OBITUARIES

Joyce Rosalie Tomerlin

Longtime San Manuel resident Joyce Rosalie Tomerlin passed away on Saturday, Feb. 25, after a long illness just shy of her 94th birthday. Her love of life was evident in everything she did, and she will be missed terribly by all those who knew and loved her.

Joyce was born to Bob and Alice Maynard on March 22, 1929. After graduating from Superior High School in 1946, she married the one and only love of her life, Bud Tomerlin. Joyce and Bud moved to San Manuel in 1959 with their children and became the proud owners of Bud's Union 76 gas station, which they operated for more than 20 years. Once they retired, they went on many road trips which included a camping trip to the Great Smokey Mountains with her daughter Debra and family, Yellowstone National Park with close friends, a six-week long journey with Joyce's sister Sylvia and husband Dan to Alaska, and most importantly was a life time of camping in the White Mountains with her family and friends

Joyce was well known in the Tri-Community area as an accomplished artist where her love for the southwest and all its beauty was evident in her paintings. She was a lifelong member of Beta Sigma Phi, she worked tirelessly for many years as an election worker, and along with Bud they donated many hours of hard work and happy times to the San Manuel Elks Club.

Joyce was a loving wife, mother and grandmother. She is survived by two daughters, Debra Scofield of Indianapolis (Jim) and Tina Dowell of Florence (Jim), five grandchildren and nine great-grandchildren. She was preceded in death by her husband Bud, son Chuck, and daughter Wende.

Mary Ellen Leon

Mary Ellen Leon, 80, passed away peacefully on Feb. 26, 2023, in Tucson, AZ. Mary Ellen (Bertoglio-Torres) was born in Tombstone AZ to Amelia Torres and Steven Bertoglio. She was the youngest of four siblings.

Mary's family relocated to Superior when Mary was young. Mary lived off Old Phoenix Road in Superior and walked daily to and from school. Now, I don't know if she was always running late, but I was told she walked quite fast. Some local boys also noticed her fast pace and called her "Beep Beep". The nickname stayed with her even beyond her graduating from Superior High School in 1961. She always said how she was blessed to have lived close to her extended family – The Ruiz's and Denogean's.

Mary moved to Tucson after graduating. She then met Alex Leon. They married and would go on to have three children, Greg, Suzanne and William.

Mary started working at KTKT Radio Station, then went on the Sears Roebuck & Co. But it was not until she began

working at Tucson Free Health Clinic that she found her calling in the health care field. Mary moved on to a new startup clinic called El Rio Neighborhood Health Center. That was when it originally opened its doors at the former Mother Higgins Juvenile Detention Center until it moved to its present-day location. Mary enjoyed a long and fulfilling career with El Rio N.H.C. for over 25 years until she retired due to health reasons.

Mary had several interests and hobbies. Plants and herbs fascinated her. She was a true "green thumb". Her knowledge of homeopathic medicine was well known. She was a great cook and amongst close friends she was given the nickname of "Betty Crocker". Her signature dishes were her Soy Sauce Chicken, Sopita, Macaroni and Cheese and her Famous Cinnamon tea. But Mary's foremost passion was her love for family. She absolutely adored her grandkids and before her passing wished she could have more time with them. She was a humble and loyal servant of God. She prayed daily, hourly for family, friends, and those in need. Mary's constant was her love for her family and devotion to God.

Mary is preceded in death by her eldest son Greg Leon. Her siblings Bertha (Art) Leon, Edward (Jessie) Bertoglio, Joseph (Cecelia) Bertoglio.

She is survived by her daughter Suzanne "China" Leon and son William "Billy" Leon; grandchildren, Gilbert, Nicholas, Alexandra "Alex" Leon, Sarah Epperson Romero (Rene), Samantha Epperson (Bella) and Tristen Epperson Evans (Kyle); great-grandchildren, Natalie Leon, Emma Romero and Ruben Romero; and numerous nieces, nephews and friends.

Services for Mrs. Leon will be held Thursday, March 16, at the Santa Cruz Church, 1220 S. Sixth Ave., Tucson. The Rosary is at 9 a.m. and the Memorial Mass will be celebrated at 10 a.m.

Mining Festival!*

Welcome

We are delighted to welcome you to our annual Apache Leap Mining Festival, which returns to Downtown Superior this weekend after its COVID hiatus. Each year, our Superior Chamber of Commerce works tirelessly to create an event that is a tribute to our mining history while also educating the public on current and future mining operations.

The Apache Leap Mining Festival embodies many treasured traditions in our community. In the early days of the event, it was hosted to primarily raise funds for parks and recreation programs; over the years, the event has evolved into one of the premier events hosted in our town. This year, there is a wide variety of entertainment, including chihuahua races, the famous mining competition, food and retail vendors, a carnival and of course our local dancers from Superior Dance Company.

