## LETTER TO THE EDITOR

## Supervisors Smith and House enhance political aspirations

On Dec. 18, 2014 the Pinal County Planning and Zoning Board denied a request for a zoning regulation amendment requested by the Rose Law Firm to delete the requirement that cultivation of Medical Marijuana be inside a completely enclosed, locked building and to modify development standards by removing size limitations and storage areas. This was denied by a vote of 9-1.

The Rose Law Firm of Scottsdale's lawyers connect wealthy investors with landowners and pursue the bureaucratic process of permitting and rezoning, making millions representing marijuana dispensaries throughout Pinal County and Arizona.

This firm is adept to plying the political campaigns in Pinal County with enough cash to ensure the Board of Supervisors approve anything they want.

On Feb. 18 of this year the Rose Firm's lawyers argued for approval of eight open grow farms and 13 dispensaries. Our illustrious Supervisors, Anthony Smith, Todd House and Steve Miller voted to approve the changes that Ms. Rose's firm had requested. They determined that it was necessary for the health, safety, and general welfare of the public to amend Pinal County Development Services Code concerning Medical Marijuana Dispensary off-site outdoor cultivation locations and sizes, even in view of the fact that the Planning and Zoning Board voted against it 9-1! These Supervisors defended their votes as a "right for farmers to grow whatever they want".

Are you surprised that the Rose Law Firm recently hosted a

high dollar fundraiser at their elaborate Scottsdale Offices for Supervisors Smith and House? Clearly this is, at the very least, an ethical violation, showing how blatant the quid pro quo political game is being played by some members of our Board of Supervisors. Give the Rose firm what they want and your campaign funds will grow significantly!

Smith and House sold out against the interest of the families they were elected to serve. The old cycle of corruption in Pinal County is still alive and well, it just has a new cast of politicians eager to place their political aspirations above those they were elected to represent.

# Superior Council forges ahead with July 4th plans

By **Nina Crowder**  
Superior Sun

The Superior Town Council wants this year's 4th of July to be a bang up of a celebration and donations have started coming in.

Resolution Copper presented the town with a check for \$10,000 towards the purchase of fireworks and OMYA has donated water bottles. The pool will be a free swim day on the 4th of July.

If you would like to make any donations or contributions, please feel free to contact the Town Manager. The Town Council hopes for another fun and eventful 4th of July.

Also on the council's agenda last week were several items for the Superior Police Department.

SPD's Chief Mark Nipp discussed the possible approval of Ordinance No. 15-127, an ordinance of the Mayor and Town

Council of the Town of Superior, Pinal County, Arizona, to amend section 4-1-5 of the Code of Ordinances which would allow the Superior Police Department to reinstate the Reserve program with payment to the reserves after completing the required volunteer hours. This item was tabled awaiting more information from Chief Nipp.

Also tabled was the purchase of Portable Radio Motorola APX-4000 in the amount of \$19,287.74 from Creative Communications, Motorola Solutions. The Town Council would like to know if the APX-4000 radios are purchased would they be compatible with the Pinal County radios. Nipp agreed to look into the matter and provide the Town Council with further information so a proper decision can be made.

The Town Council discussed and approved the purchase of four shotguns, ammunition and accessories from ProForce Law Enforcement and the conversion of four shotguns to

non-lethal shotguns.

The Town Council also discussed and approved the off duty Law Enforcement Services Agreement for Town of Superior Police Officers which will allow off duty officers to provide services as needed for traffic control and other events needing police guidance while the officers are off duty.

A Mutual Aid Agreement between the Town of Kearny Fire Department and the Town of Superior Fire Department was approved by the council. It will allow the Town of Kearny Fire Department to help with the fireworks display and other fire related issues.

The council also approved Ordinance 15-126 which amends Ordinance 14-125, raising building height limits from 24 feet to 30 feet in smaller town zones and 35 feet in larger zone areas. Premier Building Group was approved to remove the

# Learn Your Lizards Guided Walk at the BTA

Superior - Casa Grande reptile wrangler and outdoor educator 'Wild Man Phil' Rakoci kicks off the popular season of guided walks in search of colorful lizards and wriggling reptiles on Saturday, May 30, at Boyce Thompson Arboretum (BTA).

