Kearny Police Report

According to state law, there are two methods by which police may arrest suspected offenders. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damages are estimates.

Activity listed from May 15-28.

May 17

Theft was reported in the 400 block of Ivanhoe Rd. Ernestina Padilla Mendoza, 57, was arrested in the 600 block of York Dr. on a warrant. She appeared before Judge Orzell.

May 22

Criminal damage was reported in the 300 block of Fairhaven Rd.

Fire was reported near milepost 144 on Hwy. 177.

May 24

A brush fire was reported near milepost 146 on Hwy. 177.

May 26

Juan A. Lopez, 28, was arrested in the 300 block of Alden Rd. and was charged with disorderly conduct. He was transported and booked into the Pinal County Jail in Florence.

May 28

Bernadette Munoz, 37, was arrested in the 500 block of Victoria Circle on a warrant. She appeared before Judge

Orzell.

Calls not listed include: ambulance request (22), traffic stop (5), animal/cattle complaint (6), citizen assist (4), found property (4), civil matter/stand-by (1), 911 hang-up (1), alarm drop (4), welfare check (1), threats/harassment (2), trespassing (1), request for extra patrol (1), juvenile problem (1), parking violation/abandoned vehicle (2) and disturbance (2).

Pinal County Sheriff's Report

The Pinal County Sheriff's Report is taken from the daily logs, based on the information provided by deputies. All persons arrested are presumed innocent until proven guilty in a court of law.

Please note: the Pinal County Sheriff's Office is changing the way that newspapers receive media and arrest reports. The new methods have not been fully implemented.

May 17

Criminal Damage was reported in the 100 block of W. Sixth Ave., San Manuel.

Theft was reported in the 78100 block of E. San Pedro Rd., Dudleyville.

May 19

A warrant arrest was made in the 4200 block of N.

Rockliff Blvd., Oracle. No other information was given.

May 20

Criminal damage was reported in the 800 block of N. Cody Loop Rd., Oracle.

Assault was reported in the 700 block of N. Cody Loop Rd., Oracle.

May 21

Assault was reported in the 21300 block of S. Texas Sage Dr., SaddleBrooke.

A warrant arrest was made in the area of W. Avenue G and W. Main St., San Manuel. No other information was given.

May 22

Fire was reported in the 63000 block of S. Terence Dr., Kearny.

May 23

Fire was reported in the 600 block of W. Webb Dr., San Manuel.

Assault was reported in the 200 block of S. Avenue A, San Manuel.

Fire was reported in the 1700 block of W. Oracle Ranch Rd., Oracle.

Budgets, Wells and the Summer Heat

It's the time of year when town councils take on the task of developing a budget for the 2017-2018 fiscal year. It's a tough job, especially in mining towns undergoing economic changes and having to deal with realities such as aging infrastructure, low property values, and increasing strictures from the State of Arizona.

Kearny's Town Council will be holding a special hearing for all residents on a tentative budget on Monday, June 5, at 4:30 p.m. in Town Hall. Everyone is invited to come to the hearing, proffer

suggestions, and support our Town Council in its work.

There will be a special budget meeting on Monday, June 26, to finalize the budget. Again, the meeting will be at 4:30 p.m. at Town Hall. I urge as many townspeople as possible to take part in the whole procedure.

Work has begun on well number 8 in the foothills outside town. Arizona Public Service is assisting with the installation of a new power box. Work will begin soon on the new chlorination system for well

number 8 and the closer-to-town well number 4 which will be located near the water storage tanks. This is good news for all of us.

Every once in a while the new sanitation service misses a pickup or is late in coming. Please make allowances for this. I have a hunch things will continue to smooth out as time goes on. Please call RAD itself (and not Town Hall) to report any situations.

Some people have mentioned to me their pleasant surprise that they are able to recycle so many materials now that we have separate recycling containers. I'm surprised myself at all the plastic items I use which can now be used again in other ways.

