LETTER TO THE EDITOR

Rios Says Waste Management to Terminate Lease for Dudleyville Landfill

It appears that in April, Waste Management plans to terminate their lease for the Dudleyville Landfill. Upon approval of the landfill closure plan, Waste Management will construct a transfer station facility prior to the termination date. More information will be available post-approval of the April deadline.

What does this mean? The public will still have their regular residential services and have access to utilize their FREE dump vouchers for the Transfer Station.

In an effort to provide more services, we in Pinal County will be increasing the issuance of free vouchers from 3

to 6 per calendar year in the near future. My office will work hard to accommodate those in need of the additional vouchers and you may obtain them at my Mammoth office at 118 Catalina Ave. when they are available.

As additional information is confirmed, my office will work on keeping the public informed.

FUN FACTS ABOUT WOLVES

1. Wolves mate for life. They stay together until the end!
2. Wolves tend stay in packs and, together, they can take large prey like deer and moose. Alone, wolves only hunt small prey, like rabbits and squirrels.
3. Packs can be as big as 30 wolves or as small as 2. Generally, packs are about 7 or 8 wolves strong.
4. Wolves can be gray, black, or white. Red wolves are a different species.
5. The howls that are iconic of the animal actually have multiple different uses. If a wolf is howling alone, it may calling out for its pack. If it is a group of wolves, it maybe declaring their territory.

MORE RESOURCES FOR PARENTS

There are many companies online that are offering help to parents who find themselves in the role of homeschool teachers.

We have found a wonderful resource at Audible.com. They are offering free stories for children and have selections for all ages. Our suggestion this week is: White Fang by Jack London. You can find this story and more at: <https://stories.audible.com/start-listen>.

Dear Parents,

Because of the recent school closures, Copper Area News Publishers wanted to create a page for our younger readers, a page all their own that brings a little fun and a little learning to them.

This week we are featuring Fun with Wolves. We have a coloring page (courtesy of Paint the World Super Coloring), a super fun math puzzle, and some fun facts compiled by our reporter/photographer Lauren Carnes all about wolves.

We've enlisted help for future issues from the local school districts. So keep an eye out for more from our "Let's Learn Something New" page.

Teaching and Learning Continue at Mountain Vista School, Despite Statewide School Closures

All schools in Arizona are closed through the end of May, to slow the spread of COVID-19, the novel coronavirus.

Upon receiving the news of statewide school closures, the teachers and staff at Mountain Vista School in Oracle, Arizona immediately started working to redesign what “school” looks like for their students.

Although the campus is closed, teaching and learning continues. Teachers created online classrooms for students to interact with their teachers virtually. YouTube channels were created by our teachers in order to share instructional videos. Printed materials were created and distributed to children in our community.

Redesigning what teaching and instruction looks like was not an easy task but in the spirit of always doing what is best for kids, our teachers problem solved and created a plan to continue school in a new way.

Free breakfast and lunch is available for all children, 18 years and younger while campus is closed. “Grab and Go” meals are available for pick-up in the school parking lot from 8-9 a.m. and 11:30 a.m. to 12:30 p.m., Monday through Friday.

ORACLE SCHOOLS

By Crystle Nehrmeier

Funding to provide free breakfast and lunch for children during school closures is provided by the Federal Summer Food Service Program.

Oracle Schools Foundation: Working Together for Our Students

If you live in a certain 300 square mile area surrounding Oracle, SaddleBrooke Ranch, SaddleBrooke, Oracle and Eagle Crest Ranch, the Oracle Elementary School District (OSD) is your school district. Established in 1905, OSD offers preschool through 8th grade in only one school, Mt. Vista Elementary. OSD is a political subdivision of the state and its five elected governing board members are unpaid public officials who make policy and exercise fiduciary and strategic oversight of the District. They do not exercise operational control of the District, that is the job of the District Superintendent. Rather, they, as a board, provide direction to the Superintendent and by law, carry out other functions such as: hiring and dismissing employees, adopting curriculum, establishing a school calendar, approving

contracts, and adopting budgets. This budget is based on a per pupil amount which includes funding for high school students residing in the District. This funding is passed to the other districts whose high schools these students attend. For this year, OSD has 413 students attending Mt. Vista Elementary and receives only fifty percent of the funding from the State for the 25 in kindergarten and none of the funding for the 50 attending preschool.

