# Distracted Driving

**T**hese days we all lead active, busy lives. We go places in our cars and seem to spend hours on end behind the wheel going from place to place multi-tasking while we drive. That multi-tasking can turn us into a distracted driver. Distracted drivers, we've all seen them on the roads, haven't we?

So, just what makes a person a distracted driver? Texting? YES! Talking on your cell phone, especially when holding it in your hand while driving? YES! Tuning in your favorite radio station? YES! Eating or drinking, putting on makeup or even shaving while driving, driving while tired and sleepy? YES! YES! and YES!

Face it, everyone who drives has been a distracted driver at some point and will be again.

According to the National Safety Council, more than 40,000 people were killed in motor vehicle fatalities in 2018. From cell phones to dashboard infotainment systems to evolving voice command features, all pose a threat to our safety. Just one second of your attention is all it takes to change a life forever. It has been proven that drivers who are talking on their phone, hand-held or hands-free, miss seeing up to 50 percent of what is going on around them such as other drivers, pedestrians, motorcycles and, bicycles. If you take your eyes off the road for just five seconds while traveling at 55 MPH you will travel the length of a football field during those five seconds. It's like you are driving blind!

Many people think that all the new safety

technology built into vehicles these days will make your car even safer. While this may be true to some degree, it has been proven that this technology can divert a driver's attention causing them to become a distracted driver. The National Safety Council goes on to say that 80 percent of drivers mistakenly believe that hands-free devices are safer than hand-held and 53 percent of drivers believe that hands-free features must be safe if they are built into a vehicle. The fact is that hands-free features can increase mental distraction. They are about convenience NOT SAFETY! The following common tasks should NEVER be done while driving: talking on the phone, checking email, posting on social media, ordering takeout food.

Next time you get into your vehicle to go somewhere whether it is just around the corner to get some milk or for a cross-country trip, the National Safety Council advises you to avoid the dash to the dashboard. Turn off your cell phone, make sure you've had enough sleep, NEVER drive while under the influence of drugs or alcohol.

# Tow chains, underinflated tires can cause wildfires; motorists can do their part to make highways spark-free zones

PHOENIX – Summer is right around the corner, and with it comes an increased risk of wildfires along state highways caused by motorists dragging chains, driving on underinflated tires and tossing cigarettes.

Fires along highways not only put people and property at risk but can cause long backups and even extended closures.

Last June, the 377 Fire in Navajo County started when dragging metal on a trailer sparked several fires along 24 miles of State Route 377 between Heber-Overgaard and Holbrook. Those fires grew into a 5,000-acre wildfire that closed the highway for four days and prompted evacuations.

“Simple tasks like properly inflating your tires and taking a moment to make sure nothing is dragging on your vehicle or trailer can significantly reduce the risk of creating sparks that can cause wildfires,” said Dallas Hammit, the Arizona Department of Transportation’s state engineer and deputy director for transportation. “One act of carelessness,

like tossing a lit cigarette out the window, can potentially burn thousands of acres.”

According to the Arizona Department of Forestry and Fire Management, dragging chains is one of the main causes of fires along highways.

“Roadside fires continue to be one of the biggest causes of Arizona’s wildfires every year, especially on heavily traveled highways like Interstates 10 and 17. A majority of these roadside fires are preventable, yet they continue to happen,” said Tiffany Davila, public affairs officer for the Department of Forestry and Fire Management. “Please do your part to help keep wildfire activity low this summer. Before traveling, ensure tow chains are secure and your vehicle is properly serviced. We all need to do our part.”

Here’s how you can help cut down on sparks that start wildfires:

- Check and secure tow chains, and never substitute parts when towing.
- Make sure nothing is hanging beneath your vehicle and dragging on the pavement.

- Check tire pressure before you travel. Exposed wheel rims can cause sparks.
- Don’t park in tall grass, as the heat from

parts under your vehicle can start a fire. For more information on how to prevent fires, please visit [wildlandfire.az.gov](http://wildlandfire.az.gov).

# Baby bears 'arrested' at accident scene, turned over to AZGF

On Monday morning, Hayden Police Officers and Arizona Department of Public Safety Troopers from the Oracle district responded to a crash on SR 77 near Dudleyville involving a bear. The bear was deceased, but her three cubs survived the accident uninjured.

Hayden Sergeants Tino Tarango and Bryan Marquez with assistance from a concerned citizen corralled the three baby bears, eventually securing them in the

back of the Trooper's cruiser.

The little ones were turned over to Arizona Game and Fish officers who took them to a wildlife rescue in Scottsdale where they will be fostered until they are ready to be released back into the wild.

Hayden Police reminds citizens that should they see bear cubs more than likely their mother will be nearby. Stay away and don't touch. Call the police, instead.

**Head Coach Angela Sierra:** "We have had a lot of talented freshmen come out of San Manuel. (Jazmyne) is a great hitter as well as a pitcher. She has the heart and ambition to win a state title as much, if not more, than her team. Pitching is very stressful and needs a defense to back her up, and that's exactly what she has.

"We play one pitch at a time. Keep our heads up at all times, no matter what. Play with all we have until the last out."
