Two Young Brothers First to Die in Arizona's Gas Chamber

Copper Area News has received some articles from a former corrections officer from Arizona State Prison. This retired officer spent 25 years with the Arizona Department of Corrections working all custody levels from juvenile detention units to Death Row. The author wishes to remain anonymous. He hopes to provide the readers with a view of what it is like working with inmates and what life is like behind prison walls.

INTRODUCTION

The job of a corrections officer

On Jan. 22, 1933, the body of Charles Washburn, a 65-year-old prospector, was found in an abandoned well near Casa Sahuaro about three miles from Casa Grande. He had been beaten and shot in the head. Nearly a week later, two young brothers, Manuel, 17, and Fernando "Fred" Hernandez, 19, were arrested for the crime. On Feb. 2, 1933, Sheriff Walter Laveen announced that he had written confessions signed by both brothers admitting to the murder of Washburn. They had hit him in the head with a steel rod then shot him in the head with a 12 gauge shotgun. The motive for the murder was robbery. The Hernandez brothers took \$35 from Washburn.

The brothers were tried separately. On May 16, 1933, Fred Hernandez was found guilty of first degree murder. At his sentencing hearing, he was sentenced to death on the gallows. Manuel was tried as an adult and found guilty of first degree murder on May 22, 1933. He was later sentenced to be hanged. He was

is not easy. The nature of the job, working with men or women behind bars can be stressful. Working in high custody units can add to the stress. The Arizona Department of Corrections has a high staff turnover rate. One in five staff members quit within the first couple of years of being hired or use the training and experience they receive to transfer to Sheriff departments or Federal corrections.

Maximum custody inmates are either there because they are doing long sentences, are

the first known juvenile to be given a death sentence in Arizona. Juveniles in Arizona had been previously tried for murder as adults but had been sentenced to life in prison. On May 31, 1933 they were both sentenced to be hanged on Aug. 11, 1933. They were granted a reprieve on their first execution date pending their appeals.

The Hernandez brothers were placed at the state prison in Florence awaiting their execution. Appeals were filed by their attorneys. In October of 1933, a special election was held. One of the items on the ballot was a bill changing the execution method in Arizona from hanging to use of lethal gas. The bill passed by a vote of 13,043 to 10,045. A gas chamber would be installed later at the state prison. The new law brought into question whether the Hernandez brothers and two others who had been sentenced to hang before the new law should be hanged or executed by gas.

It would be up to the Arizona Supreme Court to decide the method

convicted of violent crimes or they are problem inmates while in prison. Inmates on Death Row are under a sentence of death and have nothing to lose by acting out against staff or other inmates. Officers must always be on the alert to prevent these inmates from harming other inmates or staff. To understand the type of inmates that are housed on Death Row, I will provide you with a few of their stories, the crimes they committed and some of their prison life.

The new Pinto Creek Bridge is being constructed alongside the old bridge.

ADOT says lane restrictions and delays to be expected on Pinto Creek, Winkelman Bridge projects

Motorists on US 60 between Miami and Superior will encounter lane restrictions and delays Wednesday, April 7, through Friday, April 10, for the Pinto Creek Bridge replacement project.

Flaggers and restrictions are scheduled Wednesday and Thursday from 7 a.m. to 6 p.m. and Friday 7 a.m. to noon. The restrictions are necessary while crews haul girders for the new bridge to the work site and place them to form the bridge.

While delays will generally be limited to 15 minutes, longer delays are possible during peak travel times.

Motorists should proceed with caution, slow down, watch for equipment, and follow the directions of flaggers and law enforcement.

More information about the project is available at azdot.gov/PintoCreekBridge. Winkelman Bridge

Motorists crossing the Gila River Bridge on State Route 77 in Winkelman may encounter delays the week of Monday, April 5, while crews remove concrete barriers, pave, and complete other work on the new bridge deck.

Work is scheduled during daylight hours. Delays of approximately 15 minutes are possible.

Drivers should follow the direction of flaggers. Temporary signals will continue to control traffic when flaggers are not present.

The overall project is on track for completion by early

June.

Drivers should slow down and watch for construction personnel and equipment.

Copper Area News is committed to providing our readers with as much information as possible. This graph shows the positive cases as of press time on April 6, 2021. We have also included a graph showing the daily counts for the past week. Statewide, positive case counts have reduced dramatically, as the number of people vaccinated has increased. Case counts in the Copper Corridor are not increasing and have been holding steady.

New data reported this week is the number of residents who have been vaccinated per zip code. We will update that on a weekly basis.

There are a few points we would like our readers to consider when following this data.