The summer heat is beginning to emerge. Our yards seem to have less grass and more weeds! If your lawn seems more of a hassle than it's worth, consider converting a portion of it into a little bit of Sonoran desert. Build up an earthen berm, use some large rocks as accents and place yucca and cacti in appropriate places. Ice plants grow well here, and can serve as cover for the earth. In my own little berm,

ALONG THE GILA

By Sam Hosler

Special to the Copper Basin News

I have ice plant which "volunteered" to add some green to my little desert.

If you have ideas for this little column, either news of coming events or suggestions for topics, please contact me at my e-mail address: sam_hosler@msn.com. I especially want to hear from Hayden, Winkelman, Mammoth, and Dudleyville.

Dudleyville area youth learn how to 'Build A Better World'

FLORENCE, AZ -- "Build A Better World" is the theme of the youth summer reading program that debuts in Dudleyville on Wednesday, June 7. The three books featured during the story time are cleverly illustrated and designed to capture the attention of a variety of ages.

The 2017 Summer Reading Program is open to all Dudleyville area young people from ages 4 through 14. Each session includes story time, games, crafts, and more.

Build A Better World

Wednesdays in June - June 7, 14, 21, 28

10-11:30 a.m.

**Dudleyville Multigenerational Center
4004 N. Dudleyville Rd.**

Some of the books to be enjoyed during story time include:

* *Things I Can do to Help My World* by Melanie Walsh

* *The Night Gardner* by Terry & Eric Fan

* *Bustle in the Bushes* by Giles Andreae

For more information call the Pinal County Library District office at (520) 866-6457.

The youth summer reading program is free of charge to participants.

The humble MVD Sold Notice may keep you out of court – it's an easy and free online option

PHOENIX – Selling your car to the guy down the street, online or to a family member is a concept that probably goes back as far as Henry Ford himself. But the Arizona Department of Transportation Motor Vehicle Division reminds you that reporting a private sale makes good sense and may keep you out of court.

Filling out a Sold Notice is simple and there is no fee. It should be completed within 10 calendar days of selling your vehicle and it can be done anytime online at ServiceArizona.com.

"A Sold Notice protects consumers," said MVD Stakeholder Relations Manager Jennifer Bowser-Richards.

"If the vehicle is sold and is later in a crash or used in a crime, or if it's simply

abandoned, the MVD will have a record of the sale. That means a former owner won't be responsible for abandoned vehicle fees, or worse called into court to explain why the vehicle was used in a crime or crash they had nothing to do with."

MVD also keeps an eye out for unscrupulous unlicensed or licensed dealers that may attempt to sell a vehicle as though they were actually a private seller. When a vehicle is sold by a private owner to a dealer, a Sold Notice will alert MVD if that dealer attempts to re-sell the vehicle privately and ADOT Enforcement will initiate an investigation.

For more information about Sold Notices, visit azdot.gov/mvd.

An American Hero – Patrick Gorham Jr.

By John Hernandez
Copper Area News

This past Monday, May 29, the United States celebrated Memorial Day. Traditionally, members of the Veterans of Foreign Wars (VFW) and American Legion, along with their auxiliary members, use this day to clean the gravesites of our fallen military men and women. Often they will place small American Flags on the graves.

We at Copper Area News want to tell the story of one of our local boys who fell in battle and honor his memory. Lest we forget.

On October 3, 1944, the *Arizona Republic* reported that a "Superior Man Dies in Action". The article said, "Staff Sergeant Patrick Gorham, Jr., 24-year-old son of Mr. and Mrs. Patrick Gorham, Superior, was killed in action in France August 10, according to word received from the war department by his parents.

"Sergeant Gorham, a graduate of the Superior High School with the class of 1938, was with an infantry company.

"Besides his parents, the sergeant leaves four sisters and five brothers, one of whom is with the Army Air Corps at Amarillo, Texas.

"Mr. Gorham, Sr. has been chief deputy sheriff of Pinal County 26 years."

In August 1945 at a simple ceremony in Superior, Patrick Gorham Jr. was awarded posthumously the Silver Star which was presented to his parents. The action for which he received the Silver Star took place after Gorham, a squad leader, volunteered to lead a patrol into enemy territory, to gather information on German strength and disposition. The official citation for the medal said, "He led the patrol skillfully through the enemy lines and secured the desired information, then proceeded to return to his organization.

