# Pinal County Supervisors adopt tentative budget

FLORENCE - On a three to two vote, the Board of Supervisors adopted the tentative budget for the 2015-2016 fiscal year.

The tentative budget of \$421,507,779 is more than last year's \$378,079,096 due to newly financed capital projects that include the Public Safety Radio System, Superior Court Expansion, Hunt Highway and Ironwood Road/Gantzel Road improvements. The Board adopted a \$59 million dollar bond package to finance the aforementioned projects in November 2014. The

General Fund operating budgets were reduced by 4 percent. This is in addition to 2 percent cuts that were made earlier in 2015.

Even with a higher budget than last year, Pinal County's share of every dollar on a resident's tax bill has dropped from 31 percent in 2011 to only 25 percent in the current year. Other entities that are on the tax bill include local school districts, Central Arizona College, Cities and Towns along with other locally taxing districts.

Pinal County residents will continue to see improvements on several projects. Hunt Highway's Phase two construction is anticipated to be completed in September. Phase three is currently under design. Construction on a new crossing at Murphy Road on the Maricopa-Casa Grande Highway began on Wednesday. Major repairs to the runway at the Pinal Air Park will begin this summer. The airport master plan will soon be completed for the facility, located west of I-10, that will lay the groundwork for leases to increase revenue for the county.

In the tentative budget vote, there will be a 20 cent tax property tax increase following several cost shifts by the Governor and State Legislature that totaled nearly \$5 million. For every 10 cents of tax money raised, that amounts to \$2 million in tax revenue.

By law, once the tentative budget is adopted, it cannot be increased. On Wednesday, June 24, the Supervisors will hold a hearing to adopt the final budget.

# Simple precautions by motorists can prevent wildfires; ADOT provides tips for drivers to reduce wildfire danger

As temperatures heat up, the Arizona Department of Transportation is asking drivers to take extra precautions to prevent roadside wildfires.

Low humidity, high winds and hot temperatures are a dangerous combination that can lead to the rapid spread of wildfires. More than 50 percent of wildfires in Arizona are

human caused according to the Arizona State Forestry Division.

"We are all responsible for preventing wildfires. Drivers should take a few extra precautions to prevent roadside fires from igniting," according to Arizona State Forester Jeff Whitney. "It can be as simple as ensuring your trailer tow chains are secure and not dragging on the ground."

ADOT suggests motorists follow these tips to prevent wildfires along Arizona's roadways:

- Avoid driving or parking your vehicle in tall grass.
- Never throw a lighted cigarette out of a vehicle.
- When pulling a trailer, attach safety chains securely; loose chains can drag on the pavement and cause sparks, igniting roadside fires.
- Look behind you before driving away from fire-sensitive locations such as areas with tall grass or campsites to check for signs of a developing fire.
- Observe "Red Flag" fire weather warnings. These warnings are issued when weather

conditions are conducive to the easy start and rapid spread of wildfires.

- Always use a spark arrestor on internal combustion engines.

Drivers should also remember these tips when driving through smoke from wildfires:

- Drive with lights on low beam. High beams will reflect back off the smoke and can reduce your visibility even more.
- Look out for slow-moving and parked vehicles. Other cars may be traveling slowly due to reduced visibility. Emergency vehicles may be parked along the side of the road.
- Increase the distance between your vehicle and the vehicle in front of you. Don't rush or speed to get out of the smoke.
- If you're having trouble seeing the roadway, use the right edge of the pavement or the painted edge line stripe as a guide.

For more on wildfires, visit [azein.gov](http://azein.gov), the state's online source for real-time emergency updates, preparedness and hazard information. Another source for wildfire information is [wildlandfire.az.gov](http://wildlandfire.az.gov), which is supported by a collaboration of federal and state agencies.

# Copper Corridor residents celebrate grand opening of new grocery store

Norm and Myra Warren received a warm Copper Corridor welcome on Saturday, judging on the number of folks who turned up to celebrate with the Kearny couple for the grand opening of their store, Norm's Hometown Grocery.

Politicians were on hand to shake a few hands and kiss a few babies.

There were even a couple of honest to goodness celebrities willing to entertain the crowd and, for those so inclined, to take selfies with. Marilyn Monroe and Cher were there. And Elvis made an appearance, thank you very much.

Norm and Myra took over ownership of the former Gordon's IGA on April 1 and had been planning for Saturday's grand opening ever since.

"It was always a dream that I would

own my own store," said Norm.

Norm and Myra felt it was "better for someone with local interests and experience" to own the store. "Norm knows how to run the store well," said Myra.

Norm has 35 plus years working for Gordon's IGA, 28 of those years as manager. He started as a carryout boy at age 16. He has worked every department except the meat department.

"We are blessed to have this opportunity," said Myra.

Norm's Hometown grocery is located at 345 Alden Rd., Kearny. Check out the store's website at [www.NormsIGA.com](http://www.NormsIGA.com).

And if you were unable to attend the grand opening, next time you're in the store, be sure to shake hands with Norm and Myra and tell them congratulations.

Politicians were on hand to celebrate with Myra and Norm Warren.

Mary Birkett, manager at Norm's, and Debbie Brevick, formerly from Gordon's main office.
