# Getting Arizona Back to Work, A Health Care Provider's Perspective

It's been weeks and we are still locked down at home. That is, if you are not one of the 40% in our society who are considered "essential workers". Many of us are staying put, sitting inside and binge watching TV or taking long lonely walks outside, giving the dog exercise. But what will happen when these restrictions are lifted and we can go about our daily lives? Or will we? As Dr. Fauci said "unless we get this virus under control, a real recovery will not happen". We must stay isolated until we hit that 14d downward trend.

The refrain is Testing-Tracing-Isolate. Yet Arizona is #46 in state testing, currently 7.6/1,000 tested. Many tests are negative, yet we know that testing has a serious false negative rate. One physician wrote that in a NY hospital ER even people with gun shots, broken bones and diabetic problems showed on lung xray Covid pneumonia. This virus does not make everyone ill.

Harvard researchers recommend that we test 500,000 people

per day in the US, yet we have tested so far, in total, just a fraction of our population. We have lost as many people in a few weeks as was lost during the 20-year Vietnam war. So, if Arizona is at the bottom of the testing spectrum, when will we ramp up enough to test the numbers daily needed to manage this crisis? Returning to life as we "know it" any time soon would be "reckless and undisciplined" according to a medical expert.

Doctors, scientists and health professionals should be our guides and our sounding board. They are the only people we should listen to, because they base their decisions on something we must use 100% of the time, science. Science should be our guide and science should be our only reference.

In Santa Cruz California, they found after random testing, there was a 50-85 fold increase in antibodies seen among the well population. That means there is A LOT of undiagnosed and unconfirmed cases walking around without symptoms. We are also learning that those who had illnesses in winter and tested positive for flu or strep could have also had COVID-19. That might mean this winter you could have COVID-19 and the flu,

so get your flu vaccination! Initially we didn't test for the virus if you were positive for something else. We are rethinking this hypothesis.

Arizona must develop a thorough tracing program. Once good testing is in place, contact tracing must be next. Our state must hire an army of tracers working diligently to trace every contact, everywhere. It will be a lot of work but it is the only thing we can do.

We will have a vaccine and treatments one day. A treatment, or multiple approaches to healing will be best. But to be safe, we must do both, treat and vaccinate. When a vaccination is available, Arizona should then mount the biggest public vaccination effort since eradicating small pox and vaccinating for polio. We must vaccinate everyone unless they have a legitimate medical exemption. When we finally develop herd immunity we may then, in a few years, breath a sigh of relief.

The bright spot in this will be opportunities for employment. We will need tracers, vaccination workers and healthcare workers. We need you to train to be a nurse, PA, doctor, tech, CNA, or other healthcare team member. We need you all, now and in the future. Arizona has a severe rural healthcare provider shortage. Arizona has jobs for you, good paying jobs with a bright future and you will always be employed. Your job future is secure.

So as a retired Physician Assistant in Emergency medicine, Workers and Women's Health, I have hope. I have seen it all and believe in the human spirit. I believe we will learn and thrive. But we must be vigilant.

Arizona is not yet ready to reopen. I predict it may take to June or July. Until then we should be careful, mask, sanitize, wash your hands and stay a good distance from those you do not live with. Have hope. We are strong and we will get through this.

## Candidates qualify for municipal elections

Throughout our Towns, Cities, State and Nation the majority of everyone's focus has been on COVID-19 and its impacts on community health and the economy. Despite the defined focus on the virus, the regular and day-to-day work continues for the local communities of the Copper Corridor.

Incorporated communities of Kearny, Hayden, Mammoth, Superior and Winkelman all have scheduled municipal elections. Most of the races are uncontested with the exception of the Kearny and Mammoth Mayoral races. Here's your local run down of who's running in each community.

**Kearny:** Debra Sommers, incumbent faces opponent Jaime Ramsey for the Mayor's seat. There are three council seats up for election: Samantha Misita, Rose Bradford and David Herrera are seeking election to the three seats. Misita and Bradford are incumbents. Sheila Stephenson will not seek re-election.