Mining will always be an important and significant sector in our local economy, one of the world's richest copper ore deposits, the Resolution Copper project is

part of our community and there are six other world class copper mines all within ten to fifteen miles of Superior. Arizona's Copper Corridor is the proverbial Yukon of Copper! Today's modern conveniences and connectivity, including our cell phones, air conditioners, electrical vehicles and green energy generators (solar panels and wind turbines) all require significant amounts

of copper and other rare earth minerals to function. Modern day life in our world truly does not run without the many miners who mine these minerals right here in our Copper Corridor region. As we celebrate this weekend, we celebrate the work and arduous labor of those who work in the mining industry.

While we are still waiting for the federal government to re-release the Resolution

Copper Federal Environmental Impact Statement, it is our understanding that the extra rounds of tribal consultations have been completed, and we wait patiently for the re-release. This weekend, you may encounter those opposing mining and the Resolution Copper project. Let us be mindful of how important it is to be respectful of the opinions of others and respect their right to free speech. For

many, it is frustrating that opposition groups tend to use fear and emotions in their engagements.

I am proud of the work of our Town Council to develop long term mitigation agreements that will ensure the Resolution Copper project has a net positive impact on our community. Those agreements protect our water supply, expand recreation opportunities, and ensures

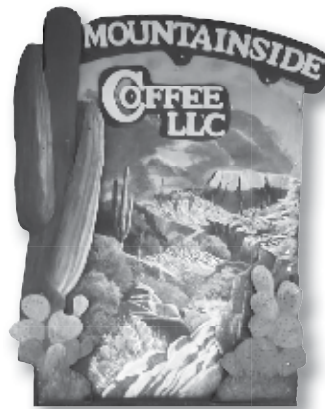

that the Town of Superior has funding to cover the cost of increased socio-economic impacts that we will experience as the mine is constructed and moves into its full operational capacity.

This weekend will be a celebration of mining past, present and future. Wishing everyone a happy, safe, fun and educational Mining Festival weekend.

Superior competes in Joe Padilla Tournament

By Nathaniel A. Lopez
Superior Sun

The Superior Baseball team competed in the 36th Annual Joe Padilla Baseball Tournament last week. The Panthers started off the tournament with a 9-4 victory over Florence. The following day, the boys played against Santa Cruz Valley, and walked away with a close win of 6-5. Later that day, the Panthers played against Estrella Foothills, where they suffered a tough loss of 2-19. The next day, they took on Hayden, and lost in the 3-12 game.

Marcos Galindo batted .571 on plate appearances with 4 hits, 4 RBI, 1 BB, 1 HBP. Antonio Lopez batted 1.000 with 3 hits, 1 RBI, 4 BB. Zach Duarte batted .556 with 5 hits and 2 RBIs. David Drennan batted .429 going 3 for 7 with 2 RBIs. Adam Lopez had 1 win and 1 save on the mound

striking out 7 people.

“Overall, we went 2-1 in pool play, made the main tournament, lost to Hayden but we started better this year than we did last year. We have to clean up some things and keep working to get better. I am proud of how we played but we are not done yet,” commented head coach Manuel Ortega.

The Lady Panthers will kick off their season on March 7, against Hayden. Head coach Alfonso Lopez stated, “After a stellar season last year we start a new season with high expectations. Big shoes to fill after graduating four seniors from last year but we have a great group of freshmen this year and learning fast, combined with our returnees we should be able to compete. Every season is a different team so come out and support us as we attempt to defend our title.”

federal level.

In attendance at the meeting were Gila County Supervisors Woody Cline and Tim Humphries. Mayor Angel Medina, Miami, Mayor Curtis

SINEMA

Continued from page 16

and Mayor John Thompson, Coolidge. Pinal County and the City of Globe were represented by staff members.

During the round table meeting, a variety of issues were discussed: a key point discussed was transportation funding not only for larger road projects like I-10 but also the need for funding for neighborhood streets. Supervisor Woody Cline along with Mayor Davis discussed the needs for veterans. Sinema has been supportive of the development of the Gila County Veterans Retreat center in Young. Another topic discussed was wildfire prevention and the need for funding for post fire support to prevent funding and repair fences used by ranchers. Currently funding available comes with so many restrictions that it is often impossible to spend with the grant requirements.

Another topic of importance to the region was the need for responsible mining of American minerals. Mayor Besich thanked Sinema for her support of the Resolution Copper project and expressed frustration that the Federal Environmental Impact Statement still has not been re-released. Sinema shared that she has been working with the Arizona Manufacturing and Defense Council to identify areas in Arizona where critical minerals can be mined.