"The patrol was intercepted by an enemy force on the return trip, whereupon Sergeant Gorham, with utter disregard for personal safety, stood fast and fearlessly engaged the enemy force, enabling other members of the patrol to return to their lines with the vital information.

"His gallantry, zealous devotion to duty, and determination that the mission at hand be accomplished without thought of personal safety or welfare, reflect the highest credit upon Sergeant Gorham's character as a fighting infantryman."

Gorham earned the Silver Star only one week after being awarded a Bronze Star for rescuing a wounded scout from an exposed forward position under enemy fire. He was serving with the 320th Infantry 35th Division when he was killed near Mortain, France. The Battle of Mortain was the first counteroffensive launched by the Germans after the D-Day landings.

Although surprised and outnumbered, the Americans held, although suffering severe casualties.

Patrick was buried in France. In 1948, his body was exhumed and returned to the United States, where it was shipped by train to Coolidge, Arizona from the East Coast. On Saturday July 17, 1948, a Requiem Mass was held for Sgt. Gorham at St. Francis Church in Superior. The Reverend F.M. Marine officiated. Funeral services were held on Sunday with Miami Elks Lodge Number 1410 in charge. He was buried with full military honors in the family plot in Superior on Sunday July 18, 1948.

Patrick Gorham Jr. was born in Florence, Arizona Feb.

Copper Area baseball, softball players earn postseason accolades

By Andrew Luberda
Copper Area News

Baseball and softball players from Superior, Ray, Hayden and San Manuel high schools were named to the recently announced Arizona Interscholastic Association All-Conference and All-Region teams as well as the Arizona Baseball Coaches Association (AzBCA) All-State and All-Academic teams.

The 1A Baseball State Champion Superior Panthers led the way with head coach Manuel Ortega and shortstop and pitcher Nicolaus Cruz being selected as 1A Conference and 1A East Region Coach of the Year and Defensive Player of the Year, respectively. The Panthers' Edgar Galindo and Ray's Jordan Pace were named the 1A East Region Co-Players of the Year. The Cats' Jaden Pace was the 1A East Region Offensive Player of the Year.

The 1A Softball State Champion Ray Lady Cats and runner-up Superior swept the individual awards in both the 1A Conference and 1A East Region.

The Lady Cats' head coach Curt Cook and pitcher Daniella Hinojos are the 1A Conference and 1A East Region Coach of the Year and Player of the Year, respectively. Ray's Janae Ruiz and Superior's Kiki Arriola also earned 1A Conference and 1A East Region honors. Ruiz was selected the Defensive Player of the Year in both while Arriola was named the Offensive Player of the Year. Lady Miners' junior Nikki Baldenegro was named the 2A South Region Player of the Year.

Ortega, who was also named the AzBCA Coach of the Year,

led the Panthers to a 25 – 3 overall record, including 8 – 0 in the region and the Region Championship.

Cruz, who was the 1A Conference Football Offensive Player of the Year, picked up another Player of the Year award in baseball after posting a .929 fielding percentage.

Galindo, a senior, batted .364 and led the region with three homeruns. He finished second in the region in steals (16) to teammate Nicolaus Cruz (20), fourth in the region with 30 RBI, and was third with a 2.86 ERA.

Jordan Pace, a senior, finished at the top of three different offensive categories in the region, including slugging percentage (.681), runs (45) and OBP (.594). He also finished tied for second in homeruns and was fourth in batting average (.409).

Jaden Pace, a sophomore, led the region with a .488 batting average. He finished in the top five of six other categories, including homeruns (3rd), slugging percentage (2nd), RBI (3rd), runs (2nd), stolen bases (5th), and OBP (4th).

The Lady Cats won the second of back-to-back state titles under the direction of head coach Curt Cook. Ray finished undefeated in region play, winning the region championship with a 5 – 0 record. The Lady Cats were 23 – 3 overall this season.

