Tonto National Forest withdraws Final Environmental Impact Statement for Resolution Copper

On March 1, 2021, the United States Department of Agriculture which oversees the United States Forest Service made the following announcement on its website (<https://www.resolutionmineeis.us>) regarding the Resolution Copper Project.

On Jan. 15, 2021, the Tonto National Forest released the Resolution Copper Project Final Environmental Impact Statement (FEIS) and draft Record of Decision (ROD) for objection. In the time since these documents were released, the Agency and Department have received significant input from collaborators, partners, and the public through a variety of means. Today, USDA directed the Forest Service to withdraw the Notice of Availability and rescind the Final Environmental Impact Statement and draft Record of Decision. The pre-decisional objection period will be halted as well.

The project is proposed on Oak Flat, a site sacred to numerous Federally Recognized Tribes in the Southwest. The Department is taking this step to provide an opportunity

for the agency to conduct a thorough review based on significant input received from collaborators, partners, and the public since these documents were released. The recent Presidential Memorandum on tribal consultation and strengthening nation to nation relationships counsels in favor of ensuring the Forest Service has complied with the environmental, cultural, and archaeological analyses required. USDA has concluded that additional time is necessary to fully understand concerns raised by Tribes and the public and the project's impacts to these important resources and ensure the agency's compliance with federal law. USDA and the Forest Service also understand that under federal law that the Forest Service has limited discretion related to protection of Oak Flat. Long term protection of the site will likely require an act of Congress. USDA and the Forest Service cannot give a precise length of time for completing the re-initiation of consultation but consultations such as this generally take several months.

Resolution Copper maintains public access to Oak Flat

Resolution Copper will maintain public access to areas within Oak Flat including the campground and recreational trails and climbing, after completion of the land exchange mandated by bipartisan legislation that passed Congress in 2014.

Resolution Copper today published a management plan on its website detailing how it will continue to operate the campground in keeping with current Tonto National Forest practices. Community groups and Native American tribal representatives will continue to provide input on how the area is protected and managed after the land exchange.

Resolution Copper has contracted with 4 Winds, a local small business part-owned by members of the San Carlos Apache Tribe, to maintain the campground areas infrastructure and access trails.

Resolution Copper project director Andrew Lye said: "Resolution Copper will maintain public access to areas within Oak Flat including the campground, recreational trails and climbing after the land exchange is complete,

as permitting and studies to shape the project continue. We will continue to consult and seek community input as we refine and shape the Resolution Copper project over the coming years, to minimize any impacts on Oak Flat.

"Resolution Copper is committed to fostering constructive relationships with the local community and Native American Tribes in Arizona, especially those with a historical connection to the land in and around the project area. We are encouraged by the direct and positive engagement of the local community and many Tribes throughout the permitting process. Resolution Copper will continue to engage with the local community and seek the consent of all 11 Native American Tribes that have historical connections with the land involved in the project before any decision on development, consistent with the International Council on Mining and Metals (ICMM) Statement on Indigenous Peoples and Mining."

Completion of the land exchange is expected

Ray Bearcats start week off strong on the court

By Nathaniel A. Lopez
Copper Basin News

It was another busy week for the Ray Bearcats basketball teams.

On Feb. 22, both teams were on the road. The Lady Bearcats faced off against Lincoln Prep, while the boys played against North Phoenix Prep Academy.

The girls started off their week strong, with a 21-point victory. The final score against Lincoln Prep was 52-31.

The boys also started the week off with a big victory. Alex Bravo led the team with hot hands, scoring 45 points total, eight of them being three-pointers. The final score for the North Phoenix Prep game was 85-50.

Wednesday, Feb. 24, Immaculate Heart traveled to Kearny to face the Bearcats. The girls team came out ready, ending the game with another big point deficit. The Lady Bearcats closed out the game with their second victory against Immaculate Heart and the second win of the week, the final score

being 54-23.

Alex Bravo once again led the boys team with a 25-point game, followed by Derek Figueroa with 21. The boys team was able to close out the night with a 20-point lead, securing their second win for the week as well. The final score of the Immaculate Heart game was 78-58.

On Friday, Feb. 26, Ray hosted Joseph City. The Lady Bearcats played a hard game and by the half they were up by 8 points. At the end of the third quarter the difference only shrunk by one point. Unfortunately, the Lady Bearcats were unable to hold it for the final period. The final score was a close 45-49, giving them the first loss of the week.

The boys team came out ready to play, continuing to be led by top scorer Alex Bravo, scoring 24 points that game, followed again by Derek Figueroa with 18

points. The boys closed the night with another win, the final score being 85-59.

The following day, the Bearcats played their fourth game of the week. St. Michael came to Kearny to face the Bearcats for the first time. Unable to recover from the previous loss the night before, the Lady Bearcats faced another defeat against St. Michael. The final score was 34-56.

“Johnavon Pace played very well on both ends of the court,” commented coach Jonathan Archuleta about the boys game.

Johnavon Pace led the team with 20 points, followed by Derek Figueroa with 16 points. The boys were able to secure their fourth win of the week, the final score 76-49.

The Bearcats played one final regular season game against Fort Thomas on March 2. (Results of that game was not available

at press time.) Coach Archuleta stated that on Wednesday, March 3, they will learn who and where they will be playing in the first round of the state championships.

Shop at Home: General Kearny Inn

In April, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly began the road to recovery. Even those listed as "essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are hanging on as best they can. *Copper Area News*

wanted to give something back to the local business community. Over the next several weeks, our newspapers (*Copper Basin News*, *Superior Sun* and *San Manuel Miner*) will be featuring local businesses and non-profits, encouraging our readers to Shop at Home, stay local and support our local businesses.

It is hard enough making it as a small business in a small town during normal times. But to balance those difficulties during a pandemic adds an entirely different twist to things.

General Kearny Inn seemed to be preparing for a pandemic long before COVID-19 made its appearance on

the scene.

Owners Bill and Becky Dunn converted their pool area into a beautiful courtyard that is just right for a socially-distanced outdoor event.

"Besides being a motel, we offer event services from fully-planned and catered events to inexpensive do-it-yourself parties with plenty of space for large crowds," said manager Angela Ramirez.

The GKI is located at 301 Alden Rd. in Kearny. The lobby is open daily 10 a.m. to 8 p.m. Contact them by phone at 520-363-5505 or visit their website: generalkearnyinn.com.