Phil's one-of-a-kind "lizard walks" are a chance to see native reptiles, such as side-blotched and ornate tree lizards; great earless - tiger whiptails, and even

desert spinies. Coachwhip snakes and gopher snakes are occasionally seen. Staff at the state park this week reported seeing a young five-inch long Gila monster out exploring his new desert home not far from Ayer Lake, and just yards from the main trail that circles BTA.

Mark your calendar for Saturday, June 13 if you already have plans this weekend. The lizard walks continue on the second Saturday of each month through

September. It's a thoroughly entertaining guided walk, and definitely not just for kids. This two hour walk is a popular with all who enjoy Arizona's most common, colorful and charismatic little native reptiles.

There's no additional fee, and no pre-registration necessary, to come along on any of the lizard walks. It's free to BTA annual members or is included with \$10 daily admission. Just be in the Visitor

Center breezeway at the 8 a.m. start time. Arizona Audubon Society naturalist Steve Prager guides the walks on June 13, with Audrey Owen as a backup guide.

Not into reptiles, but planning a visit? Other guided tours include a walk in search of dragonflies on June 6, beginners photography class also on June 6, and a bird walk on June 7. Read the complete event schedule, see photos and find more information at <http://ag.arizona.edu/bta>.

## Generous donation to assist babies

This year, March of Dimes partnered with Cobre Valley Regional Medical Center's 5K Run for their annual fundraiser, "March for Babies." Presenting the check on behalf of CVRMC employees to the March of Dimes are Lisa Remos - CV 5K Get Fit Run Representative, Donna Alexander - CV PACT Chairman, Margret Celix - Globe/Miami March of Dimes Chairman, and Sherri Barton - Southern Arizona Community Director for March of Dimes.

# Little Free Library is open for use

By **Mila Besich-Lira**  
Superior Sun

The Superior Head Start along with the Town of Superior held a ribbon cutting for the Little Free Library that was installed at Besich Park. The small library has children books inside for the children of Superior to borrow and bring back free of charge. The Little Free Library is a worldwide program that was created to make more opportunities for young people to have access to books.

Funding for the purchase of the Little Free Library in Superior was provided by a grant from Arizona Blue Cross and Blue Shield. The Superior Town Council authorized the installation at the town park and with the help of public works department the library was installed and was officially opened on May, 12.

The Little Free Library is located on the east side of Besich park. Parents and children are encouraged to

drop by, pick up a book and either return it or keep it and bring a new or slightly used book to share. Those wishing

to make donations of children's books may contact Hilda Cardenas at Superior Head Start 520-689-2812.

The Little Library is open and available at Besich Park in Superior. Borrow a book or trade a book – just read to a child.

## Copper Area residents graduate from NAU

May is the month of graduations. While most are focused on the high school graduations, there are others completing other milestones in their educational careers. Enrique Bravo a 1999 Ray High School graduate. In

2012, he received his Bachelor's degree in education from Northern Arizona University (NAU) and recently received his Master's degree from NAU.

Bravo graduated Summa Cum Laude of his class. He is currently an educator at Circle Cross Ranch K-8 and was nominated for the Esperanza Latino Teacher Award in 2014.

His parents are Larry and Terri Bravo of Kearny. Monica Yarely Ochoa graduated from Northern Arizona University this weekend with her Bachelor's degree in accounting.

She is a 2011 Superior High School graduate. Her grandparents are Joy and Lucke Eveland, who cared for her since 2007 when her parents had to move to Mexico. She is the daughter of Mr. and Mrs. Alberto Ochoa. She plans to come back to the area and find an accounting job. Congratulations to both of you!

# Lopez, Lira are delegates to Girls and Boys State

By Mila Besich-Lira  
Superior Sun

Ivie Lopez and Jose Lira Jr., juniors at Superior High School, have been selected as delegates to the Arizona Boys and Girls State convention this summer. Both were selected for their academic and extra curricular achievements.

The Boys and Girls State program is hosted by the American Legion and is conducted in every state with the exception of Hawaii. The programs are designed to give the delegates an in-depth experience on how governments operate, provide an understanding on how the political process works in America and instill leadership skills in the delegates.

