# Superior to resurface Stone Ave.; construction begins this week

The Town of Superior is seeking residents' cooperation on the pavement resurfacing project on Stone Avenue. Construction will begin on June 14 and continue through June 16, 2020.

Town officials are asking that residents please do not park cars on the street during this period to facilitate the project.

"It takes 24 hours for the asphalt to cool down and

"freeze," therefore, please minimize the driving on Stone Avenue during the two days of paving. The road that we are building is for your use, so please be thoughtful," town officials said.

Obituaries are published free of charge in the Superior Sun. If you have an obituary you would like us to print, submit it online at [copperarea.com](http://copperarea.com), click on "Customer Service." You can also request our newspaper through the mortuary or funeral home.

## Superior Police Report

**According to state law, police may arrest suspected offenders by two methods. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damage amounts are estimates.**

**Items are given to The Superior Sun by the Superior Police Department and reflect information available at the time the report is compiled.**

**Activity listed May 24- 30.**

**May 24**

Burglary was reported in the 1000 block of U.S. Hwy. 60.

**May 25**

Theft was reported at in the 800 block of U.S. Hwy. 60.

**May 26**

Theft was reported in the 90 block of Gorham St.

Theft was reported in the 900 block of Stone Ave.

**May 28**

An accident on private property occurred at 10:21 a.m. on the 1000 block of U.S. Hwy. 60.

# Superior

Last Saturday, Superior CAN held a peaceful demonstration, described on their flyer as a “Mourning, Solidarity Walk, Promoting Peaceful Police and People Partnerships.” Twenty-eight residents attended.

Chris Casillas said, “We received a lot of honks in support and picked up trash afterward to leave Main Street better than we found it.”

The demonstration started at noon, with participants meeting at Besich Park where they spent the first few minutes “getting on the same page”, to make sure everyone involved knew what the goal of the demonstration was.

What was that goal? “..To acknowledge and mourn those who have suffered due to injustice, to walk in solidarity with those peacefully demonstrating around the world, and to promote ‘Peaceful Police and People Partnerships’.”

It was announced that aggressive behavior would not be tolerated, and, that if someone did get aggressive with you to ignore them and keep walking. Other ideas of how to conduct and protect yourself in a safe and peaceful manner were shared, as well. This and other information was

followed by eight minutes and 46 seconds of acknowledgement and mourning, with Maya reading the names of those killed due to injustice.

After which, the demonstrators began their solidarity walk. Due to COVID-19, the walk was made with participants six feet apart on the sidewalk, walking single file, all the way from Besich Park to Stone, before crossing the street and walking back to the stop sign at Magma, before crossing and returning to the park. The demonstrators were mindful to not block traffic or litter, and to stay hydrated.

When the walk was finished, demonstrators regrouped to share what action they each committed to taking to support peace in our community and beyond, sharing with the person next to them. Finally, the demonstration ended at 1 p.m. with demonstrators picking up trash and each person going on their way, as peacefully as they arrived.

Another peaceful demonstration is planned for this next week, at the same place and time. To get involved or provide feedback message Leo’s Community Development Center on Facebook or call Raven at 520-371-8650.

# CAN peacefully demonstrate

Peacefully marching, socially distancing, Superior CAN hosts COVID-19 appropriate walk for peace.

Photos by Chris Casillas and Mila Besich

# COPPER CORRIDOR COMMUNITY CALENDAR

**Please note: many events have been canceled or postponed due to the COVID-19 outbreak. Please check with organizations when planning to attend events listed.**

## Summer Hours for Hayden

The Town of Hayden Public Works Department has begun its summer hours. The hours are from 6 a.m. - 2 p.m. Monday through Friday. Please plan on having garbage available for pick up one hour earlier.

## BYOM: Bring Your Own Masks

Cobre Valley Regional Medical Center is asking everyone to bring their own mask when you come to the hospital. Thank you.

## VFW Meetings Canceled

Due to COVID-19, all VFW Post 2767 (San Manuel) meetings are canceled. They will resume when the crisis has passed.