1. This will continue to be a rolling total of positive cases. It does not reflect recoveries or deaths. The Arizona Department of Health Services does not break out this data.
2. If you see a reduction in numbers from day to day it is most likely due to a data entry error or mis-coding of a zip code (at the state level).
3. This is all zip code based data; most of our zip codes include unincorporated areas. There is no way to track exactly which areas each of the positive cases are. Example, Kearny and Winkelman each have small communities in their zip code that are not in the Town's incorporated boundaries.
4. If you live in Gila County, please follow the Gila County Health and Emergency Management, Facebook. They have maintained their data on recoveries and current positive cases.
5. You can follow other data such as ICU bed use, Ventilator use and hospital capacity online: <https://bit.ly/3inh280>

Working together, we can slow the spread of the virus across the Copper Corridor. Wear a mask in public, remain physically distant (6ft apart or more) and practice good hygiene (wash your hands frequently, sanitize high touch areas), stay home if you are not feeling well.

Two Hayden athletes speak out about COVID-19 affect on sports

By Nathaniel A. Lopez
Copper Basin News

It has been an unusual year for Hayden high-school athletics. After the AIA decided to resume the winter sports season, most teams went back to playing sports. Some schools decided to sit this season out. Hayden was one of the schools that decided to hold off on resuming their season, in an effort to keep their students and faculty free from the health risks of COVID-19.

Many people have been affected by this disease, and the senior athletes of Hayden high-school are some of those people. To understand how this affects them, we first must understand what it means to be a student athlete for Hayden.

“Being a student-athlete has taught me more life lessons than it has athletics. It teaches you honesty, acceptance, discipline leadership, commitment, and team work,” said senior Sarrah Perez, “As a student-athlete, it is your responsibility to present an outstanding performance in the classroom as well as on the athletic fields. I believe being a student-athlete provides a solid foundation from which I will build on to prepare for my future after sports.”

So many things have changed due to COVID, and it can affect everyone differently.

“In the beginning it was hard for me to keep my grades up, because I didn't have sports to keep me motivated,” said senior Sonia Gallego. “COVID-19 affected sports for me, because it's my senior year, the last year I get experience “senior night”, Hayden vs. Ray Homecoming, Winter Royalty, and getting to play with my teammates one last time. It also affected my chances of getting looked at by colleges that can help me further my education.”

Although it has been tough during these times of COVID, hope still lies on the horizon. Sonia Gallego hopes to return to in person schooling, spring sports, and a traditional graduation. Sarrah Perez is also hopeful for things to go back to how life was prior to COVID, and that the number of cases continues to decrease. She also

Sarrah Perez was the winner of last year's Principal Award.

hopes to gain as much learning and experience as she can from classmates, coaches, teachers, and teammates, while making the best out of the rest of her senior year.

Hayden baseball, softball post wins over Pima

By Nathaniel A. Lopez
Copper Basin News

The Hayden baseball team's season started off a little rough with four consecutively losses, but they were able to turn it around their past two games.

The boys competed against San Manuel on March 30, winning by a 24-point lead, the final score 27-3. The Lobos followed that win with a 15-7 victory against Pima.

The boys will play against Tempe Prep on April 6, and then play a rematch with Superior on Friday, April 9.

The softball team started their season off with a big win over San Tan Foothills, ending the game with a 20-7 score. The four games that followed their first were losses, but they put up a close fight against Globe in their March 24 game that ended 8-9.

On April 2, the girls broke out of their losing streak with a victory over Pima, the final score 15-11. The team will travel to face off in a rematch against Superior on Friday, April 9.

The Copper Basin News was unable to reach either coach for comment.

PRISON STORIES

hanging and that execution by lethal gas constituted cruel and unusual punishment in violation of the Eighth Amendment to the United States Constitution. In April 1934, the Supreme Court heard the appeal of the Hernandez brothers and upheld their conviction and sentenced them to death by lethal gas. At the same time the court's ruling about execution method would apply to the other two men who had been convicted and sentenced to be hanged, Lewis Douglas and George Shaughnessy.

The date of execution for the Hernandez brothers was set for July 6, 1934. On June 22, 1934, the Hernandez brothers attended a hearing of the Board of Pardons and Parole where they asked that their lives be spared. Despite their tearful pleas, the Board denied clemency.

On June 28, the boy's mother, Mrs. Alejandria Hernandez Lopez, and six of her 13 children traveled to Phoenix to speak with Governor Mouer and plead for her son's lives. The Governor told her, "Tell them to put their faith in God. I am as powerless as you are to save them. There is no avenue now by which they can escape with their lives." The Governor did have the power to pardon or commute their sentence but only if the Board of Pardons and Parole recommended it. On July 2, 1934, the Board of Pardons and Parole held a special meeting in Prescott, Arizona at the request of the Latin American Club of Phoenix. The club had asked then to consider a stay of the pending execution date and that the death penalty be commuted to life imprisonment. The Board denied both requests.

