Bear sightings increase; Game and Fish reminds public to be bear aware

A female bear at a campground in the Huachuca Mountains, 2009. Brad Fulk | AZGFD

TUCSON, Ariz. – The Arizona Game and Fish Department continues to closely monitor bear activity in southeastern Arizona given multiple sighting throughout the region this year.

A yearling black bear is suspected of blowing an electrical transformer after climbing a tree at 11 p.m. Thursday in the York Valley area between Duncan and Clifton. The bear ran to a trailer park and homes afterward before being scared off by law enforcement. The bear may have been observed there on other occasions recently.

The weekend of May 10-11, a female bear and two cubs may have killed up to 16 chickens at a bed and breakfast place in Aravaipa Canyon. The property owner subsequently agreed to secure the remaining chickens overnight and removed tree fruit and other attractants from the property. Hikers observed one or more bears in the area on two occasions previously this month.

Another bed and breakfast in the Huachuca Mountains was visited by a bear May 8 but was then chased away by

the property owner's dogs.

Earlier this year, a black bear was sighted within 100 feet of the Peppersauce campground. The campers abandoned the camp and reported the sighting. In addition, a hunter reported sighting a female bear and cub on Ft. Huachuca in January.

Bears were observed sporadically during the winter months in southeastern Arizona, suggesting that warmer weather may have shortened annual hibernations, from which black bears typically emerge in March, usually males before females.

In addition, consecutive dry winters and intermittent seasonal rains, coupled with lingering environmental impacts from the Monument and Horseshoe Two fires, suggest that there may be more cases of bears visiting residential areas this year. Game and Fish fielded approximately 100 bear calls between mid-July and mid-October 2012 because of bears foraging in residential neighborhoods of greater Sierra Vista after the Monument Fire.

"Bears in search of food are often attracted to homes and into proximity with people, which puts both at risk. Most conflicts are caused by people unintentionally feeding bears, often by allowing them access to household garbage, bird feeders, garden areas or trees bearing fruit," said Regional Supervisor Raul Vega of Game and Fish in Tucson. "Fed bears can lose their fear of humans and begin to associate humans with food, sometimes causing property damage and even injuring people. But conflicts between humans and bears are preventable."

Since garbage stored outside is the biggest attractant, storing garbage in a secure garage or shed until the morning of collection will virtually eliminate the chances of a bear visit. If a bear does not find a food source, it will move on. Campers should never take food into a tent, use deodorizing sprays if storing food in cars when a bear-proof box is not available on-site, and clean themselves off thoroughly after cooking as well as change clothes afterward that may have lingering odors.

Fences, lighting and dogs have not been found to be effective, long-term deterrents when foods are available. Bears are good climbers, so to reduce a bear's ability to get over a fence, it should be at least six feet tall and constructed of non-climbable material.

Recognizing the potential risk to both humans and bears, the Arizona Game and Fish Department spends considerable time and money each year relocating bears. Unfortunately, this effort does little for the bears or homeowners. Some bears must be destroyed because they are considered too dangerous, have lost their fear of humans, or continue to get into conflicts with people.

Following removal or relocation, the homeowner might experience more problems from a different bear if the identified attractant is not eliminated. Relocating a bear is also traumatic for the animal and does not guarantee it will live. Some are killed by larger, older bears that have established territory in an area.

If a bear is in your yard or neighborhood or campground and refuses to leave, immediately contact the Game and Fish office at 520-628-5376 or at 1-800-

Drainage project on Florence-Kelvin Highway to last through mid-August

FLORENCE - Pinal County Public Works Department will be overseeing a major drainage project taking place on the Florence-Kelvin Highway. A contractor will be working on building a low-water concrete crossing across the Box O Wash. This area is located

approximately 15 miles east from Highway 77.

The construction is scheduled to take place from Monday, May 19, through Friday, August 15. The schedule may vary due to weather conditions during the monsoon season.

Public Works asks that all drivers in the area pass through the construction zone with caution and obey all traffic signs. There may be some delays throughout the construction timeline - please take this into account when driving on the Florence-Kelvin Highway.

