## OBITUARIES

# Rex Gennicks

Heaven gained an amazing angel on Monday, May 4, 2020 in Scottsdale, AZ. Rex Gennicks was born April 26, 1950 in Linton, Indiana to Ruby Marie (Lynch) and Elza Eugene Gennicks, the youngest of four. In 1968, upon graduation from high school, Rex received an appointment for academics and football to West Point Military Academy and an offer to play football on a full ride scholarship to Kansas State University, but turned both down due to previous responsibilities.

On Nov. 29, 1969, Rex married Donna Jean Mowery. They began their life together in Linton, both working at the General Electric plant until 1974 when they relocated to Arizona. He had various jobs throughout the years in this area and had too many friends to count, many that began as coworkers. Rex worked as a Deputy for Pinal County in the Oracle/San Manuel area and also as a Gila County Deputy in the Dripping Springs/Winkelman area. He also spent many years as an EMT on the Kearny Ambulance. Even though these were his second jobs and part time, he loved them and counted them as hobbies. He worked as a Boilermaker and then as a Safety Engineer for ASARCO. He retired after 35 years and went to work as a State Mine Inspector for the State of Arizona. Upon his retirement from the state he found his dream job working for Rural Electric in Mesa. He made the comment many times that he wished he'd found them years ago. He loved working there right up until the end.

Rex was a very active member of The Church of Jesus Christ of Latter-day Saints. He held various callings throughout the years, but always said his two favorite by far were teaching Primary with

the little kids and working many years with the youth. He was very involved with Boy Scouts and over the years took the young men on numerous trips hiking, water skiing, camping and snow tubing to name a few. He loved teaching them new things. Rex also greatly enjoyed the few years he spent sharing his love for football and basketball as Assistant Coach for Ray High School.

Rex had many hobbies. He loved playing on The Bulldogs slow pitch softball team through the late 70's and 80's, swimming, being outdoors, reading Zane Grey and Louis L'Amour, hunting anything, and of course watching his kids and grandkids participate in any sport or activity. Above all these, his most loved time was spent with his family around him, laughing, joking, grilling, and playing a good old fashioned game of dominos.

Rex was preceded in death by his father, Gene; mother, Marie; two older brothers, Frank Gennicks and Larry "Turk" Gennicks; and his in-laws Everett and Icy Mowery, whom he loved like his own parents. He is survived by his older sister, Roma Lee Baker; his wife of 50 years, Donna Jean; children, Nichole Lyn (Rick) Sosa, Jeremiah Lee (Felicia), Sara Marie (Ken) Acevedo and Elza Winton (Beth); a daughter, Michelle Dawn; and we can't forget his faithful 4-legged sidekick his beloved Lab "Jet", as well as 18 grandchildren, three great-grandchildren, and numerous nieces and nephews. He will always be remembered as a hard-working, loyal, teasing, honest, outspoken, stubborn, ornery, loving man.

There will be no viewing/visitation but a small private family service has been planned for Saturday, May 16, 2020 at 10 a.m. Immediately following, there will be graveside services at the Kearny Cemetery, where family and friends are welcome to attend. Afterwards, a small get together will be held at, a later to be announce location, where anyone is welcome to stop by and see the family, listen to his favorite music, and share a favorite story about him. In lieu of flowers the family has requested that donations be made to the National Kidney Foundation of Arizona or Autism Speaks. # Elsa Celis Real

Elsa Celis Real, 89, passed away May 5, 2020 at Lund Home Hospice of the Valley in Gilbert, Arizona. She was born in Miami, Arizona on Sept. 17, 1930 to parents Ignacio and Josepha (Rivas) Celis.

Elsa married Cosme Real on Aug. 20, 1949 and they lived in Sonora, Arizona. In 1959 they moved and built their home in Superior, Arizona.

Elsa is preceded in death by her husband, Cosme, and son, Robert. She is survived by sons, Danny (Linda), Michael (Laura) and David (Priscilla); her daughter-in-law, Margie; and daughter, Veronica (Richard). She also leaves behind 13 grandchildren, 8 great-grandchildren, and Lyanna Elsa, her only great-great-grandchild. Also surviving is her sister, Alice Sandoval; brother, Frank Celis; and numerous nieces and nephews.

We will miss her infectious smiles, squeals and laughter! Services for Elsa were held Saturday, May 9, 2020 at St. Francis of Assisi Catholic Church. She was laid to rest at Fairview Cemetery.