On July 5, 1934, 18 members of the Hernandez family, their attorney, a priest and a few newsmen visited Manuel and Fred at the prison. The family took pictures with their brothers and feasted on watermelon. They visited for two

hours before saying their tearful goodbyes. Manuel had composed a note which was dictated to another death row inmate, George Shaughnessy, who wrote it. Shaughnessy, 19 years old, was scheduled to die in the gas chamber one week after the brothers. The note was given to the boy's attorney, H.G. Richardson who read it to the newspaper men. The boy's sister Dolores tried to translate the note for the family but broke down crying.

The note read:

"I am giving this warning to the outside world, as I sit in my cell awaiting my time to come, and hoping Jesus Christ, our savior, will spare me from death. I, Manuel, am guilty of a crime, but my brother Fred, is not, but still the laws of Arizona say we have to pay with our lives.

"Anybody who reads this warning, please do not drink or steal or do anything bad. Do God's work instead of Satan's work. I am about to meet God at 5 o'clock this morning, with His word on my lips. May the Son of God guide you and keep you from sin, so you will not have to suffer like my brother, Fred Hernandez. Be good to your mother, sisters, brothers, but take and make the Son of God your Savior (Jesus Christ). Love him more than anything else. I am only 18 years old and my brother, Fred, 19, just boys who got drunk.

"Stay away from liquor and other evil things and you will be glorified in the eyes of God. Do Satan's work and you are condemned to eternal flames. Please heed this warning and you will never be sorry. If you do not, you will suffer. My parents suffer more than I or you ever will. Your mother is your best friend on earth. Jesus Christ, the Son of God, is always your friend. Take him as your Savior. Cry out to Him and confess your sin and he will forgive you and save you."

Brothers Sentenced to Gallows

Two brothers—Manuel 17 (left), and Fred, 19, Hernandez, who have been sentenced to hang in Arizona after conviction in the murder of a prospector near Casa Grande, who was robbed of \$35. With them are Dolores, a sister, and their mother.

The Hernandez brothers were executed together on July 6, 1934. They sat side by side on a special straight back chair fitted with leather straps to tie them down. They were the first to die in Arizona's gas chamber. It was the first double execution by lethal gas in the United States.

Arizona Trail bringing new faces to town

If you've noticed any new faces in town the past few weeks, they belong to those hiking the Arizona Trails. Matthew Stenger and Steve Reynolds hold up a banner at the Old Time Pizza in Kearny proclaiming Kearny as "the Friendliest Town on the Arizona Trail." Matthew whose trail name is "Patch" is from northeastern Washington. Steven's trail name is "Muppet" and he is from southern New Jersey. Old Time Pizza is an official Arizona Trail Users point for the hikers. James Carnes | CBN

Shop at Home: Charlie Rue's Salon

In April 2020, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly began the road to recovery. Even those listed as "essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are hanging on as best they can. *Copper Area News* wanted to give something back to the local business community. Over the next several weeks, our newspapers (*Copper Basin News*, *Superior Sun* and *San Manuel*

Miner) will be featuring local businesses and non-profits, encouraging our readers to Shop at Home, stay local and support our local businesses. To date, *Copper Area News* has featured 42 businesses in the Copper Corridor.

It is hard enough making it as a small business in a small town during normal times. But to balance those difficulties during a pandemic adds an entirely different twist to things. Salons were among the hardest hit during the pandemic shutdown and when they were allowed to reopen, they faced new challenges with working around mandatory protocols.

Charlie Rue's Salon two years ago underwent a huge change. Originally located at Charlie's Barber Shop, which opened in 2002, it relocated and was reopened as Charlie Rue's Salon in 2019.

Charlie Rue's Salon is locally owned and operated by mother-daughter team, Marcy Rue Mullins and Peggy Bryce. They offer a full range of services: haircuts for men, women and children are \$15; waxing services start at \$10; color (by appointment only) is \$60 and up.

Marcy Rue and Peggy Ruth have been working in the community for 13 years.

"We are a walk-in salon so stop in and see us," invited Marcy Rue. "Support local business."

The salon is located at 1105 Industrial Dr. in Kearny. They are open Monday, Tuesday, Thursday and Friday, 10 a.m. to 5 p.m. They are closed on Wednesdays and weekends. They have no phone, but gladly accept walk-ins.

Thanks for keeping the Copper Basin beautiful, ladies.

Daughter and Mother team Marcy Rue Mullins and Peggy Bryce.