Arizona Workforce opens new job search center at Kearny Library

Copper Basin area residents seeking employment were given a boost last week with the launching of a Job Search Access Point at the Kearny Library courtesy of the Gila/Pinal County Workforce Consortium.

Access points are partnerships with community and faith-based organizations across Gila and Pinal Counties that create places where people can go to look for jobs and connect to a One-Stop site. Job seekers will have access to a computer designated for this at all times and can search for employment opportunities state wide.

Kearny librarians will also be trained to help with job applications, resumes and how to approach interviews and will be available during open hours.

Call the library at 520-363-5861 for more information.

The Gila/Pinal Workforce Consortium opened its newest Access Point with a ribbon cutting ceremony at the Kearny Library. Pictured are. Dudleyville area youth will have the chance to explore science and nature this summer

FLORENCE, AZ - "FIZZ, BOOM, READ!" is the theme of the youth summer reading program that debuts in Dudleyville on Wednesday, June 4. The three books featured during the story time are cleverly illustrated and designed to capture the attention of a variety of ages.

The 2014 Summer Reading Program is open to all Dudleyville area young people from ages 4 through 14. Each session includes story time, games, crafts, and more.

FIZZ, BOOM, READ!

Every Wednesday in June - June 4, 11, 18, 25

10:00 AM to 11:30 AM

Dudleyville Multigenerational Center
4004 North Dudleyville Road

Some of the books to be enjoyed during story time include:

- Free Association, Where My Mind Goes During Science Class by Barbara Esham
- This illustrated children's book explains perfectly how creative students' minds wander as they conjure up theories and solve the world's problems.

- Duck! Rabbit! by Amy Krouse Rosenthal - Is it a duck or a rabbit? Depends on how you look at it!

- I wonder Why the Sea is Salty by Anita Ganeri - Insatiable young oceanographers will discover amazing facts in this compendium of marine questions and answers.

For more information call the Pinal County Library District office at (520) 866-6457.

The youth summer reading program is free of charge to participants.

Lady Bearcats stunned in semis

By **Andrew Luberda**
Copper Basin News

The 4th-seeded Bearcats softball team was upset by 9th-seeded Valley Christian in last Friday night's Division IV semi-final game, 5 – 0. The 'Cats, who entered the game riding a nine-game winning streak, were one win away from playing for the state title.

"It wasn't our best game of the year," said Bearcats' head coach Rikki Galka. "Somebody has to lose. We had a good season."

The Bearcats' offense had an uncharacteristically poor performance at the plate, striking out 16 times in the game. Stormee Galka had the team's lone hit.

The Trojans broke a scoreless game in the third, scoring one run to take the lead. They followed by loading the bases with two outs and Jez Graf facing Bearcats' pitcher Stormee Galka. Graf crushed an 0-2 pitch over the wall in left-center for a grand slam and gave the Trojans a 5 – 0 lead.

"Yeah, that's never happened," Stormee Galka answered when asked if she was stunned Graf hit the 0-2 pitch out. "No one has ever hit (a homerun) off me before. It was a riseball and she just caught it perfect."

That one pitch seemed to sap the energy out the Bearcats, which could account for their poor offensive performance.

"Oh, definitely," said head coach

Rikki Galka, acknowledging her team appeared demoralized after the five-run inning. "It just drained them. That's the first time I've seen our team really look like that. They don't really get down on themselves. They just fight back but they didn't this time."

The Bearcats didn't just expect to reach the Championship Game, they expected to win it. They were one of the hottest teams entering the state tournament and were one of only three teams to defeat the eventual State Champion San Manuel Miners during the season. The Miners won 23 of their last 24 games, including the State Championship game. Their lone loss during that span came against the Bearcats.

Despite the loss, Rikki Galka was proud

of her team's performance all year.

"It was, it was the best season," Galka answered when asked if this season was the most fun for her as a coach. "Every one of the girls is a great kid and they work hard."

The Bearcats will lose six seniors this year, but they have a number of experienced players returning. A group of talented youth players is on the way as well. The 'Cats are reloading not rebuilding.

"I'm looking forward to the next few years," Rikki Galka said. "We have a chance to be better than we were this year."

"We have a lot going for us next year," said Stormee Galka, agreeing with her mom. "We should be very strong."