**Hayden:** Dean Hetrick will seek re-

election as Mayor of Hayden. He is running unopposed. There are three council seats up for election in August. Councilmember Bernardo Cruz and Rosalinda Lopez will seek re-election. A third candidate did not apply for the open seat, that seat will be open for appointment in January. Currently the Town of Hayden has a vacant council seat that has not been filled. Hayden has a mayor and six council seats.

**Mammoth:** This will be the first election where the voters of Mammoth will directly elect their Mayor. Prior to this election, the Council appointed a member of the council as Mayor. Incumbent Mayor Joe Dietz will be running against Patsy Armenta for the top position in Mammoth. There are three council seats open in this election cycle. Incumbents Al Anaya and Michael Martinez will seek re-election. Also running for the three seats will be Joe Brewer and Terry Adams. Francis Amparano will not seek re-election to the Mammoth Town Council.

**Superior:** The Town of Superior has

# Rios announces farewell re-election bid

Supervisor Pete Rios has announced that he will seek re-election to Pinal County Supervisor District 1 for one final term. The district includes Florence, Superior, Kearny, Dudleyville, Mammoth, Oracle, San Manuel, Cactus Forest, SaddleBrooke Ranch, Eloy, Picacho, Randolph and Coolidge.

Rios has served as a State Senator and is a past Senate President. He has served three terms as Supervisor for District 1 and has both a University Bachelor's and Master's Degree and was an Assistant College Instructor at MCCC. Rios is a permanent resident of Dudleyville with temporary residences in Superior and Apache Junction.

Rios is well known in political circles for his knowledge of government and parliamentary procedure and being results oriented. He takes pride in helping constituents with individual cases as well as implementing policy and programs to improve the quality of life for all Pinal County residents.

He has provided his communities with recycling services; vouchers for debris disposal; chip sealing roads, health clinics and funding for home delivered meals to the elderly and has been the driver of over \$100,000 to Senior Citizens Centers in Pinal County. He has supported and fought for maintaining college campuses throughout the county and has succeeded in bringing in economic development to different parts of District 1. Many businesses are locating in the valley area of District 1 due to the proximity of interstate freeways and railroad. Rios and the Board have created over 7,000 current and future jobs in Pinal County.

In the mountain area of the district, eco-tourism zip-lines, new mining projects and expansions and Apache Sky Casino are and will be providing new jobs. Inland port; power plants; Union Pacific Yard; landfills; prisons; plastics plants and other projects have come or will locate to the valley part of district.

Eloy and Coolidge will benefit the most from high-paying

jobs that Nikola Motors and Lucid Motors is bringing to the valley area of District 1.

"Local jobs are extremely important to Pinal County families," Rios said.

Additionally Rios and the current Board have reduced property taxes for families by over \$22 million dollars over the past few years. The county budget is good and stable and 2020 is expected to also be a good year, COVID-19 notwithstanding.

Supervisor Rios served as Chairman and Vice Chairman of the Board and served as the county's member to the State's Legislative Policy Committee for seven years, due to his vast legislative experience.

Rios will be opposed by R. Leos from Shed Road in Toltec in Eloy, which is actually in Supervisor Steve Miller's District 3. Leos claims to reside in Picacho, but records in the Pinal County Recorder's Office show that the Picacho residence is not a "Primary Residence" nor has Leos lived there for one year as required by State Law.

"People (like Leos) that live in glass houses should not cast stones," Rios said, adding, "This is America though, anyone that meets the lawful requirements is entitled to seek specific public offices. Leos does not meet those lawful requirements."

## Town of Kearny Announces RAD Change of Service

The Town of Kearny and RAD have announced a change of service for residential and commercial customers. Effective April 15 your new weekly trash and recycling day moving forward is Wednesday. Bulk services changed on March 1 to the second Thursday of each month and may be scheduled before noon on the day prior to your area pick-up date. Commercial services are every Wednesday, starting April 15. Please place both garbage and recycling carts out the night prior or by 6 a.m. on your service day. Allow 3 feet between each cart and 10 feet away from cars, mailboxes, landscape or other items that may interfere with service and 2 feet away from the building. Face cart so lid opens toward the street (handles toward building). Do not overfill or place additional garbage on top. Lids must be fully closed. This reduces airborne trash on windy days. Questions? Call Customer Service at 480-983-9100.