Ivie Lopez will attend the Girls State program at the University of Arizona Campus in Tucson in June. Lopez is the

daughter of Joseph Lopez and Renee Vega. She is a well rounded student and athlete at Superior High School. Ivie has involved herself in the Robotics Club, FCCLA and Future Educators of America. She plays volleyball and softball.

Following high school she plans to attend Arizona State University where she plans to study to become a special education teacher.

"I am excited to attend this program and get to meet new people and learn more leadership skills," she said.

Jose Lira Jr. will attend the Boys State program at Northern Arizona University in Flagstaff in June. Lira is the son of Jose and Mila Lira. Jose is an officer of the DECA club and is an active member of the Yearbook staff. He plays football, basketball and baseball and enjoys golfing

## Cruz selected to HOBY

Nicolaus Gage Cruz, a sophomore at Superior High School, has been selected as the delegate to Hugh O'Brien Youth (HOBY) Leadership seminar this summer.

The HOBY program is designed to help high school sophomores recognize their leadership talents and apply them to become effective, ethical leaders in their home, school, workplace and community.

Gage is the son of Nick and Alicia Cruz. He is a leader in academics and athletics in Superior. He is a well rounded student involved with DECA, Future Educators of America and FCCLA. After high school Gage plans to attend Northern Arizona University and study to become a physical therapist.

The Superior Optimist Club provides funding for the registration into this program.

# Superior High School honors student-athletes at sports awards banquet

By Andrew Luberd  
Superior Sun

Superior Jr. High Athletic Director Ryan Palmer emceed the Panthers' annual Sports Awards Banquet, which took place on May 7, 2015 at the school. Palmer also serves as Superior's varsity football and basketball coach.

Seniors Cierra Navarrette, Matthew Zavala, and Ricardo Ochoa took home the top awards at the event. All three are multi-sport student-athletes.

Ochoa, who plans to study Culinary Arts at Central Arizona College, was the winner of the Manny Ruiz Award, which is given each year to the student-athlete who displays good citizenship, excels academically, and performs well on the court or on the field.

"It's taught me a lot of leadership and I've grown close with my teammates," Ochoa answered when asked what it's been like to be a part of the Superior athletic program. "Overall, I've learned good work ethic and it's been a good

experience."

Ochoa also won MVP and Best Sportsmanship in Boys' Tennis.

Both Navarrette and Zavala are repeat winners of the respective Athlete of the Year awards after they each won the same award last year as juniors.

Last year Navarrette said it was "an honor to be considered" and certainly she feels similarly this year. A three-sport athlete during her time at Superior, Navarrette achieved the ultimate as a senior, winning the Division IV Softball State Championship as a member of the Panthers' softball team.

It was especially gratifying for the future Arizona State University enrollee who shared the experience with her father Martin Navarrette, the Panthers' head coach.

The two-time Athlete of the Year, who also won awards in volleyball, basketball and softball, is looking forward to the next chapter of her life. She expects to major in Environmental Engineering.

Superior HS Female Athlete of the Year Cierra Navarrette is flanked by Manny Ruiz Award winner Ricardo Ochoa and Male Athlete of the Year Matthew Zavala.

# Optimist host annual honor roll banquet

By Mila Besich-Lira  
Superior Sun

The Superior Optimist Club hosted its annual honor roll banquet on Friday. The club has been serving Superior for 10 years and over the past nine years, they have awarded laptop computers to Seniors who have earned the honor roll the first three quarters of each year since eighth grade.

Natalie Quiroz, SHS Class of 2009 graduate, spoke to the students about her college experience. She earned an Optimist laptop in 2009. In her comments to the students, she explained that students from

Superior are naturally humble, know how to work hard and possess the skills needed to succeed at college.

"No one will believe you when you tell them that your community gives you a lap top," she said. She reminded the students not to forget where they came from and gave them some insights on college life. "You will need technology more than you will need a paper and pencil," she said.

This year the club selected Eric Gudino, from the SHS Class of 1992, as the keynote speaker. Eric currently works as a Public Affairs Manager at the Arizona Department of Transportation (ADOT). In this

role he serves as a policy liaison to key stakeholders within Maricopa and Pinal Counties. Prior to joining ADOT, he served as the Director of Municipal Government Relations at Arizona State University. Eric has also served as Senior Assistant to Phoenix Mayor Phil Gordon and as a Legislative Correspondent to Congressman Ed Pastor in Washington, D.C.