## CLOUDS

Want to go on an ed-venture? No need for a fancy GPS for this one; you just need to go outside and look at the sky: day or night; morning, noon or evening. We can look at the sky to view the stars or the moon but our imagination gets the chance to really let go when we look at clouds.

A few basic vocabulary words can help you talk about the clouds. **Cumulus** means heap. Those are the type of clouds that look like a bunch of cotton balls piled on top of each other. **Stratus** means layer.

This type of cloud is stacked flat with lots of layers. Sometimes it is just one big flat cloud that stays a long time and rains soft and slow. It is pretty rare to get that around here but other places get them for weeks and it really bums you out. **Cirrus** means curl of hair, and it looks like a horse's tail as it runs. You see these clouds first when the weather is about to change. **Nimbus** means rain. If a cloud is a rain cloud it will have the word nimbus in it.

When the monsoons start, we get

to see lots of cumulo-nimbus clouds. These are the puffy white clouds that build higher and higher until the bottoms turn dark gray and the rain finally falls out. When they start to form you can see the flat bottom. If you pay attention to the flat parts of the clouds you can see the different layers of air. Have you ever seen puffy white clouds racing along below layers of gray clouds? This shows you the different air layers. They have different densities because of temperatures. Things with different

densities settle in layers, just like the oil and vinegar in Italian salad dressing. Thunderclouds are sandwiched between two layers of air. You can see their flat bottoms and their flat tops stretching out like anvils.

Clouds form when warm, moist air meets a layer of cool dry air. Sometimes parts of the air with high pressure meet low pressure areas. This makes the warm moist air rise up into the colder parts of the atmosphere. If you have trouble remembering how that works, just think about when you make your own clouds from your breath on a cold winter day. Your warm, moist breath comes out and the water condenses into a cloud when it hits the cold air outside your body.

The lowest clouds are called fog, which forms on or near the earth, and the highest clouds, cirro-stratus float at higher than 20,000 feet. There is a lot to learn about the atmosphere and the water cycle.

### NAME THOSE CLOUDS

### CLOUD-RELATED ACTIVITIES

1. Make up a story: If you lay on your back and look at the sky, you can find out a great deal about each other by "seeing" things in the clouds. You can make up stories about the things you see.
2. Write a poem.
3. Paint a picture: There is nothing more challenging and at the same time nothing easier than drawing a cloud. You can use blue construction paper and white chalk for the novice in the family. Tear or cut a piece of paper into a lumpy-bumpy shape. Rub white chalk onto the edges. Use a piece of tissue (Kleenex) to wipe the chalk onto the blue construction paper. Move it to another spot and repeat. Use other colors for sunset, sunrise, or storm.
4. Create a model: Cotton balls glued on clear plastic can make good models of clouds. Go online and find examples of the different kinds of clouds and try to make all of them. Hang them together as a mobile and challenge yourself to place the different types of clouds at the correct layer of the atmosphere.

# Preparing to Re-Open Safely

**C**COVID-19 has changed how everyone operates their businesses, how we gather our household supplies and groceries, how we socialize and how our local non-profits and faith-based organizations serve the community. Superior has not been immune to the impacts of COVID-19, and thankfully our early, proactive actions to cancel large public events and physical distancing, increased hygiene and sanitation measures provided an important layer of protection over our community. While we have had a few positive cases, we have not encountered the devastation that other communities across the state, nation and world have experienced.

Working together with our business, economic and community development partners at the Superior Chamber of Commerce, Rebuild Superior Inc. and our local business leaders, we have adopted a Superior Safety Pledge. Our local businesses, faith-based communities and non-profit organizations are pledging to operate safely utilizing the State of Arizona Health and Human Services Guidelines

and the Centers for Disease Control Guidance. We all are committed to ensuring that we do all that we can to keep our local residents, patrons and workforce safe as we re-open Superior.

On Friday, our beauty salons, barbershops and retail merchants are all allowed to open with new physical distancing protocols and increased sanitation measures. On Monday, May 11, restaurants may open their dining rooms with a limited capacity, increased sanitation and of course, physical distancing.

You also can help keep Superior safe by adopting the Superior Safety pledge into your lifestyle. While many Superiorites are eager to have the Stay at Home order lifted, if we adhere to State of Arizona and CDC guidelines as well as to the principles of Superior's safety pledge, we not only protect ourselves but those around us. When we maintain our physical distancing, practice good hygiene, wear a face covering and limit our attendance in large groups, we can keep our local businesses open and our town running safely.