## Family First Offices Closed Due to COVID-19

Family First has changed the way they do business, as all of us in America have had to do lately! They have closed their offices for a two-week period, staying closed through March 30. While they hope to re-open on March 31, they will evaluate at that time steps needed. They are available to all their regular clients as well as anyone in the community as needed by a phone call. The phone number for Oracle is 520-896-9545; Winkelman 520-664-5795.

## San Manuel Elks Wednesday Night Tacos

Wednesday night Tacos at the San Manuel Elks Lodge has been canceled until Fall. Thanks to everyone who has supported us for these past months.

## Tri-Community Food Bank is Open

The Tri-Community Food Bank located at 108 Redwood Drive in Mammoth continues to be in business. We are observing social distancing. Hours are 9 a.m. - noon Monday, Wednesday, Thursday and Saturday and the 2nd, 4th and 5th Tuesday of each month. To be eligible you must show proof of address that you live near or in Mammoth, San Manuel and Oracle and have an income within the federal poverty guidelines. The thrift shop is closed and is not accepting donations. Call 520-487-2010 for more information.

## Wildfire Safety

Much of the southwest is considered a high-hazard fire environment. Within this hazardous environment are individual homes, and entire communities ill-prepared to survive an intense wildfire. It is not a question of "if" a wildfire will occur, but when. The odds of losing human life and property are growing. The Town of Kearny would like to protect you and the community from the dangers of wildfires. The Fire Chief is very concerned about this upcoming fire season. Even though we have received more rain than usual, it has caused more weeds. Once the rain stops, the weeds will dry out and this will make for a dangerous fire season. Please clear weeds, dry grass, dry shrubs or dead trees surrounding your property. Thank you for your support.

## Supervisor's Shred-A-Thon Event Postponed

The planned Shred-A-Thon event, hosted by Pinal County Supervisor Pete Rios and the Pinal County Attorney's Office, has been postponed. A date has not yet been announced. The postponement is due to the current health crisis.

## San Manuel VFW Meetings Canceled

# The Power of Recovery

Spring is a time of renewal. It is a time for the plants to recover from the suppressive conditions of Winter in our yearly cycle around the sun. In addition, the earth has seen environmental challenges developing over decades, culminating in long term pollution of our planet leading to extreme weather phenomena such as hurricanes, floods, fires, droughts and earthquakes. This year especially has seen particular challenges brought on by COVID19 and its impact on our health and our lifestyles.

A silver lining in this year's troubling situation is that we have witnessed the dramatic effect that we can have on the environment in a positive way by diminishing the use of our more polluting activities. Satellite images document how a few days of abstinence can clean up the skies and the waters of our planet. It is our mission to remember these images and adjust our priorities so that our planet can live on for the coming generations.

This same lesson is available when our personal bodies get sick from the onslaught of an infection or the pollution of daily exposures. If given the chance, our bodies rally to address that which is threatening us. We then have the choice to acknowledge the healing process and to foster further good health by continuing those behaviors that put us on the road to recovery or to return to a toxic lifestyle.

One prominent theme to incorporate into our future is to BE PREPARED to respond expeditiously. At the first sign of a problem we should take a moment to evaluate the situation and seek professional input when uncertain of our choices.

Again, we can view ourselves as a microcosm of the planet and its various timelines ... whether played out over weeks or yearly cycles or decades.

We can note what has contributed to our own dis-health and what has contributed to our recovery. We can take note of how others have been helped. We can invoke healing powers from within, as well as outside sources. We can further bolster our innate protective systems in preparation for future challenges.

