## LETTER TO THE EDITOR

# In response to Mr. Rios

I have a few questions/items to address from last week's Letter To The Editor by Pete Rios:

Item 1: Mr. Rios wrote that I have accused him of colluding with other spvsrs. in previous emails that have been publicized. I CHALLENGE HIM TO SHOW PROOF OF SAID PUBLICATIONS.

Item 2: He also stated that he had an "Open Door" policy for all. Can he advise us where that door is? I have asked many long term residents as to its location and couldn't get an answer.

Item 3: Not only could these same residents NOT tell me where that door was, but they couldn't tell me the last time that the spvsr. had held a Town Hall

## PCSO arrests Eagle Crest man on six counts of indecent exposure

On Monday, April 6, 2015, Pinal County Sheriff's Detectives concluded a two month long investigation into reports of indecent exposure involving a male in the San Manuel and Oracle areas with the arrest of a 35 year old Eagle Crest resident.

The investigation began on Saturday, Feb. 7, 2015, when the Pinal County Sheriff's Office received a report of an indecent exposure that had just occurred at the Dollar General store in Oracle.

Responding deputies learned that a male subject had entered the store, gone to the restroom, and emerged with his genitals exposed from the zipper of his pants. While the deputy was on scene taking the report, the store received a telephone call from the suspect, who apologized for his actions.

Deputies began checking with other local stores to determine if similar incidents had occurred. Over the next few days, deputies learned that a subject matching the same description had exposed himself to employees of four other stores in San Manuel on Feb. 6, 7 and 9. Through investigating those incidents, deputies learned the suspect was driving a white Chevrolet pickup truck with an aluminum toolbox in the bed.

The PCSO Persons Crimes unit was assigned to investigate and identify the suspect. Through store transaction records, store video footage, and telephone records, detectives identified the suspect as David Joseph Vogler, 35, Eagle Crest. Vogler was identified in a photo lineup by two of the victims of the offenses.

On Monday, April 6, Detectives served a search warrant at David Vogler's residence. While executing the search warrant, detectives found a white pickup truck matching witnesses' descriptions parked in the driveway of Vogler's residence.

David Vogler was arrested and booked into the Pinal County Sheriff's Jail on six counts of indecent exposure.

Mtg. in Oracle, San Manuel nor Mammoth. I find that strange, especially after the event with the govt. bringing in many Undocumented Central American youths without any warning last summer, which resulted in a National Protest by approx. 250 concerned residents. An event so impassioned that it created a major rift within the Tri-Community area and to this day, still has a residual effect. Where is the leadership Mr. Rios? Did you even once meet with your constituents to try and mediate these

concerns? I've been told that you did make it down to put up a sign welcoming the illegal youth.

What did happen, is that several of these residents, after much negotiation, met with authorities from the Syc. Canyon Academy and worked out the problems for themselves and their community. Many months after the event! Much of the anxiety, trepidation, etc. has all been mediated. No thanks to you, Mr. Rios.

# Ferguson, MO

I have been reading the Department of Justice report on Ferguson, MO and I am appalled that this type of systematic racial discrimination on the part of police, municipal court and the city government could exist today. It is as if Jim Crow of the Deep South has raised its ugly head again.

The report is so scathing that a judge, police chief and town manager have resigned. That it took a police shooting of an unarmed young black man and citizen protests before any action was taken says much about the lack of leadership and/or corruption in the Ferguson government and police department. The officer involved in the shooting, Darren Wilson has been cleared of charges but resigned in the wake of the furor caused by the shooting of Michael Brown.

## DRY HEAT

By John Hernandez  
San Manuel Miner

A few of the facts brought out in the report included: Ferguson's law enforcement practices are shaped by the city's focus on revenue rather than public safety needs. Police officers frequently detained people without reasonable suspicion and arrested people without probable cause. Ferguson has a population of 21,000; 16,000 of those people had outstanding warrants. Of those 16,000 warrants, 92 percent of them were issued to African Americans. Black residents were 68 percent less likely than others to have their court cases dismissed. While this went on Ferguson officials routinely dismissed parking tickets for their friends, colleagues and acquaintances. In 2013, the Ferguson Municipal Court issued 9,000 criminal warrants. During the same period the city of Boston, 30 times larger than Ferguson issued 2,300 criminal warrants.

Although it is easy to understand the frustration of the black community which comprises 67 percent of Ferguson's population, nothing justifies the recent shooting of two police officers nor the looting and property damage that took place during earlier protests. The shooting was a cowardly and despicable act which could have caused the deaths of others at the scene. The police showed professionalism and restraint in not firing into the crowd of protesters.