## Dudleyville Burn Ban

Effective May 1 - Sept. 30 a BURN BAN is in effect for the Dudleyville Volunteer Fire District which includes the area of Dudleyville, Indian Hills and Aravaipa. Burn permits for both residential and agricultural purposes are not valid during this time.

## Tri-Community Food Bank is Open

The Tri-Community Food Bank located at 108 Redwood Drive in Mammoth continues to be in business. We are observing social distancing. Hours are 9 a.m. to noon Monday, Tuesday, Wednesday, Thursday and Saturday. To be eligible you must show proof of address that you live near or in Mammoth, San Manuel and Oracle and have an income within the federal poverty guidelines. The thrift shop is closed and is not accepting donations. Call 520-487-2010 for more information.

## Eagle One Veteran Outreach

Visit Eagle One Veteran Outreach Center online at [hohp4heroes.org](http://hohp4heroes.org). Eagle One provides veterans a place to learn about and apply for all services available to them.

## Ray Bearcats PTO

The Ray Bearcats Parent-Teacher Organization is always looking for volunteers for our organization! Contact Ray Bearcats PTO through email at [raybearcatspto@gmail.com](mailto:raybearcatspto@gmail.com), or by phone at 520-366-4461. Let's make this next school year one to remember for our Bearcats! Go Bearcats!

## Wildfire Safety

Much of the southwest is considered a high-hazard fire environment. Within this hazardous environment are individual homes, and entire communities ill-prepared to survive an intense wildfire. It is not a question of "if" a wildfire will occur, but when. The odds of losing human life and property are growing. The Town of Kearny would like to protect you and the community from the dangers of wildfires. The Fire Chief is very concerned about this upcoming fire season. Even though we have received more rain than usual, it has caused more weeds. Once the rain stops, the weeds will dry out and this will make for a dangerous fire season. Please clear weeds, dry grass, dry shrubs or dead trees surrounding your property. Thank you for your support.

## Mammoth Pool is Open

The Mammoth Pool is open to the Public. The schedule will be changing throughout the summer, so please check out our Facebook page for the latest news and schedule updates. You can also check the Town of Mammoth website or call the pool at 487-2031.

## Superior Unified School District Survey

Superior Unified School District (SUSD) is asking parents for their input on planning for the upcoming school year. If you have children attending SUSD, please take a moment to fill out this brief 12 question survey regarding your thoughts on the school reopening. Your input is important to us and will go a long way in helping us plan for our upcoming school year. Just use your phone to scan the QR code above. Thank you.

## Join the Sea Lions Swim Team

If you are interested in joining the Sea Lions Swim Team, we are practicing at the Mammoth Pool, Monday - Friday from 4 p.m. - 5:30 p.m. We welcome swimmers of all ages and abilities. Please contact Alex and Wendy Gort at 896-2190 for more information.

## JUNE

## 13 Kearny Elks Flag Day Ceremony

Kearny Elks Lodge #2478, will have its annual Flag Day ceremony on Saturday, June 13, at 6 p.m. This outdoor ceremony will take place, at the lodge, located at 401 Veterans Blvd. in Kearny. In addition to the annual salute to, and remembrance of, past flags so dear to our nation's history, this year's event will include the retirement of worn, and tattered, flags that have served this community, its residents and businesses. If anyone has a flag they would like retired, it may be dropped off at Norm's Hometown IGA, until the close of business on Friday, June 12.

## 19 Lions Club to Host Fish Fry

On June 19, the San Pedro Valley Lions Club, located at 115 S Main St. in Mammoth, will be having a Fish Fry plate for \$9.50, take out order only. The plate includes two pieces of fish or 8 pieces of shrimp or half an order of each, plus, fries, coleslaw, dessert, and drink. Call 520-487-2000 to place an order.

## 27 Kearny Elks Horseshoe Tournament

Kearny Elks Lodge #2478, will host a Horseshoe Tournament on Saturday, June 27. The tournament will take place at the Kearny Elks Lodge, 401 Veterans Blvd. in Kearny. Sign-up and registration will begin at 11:30 a.m., and the games will begin promptly at 1 p.m. The format of the tournament will be "blind draw, two man teams". The entrance fee will be \$20 per man, and there will be a 100% payout of the pool. Contest entrants may bring their own "shoes", or may use those furnished by the lodge. The tournament will be directed by Richard "Flacco" Lopez and Julian Acevedo. Refreshments will be available for purchase at the tournament.