Community Development Block Grant Program Combined FONSI/RRF FINDING OF NO SIGNIFICANT IMPACT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS NOTICE OF DECISION REGARDING PROJECT TO BE LOCATED IN OR IMPACT ON A FLOODPLAIN April 8, 2021 Pinal County PO Box 1348 Florence, Arizona, 85132 (520) 866-6422 heather.patel@pinal.gov These notices shall satisfy two separate but related procedural requirements for activities to be undertaken by Pinal County. **REQUEST FOR RELEASE OF FUNDS** On or about April 26, 2021 Pinal County will submit a request to the US Department of Housing and Urban Development (HUD) for the release of Community Development Block Grant funds under Title 1 of the Housing and Community Development Act of 1974, as amended 42 U.S.C.-530.1 et seq, to undertake a project known as Maricopa ADA compliant infrastructure. The City of Maricopa intends to utilize FY20-21 CDBG fund to construct a multi-use path along Plainview Street to serve as connectivity to Heritage Park. The project location is adjacent to the Heritage District neighborhood along Plainview Street to Maricopa-Casa Grande (MCG) Highway. This project will complete approximately 650 linear feet of safety fencing on west Plainview Road to match the current fencing to the south. Improvements include grading and installation of 1700 linear feet of multi-use pathway (10' concrete with 6' of decomposed granite pathway) and adding four shade structures. Improvements also include the design and installation of a crosswalk and increasing the curb median length. The project location is a fully developed residential area, including utilities and developed streets, all within existing city right-of-way. The project is covered under CDBG fiscal year 2020 funding in the amount of \$130,000. Further, in order to comply with Executive Orders 11988 or 11990 and the Water Resources Council's Floodplain Management/Wetlands Protection Guidelines, Pinal County and the City of Maricopa hereby state the ADA compliant infrastructure project lies within a Zone AO, without Base Flood Elevation. However, the Pinal County Flood Control District reached a decision to review the improvement plans located within a FEMA 100-year flood zone and provide approval prior to the start of construction. The Pinal County Flood Control District made its decision based on the evaluation of alternatives and determined providing accessibility to persons with disabilities within the Heritage District was the only practicable decision. Pinal County and the City of Maricopa will however, ensure this project will conform to all state and local floodplain protection standards. **FINDING OF NO SIGNIFICANT IMPACT** Pinal County has determined the project will have no significant impact on the human environment. La ciudad de Maricopa tiene la intención de utilizar el fondo de CDBG FY20-21 para construir un camino de usos múltiples a lo largo de Plainview Street para servir como conectividad a Heritage Park. La ubicación del proyecto está adyacente al vecindario Heritage District a lo largo de la calle Plainview hasta la carretera Maricopa-Casa Grande (MCG). Este proyecto completará aproximadamente 650 pies lineales de vallado de seguridad en la calle West Plainview para que coincida con la cerca actual hacia el sur. Las mejoras incluyen la gradación e instalación de 1700 pies lineales de vía multiusos (hormigón de 10' con 6' de vía de gránito descompuesta) y la adición de cuatro estructuras de sombra. Las mejoras también incluyen el diseño y la instalación de un paso de peatones y el aumento de la longitud media de la acera. La ubicación del proyecto es una zona residencial completamente desarrollada, que incluye servicios públicos y calles desarrolladas, todo dentro del derecho de paso de la ciudad existente. El proyecto está cubierto por la financiación del año fiscal 2020 de CDBG por un monto de \$130,000. Además, para cumplir con las Ordenes Ejecutivas 11988 o 11990 y las Directrices de Protección de Llanuras de Inundación/Humedales del Consejo de Recursos Hídricos, el Condado de Pinal y la Ciudad de Maricopa afirman que el proyecto de infraestructura conforme a la ADA se encuentra dentro de una Zona AO, sin Elevación de Inundaciones

Base. Sin embargo, el Distrito de Control de Inundaciones del Condado de Pinal tomó la decisión de revisar los planes de mejora ubicados dentro de una zona de inundación FEMA de 100 años y proporcionar aprobación antes del inicio de la construcción. El Distrito de Control de Inundaciones del Condado de Pinal tomó su decisión basándose en la evaluación de alternativas y determinó que proporcionar accesibilidad a las personas con discapacidades dentro del vecindario Heritage District era la única decisión factible. Sin embargo, el condado de Pinal y la ciudad de Maricopa se asegurarán de que este proyecto se ajuste a todas las normas estatales y locales de protección contra inundaciones. **DETERMINACIÓN SOBRE IMPACTO NO SIGNIFICATIVO** El Condado de Pinal ha determinado que el proyecto no tendrá un impacto significativo en el medio ambiente humano. Por lo tanto, no se requiere una Declaración de Impacto Ambiental en virtud de la Ley de Política Ambiental Nacional de 1969 (NEPA).