This lack of state funding for early childhood education is what led a group of concerned citizens to establish the Oracle Schools Foundation in May 2015 as an IRS approved 501(c)(3) non-profit. The OSF's vision to “be a beacon of excellence in public education” and the mission to provide “financial and related support to ensure

Arizonans ordered to stay at home, stay healthy and connected through April 30

On Monday, Governor Doug Ducey issued a Stay at Home order in an effort to add another level of social distancing. This order came after a letter signed by several Mayors of Arizona asked the Governor to issue the Stay at Home order.

Town of Superior Mayor Mila Besich joined Mayor Ana Tovar of Tolleson, Mayor Coral Evans of Flagstaff, Mayor Ginny Dickey of Fountain Hills, Mayor Valorie Molina of Guadalupe, Mayor Mark Mitchell of Tempe, Mayor Kate Gallego of Phoenix, Mayor Regina Romero of Tucson, Mayor Thomas McCauley of Winslow, Mayor Alexis Hermosillo of El Mirage

and Mayor Sandra Moriarty of Sedona in preparing and signing the letter. The Governor issued his Executive Order about 90 minutes after the letter from the Mayors made it into the news. In a written statement to local media outlets, Mayor Besich stated, "Our rural communities, do not have enough EMS or healthcare resources to manage the realities of the COVID-19 virus. We ask the Governor to act with urgency to protect all Arizonans."

The Stay at Home order starts at 5 p.m. on Tuesday, March 31, 2020 and will remain in effect until April 30. The order does allow essential workers to get

to and from work or to volunteer and allows people to tend to errands such as picking up prescriptions, grocery shopping or doing any other task or errand at an "essential business". Bars, gyms and movie theaters are still closed across the state and restaurants may continue their operations with take out and delivery orders. The order also encourages Arizonans to get out and exercise and recreate in the outdoors, such as biking, hiking, walking or enjoying local parks. Another focus added into this order included a reminder and encouragement for everyone to stay connected digitally, via their phones and the internet.

The Governor's orders did not change any of the essential businesses that are allowed to be open during the "Stay at Home" order. This new order continues to recommend social distancing and also limits groups from gathering of more than 10 people. One of the big questions being asked of the Governor's office, is why are beauty services such as salons,

barbers, nail salons and spas considered essential along with golf courses, pawn shops, and gun stores. The order also does not require employers to provide an employment letter proving that a person is employed by an essential business. In neighboring, California, residents are not allowed to leave their city or county boundaries and they must also have a letter proving that they are an essential employee.

Local leaders have been growing concerned by the high use of the public lands in the area, which are now becoming high use areas for camping and outdoor living for those wanting to avoid living in the more urban areas during this time of social distancing. The Tonto National Forest closed many congregate camping locations including the Picket Post Trailhead on the Arizona National Scenic trail but did not close the Oak Flat Campgrounds. Picnic areas at Roosevelt lake and areas in the Pinal Mountains and Sierra Ancha mountains have been closed.

School closures affect JTED programs

Arizona's public schools have all had to adjust for the realities of schools closures due to the COVID-19 Virus Pandemic. The precautionary methods to help flatten the curve of the outbreak in Arizona has called for social distancing and the realities of implementing the strategy has been difficult for all schools but it proves even more difficult for the Joint Technical Education programs such as the Cobre Valley Institute of Technology and the Pima Joint Technical Education District, since the courses taught at those schools require some on the job training and clinical testing.

Both schools have deployed an online program. Students can access their coursework and engage with their teachers.

The challenge comes when students need to complete the actual job training. For nursing students in these programs, the ability to complete the job training components are non-existent at this time due to the COVID-19 virus, and it is unclear how the State licensing department will handle the clinical aspect. With the high demand for health care workers, these students are the future

workforce and may be needed much sooner rather than later. In a normal course, the students in the Certified Nursing Assistant program would do their on the job training at a nursing home or at a local hospital, but that part of their program is not available right now due to the virus.

This policy and technical lessons for other industry trades such as cosmetology and welding are also affected by the school shut down and social distancing procedures. Cosmetology students are not able to practice their technique or work hours at the school salon during this crisis. Interim Superintendent Mike O'Neal explained that CVIT is waiting on clarity from the state.

"If we need to have our students come back next year to complete the clinical and on the job training, we will do that at no extra cost," O'Neal said.

School districts across the state are waiting on policy revisions and graduation requirements now that the COVID-19 virus has affected the rest of the school year. Schools should be receiving more official word from the State of Arizona during this week.

High School students (10th - 12th) can jump start their careers by enrolling in CVIT's Central Campus Programs located on Gila Community College or Central Arizona College Aravaipa campuses. All tuition, books, and certification fees are paid for by CVIT. Students can earn college credit and industry certification while learning entry level skills.