## JULY

## 1 Records to be Destroyed by Ray School District

Attention: All former Ray School Special Education students who participated in the Special Education program for the 2019/ 2020 school year, you are being notified that the records will be destroyed after July 1. If you are interested in receiving copies of your records, contact the Special Education office of the Ray School District by emailing [noreen\\_riley@rayusd.org](mailto:noreen_riley@rayusd.org), calling 520-363-5515 ext.301 or faxing 520-363-5017.

## 4 Fourth of July Changes at SaddleBrooke

The SaddleBrooke Fourth of July fireworks have been canceled.

# Sharing God's Love

## PASTOR'S CORNER

By Dennis Van Gorp  
Family Life Christian Center

We read in Romans 8:31, "If God is for us, who can be against us? (35) Who shall separate us from the love of Christ? (39) Absolutely NOTHING can separate us!" This is a firm promise from our God. The Bible often speaks of how much God loves us. So much so, that He allowed His own Son to be sacrificed for our sins. What do we have to

do? Accept His awesome love. Reject the sinful lifestyle we are used to, and practice following God. With God on our side, we've got this. The love relationship between us cannot be pulled apart. God sent His Son – because He cares so very much about us. The One who created the universe is who we call our 'Father.' The

greatest love is shown by giving your life for someone, and that is what Jesus Christ did for us. The Apostle Paul had so many people coming against him, that is why he depended on the Heavenly security of God's love and compassion. We also share that love. Nothing can steal it away!

### Public Notice

Arizona Water Company (the "Company") has released its 2019 Water Quality Report (Consumer Confidence Report) for its Superior water system, PWSID 11-021. The Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, has granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the Superior office located at 165 N. Magma Avenue; via mail by sending a request to Arizona Water Company, P.O. Box R, Superior, AZ 85273-1917; via our website at www.azwater.com; or by calling the Superior office at 520-689-2312. The entire report is also printed in the newspaper today. The Company recommends that customers serving more than one housing unit post a copy of the 2019 Water Quality Report in a conspicuous place.

#### ARIZONA WATER COMPANY

– 2019 ANNUAL WATER QUALITY REPORT FOR SUPERIOR, ARIZONA, PWSID NO. 11-021 –

This report contains important information about your drinking water.  
*Este informe contiene información importante sobre su agua potable.  
Tradúzcalo o hable con alguien que lo entienda bien.*

Arizona Water Company provides groundwater to its Superior customers from wells located near Florence Junction.

All water samples are collected by state-certified employees of Arizona Water Company or by the Arizona Department of Environmental Quality ("ADEQ"). Samples are analyzed by state-certified independent laboratories and the results are forwarded to ADEQ. The following report provides detailed information about the quality of the water delivered to customers. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards and regulations.

#### DETECTED WATER QUALITY CONSTITUENTS - GROUNDWATER

Primary Standards							
Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent	
<b>Inorganics</b>							
Arsenic	ppb	0	10	4.9 - 7.5	2019	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes	
				Highest Running Annual Average - 6.8			
Barium	ppm	2	2	0.01	2011	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits	
Chromium, Total	ppb	100	100	4	2011	Discharge from steel and pulp mills; erosion of natural deposits	
Fluoride	ppm	4	4	0.4	2011	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories	
Nitrate (as Nitrogen)	ppm	10	10	1.4	2019	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits	
<b>Disinfectant / Disinfection Byproducts</b>							
Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine Residual	ppm	(4)	(4)	1.3	0.8 - 1.6	2019	Drinking water disinfection
Haloacetic Acids (five)	ppb	NA	60	5.4	4.7 - 6	2019	Byproduct of drinking water disinfection
Total Trihalomethanes	ppb	NA	80	38	31 - 45	2019	Byproduct of drinking water disinfection
<b>Additional Constituents (Unregulated)</b>							
Sodium	ppm	NS	NS	76	76	2018	Unknown
<b>Lead and Copper Monitoring</b>							
Water Quality Constituent	Units	MCLG	Action Level	90th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.1	0	2019	Internal corrosion of household water plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	ND	0	2019	Internal corrosion of household water plumbing systems; erosion of natural deposits

### Public Notice

Your drinking water complies with the United States Environmental Protection Agency's ("USEPA") safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Note: In addition to the constituents listed in this report, Arizona Water Company and ADEQ conducted monitoring for over 90 additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report, please contact Regina Lynde, Environmental Compliance Manager, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or email mail@azwater.com.