Hayden honors athletes with banquet

By **Nina Crowder**
Copper Basin News

Hayden High School held its athletic awards ceremony and banquet. Many students that participated in sports during the year received certificates, awards, and trophies.

Participation, performance, and competition in the Hayden Winkelman athletic program will focus on opportunities for students to develop and exhibit skills to the best of their abilities.

The goals of the athletic program are: to build self esteem; develop skills; expand interest in lifetime and leisure activities; to provide opportunity for personal and social growth; encourage all students to participate; develop a positive self discipline and to develop self motivation. Parents have noted the correlation between athletics and good grades, while coaches have stressed the importance of joining a team in middle school. Often students join a team in search of themselves. Soon students begin to

develop self discipline and working together toward team goals.

Many awards were given from teachers, coaches, and the superintendent, Mr. Gregorich. The awards included: spirit line, football, volleyball, boys and girls basketball, wrestling, baseball, softball, principle award, Lobo Howl award, and outstanding male and female awards. The banquet food was delicious and the joyous faces of award winners were unspeakable.

The motivation of parents and

supervisors has been inspiring to the youth of Hayden-Winkelman. The students have pride in themselves and have desires to continue their efforts in academics as well as in athletics. The partnership between parents and schools help create an environment of success for each student. All students are encouraged to achieve a balance of academic programs and extracurricular activities. Hayden-Winkelman Unified School District looks forward to continuing their tradition of excellence!

Bearcats and Lobos named to AIA All- Section Teams

By Andrew Luberda
Copper Basin News

Baseball and softball players from Hayden and Ray were selected to the AIA All-Section teams. A total of 15 players combined from both schools were selected.

Six members of the Bearcats' baseball team earned All-Section honors including Dominic Bravo, Jacob Pace, Destry Yocum, Derek Pacheco, Seth Harmon, and

Douglas McPeak.

The Bearcats' softball team, which reached the semi-finals of the state playoffs, had five members named to the All-Section teams. Stormee Galka, Ashley Meza, Ashley Ortiz, Lucy Sainz, and Sarah Duncklee were selected by the AIA.

The Lobos' state playoff softball team had four members named to the AIA All-Section teams. Devin Estrada, Shannon Lagunas, Julisa Westrope, and Angelica Cabrera were the players selected.

BEARS

Continued from Page 2

352-0700 evenings, weekend and holidays. Depending on what the bear is doing, department personnel may respond if it remains in the area.

If you see a bear in the distance, alter your route to avoid it. On the rare occasion that a bear approaches you, discourage it by:

- Making yourself as large and imposing as possible. Stand upright and wave your arms, jacket or other items, and make loud noises.
- Do not run and never play dead.
- Give the bear a chance to

leave the area.

- If the bear does not leave, stay calm, continue facing it, and slowly back away.

The black bear is the only bear species found in the state. Although fur color varies and includes brown, cinnamon and blond, they are all considered black bears. It is the smallest and most widely distributed North American bear. Black bears:

- Weigh 125-400 pounds with males being larger than females
- Are three- to three-and-a-half feet tall when on all four feet
- Eat primarily acorns, berries, insects and cactus

fruits

- Live in most forest, woodland and chaparral habitats, and desert riparian areas

- Roam an area of 7 to 15 square miles

- Produce two to three cubs born in January or February

- Live up to 25 years in the wild,

- Active at dawn and dusk.

Bears are classified as big game animals in Arizona and are protected by state law. It is unlawful to feed wildlife, including bears, in Pima and Cochise counties. Violations can result in a fines ranging from \$300 in Pima County to \$2,500 in Cochise.

Cards of Thanks

To everyone who came from near and far to support us at Bobby's horseshoe tournament, THANK YOU. We are so Blessed to be a part of Superior's family, a loving community who is first to reach out and give its all to one of its own. Special thanks to Angela Villaverde Ortega, Mario Lopez, and everyone who worked so hard to make this event such a success. We are overwhelmed at everyone's concern and generosity. There are three sincere phrases in our lives, I love you, God Bless, and Thank you, especially when they come from the heart Bobby and Margie Real and family
