez. Then Buddy Duke is on stage at 1 p.m. with his soulful vibes. Curt n Rod, perform hits from 2 to 4 p.m. They will be followed by The Joey's, a young energetic rockabilly group from Scottsdale. Reckless Envy will play at 5 p.m. The world fusion group, Traveler, and the fiddling front man, Scott Jeffers take the stage at 8 p.m. and finish out the night.

As with most festivals, there is a charge and it is a private event. A ticket must be purchased online in order to attend the event. You can get tickets at www.gilarivermusicfestival.com Ticket sales are limited to the space we have. Prices will increase as we get closer to the event so you will want to get your tickets early. At this time 2 days of great music costs \$30 or \$15 per day. Don't miss out on being part of history along the Gila in Kearny, Arizona!

PRISON STORIES

Continued from page 5

inflicting cruel and inhuman treatment was dismissed by the Maricopa County Superior Court for lack of jurisdiction. On Jan. 30, 1925, it was reported that Sims would be held accountable for the beheading and mutilation of two bodies. A bond of \$500 was set which Sims paid. Witnesses subpoenaed for the trial included a paroled prisoner who had seen Sims at the barn where the heads of West and Hadley were boiled to get at the skulls and a released prisoner who had seen men digging up the graves.

While Sims was awaiting trial, a bill was introduced

in the Arizona Senate that provided: “that the bodies of convicts dying in the penitentiary may be disposed of by the Warden for scientific purposes if they are unclaimed within 24 hours after execution; it directs that neither the Warden nor his agents shall be prosecuted for such disposition of the bodies and further, directs the discontinuance of any action that may have been instituted against the Warden for the violation of the present state law which has been carried over from territorial days.”

Senate Bill 20 was introduced by Senator Leslie C. Hardy

of Santa Cruz County. It was signed into law by Governor Hunt on Feb. 9, 1925. It had clearly been written for the purpose of relieving Warden Sims from all responsibility for the removal of the skulls of Theodore West and Paul V. Hadley. The law also provided that the Warden shall not be subject to prosecution for such an act either in the future or for acts committed in the past. Charges were dropped against Warden Sims.

The skulls of the two Arizona convicts were last known to be at the museum of the Carnegie Institute in Pennsylvania.

Shop at Home: Ray Federal Credit Union

In April 2020, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly began the road to recovery. Even those listed as "essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are hanging on as best they can. *Copper Area News* wanted to give something back to the local business community. Over the next several weeks, our newspapers (*Copper Basin News*, *Superior*

Sun and San Manuel Miner) will be featuring local businesses and non-profits, encouraging our readers to Shop at Home, stay local and support our local businesses. To date, *Copper Area News* has featured 39 businesses in the Copper Corridor.

It is hard enough making it as a small business in a small town during normal times. But to balance those difficulties during a pandemic adds an entirely different twist to things.

Ray Federal Credit Union was deemed an "essential" business and were forced to immediately make changes and put pandemic protocols into practice. They had to hit the ground running and quickly set some guidelines for customers and their employees. Both branches of RFCU began

limiting customers in the lobby and began requiring appointments to see loan officers. Additionally, the credit union's annual business meeting was cancelled.

"Our credit union is financially solid, has strong capital reserves, is well managed, and has the resources to help members with their financial needs now," said Ralph Dubois III, Chairman of the Board.

The credit union has been in operation for the past 66 years and membership requirements, once very stringent, have been relaxed so anyone can now join. (The fine print says that membership is open to persons of qualified groups, and anyone wishing to join or open an account should call or visit the RFCU office for details.)

They offer free checking, Visa® debit cards,

auto loans for new and used vehicles, express short term personal loans with no credit check and four local ATMs with no service fee for members. The credit union is membership-owned with a local board of directors. They advertise better rates, lower fees and friendly service.

Kearny office hours of operation are Monday through Friday, 9 a.m. to 5 p.m. (except Wednesdays, when they close at 1 p.m.). Superior office hours of operation are Monday through Friday, 10 a.m. to 4 p.m.

The Kearny office is located at 112 Williams Lane, Kearny; the Superior branch is located at 161 Main St., Superior. You can reach either branch by calling 520-363-5681.

Why not bank locally?