In 2003, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company's Superior water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. The result of the Assessment was a low risk to the water sources.

The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at recordscenter@azdeq.gov. For more information, visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/environ/water/dw/swap.html.

#### The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.
- Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production. They can also come from gas stations, urban stormwater runoff, and septic systems.
- Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Arizona Water Company is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the USEPA's Safe Drinking Water Hotline or at <http://www.epa.gov/lead>.

#### DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

- Action = The concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.
- Level CDC = United States Centers for Disease Control and Prevention
- FDA = United States Food and Drug Administration
- MCL = Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs using the best available treatment technology as is economically and technologically feasible.
- MCLG = Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- MRDL = Maximum Residual Disinfection Level, the highest level of a drinking water disinfectant that is allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
- MRDLG = Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant in drinking water below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial constituents.
- NA = None adopted
- NS = No standard
- pCi/L = Picocuries per liter
- ppb = Parts per billion, or micrograms per liter (µg/L)
- ppm = Parts per million, or milligrams per liter (mg/L)
- PWSID = Public Water Supply Identification

## Central Arizona College lists May 2020 graduates for Aravaipa Campus

PINAL COUNTY, AZ – Central Arizona College recognizes the May 2020 graduating class and celebrates their success.

CAC plans to host a traditional graduation ceremony for all Fall 2019, Spring 2020, Summer 2020, and Fall 2020 eligible graduates in December. Students will have the choice to attend a ceremony on December 9, 11, or 12, 2020. The ceremony will be held in keeping with social distancing measures and the health and safety of graduates, their families, and CAC faculty and staff as the College's first priority. Further details about the upcoming ceremonies will be available at [www.centralaz.edu/graduation](http://www.centralaz.edu/graduation).

Students graduating from the Aravaipa Campus are: Adriana Cruz, Associate of Arts\*  
Amalia M. deSantiago, Associate of General Studies  
Triston James Gantt, Associate of General Studies  
Shea-Lee Gray, Associate of Arts\*  
Jaden Aaliyah Gonzales, Arizona General Education Curriculum - Arts  
Emily Deanna Large,

Associate of Arts,  
Elementary Education\*  
Rhiannon K. Pacheco,

Associate of Arts\*  
\*Denotes those who graduated with honors.

## Public Notice

### TOWN OF SUPERIOR NOTICE OF PUBLIC HEARINGS OF THE PLANNING AND ZONING COMMISSION AND THE TOWN COUNCIL

Notice is hereby given that the Planning and Zoning Commission of the Town of Superior will hold a public hearing to consider recommending to the Town Council the following revisions to the Town's Zoning Ordinance.

1. To revise Section 5.1.A.6 to add the words "community centers" to publicly owned or operated fire stations, police stations, and post offices.
2. To revise Section 5, Table No. 1 to permit an increase in height from 35 feet to 45 feet for public projects, such as community centers.
3. To revise Section 14.6.A.2 by adding to parking exemptions for the Town Center Zone District the wording "or on any zoned parcel of land upon which a community center is to be constructed."
4. To revise Section 14.6.A.4 by adding to exemptions for the Town Center Zone District the wording "or on any zoned parcel of land upon which a community center is to be constructed."

The Planning and Zoning Commission will meet at 6:00 p.m., on July 2, 2020, in the Town Auditorium located at 199 N. Lobb Avenue, Superior, Arizona to act upon these items.