PPE in short supply for hospitals, EMS

It's no surprise that hospitals and local first responders are struggling to protect themselves in light of the ongoing pandemic.

PPE (or personal protective equipment) protects healthcare workers as well as patients and visitors from viral and bacterial infections that can enter through the skin, eyes, nose and mouth. PPE includes facemasks, gloves, face shields, gowns and goggles, to name a few items.

Currently, all healthcare facilities, including emergency responders, are in need of PPE. Not only facemasks, but gowns, gloves and goggles, too. Cobre Valley Regional Medical Center in Globe, like other hospitals in Arizona, is tracking the inventory and

Homemade facemasks from the 'Olson Mask' pattern.

utilization rates of these items on a daily basis and is in constant contact with suppliers for availability.

The Center for Disease Control and Prevention (CDC) is the authority in guiding healthcare facilities in the best practices for controlling and preventing the spread of disease. The appropriate use of PPE is a major part of the regulations put forth by the CDC and outlines "Strategies for Optimizing the Use of Facemasks."

These strategies are broken down into Conventional, Contingency and Crisis capacities. As hospitals across the nation are experiencing a crisis in their PPE, a last resort is to use homemade masks. Many hospitals are referring to these masks as "comfort masks" and will be used in non-clinical areas of the hospital.

The Town of Superior has mobilized quilters in their area to sew these masks and make them available to the elderly and to First Responders, who are using them to cover the facemasks they do have.

CVRMC has requested homemade masks from members of our community in preparation for a "Crisis Capacity" situation. Lee Ann Powers took the lead on this effort and has mobilized many amazing community members to cut and sew the "Olson Mask," a pattern that is being used by many other hospital facilities who are in short supply. CVRMC leaders in Infection Control and Nursing will determine the best utilization and distribution of these homemade masks.

"Olson Masks" or comfort masks are fairly easy to make, especially for quilters and others who sew. The pattern can be found online at <https://www.avera.org/app/files/public/76443/Olson-Mask-with-Pattern.pdf>. If you have a sewing machine, some scrap material and time, why not sew a few masks for our local medical

facilities? At the very least, the masks can be used by patients at local clinics and leave the medical grade facemasks to those who really need them. We're in this together.

Other efforts include the making of several 'face shields' through the use of a 3-D printer by Globe-area third-grade teacher, Jeff Battese.

Oracle School District is offering free breakfast and lunches to children under the age of 18 regardless of school district. Breakfast is available 8-9 a.m. and lunch 11:30 a.m. to noon. Pick up is at the Mountain Vista School Parking Lot, 2618 W. El Paseo, Oracle. No need to park: they will have "grab and go" meals available to distribute outside of the school office.

Superior School District will also offer breakfast and lunches for students. Parents are asked to call the high school office at (520) 689-3000 ext. 3101 before 10 a.m. Meals can be picked up at the high school from 11 a.m. to noon daily. Those who can't make the pick-up should notify the school when calling and the meals will be taken

to the child's regular bus stop.

For all meals, the child must be present to receive the meal. In order to comply with regulations regarding social distancing, students are asked not to congregate after receiving their meals.

We are all in this together.

COVID-19 VIRUS UPDATE

To our Valued Members:

In response to the recent events and concerns regarding COVID-19 (coronavirus), we are taking steps to help minimize the spread of any and all viruses and illnesses. Arizona Governor Doug Ducey issued an executive order Monday that defines which businesses and operations are considered essential amid the state's COVID-19 outbreak. Ray Federal Credit Union is considered an essential business and will maintain business hours and operations with as little disruption as possible.

For the protection of the public and our employees we are limiting members in our lobby to one at a time for transactions. Our loan department will serve members on an appointment only basis. We are asking members to use ATM's, Debit Cards, and electronic services whenever possible. Many things can be handled safely by phone or email reducing exposure between members and staff. Our Annual Business Meeting scheduled for Tuesday March 31, 2020 has been cancelled and will be rescheduled when public health concerns subside.

Ralph Dubois III, Chairman of the Board of Ray Federal Credit Union reminds us "Our credit union is financially solid, has strong capital reserves, is well managed, and has the resources to help members with their financial needs now." Members who need assistance may call our main number 520-363-5681 or if you prefer email us at support@rayfcu.org. Rest assured we are putting measures in place to promote public safety and minimize inconvenience so we can continue to best serve you.

We are proud to serve you and we thank you for being a valued member.

Providing resources to support families of young kids at home and beyond

These are challenging times for families, especially those with young children, who are especially sensitive to situations causing stress in their environments and among their adult caregivers.

