OBITUARY

Robert Ernest 'R.E.' Eck Jr.

Robert Ernest Eck Jr. (R.E.) passed away at his home on Saturday, May 7, 2022. R.E. grew up in the town of Kearny, AZ, then spent his adult life in Apache Junction, before moving to east Mesa. He was employed by Arizona Water Company in Apache Junction, then the City of Mesa with the Water Department. In recent years he found joy in helping the Moose Lodge in Apache Junction run their Bingo games. R.E.'s other interests included

riding his motorcycle around the many backroads in Arizona, hunting, fishing, and playing Texas Hold 'em poker. R.E. served the city of Apache Junction as a long-time councilman and Vice Mayor. He helped organize numerous golf tournaments, softball tournaments, and golden glove activities to raise money for many organizations, including the Kearny Golf course, and chronic fatigue syndrome and Fibromyalgia charities.

R.E. was preceded in death by his parents Robert Ernest Eck Sr. (Bob) (1995) and Mary Louise Eck (2020). R.E. is survived by his daughter Jami (Todd) Morrow, their children Gabi (11), Aria (6), and Mila (6). He is also survived by his son, Robert Ernest Eck III (Juni) and his son Jackson (3), and his former wife of 35 years Cynthia (Sanchez) Eck. His siblings include Richard (Linda) Eck of Tyler, TX, Cynthia (Neil) Parker, of Chandler, AZ, and George (Julie) Eck of Mesa, AZ.

R.E. found delight in being "Papa" to his 4 grandchildren who he loved dearly and had many nieces and nephews that will always remember the great times that they shared.

A memorial was held on Saturday, May 14, 2022, at Our Saviors Lutheran Church with a reception following at the Moose Lodge in Apache Junction.

In lieu of flowers or food, please consider donating to the family. Todd and Jami will be creating a savings account for his grandchildren because that's what he would want. Donations can be made using the Zelle app to (602) 751-4444 or the Venmo app to @jami-morrow-3.

Air Force announces extended comment period for proposed changes to air space use

Earlier this year, the United States Air Force conducted a series of public hearings and conducted a public scoping comment period for proposed changes to air space use in Arizona including much of the Copper Corridor.

In the scoping document for the EIS, the Air Force explained that in order to continue to train properly they need to utilize existing military air space more aggressively, as other air spaces are more congested. This will also allow airmen to train and practice closer to their home bases. The air spaces are used primarily by Davis Monthan Air Force Base, Luke Air Force Base and Morris ANGB.

The majority of the Copper Corridor is affected by these plans as the communities of Superior, Miami, Globe, Kearny and Mammoth are located within the Outlaw MOA, with San Manuel and Oracle just outside of the Outlaw district. The Jackal MOA also covers the mountains and canyons such as the Aravaipa Canyon all the way to Safford.

Specifically for the Outlaw and Jackal MOAs, their requested changes would include: flights being operated

from 6 a.m. to 10 p.m. Monday through Friday. Currently they are allowed to fly until 6 p.m. and from 6 to 10 p.m. but only with certain permissions via NOTEM. They are also requesting to drop flares at 500 feet in elevation. They are also requesting permission to lower the elevation where flares can be released and also lower the elevation of supersonic flying.

The original scoping period closed out on March 4, 2022. Several local municipalities, including the Town of Superior, City of Globe, Town of Miami, Capstone Copper Mining and Resolution Copper submitted comments in the original scoping period.

This past week, the United States Air Force announced that they have extended the comment period and members of the public can provide input and comments through June 3, 2022. Those who have already submitted comments, do not have to resubmit, those comments are currently under review. It is not uncommon for the comment periods for these federal processes to be extended. Usually the extensions are requested to ensure everyone who needs to make comment has ample time to submit their comments.

As the EIS process continues, those entities and individuals who have submitted comments will have what is called "standing" in the process. This ensures those with standing will also be allowed to provide comments and input throughout the entire process.

At this time no specific changes to the use of the military air space have occurred, this Environmental Impact Statement is a required process to assess potential risks and benefits to the environment and residents of the region, should their request be granted. It is believed

by some authorities that the Telegraph and Mescal fires last year were started by military flares during practice maneuvers.

You can learn more about the proposed changes to the use of the airspace and make your own public comments online at www.ArizonaRegionalAirspacesEIS.com - Comments can also be submitted through June 3, 2022 by mailing Arizona Regional Airspace EIS % Cardno 501 Butler Farm Rd. Suite H Hampton, VA 23666.

Glow from the Telegraph Fire falls on firefighting resources as they work through the night.

Celebrating Ray's top students for 2022

Valedictorian Brina Morales

By Mila Besich
Copper Basin News

This year the Ray High School class of 2022 will have three valedictorians and one salutatorian. These graduates shared a their future plans and wishes for their community. Their high school careers were dramatically disrupted due to COVID-19, an experience which each of them felt will help them and their peers to be more resilient and comfortable to handle the unpredictable changes that they know they will face in life. They also all shared that their community was important to them.

Valedictorian Brina Morales is the daughter of Joe Morales and Patricia Morales. Her grandparents are Joe Morales and Jennie Morales along with Joseph Alvarado III and Aurelia Hise. She has two siblings Joseph Morales and Christopher Alvarado.