Further notice is hereby given that at 7:00 p.m., on July 9, 2020, in the Town Auditorium located at 199 Lobb Avenue, Superior, Arizona the Town Council will hold a public hearing to consider adoption of the Planning and Zoning Commission's recommendations to revise items 1 through 4, listed in this Notice of Public Hearing, of the Town's Zoning Ordinance. Said public hearings are open to the public, and all persons are invited to attend and will be given full opportunity to be heard. Any person wishing to be heard, or wishing to present evidence for or against these revisions to the Zoning Ordinance is hereby notified and directed to either appear at the time and place aforesaid, or send written comments to the Town Manager or the Town Clerk. All comments must be received by the Town Manager or the Town Clerk on or before July 2, 2020, for the Planning and Zoning Commission public hearing and on or before July 9, 2020, for the Town Council public hearing.  
Respectfully,  
Steven Bacs, AICP, CPM  
Zoning Administrator for the Town of Superior

Many great properties to see.

# The Pinal Ranch: 1870-1989

**By John Medley**  
Special to Copper Area News

First used as a remote military outpost, the Pinal Ranch is located in the mountainous copper mining district of eastern central Arizona. Originally established in 1870 by General George Stoneman of the U.S. Army, it was known as Camp Pinal and was used as an outpost during the Apache Campaigns. The original one room log cabin was abandoned by the military in the fall of 1872.

Sometime prior to 1878, Andrew Hawkins and Tom Buchanan had taken up residence as squatters at Camp Pinal. John Irion, a newcomer to the area, bought out Hawkins' half interest in the property. As an early improvement, Irion added an adobe room to the existing log cabin.

In the late 1870s and early 1880s John Irion together with Buchanan fed and lodged travelers and pack trains at the Pinal Ranch. Most of those using the ranch as a stop-over were passing from the rich "Silver King" minion into the mining district around Globe, Arizona. Not long

after, Buchanan sold his half interest in the ranch to Irion.

Born in Kansas in 1865, Dudley I. Craig was the stepson of John Irion's brother, Robert Irion. In 1906, Craig constructed a narrow one lane wagon from their Pinal Ranch eastward towards Globe. Since this road began at their ranch, their place continued to be used as a stop-over on the road between the Salt River Valley and western New Mexico.

Portions of Dudley Craig's road, with some improvements, were still in use up until 1920 – 21. By 1922 the state of Arizona had completed what was then known as the "Million Dollar Highway." Today this road through the Pinal Mountains is known as U.S. Highway 60.

As ranchers, road builders, and stage stop operators, Irion and Craig must have indeed been occupied. Yet during this period they also established a viable commercial apple orchard. The existence of the "Pinal Ranch Brand" apple crate label is testimony to this undertaking.

In the mid 1900s their first commercial crops were delivered by wagon to Globe. In 1913 the family purchased a truck making

it possible to travel to Globe in two hours. Using a long winding route eastward and then turning westward onto the "Apache Trail" then past newly constructed Roosevelt Dam, their apples could be delivered to Phoenix. As the crow flies it was only seventy miles from the ranch to the Phoenix area. However, the trip itself required two nights of camping out along the road before reaching their destination.

Prior to 1922 Irion and Craig were growing and packing apples under the "Pinal Ranch" brand. By late 1922, the western Lithograph Co. of Los Angeles had printed a crate label with only D. I. Craig & Sons listed as the grower-packers. In late 1925 Western Lithograph again printed a crate label for the ranch. This label was almost a reverse mirror image of the earlier 1922 label.

In addition to being an orchardist, engineer and cattleman, Craig was to gain national attention as a volunteer weather observer. In June 1953, Craig was commended by Arizona Governor Pyle, by the Chief of the U.S. Weather Service, and by the Secretary of Commerce. This commendation was for his sixty years of

consecutive daily weather observations. These daily observations dating from 1893 to 1953 indicate that the Pinal Ranch at 4520 feet received about 25 inches of rainfall per year.

In 1973 the last of the Craig family sold and moved from the ranch. The new owner attempted a variety of projects at the site. To a large extent the orchards suffered neglect. The two story packing shed with its nitrogen based cooling system was carved up into a rental storage room complex. The various cabins and houses on the property were badly abused by the rental tenants.

Fortunately for the ranch, another owner recently acquired the property. The main house, surrounded by ponderosa pines, is a large ranch style adobe structure. This fine old Arizona home is now undergoing loving renovation by the present owners.