Speaking to the young scholars Gudino encouraged them to challenge themselves, set good habits and schedule their time. "College is not an option," he said. "Sixty-eight percent of jobs today and in the

# Head Start to have 'graduation'

School is winding down for all grade levels and the Superior Head Start is no exception.

On Wednesday, May 20, the Superior Head Start children will participate in a certificate ceremony at 10:30 a.m.

The Head Start program is 50 years old and recently a proclamation was made by President Barack Obama concerning this milestone. The Proclamation begins by the President stating that by "supporting our children in their earliest years with high quality care and education is one of the best investments we can make as a nation."

To celebrate this achievement, the Superior Head Start children received a visit on May 5 and 6 from Terry Villaverde's high school class. The older students presented a lesson plan activity on focusing on Sea Life and the Weather. The Superior Head Start children were encouraged to focus on "clouds and fish." The children created a sea life aquarium and listened to and responded to the questions asked about the "Rainbow Fish story." The children also participated in a simple science "rain" cloud activity using water and cotton balls. Each child created their own clouds and raindrops using glue and crayons.

Villaverde's students were well prepared and integrated finger play songs which focused on spatial awareness, language development and self expression and provided a nutritious snack on both days.

The Head Start Program is aimed at providing learning experiences for children ages 3 to 5 years. Volunteer opportunities provide the children with critical school readiness skills, as well as enhancing their self esteem and strong language development.

## OPTIMISTS

future will require an education." He encouraged the students to view coming from Superior as a positive. "We're family," he said. "Not everyone grows up in a community like ours, and that is special. Be proud that you are from Superior, reach out to others from Superior as you go through college and develop your career."

This year the Superior Red Bears provided two laptops to Seniors who missed the honor qualifications to earn a laptop by one quarter. Eldefonoso Duarte and Louie Rabago of the Superior Red Bear explained that they understand sometimes things happen and it affects

a students grades. The two Red Bear laptop winners were: Ricardo Ochoa and Alejandra Mancinas.

The first year students earn the honor roll in eighth grade they receive a certificate, the freshman year they receive a bronze medal, sophomore year a silver medal, junior year a gold medal and their senior year a lap top computer. The Optimist Club funds this project with fundraising throughout the year and a grant from Resolution Copper.

This year certificate winners were: Jared Moreno, Jewel Meza, Cedric Mendoza, Makayla Martinez, Ricardo Ochoa,

Audrey Rowell, Jesus Castellanos, Gabriel Garcia, Bruno Godinez, Lindsay Ketron, Maddaleine Price, Korrina Romero, Brandon Martinez, Amber Alonzo, and Cassandra Baltierra.

Bronze medals were awarded to: Jose Lira Jr., Gabby Hernandez, Anessa Bearup, Yuvithzia Romero, Ashley Lira, Tatianna Babino, Steven Byrd, Ariana San Miguel, Victoria Juarez, Jalissa Murray, Steven Denogean, Yasmin Rangel-Velasquez, Matthew Hernandez, Alycia Bearup, Cierra Villaverde, Alanysse Jaurez, Alejandra Mancinas-Pacheco.

Silver Medals were awarded to: Autin

Navarrete, Nicolaus Cruz, Eleanna Ybarra, Dominic Perea, Allison Martinez, Maribel Castro.

Gold medals were awarded to: Ivie Lopez, Gabriella Kipp, Phalicitee Thomas, Elias Olmos, and Terrace Flowers.

Laptops were awarded to: Angela Campos, Lindsay Duarte, Cierra Navarrete, Megan Mashaw, Hunter Flanagan and Matthew Zavala.

The Superior Optimist Club meets the first and third Tuesdays at Edwardos Pizza at 6:30 p.m. For more information on the club contact JoAnn Besich at 520-827-0592.

## ATHLETE AWARDS

Continued from Page 10

"I like the field I'm going into, I'm excited, and I enjoy it a lot," Cierra said. "With Resolution opening up the mine, they're going to have positions for environmental engineers and that is what I'm most excited about."