Hinojos, one of the best two-way players in the state regardless of conference level, was a 22-game winner on the mound with a 1.16 ERA and 185 strikeouts; all were the best in the region. At the plate, the sophomore, third in homeruns (3), first in RBI (37), and fifth in runs (31).

Ruiz, a middle infielder, ended the year with a .927 fielding

percentage. She was a force on offense as well, leading the region with a .524 batting average. The junior was also in the top five in slugging percentage (.719), RBI (28), runs (40), OBP (.632) and stolen bases (20).

Arriola, a senior, also a top two-way player, led the region with five homeruns and a .883 slugging percentage. The right-hander was second to Hinojos in strikeouts (170), ERA (2.24) and wins (15).

Baldenegro, one of the best two-players in the 2A Conference, batted .511 with 10 doubles, four triples, five homeruns and 41 RBI. One the mound, she was a 19-game winner with a 2.25 ERA. She also fanned 264 hitters in 162 IP, an average of more than 11 strikeouts per game.

Superior Baseball

AIA 1A Conference Coach of the Year – Manuel Ortega.

AIA 1A Conference Defensive Player of the Year – Nicolaus Cruz.

AIA 1A All-Conference 1st Team – Austin Navarrette, Edgar Galindo, and Nicolaus Cruz.

AIA 1A All-Conference 2nd Team – Kale Major and Stevie Denogean.

AIA 1A East Region Coach of the Year – Manuel Ortega.

Hayden seniors celebrate graduation 'Lobo' style with milestones, Imagine

One of the most poignant moments at the Hayden High School Commencement Ceremony came when Santiago Pina, supported by his classmates John Henry Gaona and Ryan Donovan, walked to the stage area to receive his high school diploma. Not a single person in the stadium or on the field remained seated, giving Santiago a standing ovation. Santiago was injured in August 2015 in a car accident near Aravaipa and has fought the odds, living and returning to school albeit in a wheelchair. He is an inspiration to all and we wish him the very best in his life. We are so proud of you, Santiago.

COMMUNITY CALENDAR

Dudleyville Burn Ban

Effective May 1 - Sept. 30 a BURN BAN is in effect for the Dudleyville Volunteer Fire District which includes the area of Dudleyville, Indian Hills and Aravaipa. Burn permits for both residential and agricultural purposes are not valid during this time.

New Town Yard Rules

The Town of Kearny will no longer be accepting the following items at the Town Yard due to lack of facilities. The items are paint, motor oil, household hazardous waste, antifreeze and toxic materials. Any Autozone does accept motor oil. Thank you for your support.

Reminder for Home Owners

The Town of Kearny would like to remind residents that fire season is here. If you have any weeds, shrubs, dry grass, or shrubs surrounding your yard, please remove the debris. Please create a three-foot, fire free area on all sides of your home. Clear gutters of leaves and debris. Trim any limbs on trees hanging over the house. Letters will be sent out to residents to remind them to regularly care for their property and keep it free from debris. Thank you for your support.

MAY

30-31 Reading Program

It's that time of year again, for the Kearny Library Summer Reading Program. If your child is between the ages of 6 -12 years, come and join us! Sign up began May 1. For ages 6 - 8, class begins Tuesday, May 30 from 11 a.m. - 12:30 p.m., but, moves to Monday through June. For ages 9 -12 years, class begins Wednesday, May 31 and continues on Wednesdays through June. Questions? Call 363-5861 for more information.

31 Blood Drive at Kearny Elks Lodge

Be part of a life saving journey. Give blood On Wednesday, May 31, 10 a.m. - 4 p.m., an American Red Cross Blood Drive will be held at Kearny Elks Lodge #2478, Constitution Hall 912 Tilbury Dr # E Kearny, A 85137. To schedule an appointment or for more information please call American Red Cross at 1-800-733-2787 or visit redcrossblood.org and use Sponsor Code: Kearny.