This past few weeks has presented an opportunity to recognize the impact we each have on ourselves and on the lives of those around us. From the simplest concepts

## HEALTH ISSUES

By Dr. Michael Miles  
Special to the Miner

of avoidance through social distancing, to the more abstract concepts of investing in our future well beings, it is important to note that our behavior matters.

For Example: If you have an infection and you are unable to get over it with your own immune system, you might boost your immune system with stimulating herbs or you might call in some outside forces like antibiotics. If you are successful by bolstering your own immune system, then you are more prepared for future infections. If you choose to call in some outside forces, then there will be more proactive recovery methods to consider. If the outside forces undermine your internal immune forces, then you'll want to recharge those innate immune forces. If your internal immune forces are not adequately recharged, then you will have to be prepared to rely on those outside forces again...such as with the example of antibiotics.

Stay well. And, thank you so much for your unified efforts in these trying times.

# ELECTIONS

Continued from page 4

three Council seats up for election. Running to maintain their council positions are: Councilmembers Bruce Armitage, Olga Lopez and Vanessa Navarrette. Navarrette and Armitage are completing their first terms on the Council. Lopez was recently recognized for sixteen years of service by the Arizona League of Cities and Towns. In Superior, the

Mayor's term is a four-year term.

**Winkelman:** There are two council seats up for election in Winkelman. The Town of Winkelman does not elect its Mayor directly, and has a five-member board. The two

open seats are currently held by current Mayor Louis Bracamonte and Vice Mayor Anita Hinojos. Both Bracamonte and Hinojos will seek re-election and neither is facing any

opponents. After the election the Town Council appoints and votes for the Mayor and Vice-Mayor positions.

# Kindness Counts: New WiFi installed in Mammoth for student use

By **John Hernandez**  
San Manuel Miner

Americans, Arizonans and residents in the Tri-Community are working to find the “new normal” thanks to the pandemic of COVID-19. Restaurants are only serving take-out. Bars are closed. Businesses are shuttered.

The governor’s stay home directive has changed the face of education from pre-school through college. Many parents are now finding themselves in the role of homeschool teachers. They have support from the school districts, though. Teachers are now using Zoom and other online video conferencing apps to

teach their students remotely.

But success in the new normal for students depends heavily on access to high speed internet. In Mammoth and San Manuel, many people rely on the public libraries for access to the internet. With the lockdown, both libraries are closed.

Following the closure of schools due to COVID-19, it was pointed out that there was a lack of access to WiFi in Mammoth and San Manuel. Julie Dale-Scott, Superintendent of the Mammoth-San Manuel School District, and Evette Romero, San Manuel Revitalization Coalition Board Member, reached out to Local First AZ to address the issue.

Local First Arizona partnered with the Arizona Commerce Authority and ViaSat, a satellite service company to install the WiFi system at no cost in Mammoth.

The new WiFi system was installed in Mammoth on Tuesday, April 21, 2020. The system was placed at the Mammoth swimming pool. It is to be used for students of the Mammoth-San Manuel School District for online education. Students will be able to access the internet for educational purposes at the swimming pool parking lot.

Another WiFi system was set up at the San Manuel High School parking lot last week that

will provide enhanced service to the students. James Ruiz of CopperNet installed the system. The school currently has an internet base at the San Manuel Community School but it was in need of additional hardware to ensure access outside of the school building. The new equipment was provided at no cost to the school district thanks to an anonymous donor and former resident of San Manuel. It will be available from 7 a.m. to 7 p.m. Students will not be able to use the system for things like Netflix or inappropriate sites. Misuse will cause it to be disconnected.

The temporary service will

be in place for a duration of approximately 90 days, but may be extended if the COVID-19 restrictions persist. The free WiFi service is being provided for students and faculty and for school activities only. It is not intended for general public use, social media, streaming media, FaceTime, etc. This will be reflected in the Terms and Conditions and users will need to agree to those before granted access.

Many thanks to ViaSat, Local First AZ, the Arizona Commerce Authority and James Ruiz at CopperNet for giving our kids the tools they need to learn through the pandemic.