Ferguson is just one small town and I would be naïve to think that this type of government oppression and discrimination is not going on in other parts of the country. We all know that Arizona is not free of discrimination and corruption. Sheriff Joe Arpaio and the Maricopa County Sheriff's Office are known to racially profile Hispanics. Senate Bill 1070, the law according to the ACLU, "inspired by the bigotry and intolerance of Arizona's elected officials," was used to oppress Hispanics especially undocumented

# Local Chapter of the Well Armed Woman to celebrate second anniversary

The Copper Basin Chapter of the Well Armed Woman is about to celebrate its second anniversary. For two years, the Copper Basin Chapter has been bringing the sport of shooting to women of all experience levels in our communities. Along with just the enjoyment of the sport, the chapter is also educating women on safety and correct use of firearms, self-defense with and without firearms, mindset when conceal carrying and many more topics. The goal of the chapter and the entire organization itself is to educate, equip and empower women as they strive to make important personal choices in their lives. Through the chapter, women are discovering their passion, developing

their skills, finding their confidence and building new relationships within the communities.

With confident and capable instructors, this chapter is going strong and plans to continue for many years to come. Marti Stonecipher, Kari Ramsey and Renee Ramsey lead the Copper Basin Chapter and have been striving to educate and empower women since the start of the chapter in April 2013. These three women have attended many classes to further educate themselves so that they may be the best role models and leaders that they can be. Some of the classes they have attended include NRA Instructor Training, the Well Armed Woman Instructor

Training, NRA Range Safety Officer Training, Defensive Handgun, Carbine Training, Hunter Education Instructor Training, and Individual First Aid Kit/Trauma First Aid, with many more classes on their to-do lists.

The Copper Basin Chapter has also made it a goal to be more involved in domestic violence awareness. The Well Armed Woman is so much more than just a shooting club. The Well Armed Woman focuses heavily on self-defense. Not only to teach women to be independent and

confident enough to protect themselves and their families, but to help those who didn't have those skills at one time in their lives. They believe that all women should have security in their lives, no matter how that security may come.

One of the biggest and most exciting changes the chapter and the organization has experienced is becoming a non-profit organization. The Well Armed Woman Shooting Chapters became a 501c(3) non-profit organization on Jan. 1, 2015.

# Millers to lead Oaks Festival Parade Saturday

By John Hernandez  
San Manuel Miner

Bob and Jessie Miller have been selected as this year's Grand Marshals for the Oracle Oaks Festival. The Millers moved to Oracle from Coolidge in 1956 when Bob took a job with the San Manuel Copper Corporation (Magma). Bob worked at the mill and crusher until 1972 when he went to work for Pinal County as an operator and then a foreman. He retired in 1995. Jessie worked at the Mt. Vista School cafeteria as a cashier for 12 years.

The Millers have been active in the community. Bob was one of the volunteers who helped build the Oracle Community Center. He was one of the block layers. Jessie has volunteered for the food distribution program run through St. Mary's Food Bank and the county off and on for over 25 years. She still volunteers for the food distribution program from the food share program which is now at the Pinal County Health/Sun Life building. Bob and Jessie were 4H Club Community Leaders for nine years and Bob was on the board of directors for 4H Club for the county. Jessie taught cooking and sewing while Bob taught leather craft. One year all the kids took their leather work to the Pinal County Fair where they all won blue ribbons.

Bob has done his share of roping as a cowboy in Coolidge and entering roping contests. He used to rope in events held in an arena behind the Oracle Inn back in the 50s and 60s. Jessie has also done some roping. The Millers have an arena on their property in Oracle and Bob has taught roping to his kids and grand kids. Four of the young people he has worked with have gone on to compete at the National Rodeo Championships including his daughter Linda Smith and grandson Wyatt Althoff. Arianna Assini and Bobby Flores are the other champions he has helped teach.

Bob enjoys hunting and the Millers like going to the lake and camping. Every year for the past 30 years during quail season, Bob and Jesse camp by Black Mountain and put on a quail dinner for family and friends. One year they had a 105 people show up. Jessie and Bob will have been married for 63 years in May. They have six grand children and 14 great grand children. Jessie says they love dancing and still dance on Saturday and Sunday nights at the Oracle Inn. Congratulations to the 2015 Oracle Oaks Festival Grand Marshals Bob and Jessie Miller!

Jessie and Bob Miller have been named this year's Oracle Oaks Festival Grand Marshals.

## Lady Miners bounce back

By Andrew Luberda  
San Manuel Miner

The third-ranked San Manuel softball team took out some frustration at Miami last Tuesday, crushing the Vandals 16 – 0 and returning to form after suffering its first sectional loss of the season on April 3.

Dionne Ruiz and Alyssa Cuellar each had three hits against the Vandals. Mireya Tamayo and Kadi Monfred each had two. Monfred also had two RBI in the game.

Monfred and Ruiz each hit a double while Tamayo had the Lady Miners' other extra-base hit, a triple.