JUNE

2-3 Community Yard Sale and Car Wash

The San Pedro Valley Lions Club, 115 Main St. in Mammoth, will be holding its (indoor) Community Yard Sale Event on Friday June 2, 9 a.m. - 2 p.m. and Saturday, June 3 starting at 8 a.m. Bring your unwanted items to sell. You provide the table and we will provide the space. Also on Saturday, June 3, bring your car and have it washed for donations. Please no early birds! No food or beverage items are allowed.

3 Shred-A-Thon Planned at Supervisor's Office

Community Shred-a-thon & Electronics Recycling will take place at 118 Catalina Ave. in Mammoth on June 3, from 8 a.m. - 10 a.m. Bring up to five 13-gallon trash bags or banker boxes per person. Pinal County Attorney Kent Volkmer will have staff on site who can accept unused and expired medication.

5-6 Special Masses, Potluck Planned

On Monday, June 5, 6 p.m. the Mass on the Memorial of St. Boniface will be celebrated by Fr. Daniel Cruz at St. Joseph Catholic Church, 300 Mountain View Drive in Hayden. On Tuesday, June 6, 4:30 p.m. there will be a potluck dinner. Following, at 6 p.m., Mass on the Memorial of St. Norbert will be celebrated by Fr. Daniel Cruz at Infant Jesus of Prague Catholic Church, 501 Victoria Circle in Kearny.

9 Benefit Rummage Sale at Blessed Sacrament

A big rummage sale will be held at Blessed Sacrament Parish, 122 Church Dr. in Mammoth on Friday, June 9 6:30 a.m. - 5 p.m. and Saturday, 6:30 a.m. - 2 p.m. Menudos, tacos, red and green burros, and gorditas or tacos with rice and beans will be sold. Call Parish Hall at 487-9522 for delivery in Mammoth area, only.

15 Eagle One Veteran Outreach to Visit

The Eagle One Veteran Outreach Center will be at the VFW in Superior on Thursday, June 15, from 10 a.m. to 2 p.m. Eagle One provides veterans a place to learn about and apply for all services available to them.

28 Eagle One Veteran Outreach to Visit

The Eagle One Veteran Outreach Center will be at the Oracle Fire Dept. on Wednesday, June 28, from 10 a.m. to 2 p.m. Eagle One provides veterans a place to learn about and apply for all services available to them.

ON THE AGENDA

UNITED FOOD BANK: United Food Bank will be in front of the Court House, on the first Friday of each month.

COPPER BASIN FOOD BANK: The Copper Basin Food Bank will have a food distribution on the first Friday of every month at the school pavilion on Bearcat Drive in Kearny. Numbers will be handed out at 11:30 a.m. A donation will be requested but not required to receive food. Anyone can volunteer to help unload and distribute food. The Copper Basin Food Bank is sponsored by the Florence Food Bank.

KEARNY ELKS LODGE # 2478: Kearny Elks Lodge # 2478 meetings are held the first and third Tuesdays of the month at 7 p.m. The lounge's schedule is Monday, Wednesday and Friday 5 - 8 p.m. and Sunday 3-9 p.m.

HAYDEN SENIOR CENTER: The Hayden Senior Center, 520 Velasco Ave., is open every weekday, from 8 a.m. - 4 p.m., to serve the needs of senior citizens and low-income families. A warm, nutritious lunch is served every day. Call 520-356-7035 for information or to check on the daily meal.

PREGNANCY CARE CENTER HOURS: The Pregnancy Care Center in Winkelman, located at Fourth and Thorne Avenues in Winkelman, is open on Wednesday and Thursday from 9 a.m. to 2 p.m. Men's workshop is held on Thursday from 5-6 p.m. You can call (520) 664-5795 for a confidential appointment.

KEARNY SENIOR CITIZENS: The Kearny Senior Citizens group meets every Wednesday at 10 a.m. at Constitution Hall. The group talks about trips to different places in Arizona as well as other subjects. A potluck dinner is held after the social hour on the last Wednesday of the month. New members are needed. Come down and join the group. From May through August, the group meets only on the last Wednesday of the month.

LOBO BOOSTERS: For Lobo Booster Club membership and information, please call Michelle Gonzales at 480-888-6598.