During high school she played Volleyball, track, basketball, band and was a member of Science Club, National Honor

Society, Student Council and yearbook. After high school she plans to attend Northern Arizona University to major in Dental Hygiene; she plans to become a dental hygienist and she is looking forward to owning her own home and property as she grows into adulthood. She is looking forward to meeting new people and learning new things.

She will miss her friends, teachers, the band and driving home from school with her brother. She will not miss the stench of Mr. Cude's classroom.

Brina lives in Dudleyville and her wish for her community, looking forward 10 years is that it will grow and perhaps hold more community events. "The tight knit relationships of my community will make me want to return as well as the beautiful view of the stars," she said.

"Big extra thanks to my 2022 4x1 relay team: Mia, Bella and Ana. There's not enough "thank yous" in the world to describe how grateful I am to have ran on a team with you three. Thank you for an amazing senior season," explained

When asked what he would like to see in 10 years for his community, “I would like to see my community grow and expand. I want to see the

RAY SCHOLARS

Continued from page 5

After high school, she will be missing homecoming week, but will not miss the long daily bus rides to Globe. Kaia has been an active student at Ray High; she was a cheerleader and a member of the Student Council, National Honor Society, Junior Chamber and Yearbook.

She will be attending Northern Arizona University to pursue a bachelors degree in Dental Hygiene. She would like to specialize as a pediatric dental hygienist and once she has her degree she would also like to volunteer when she can as a hygienist.

"I am looking forward to being out in the world on my own and learning more about myself," she said.

"I hope that in the future the town continues to put on community events because that is what brings us all together," she added.

Her special thanks: "I would like to thank my family for their

constant love and support and my friends for always making me laugh."

Salutatorian Mikenna Seller is the daughter of Don and Tonya Seller. Her siblings are Justin Seller, Mikayla Carpenter and Jordynn Seller. During high school she has been actively involved in Cheer, Student Council, Junior Chamber, National Honor Society and Yearbook.

"I am going to miss how close knit this community is and I will miss my daily afterschool Buzzy's drink." Her hope is that the kids in town will continue to have the experiences she had growing up in a "loving and caring small town." She will not miss the "sweet glow of florescent lighting at 7:30 in the morning," she said.

She will be attending Northern Arizona University in the fall.

She will be studying communication sciences and disorders, which will help her pursue a career as a speech language pathologist. She plans to focus on speech therapy in the pediatric field. She is excited to create new memories in a big town with her friends.

"I would like thank my family for always being there for me, my friends for always making me smile, and Kaia for passing me through every single one of my math classes," she said.

LETTER TO THE EDITOR

Copper Basin Chamber of Commerce Needs Your Help

On June 6 your Copper Basin Chamber of Commerce will be holding a re-organizational meeting. We have some vacancies to the Board of Directors we need to fill. Since COVID, we have struggled to keep the Chamber operational. Some of your board members and officers had to take jobs out of town and some have struggled to keep their businesses. The biggest function of the year, Pioneer Days has had to be cancelled for the past two years; last year because of the shut down and this year because we weren't able to get a carnival to commit to come here soon enough to plan for it.

Our Bylaws state that there shall be at least 7 Directors elected by the membership and the officers shall be elected by the Directors. It is time for the businesspeople of the Copper Basin to step up. For the past several years there have been very few participate. The Chamber exists only to promote our businesses and the towns within our area.

We need to have membership meetings and mixers on a regular basis.

We need to have functions for the Junior Chamber.

We need our website updated.

We need for all of our businesses and members to pay their dues annually.

We need to figure out how we can hire and keep a Chamber Manager. It can't run on 100% volunteers and be effective.

Most of all, we need ideas and volunteers for functions that will promote Kearny and our business community.

Please put June 6 on your calendar and come with your ideas and help the Chamber help you! The meeting will be a dinner meeting at the General Kearny Inn at 6:30 p.m. Bring someone who might be interested in joining!

Please RSVP to director@copperbasinaz.org or call 520 560 6561 by June 4 so we can get a meal count.

Semi-final game for Lobos echoes previous match with Mogollon

By Nathaniel A. Lopez
Copper Basin News

On May 13, the Hayden baseball team continued their trek to the 1A State Championships. The Lobos played against Mogollon in the semi-finals. This would

be the second time during the season that Hayden played against Mogollon. In their previous game, the Lobos lost 7-8, by only one point.

The game started off with a battle. Neither of the teams wanted to give up any points.

It wasn't until the fifth inning when the first run was posted by the Lobos, unfortunately it was followed by Mogollon also scoring 1 run. The game remained a 1-1 tie until the bottom of the seventh inning, when Mogollon was able to score 1 run, sending them to the championship game, and sending the Lobos home.

The boys closed out their 2022 season with an overall record of 19 wins and 5 losses.

"They just worked their tails off, and got better in practice, and get better in games, and we tried to improve every game and every practice," commented head coach Robert Lorona. "They're just good kids, well behaved kids, they're just a pleasure to coach. I've been blessed to be with them. We've been blessed to have good parents, and the community is great and very supportive of us."