Junior pitcher Lyana Waddell picked up her 13th win of the year, pitching a complete game shutout. She allowed only two hits and two walks while fanning seven Vandals' hitters during her five innings of work.

Upcoming schedule: April 15 vs. Superior, April 17 at Superior, and April 21 vs. Globe. All games are scheduled for 4 p.m.

# WELL ARMED WOMAN

Continued from page 6

With this change comes the ability to do so much more for the community. The chapters are now able to fundraise, not only for things they need within the chapter, but for other needs in the community. This also means that any donations given to the chapter are tax

deductible. It's a win-win for everyone! Along with being one of the leaders of the Copper Basin Chapter, Marti Stonecipher is also the new program director for the Well Armed Woman Shooting Chapters. She manages all the chapters nationwide. So don't think this is just some silly little

girl's club. The Well Armed Woman Shooting Chapters is a huge organization that is doing huge things, and the Copper Basin Chapter is in the heart of it all!

Currently there are over 200 chapters of the Well Armed Woman Shooting Chapters in 48 states and it is growing every single day. This is an amazing group to be a part of and if you were ever interested, now is the time to check it out. The first meeting is always free and is for all women 21 years old and up. There are some amazing benefits to becoming a member of the Well Armed Woman Shooting Chapters: discounts at businesses nationwide and online including 10 percent off at the Well Armed Woman online store. Also, members receive discounts with Glock! Yes that's right, discounts with Glock! Ready to join yet?

The second anniversary celebration meeting for the Copper Basin Chapter will be on April 19 at noon at the Copper Valley

Christian Center. If you have any questions please email the leaders at copperbasin.twaw@gmail.com or you may call or text them at: Marti Stonecipher 520-400-8914, Kari Ramsey 520-827-9910 or Renee Ramsey 602-920-3765. Or you can find and message them on Facebook: www.facebook.com/TWAWCopperBasinAZ.

## DRY HEAT

Continued from page 5

immigrants. The law was also created to build a human commodity for the private prison industry and county jails. The legislature and governors in bed with private prisons, corruption at its worst!

Even in Pinal County our Sheriff has done his share of fear mongering against undocumented immigrants and has even appeared on a white supremacist radio talk show. On the Political Cesspool radio show, he called one of the hosts a "great American". The Political Cesspool has been criticized for its promotion of anti-Semitic, white nationalist and white supremacist views. The Southern Poverty Law Center says of Political Cesspool's creator James Edwards: "Edwards has done more than any one in America to promote neo-Nazis, Holocaust deniers and other extremists."

In December, Sheriff Paul Babeu, two of his deputies and Pinal County lost a judgment in the first federal legal challenge of SB1070. The suit was filed by the American Civil Liberties Union (ACLU) on behalf of Maria Cortes. The ACLU contended that Pinal County Deputies initiated and prolonged Cortes's detention with immigration authorities based solely on the suspicion that she was an undocumented immigrant, a violation of her fourth amendment right. Maria Cortes was

granted a \$25,001 settlement plus attorney fees.

The Ferguson report should be a wake up call for America. Changes are needed in our criminal justice system. City, county and state government officials need to take a close look at finding ways to prevent this from happening again. The news media and civil liberties groups need to keep a watchful eye on government agencies and make sure they are following the law and being transparent. The American people need to stand up and speak out against injustices and corruption if there really is to be "Liberty and Justice for All" in our country.

# Mammoth Historical Society hosts Story Swap

By **John Hernandez**  
San Manuel Miner

On Saturday the Mammoth Historical Society museum opened its door to the public for a Story Swap event. The event drew a good crowd and resulted in the museum getting some items donated and historical information from those that shared stories about the Mammoth area.

Stan Benjamin author of "Mammoth: An Illustrated History", donated some of his research documents from various projects he has worked on. Benjamin also donated some police department decals and very generously gave the proceeds of his book sales at the Story Swap to the Mammoth Historical Society. Stan previously provided a file of his book Mammoth: An Illustrated History to the Historical Society and waived his royalty rights so it can be printed and sold by the Mammoth Historical Society. Anyone wanting to buy

a copy can contact Diana Stirling at 520-487-0268.

The museum also received an old bleach bottle found at the Tiger town site and the original charter of the local 2223 International Brotherhood of Electrical Workers (IBEW) organized in the 1950s at San Manuel. The document in a display case was donated by Sal Liotta. The historical society would like to thank everyone for their donations and the Fugett family for loaning their mineral collection for display at the Story Swap event.

The Mammoth Historical Society is compiling files on Mammoth history and working on getting some permanent displays to exhibit at the museum. They hope to be able to open the museum on a regular basis in the fall. Anyone wishing to donate items or join the Mammoth Historical Society, contact Diana at 487-0268.

Stan Benjamin is the author of 'Mammoth: An Illustrated History.'
