**Mrs. Kathy Zavala retires after 20 years of service to Superior Schools.**

## Saying goodbye to staff at Superior Schools

This year, Superior students say goodbye to two beloved people: Kathy Zavala and April Ybarra-Juarez.

One of the first teachers students at Superior Unified School District meet is Mrs. Kathy Zavala. A commitment to early childhood education is critical to the long term success of students throughout their education. Mrs. Zavala has been the friendly face and that first step of children leaving their families to go to school.

Mrs. Zavala has been teaching this important grade for 20 years – the basics of learning how to play with friends, colors, shapes, and the basics of learning a school routine. The youngest of Panthers start their school career with her. When former principal Jesse Arroyos approached Mrs. Zavala about starting the pre-school program in Superior, she was excited to develop this program and she credits Mrs. Arroyos commitment to helping her develop the program into what it is today. “She was patient and encouraging,” Kathy said.

When Mrs. Zavala became a mom for the first time, she studied child development because she was fascinated at how children develop and learn. She has been actively involved in her children’s education and, when she started

this career, her youngest son was actually starting pre-school.

“I have enjoyed every minute of this career. I was fortunate to wake up every morning and be excited to go to work,” she said.

COVID was difficult for all educators, parents and students and even more difficult for Pre-Schoolers. She developed packets for the parents and students and tried to avoid using Zoom programing for her students. She was thrilled when students could return to class and she and her aid developed stringent cleaning processes and procedures. “Thankfully no one from their class or our families got sick. I am so thankful for how the families and our students followed the rules during this difficult time,” she said.

While she announced her retirement two years ago to allow the school time to prepare for a transition, the time flew by. Her favorite part of each year is Christmas, teaching the students to sing holiday songs and taking them to the Arboretum Apartments to sing for the residents. She will miss the students and families, and seeing these young students prepare for Kindergarten. Having taught in this position for 20 years, she has been able to see many of her students graduate from high school, college and start their careers and have families.

Mrs. Zavala plans to volunteer at the school, and she and her husband plan to do more camping, and she wants to do more gardening and start a vegetable garden.

“I plan to spend a lot more time at the Arboretum,” she said. “That is truly my happy place.”

At every organization, there is that one person on staff that keeps the organization running. The air-traffic controller of all the moving parts and pieces. For the

# Meet the Class of 2021 Valedictorian and Salutatorian: Ally Hing and McKenna Duarte

Ally Hing and McKenna Duarte have been classmates since elementary school and this Friday, they, along with their classmates from the Superior High School Class of 2021, will receive their diplomas and start their journey into a post high school life.

Ally Hing is the son of Michael Hing and August Fay, his older siblings are Altin Hing, Naomi Hing and Augie Hing. Ally pointed out that he and his siblings were all valedictorians. He is the last of the Hing grandchildren to graduate from Superior High School in his generation of their family.

McKenna Duarte is the daughter of Nathan and Janeen Duarte. Her siblings are Nathan Duarte Jr. and Zachery Duarte.

Both of these top students were actively involved in their school activities and athletics. Ally was involved in many school activities while maintaining the highest GPA in his class. He played basketball and baseball and was actively involved in FCCLA. He served as President of FCCLA. For him these activities helped him to become a well rounded student and provided a positive opportunity for him during his high school career.

McKenna also participated in FCCLA throughout high school and also played volleyball and softball. She played basketball her freshman year.

COVID-19 affected their lives in dramatic ways and of course created obstacles to participating in all the traditional high school events. Both of these stellar students shared that the pandemic has made them more resilient as individuals but as a co-hort of students across the globe.

"It could have been easy to put our lives on hold like the world, but it did not stop us from persevering and continuing to do good in school. We have truly shown our ability to adapt and overcome bad conditions," said McKenna Duarte.

Ally shared that their class found new ways to celebrate the passage of their Senior Year, with Backyard Prom and Senior Sunrise.

"Those activities have helped us to continue to build memories but also allowed us to continue to be creative in how we handled these activities," said Ally.

Their future aspirations following high school are big and bold. Ally sees a future with the development of electric vehicles and mechanics. He will be attending Arizona State University Poly-Technical campus to study Automotive Engineering. Specifically, he would like to design and develop electric vehicles. He also would like to own a mechanic shop in Superior; he sees that there is a need for mechanic services in Superior.

McKenna will be attending Arizona State University as a direct admission into their nursing program. She will study to become a Nurse Practitioner. She plans to continue her education and become a Doctor.

They are both anticipating that they will miss their high school days and being with their friends but both are anxious to meet new friends and see what the world has to offer. They are confident in their dreams and looking into their 10-year vision; both see themselves advancing in

**Ally Hing, left, is this year's Valedictorian. McKenna Duarte is the Salutatorian.**

their respective careers.

They hope that they will see their hometown growing. "I would like to see more programs offered here in Superior and I hope that I can return to coach or teach at some point," explained McKenna. Thanks you's and appreciation

Throughout their interviews both students shared how they were thankful for their coaches, families, teachers and how they were critical to their personal successes. Their success is tied to the impacts that their community as a whole has made on their lives.

"Thank you to all of my teachers, coaches; I couldn't be who I am without them," said Ally. "Thank you to my friends and family, without you, these accomplishments would be more challenging."