Zavala, another future Sun Devils' engineering major – Mechanical Engineering, won awards in basketball and baseball, in addition to his second-straight Athlete of the Year award. He also earned AIA recognition in football.

Participating in athletics during his four years at Superior has provided benefits he will use far beyond high school.

"With athletics it's always been about character," Zavala said. "We learn everything we need to be a good person

and other things we'll need in life."

Most of the student-athletes at Superior compete in multiple sports and several athletes won multiple awards at this year's banquet.

Congratulations to all.

**ORDINANCE NO. 15-126**  
AN ORDINANCE OF THE TOWN COUNCIL OF THE TOWN OF SUPERIOR AMENDING ORDINANCE NO. 14-125 BY APPROVING ZONE CHANGE NO. 2015-02 WHEREAS, the Town Council of the Town of Superior has, at its regular meeting held on May 14, 2015, studied and considered Ordinance No. 15-126 (Zone Change No. 2015-02), an Ordinance approving amendments to the Town's Zoning Ordinance by permitting solar siting and to amend the height regulations from 24 feet to 30 feet in the R1-5, R1-6, RI-8, R1-12 and R1-190 zone districts and to amend the height regulation from 24 feet to 35 feet in the R1-43, R1-108, and the R1-190 zone districts. WHEREAS, the Town Council has determined that it is in the best interest of the Town to enact these amendments to the Town's Zoning Ordinance in order to enhance the quality of life and to protect the health, safety, and welfare of its citizens; and WHEREAS, a timely and properly noticed public hearing upon Zone Change No. 2015-02 (Ordinance No. 15-126), was held by the Town Council during its regularly scheduled meeting on May 14, 2015, at which hearing evidence, oral and documentary, was admitted on behalf of said zone change; and WHEREAS, the Planning and Zoning Commission of the Town of Superior, in a regular session assembled on the 19th day of March, 2015, approved Resolution No. 15-02 (Zone Change 2015-02), as amended; a Resolution of the Planning and Zoning Commission recommending that the Town Council approve Zone Change No. 2015-02. NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF SUPERIOR DOES HEREBY ORDAIN AS FOLLOWS: SECTION I. Article V, Table No. 1: Building Height for all Ri Zones shall be 30 feet for R1-5, R1-6, R1-8, R1-12 and R1-190 zone districts and 35 feet for the R1-43, R1-108, and the R1-190 zone districts. SECTION II: Article V, §5.1.A.14; Article VI, §6.1.A.9; Article VII, §7.1.A.9 and §7.1.B.24; Article VIII, §8.1.A.11; Article IX, §9.1.A.7 and §9.1.B.9; Article X §10.1.A.5; and Article XII, §12.5.A.15 of Ordinance No. 15-126 shall state: Solar siting and installation as set forth in Article XIII, § 13.14 (Solar Siting). SECTION III: ARTICLE XIII, §13.14 (SOLAR SITING) 1. PURPOSE & INTENT A. Solar energy is a renewable and non-polluting energy resource that can prevent fossil fuel emissions and reduce a municipality's energy load. Energy generated from solar energy systems can be used to offset energy demand on the grid where excess solar power is generated. B. The use of solar energy equipment for the purpose of providing electricity and energy for heating and/or cooling is a priority of the Town's current and long-term sustainability agenda. Ordinance No. 15-126 C. This ordinance aims to promote the accommodation of solar energy systems and equipment and the provision for adequate sunlight and convenience of access necessary therefor. 2. DEFINITIONS Accessory Structure: A structure, the use of which is customarily incidental and subordinate to that of the principal building and is attached thereto, and is located on the same lot or premises as the principal building. Alternative Energy Systems: Structures, equipment, devices or construction techniques used for the production of heat, light, cooling, electricity or other forms of energy on site and may be attached to or separate from the principal structure. Building-Integrated Photovoltaic (BIPV) Systems:

## Public Notice

A solar energy system that consists of integrating photovoltaic modules into the building structure, such as the roof or the facade, and which does not alter the relief of the roof. Collective Solar: Solar installations owned collectively through subdivision homeowner associations, "adopt-a-solar-panel" programs, or other similar arrangements. Expedited Review: The grant of a priority status to an application that results in the review of the application ahead of applications filed prior thereto, including applications which may be currently under review by the Town. Flush Mounted Solar Panel: Photovoltaic panels and tiles that are installed flush to the surface of a roof where they cannot be angled or raised. Freestanding or Ground-Mounted Solar Energy System: A solar energy system that is directly installed in the ground and is not attached or affixed to an existing structure. Net-Metering: A billing arrangement that allows solar customers to get credit for excess electricity that they generate and deliver back to the grid so that they only pay for their net electricity usage at the end of the month. Permit Granting Authority: The Town of Superior is charged with granting permits for the operation of solar energy systems. Photovoltaic (PV) Systems: A solar energy system that produces electricity by the use of semiconductor devices, called photovoltaic cells, that generate electricity whenever light strikes them. Qualified Solar Installer: A person who has skills and knowledge related to the construction and operation of solar electrical equipment and installations, and has received safety training on the hazards involved. Rooftop or Building-Mounted System: A solar power system in which solar panels are mounted on top of the structure of a roof either as a flush-mounted system or as modules fixed to frames which can be tilted toward the south at an optimal angle. Ordinance No. 15-126 Solar Access: Space open to the sun and clear of overhangs or shade including the orientation of streets and lots to the sun so as to permit the use of active and/or passive solar energy systems on individual properties. Solar Collector: A solar photovoltaic cell, panel, or array, or solar hot air or water collector device, which relies upon solar radiation as an energy source for the generation of electricity or transfer of stored heat. Solar Easement: A recorded easement which secures the right to receive sunlight across real property of another for continued access to sunlight necessary to operate a solar collector. Solar Energy Equipment/System: Solar collectors, controls, energy storage devices, heat pumps, heat exchangers, and other materials, hardware or equipment necessary to the process by which solar radiation is collected, converted into another form of energy, stored, protected from unnecessary dissipation, and distributed. Solar systems include solar thermal, photovoltaic and concentrated solar. Solar Panel: A device for the direct conversion of solar energy into electricity. Solar Power Fast-Track Program: A program to expedite all applications for commercial and residential solar panel installation to encourage the use of reliable and clean renewable energy. Solar Storage Battery: A device that stores energy from the sun and makes it available in an electrical form. Solar-Thermal Systems: Solar thermal systems directly heat water or other liquid using sunlight. The heated liquid is used for such purposes as space heating and cooling, domestic hot water, and heating pool water. 3. APPLICABILITY A. The requirements of this Ordinance shall apply to all energy systems (residential,

## Public Notice

commercial, and industrial) modified or installed after the effective date of this Ordinance. B. Solar energy systems for which a valid permit has been properly issued, or for which installation has commenced prior to the effective date of this article, shall not be required to meet the requirements of this Ordinance. C. All solar energy systems shall be designed, erected, and installed in accordance with all applicable codes, regulations, and standards. B. Solar energy collectors shall be permitted only to provide power for use by owners, lessees, tenants, residents, or other occupants of the premises on which they are erected, but nothing contained in this provision shall be construed to prohibit "collective solar" installations or the sale of excess power through a "net billing" or "net-metering" arrangement in accordance with state or federal laws. Ordinance No. 15-126 4. PERMITTING A. No Small Scale solar energy system or device shall be installed or operated in the Town except in compliance with the provisions of this article. B. To the extent practicable, and in accordance with Town law, the accommodation of solar energy systems and equipment and the protection of access to sunlight for such equipment shall be encouraged in the application of the various review and approval provisions of Town Codes. C. Rooftop and Building-Mounted Solar Collectors: Rooftop and building-mounted solar collectors are permitted in all zoning districts in the Town subject to the following conditions: 1. Building permits shall be required for installation of all rooftop and building-mounted solar collectors, except for Flush-Mounted Photovoltaic Panels. 2. Any height limitations of the Town Code shall not be applicable to solar collectors provided that such structures are erected only to such height as is reasonably necessary to accomplish the purpose for which they are intended to serve, and that such structures do not obstruct solar access to neighboring properties. 3. Placement of solar collectors on flat roofs shall be allowed provided that panels do not extend horizontally past the roofline. 4. Rooftop and building-mounted solar collectors in the TC zone district shall be permitted if they are not visible from the street or adjacent properties, otherwise a conditional use permit will be required. D. Building-Integrated Photovoltaic (BIPV) Systems: BIPV systems are permitted outright in all zoning districts, except in the TC Zone District where a conditional use permit is required. E. Ground-Mounted and Freestanding Solar Collectors: Ground-mounted and freestanding solar collectors are permitted as accessory structures in all zone districts of the Town, except for the TC Zone District which requires a conditional use permit, subject to the following conditions: 1. Building permits are required for the installation of all ground-mounted solar collectors. 2. The location of the solar collector meets all applicable setback requirements for accessory structures in the zone district in which it is located. 3. Solar energy equipment shall be located in a manner to reasonably minimize view blockage for surrounding properties and shading of adjacent properties, while still providing adequate solar access for collectors. F. Solar-Thermal Systems: Solar-thermal systems are permitted in all zone districts, except for the TC Zone District which requires a conditional use permit, upon approval of a building permit. G. Solar energy systems and equipment shall be permitted only if they are determined by the Town not to present any unreasonable safety risks, including,