NARCOTICS ANONYMOUS 12-STEP: NA meetings are held Wednesdays at 6 p.m. at Sun Life in San Manuel. Rear entrance, south facing door. Open meeting. For more information, call Horizon Health and Wellness at 520-896-9240.

ANNOUNCEMENTS

Kearny Clean Up Volunteers

The Town of Kearny has volunteers who are able to help people in town clean their yards at no charge. Please call the Town Hall at 520-363-5547 to schedule an appointment.

ATHLETIC AWARDS

Central Arizona College recognizes graduates

PINAL COUNTY, AZ - Central Arizona College recognized the accomplishments of its graduates during a district commencement ceremony on Friday, May 12 at Casa Grande Union High School.

After a welcome and introductions conducted by Dr. Mary Kay Gilliland, Vice President of Academic Affairs, the graduates were addressed by Judge Delia Neal.

Following Judge Neal's speech, the student speakers nominated and selected by the college community addressed their peers.

Thao Nguyen moved to Arizona from Vietnam

just a few years ago and attended CAC's San Tan Campus. She began her education with English as a Second Language courses to get to know the language better and to help her adapt to her new society. During her time at CAC, Nguyen was involved with student leadership, Phi Theta Kappa, and the Honors Program. She is transferring to Arizona State University to pursue a bachelor's degree in actuarial science.

She encouraged her peers to face difficulties head on and to not give up. "If a woman like me, who doesn't speak English as my mother language, who knew nothing at the beginning,

who didn't have a job, a car, and didn't even know how to drive can end up graduating from college and keep pursuing my education goals, then anyone can achieve this, if they really want to." She continued, "Today is the beginning of another journey. It will take a lot of time and effort, it will not be easy, and you may be faced with a hundred reasons to quit, but I hope you always find a reason to stay the course and complete the journey you've started. You've already proven you can."

Mekaela Walters from the Superstition Mountain Campus received multiple

nominations to be one of this year's student speakers. She recently turned 17 and during the ceremony received an associate of arts and associate of science degree from CAC just weeks before obtaining her high school diploma from Apache Junction High School. During her time at CAC she was very active in campus events and throughout the community. She was a student employee with student engagement and worked as a tutor in the learning center.

The College recognized those faculty who were nominated and chosen by students

Public Notice

Arizona Water Company (the "Company") has released its 2016 Water Quality Report (Consumer Confidence Report) for its Winkelman water system, PWSID 04-003. The Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the Oracle office located at 470 E. American Avenue; via mail by sending a request to Arizona Water Company, P. O. Box 5209, Oracle, AZ 85623; via our website at www.azwater.com; or by calling the local office at 520-385-2226. The entire report is also printed in the newspaper today. The Company recommends that customers serving more than one housing unit post a copy of the 2016 Water Quality Report in a conspicuous place.

ARIZONA WATER COMPANY

– 2016 ANNUAL WATER QUALITY REPORT FOR WINKELMAN, ARIZONA, PWSID NO. 04-003 –

This report contains important information about your drinking water.
Este informe contiene información importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.

Arizona Water Company provides groundwater to its Winkelman customers from wells located throughout the Winkelman area.

All water samples are collected by state-certified employees of Arizona Water Company or by the Arizona Department of Environmental Quality ("ADEQ"). Samples are analyzed by state-certified independent laboratories and the results are forwarded to ADEQ. The following report provides detailed information about the quality of the water delivered to customers. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards and regulations.