During the past seven weeks, we all have adopted new habits by shopping more frequently at our local stores rather than traveling to the Valley or to Globe for supplies. We also have ordered more goods online. By shopping locally first and buying what we need here in Superior and supplementing with online shopping, these two behaviors contribute significantly to a strong economic recovery. This also limits exposure to COVID-19. When we do decide to visit another community, let's be sure to carry our commitment to the Superior Safety Pledge with us so we keep other communities safe as well.

Navigating our lives through this pandemic is not easy. Understandably, anxieties are high. For many, financial security and health conditions have been challenged. Let us have patience with our family, friends and neighbors as we all determine what our new normal will be. For some, limiting their exposure by staying home will continue. For others, relief will be found by being able to travel freely and conduct errands and business as before. Let us all be respectful of each

other's wishes. Whichever may be your personal preference, please move forward responsibly and safely.

Many Superior residents have asked me, "When will our lives get back to normal?". To this I say, "normal is a setting on our washing machines" because unfortunately,

# Superior Detective David Lester named Outstanding Officer for service to victims of crime

Superior Police Department Detective David Lester has been selected as the 2020 Pinal County Attorney's Outstanding Officer in Service to Victims of Crime.

Police Chief Frank Alanis said, "The strength of our department lies in dedicated Officers such as Detective David Lester who serve the community with distinction every day. His dedication to the community is unwavering, but what makes Detective Lester truly remarkable is his humble character and genuine care for others."

Traditionally, in honor of National Crime Victims Rights Week, each year the Pinal County Attorney's Office reaches out to each Chief of Police and the Sheriff of Pinal County to request nominations for a person that best represents their office and what it means to serve their respective communities. To recognize and celebrate the dedication, sacrifice and honor of the best officers in the county, an annual dinner is then held to honor their accomplishments.

Regrettably, the COVID-19 pandemic has prevented the hosting of the annual event. To recognize Detective Lester, despite these trying times, Pinal County Attorney Kent Volkmer personally presented him with the award in Florence.

Pinal County Attorney Kenneth Volkmer, right, presented the Outstanding Officer Award to Superior Police Detective David Lester, center. Superior Police Chief Frank Alanis was also present.

## Town of Kearny Announces RAD Change of Service

The Town of Kearny and RAD have announced a change of service for residential and commercial customers. Effective April 15 your new weekly trash and recycling day moving forward is Wednesday. Bulk services changed on March 1 to the second Thursday of each month and may be scheduled before noon on the day prior to your area pick-up date. Commercial services are every Wednesday, starting April 15. Please place both garbage and recycling carts out the night prior or by 6 a.m. on your service day. Allow 3 feet between each cart and 10 feet away from cars, mailboxes, landscape or other items that may interfere with service and 2 feet away from the building. Face cart so lid opens toward the street (handles toward building). Do not overfill or place additional garbage on top. Lids must be fully closed. This reduces airborne trash on windy days. Questions? Call Customer Service at 480-983-9100.

The thrift shop is closed and is not accepting donations. Call 520-487-2010 for more information.

## Wildfire Safety

Much of the southwest is considered a high-hazard fire environment. Within this hazardous environment are individual homes, and entire communities ill-prepared to survive an intense wildfire. It is not a question of "if" a wildfire will occur, but when. The odds of losing human life and property are growing. The Town of Kearny would like to protect you and the community from the dangers of wildfires. The Fire Chief is very concerned about this upcoming fire season. Even though we have received more rain than usual, it has caused more weeds. Once the rain stops, the weeds will dry out and this will make for a dangerous fire season. Please clear weeds, dry grass, dry shrubs or dead trees surrounding your property. Thank you for your support.

## In Trying Times, Try to Live Like Amos

Looking over the book of Amos in the Old Testament, we find some interesting things. Amos was a very normal and hard working person. He had no formal training in the ministry, nor did he hold any special position. He was a shepherd and a grower of sycamore figs.

Spiritually, he was a very godly person, and God called him to deliver a stern warning of judgment to the people of Israel. God gave him insight into the problems of the surrounding nations. He spoke directly to their sins and let them know that the time

for any mercy from God was over.

We can learn from this example. No matter who we are or what it is that we do in our lives, if we faithfully trust in the Lord, He can use us for His glory and purposes. Formal training is always wonderful, but if we are open and willing and dedicated to Him, He can use us for His glory and to accomplish His desires for our nation. Yes, God does have a job or us to do.

We live in trying times, but God is dependable and faithful to keep us safe. Even though Judah and Israel were God's

chosen people, their sinful lifestyle brought judgment to them as well. So, stay tuned in to God, read and study His Word, talk to Him regularly, and be willing to help Him accomplish His eternal purpose among us. That is ultimately how we win!