First Things First, Arizona's early childhood agency, is committed to providing parents and caregivers with information and resources to support families with young children as our communities continue to be impacted by the coronavirus (COVID-19).

As families spend more time at home, FTF has rounded up some resources that remind parents that everyday moments matter most when it comes to young children's development. These include:

- Helping your child learn through play <https://www.firstthingsfirst.org/resources/learnthroughplay/>
- Boosting learning through active, outdoor play <https://www.firstthingsfirst.org/first-things/active-outdoor-play-boosts-learning/>
- Building a love of math and science early <https://www.firstthingsfirst.org/first-things/build-love-of-math-science-early/>
- Developing language and literacy skills <https://www.firstthingsfirst.org/resources/language-and-literacy/>

In addition, below are some resources to help you support your toddler or preschooler during the coronavirus health crisis. A top tip when talking with young children about any difficult situation?

Keep it simple and age-appropriate. For example, "We're taking a break from playing with others so we can all stay healthy."

Birth to Five Helpline The Birth to Five Helpline is a program of Southwest Human Development and is partially funded by First Things First. It is a free service available to all Arizona families and caregivers of young children.

FOUNDATION

Continued from page 4

that every Oracle student has unlimited opportunity to succeed have guided their efforts. As of January 2020, the Foundation had raised over \$343,000 from a variety of generous donors, both individual and business. Many of these donations come in during the Gala the Foundation has held every October or November for the past five years. This year's Gala is

scheduled for Oct. 25. You can learn more about it at OracleSchoolsFoundation.com. Want to learn more about what this funding has allowed and will bring in the future? Please watch for more articles.

Donations to the Oracle

School District should be sent to 2618 West El Paseo, Oracle, AZ 85623-6192. The Oracle Schools Foundation address is P.O. Box 8863, Tucson, AZ 85738. Donations to both these organizations are entirely separate from the

state's tax credit program, which allows individuals to contribute \$200 to any public school district and reduce their state tax bill by that same amount. These tax credit contributions must be made by April 15 of the year following the year for which

they will be claimed.

Of course, there are other ways to help. Anyone interested in volunteering for the District can go to OSD2.org/volunteer to download a volunteer packet and get more information. Volunteers

interested in supporting OSF's efforts should email the Foundation at info@OracleSchoolsFoundation.com for more information.

OSD's tagline is: Small Town Roots. Global Expectations. These "global expectations" are what both organizations and their supporters are working so hard, for every one of "OUR" students, to meet and exceed.

Tri-Community businesses coping with pandemic

With President Donald Trump, Center for Disease Control and now Arizona Governor Doug Ducey calling for residents to stay home and shelter in place due to the COVID-19 pandemic, businesses have had to cope with closures and more.

3C Ranch: The beautiful and historic 3C Ranch offers room rentals, a wedding and event venue, weekend bar and kitchen and a 3D archery range. The ranch is now closed pending further notice due to state decrees regarding the COVID-19 virus.

The Ore House Hilltop Tavern: The Ore House is open for takeout only. This will include food from their menu. Beer and mixed drinks to go, only with food purchase.

Arizona Zipline Adventures: The Zipline and Peppersauce Kitchen are temporarily closed until further notice. Peppersauce Kitchen sold to go food in late March at Sue & Jerry's and is looking at continuing to offer this.

Casa Rivera: Casa Rivera is only open for takeout.

Oracle Patio Café & Market: The Patio Café is offering dining in their outdoor patio area only and takeout service. The Market has been expanded with more grocery items, fresh meat and chicken and a deli section. Groceries include dry beans, rice, pasta, bread, milk, canned and frozen food items and even individual toilet paper rolls should you need some to tide you

over. They are expanding their outdoor area seating capacity with the addition of some gazebos.

Stacey Raneri says that for people that feel uncomfortable coming in to the market, they can call in an order and they can have it ready for them.

Mammoth Lumber: Fred Verdugo says it has been "business as usual". The regulars are still coming in and so far the business has not been impacted negatively.

Dub's Plumbing: Becky said that business has been hurt by the canceling of events and the closing of the Biosphere. This has affected their port-a-potty rentals. They have hand sanitizer at the entrance so people can use it on their way in and out. For people uncomfortable coming in to shop, they can call in an order and she will have it ready for them at the front.

Ace Hardware: Ace Hardware in San Manuel reports that they are "open for business as usual," but "business has been hit and miss." They are practicing social distancing, wiping things down trying to curb the virus.

Let's show some support for our local businesses. Buy dinner to go from one restaurant once a week. Use our local hardware and plumbing stores to purchase supplies for those home improvement projects you've had on your to do list for ages.

We're all in this together.