DETECTED WATER QUALITY CONSTITUENTS - GROUNDWATER

Primary Standards							
Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent	
Inorganics							
Arsenic	ppb	0	10	5	2012	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes	
Barium	ppm	2	2	0.03	2012	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits	
Fluoride	ppm	4	4	1	2012	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories	
Radiological							
Alpha Emitters	pCi/L	0	15	5	2015	Erosion of natural deposits	
Disinfectant / Disinfection Byproducts							
Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine Residual	ppm	(4)	(4)	0.6	0.3 - 1.8	2016	Drinking water disinfectant
Haloacetic Acids (five)	ppb	NA	60	5	5	2016	Byproduct of drinking water disinfection
Total Trihalomethanes	ppb	NA	80	24	24	2016	Byproduct of drinking water disinfection
Additional Constituents (Unregulated)							
Sodium	ppm	NS	NS	160	160	2012	Unknown
Lead and Copper Monitoring							
Water Quality Constituent	Units	MCLG	Action Level	90 th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.2	0	2016	Internal corrosion of household water plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	7	2	2016	Internal corrosion of household water plumbing systems; erosion of natural deposits

Your drinking water complies with the United States Environmental Protection Agency's ("USEPA") safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Note: In addition to the constituents listed in this report, Arizona Water Company conducted monitoring for over 90 additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because

Public Notice

either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained in this report, although representative, may be more than one year old. If you have questions about this water quality report please contact Regina Lynde, Environmental Compliance Manager, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or e-mail mail@azwater.com.

In 2000, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company's Winkelman water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. ADEQ determined that activity on an adjacent land use poses a high risk to two water sources. Arizona Water Company regularly monitors drinking water sources to make sure your drinking water complies with the Safe Drinking Water Act.

The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dm1@azdeq.gov. For more information visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/enviro/water/dw/swap.html.

The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.
- Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems.
- Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Arizona Water Company is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the USEPA's Safe Drinking Water Hotline or at <http://www.epa.gov/lead>.

DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

Action Level	= The concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.
CDC	= United States Centers for Disease Control and Prevention
FDA	= United States Food and Drug Administration
MCL	= Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs using the best available treatment technology as is economically and technologically feasible.
MCLG	= Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MRDL	= Maximum Residual Disinfection Level, the highest level of a drinking water disinfectant allowed in drinking water
MRDLG	= Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial constituents.
NA	= None adopted
ND	= None detected
NS	= No standard
pCi/L	= Picocuries per liter
ppb	= Parts per billion, or micrograms per liter (µg/l)
ppm	= Parts per million, or milligrams per liter (mg/l)
PWSID	= Public Water System Identification

graduates will be released and published once the degrees and certificates have been confirmed. Preliminary statistics show there are 758 graduates for the 2016-2017 academic year with a total of 1,129 degrees and certificates being awarded. The oldest person to be awarded a degree or certificate this year is 71 and the youngest is 17. The number of male graduates is 292 while the number of female graduates is 462. The total number of degrees and certificates awarded by Central Arizona College in its 46 years is 23,923 given to 16,924 individuals.

GORHAM

Continued from page 4

16, 1920 but spent most of his life in Superior. Following high school, Patrick went to work as a mechanic at the Magma smelter. He was also a cowboy and worked on some of the local ranches. His brother, Jack Gorham, said that Patrick used to carry a photograph of his horse in his wallet. He joined the Army on Feb. 2, 1942, two months after the Japanese attack on Pearl Harbor. One of the ranchers who Patrick worked for, Manuel Ruiz Sr. had a premonition and told some of his family members that he knew Patrick was never going to come back. He said, "That boy isn't afraid of anything."

On this Memorial Day, we honor those men and women who gave their lives to protect our country. Let us give thanks and pay tribute to these brave souls.

"*It is foolish and wrong to mourn the men who died. Rather we should thank God that such men lived." – General George S. Patton

This project is supported by Grant Number 90ZV0119-03 from the Department of Health and Human Services Administration for Children and Families

Ray High School students take to the water

Ramon Rublacaba's science classes spent an afternoon at the Kearny Town Pool to test their cardboard and plastic boats. The class projects were designed to bring the Archimedes Principle to life in the exercise. Archimedes principles study buoyancy. Each class was given different team challenges from designing their boats with cardboard

only, cardboard and plastic and plastic only.

The teams also had to have members of their team ride in the boats and float across the shallow end of the pool. A majority of the boats made it across the pool with just a few collapsing midway from either too much weight or taking on too much water.

Ramon Rublacaba's science students compete at the Kearny Pool to determine what material makes the best boats.

Sam Hosler | CBN