"I would like to thank my family for always being there for me and pushing me to be my best. I would also like to thank teachers and staff who have guided me and supported me during my time at Superior High School. I don't know where I would be if it wasn't for the kindness and support I have been shown, so thank you!" said McKenna.

The Superior High School class of 2021 will host their

graduation ceremony on Friday, May 28, 2021 at 7 p.m. The ceremony is by invitation only due to ongoing COVID protocols at the Superior Unified School District. Following the ceremony there will be a graduate parade through Main Street. The public is invited to attend the parade.

# SAYING FAREWELL

Continued from page 4

Superior Junior-Senior High School, that person has been April Ybarra-Juarez, the school administrative assistant and attendance clerk. April's role at the school has changed over the years, starting as a teacher's aid then working her way into an administrative role. Her office filled with mementos, of years past, 2021 graduation announcements and award certificates were neatly arranged. This will be the last year that she is responsible for all of these traditions and activities.

"It's hard to think about that this is the last time I will be doing these tasks," she said.

She is often the first parent and students meet at the Junior-Senior High

School. She's the person the students come to with their requests for "Ms. April" as they call her and despite her often long to-do list of tasks and critical reporting, she is there with a friendly face to help those who need her assistance. A kind voice of reason to upset students, in every action of her role at the school, there is love, kindness and a fierce belief that she is making a difference in the lives of the students, families and the staff she supports.

April always knew that God was calling her to care for people. She had studied to become a nurse, while her kids were in High School. The challenges of working full time and raising her family delayed her goals, and eventually she decided

that maybe nursing was not meant to be what she was supposed to do. As her life changed she knew she still wanted to do more, she learned of a program at Arizona State University to train new teachers. She requested information, and despite a few challenges the program was a perfect fit for her. She was able to complete her teaching degree in Elementary and Special Education. The Arizona Teaching Academy at ASU offered twice a week classes in Globe and she was able to keep her full time job at Superior schools. She will be receiving her teaching certificate in Elementary Education and Special Education this year.

April will be leaving the Superior

Unified School District after 17 years of service. She will be teaching third grade at Coolidge Unified School district. She is excited for this new challenge and time in her life.

"I always knew that God wanted me to care for others, but now I know he wanted me to lead students and care for them," she said. She is thankful for the support of her family through this journey and she will miss working for the Superior Schools and her boss Mr. Duarte.

Congratulations to Mrs. Zavala and Ms. April from Copper Area News-Superior Sun. We appreciate all that you have done for our publication over the years. You will both be missed.

# Free workshop for caregivers—brought to you by Rural Dementia Caregiver Project

Help rural caregivers connect to a new online workshop. Millions of rural caregivers provide crucial support to family members or friends living with memory loss and dementia. These same caregivers often feel stressed and isolated. An online workshop may help them. The University of California, San Francisco is conducting a study of a new online caregiver workshop. The project is funded by the National Institutes of Health. Caregivers may qualify if they:

- Live in a rural area
  - Care for someone with memory loss
  - Are 18 years of age or older
  - Provide care for at least 10 hours per week
- Caregivers who participate in the study of the workshop will be asked to complete four surveys on their caregiving experiences and will receive up to \$80 in cash for doing so. What does the online workshop offer? The workshop is accessible to rural caregivers whenever they want it, day or night. It teaches

caregivers new skills to reduce their stress, take better care of themselves, manage challenging behaviors of their care partners, and plan for the future. Caregivers also get a workbook to keep, support from other caregivers, and information on community resources. How can caregivers and others learn more? Interested caregivers can go to [caregiverproject.ucsf.edu](http://caregiverproject.ucsf.edu) or call the toll-free number 1-833-634-0603 to get more information. Organizations that work in rural communities or have contact with caregivers can use that same contact information.

# Planning for safety on the trails

The Town of Superior recently annexed over 500 acres into the town's municipal boundaries. Much of this land will remain Tonto National Forest. These areas are frequently used for outdoor recreation such as hiking, mountain biking, horseback riding and for motorized vehicles such as dirt bikes and ATVs.

In order to ensure that the area can be accessed swiftly and efficiently should there be an emergency, the Superior Fire Department along with officials from the Legends of Superior Trails Inc. and the Civil Air Patrol began a process to document the trails for emergency services.

On Saturday, May 15, two Civil Air Patrol SAR Teams with 15 members hiked the Legends of Superior Trail and Telegraph Canyon – Arizona National Scenic Trail to begin the documentation process. The CAP Search And Rescue Team has partnered with the Superior Fire Department to develop maps and an

Emergency Response Plan for trail and off-road emergency incidents. Nick Lund, L.O.S.T. Director has been the liaison to the "trail community" and is cooperating closely to provide his expertise.

The plan will include: verify the location of the trails, document locations of vehicle access for each trail, document which portions of the trails are vehicle accessible, UTV accessible, and foot only accessible. The map will be color coded accordingly.

Document communications coverage on each trail including Superior Fire Department radio, Search And Rescue radio, and cell phone coverage. The map will be color coded accordingly.

A Civil Air Patrol SAR aircraft flew the area flying a tight grid pattern. The aircrew took 800 aerial photos to be used in the mapping process. In particular the aerial photos will be valuable in identifying and sorting out the many "unofficial" trails and tracks in the area.