## Public Notice

but not limited to the following: Ordinance No. 15-126 1. Weight load. 2. Wind resistance. 3. Ingress or egress in the event of fire or other emergency. H. Installations in a designated historic district shall require a certificate of appropriateness from the Town unless such installations are not visible from the street. 5. SAFETY A. All solar collector installations must be performed by a qualified solar installer. B. Prior to operation, electrical connections must be inspected by the Town's Building Inspector. C. Any connection to the public utility grid must be inspected by the appropriate public utility. D. Solar energy systems shall be maintained in good working order. E. Rooftop and building-mounted solar collectors shall meet the Town's Uniform Building Code and the Town Fire Department requirements. F. If solar storage batteries are included as part of the solar collector system, they must be placed in a secure container or enclosure meeting the requirements of the Town's Uniform Building Code when in use, and when no longer used shall be disposed of in accordance with the laws and regulations of all applicable laws and regulations. G. If a solar collector ceases to perform its originally intended function for more than twelve (12) consecutive months, the property owner shall remove the collector, mount and associated equipment by no later than ninety (90) days after the end of the twelve (12) month period. 6. APPEALS A. If an individual is found to be in violation of the provisions of this Ordinance, appeals should be made in accordance with the provisions of Article III, Section 3.7 (Appeals) of the Town's Zoning Ordinance. B. If a building permit for a solar energy device is denied because of a conflict with other provisions of the Municipal Code, the applicant may seek relief through Article III, Section 3.7 (Appeals) of the Town's Zoning Ordinance. SECTION V: The Zoning Administrator of the Town of Superior is hereby given the authority to make any non-substantive changes to this Resolution. These non-substantive changes will include such things as grammatical errors or any other such changes provided a report is given to the Planning and Zoning Commission and the Town Council indicating which changes are to be made. SECTION VI: Severability. If any section, subsection, subdivision, sentence, phrase or portion of this Zone Change or the application to any person or place is held to be unconstitutional or invalid by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Zone Change. The Town Council declares that it would have recommended adoption of these revisions to Ordinance 15-126 and each section, subsection sentence, clause, or phrase of this Zone Change in spite of the fact that one or more of the same be declared unconstitutional or invalid. ## Resolution Copper Mining Continues Community Support Initiatives in 2015

During the first quarter of 2015, Resolution Copper Mining has provided more than \$150,000 to organizations and causes in Superior and surrounding communities. This figure includes monetary donations, in-kind donations, support for education, sponsorships, and memberships in business and community organizations.

“It’s important to us that we are good neighbors and work collaboratively to improve the communities in which we live and work,” said Andrew Taplin, project director for Resolution Copper. “We greatly appreciate the support of the local communities and will continue to be actively involved and supportive of community groups and programs throughout 2015.”

- Resolution Copper provided corporate sponsorship to the **Superior Little League** to assist with field and equipment needs.
- Through our Corporate Giving Program, Resolution Copper provided a grant to the **Mammoth Fire District** toward the purchase of fire boots and EMT training.
- Resolution Copper is the premiere sponsor for the **Copper Corridor Economic Development Council** Leadership Academy.
- Resolution Copper provided in-kind assistance with the **City of Globe’s** water infrastructure needs.
