OBITUARY

Virginia Mae Street (Glass)

Virginia Mae Street went to the big ranch house in the sky on June 5, 2018. We know she was greeted there by her greatly missed husband of 58 years, Lowell (AKA "Red"), who no doubt, held down the fort until his "Ginny" could be with him again.

Knowing her love of taking in strays, we are certain she was also greeted by every stray dog and cat that has ever passed away between Illinois and Arizona.

The world is a lesser place with her absence, but forever enriched by the memory of this great lady's quiet grace, gentle kindness and wicked sense of humor. Ginny loved a good practical joke & was never above being part of some great scheme or plot to gig anyone in the family.

Barely reaching 4'10", what she lacked in height, she made up for in personality. She believed in God, human kindness and ice cream at bedtime.

She will be dearly missed by her two children, Michael Street and Patricia Beeks, six grandchildren, numerous great-grandchildren and several great-great grandchildren.

In lieu of flowers, if you ever pass an animal shelter, swing in and throw a couple of bucks at them and tell them it's from "Lucy."

A visitation was held on Monday, June 11, 2018; followed by a Celebration of her Life at Ruggles- Wilcox Funeral Home, 517 Clay Street, Arkadelphia, Arkansas. Interment will followed at Jones Cemetery in Brown Springs. Sign the online tribute page at www.ruggleswilcox.com.

Yummy meals for kids at Mammoth-San Manuel Schools and many areas beyond

Arizona Superintendent of Public Instruction, Diane Douglas, noted that the Summer Food Services Program (SFSP) has begun.

"Many low-income families depend on the free and reduced meals that are served during the school year," said Superintendent Douglas. "No child in Arizona should suffer from food insecurity just because school is out of session. That's why the Summer Food Services Program is so important."

So far, 1,155 SFSP sites have been approved in the State of Arizona. This is an increase over last year's total of 1,073.

As with every summer, additional SFSP sites are added through the summer. Some of the sites are already opened, others will open soon. The sites will remain open through the first week in August. Last year, during the summer of 2017, more than 3.1 Million meals were served at SFSP sites in Arizona. With the increase in sites, it is anticipated that even more meals will be served. The majority of sites serve breakfast and lunch. Some also serve dinner and/or snacks. To find a Summer Food Program site near you and find out their address, times of operation and which meals are served, please follow this link to the interactive map: <https://www.eatwellbewell.org/summerfood/>.

This program is free for all children ages birth through 18 yrs of age. Rules for Summer Meals are:

- Meals are only served during the posted meal times on a first come first serve basis.
 - All meals must be eaten on site and cannot be taken home to eat.
 - All meal components must be taken.
 - Meals for adults will be available at a reduced rate. Ask the site supervisor.
 - No pets are permitted in the serving or eating area.
- Locally, First Ave. Elementary Cafeteria is where this

program will be implemented Days will be Monday through Thursday. Meal times are 8:30-9:30 a.m. for breakfast and 11 a.m. - 1 p.m., for lunch For more information, contact: Joanna Diaz, DTR, by calling 520.385.2336 Ext. 2214 Wondering what there will be to eat? Read on.

Supervisors adopt tentative budget/tax cut; primary property tax to drop from \$3.6999 to \$3.63

FLORENCE, AZ - Pinal County residents will see nearly a four cent drop in their primary property taxes after the Board of Supervisors unanimously approved the 2018/2019 fiscal year budget in Wednesday's meeting.

"I am pleased to see we are able to drop the tax rate," stated Chairman Todd House. "It's been an ultimate goal of mine since I have been on the Board

of Supervisors. There have been past circumstances that have made it hard to do, but we are at a good point now where we can offer this to our citizens."

The tentative budget, adopted in the meeting, is \$451,709,402.

"We have several future capital projects such as the new Justice Courts that need to be renovated or built," said County Manager Greg Stanley. "This is why the overall budget has increased by

\$45.6 million."

In accordance with state law, once the tentative budget is adopted it cannot be increased. Although it can be decreased or reallocated.

Highlights from the Tentative Budget presentation:

- New construction valuation was modest over 2017/2018 with a 2.5 percent increase (\$58.3 million)
- General Fund excise tax related

revenue growth is trending strong at 7 percent over the year with the final quarter still remaining

· General Fund Financial Stability Reserve estimated to be 15 percent at the end of the fiscal year

· Enhancement of services by \$4.1 million thanks to reallocations and increases in the General Fund

The Supervisors will adopt the final budget later this month.

Arizona Girls State marks 71st session; Samantha Roan represents San Manuel High School

It was a girl's week with nearly 300 high school girls from across Arizona converging on the University of Arizona campus for the 71st session of The American Legion Auxiliary premier program, American Legion Auxiliary Arizona Girls State. This "unique" opportunity is open to girls completing their junior year of high school that meet the necessary qualifications. The session ran from June 1 through 9, 2018. Attending from the San Manuel High School was Samantha Roan.

American Legion Auxiliary Arizona Girls State is a weeklong program designed to educate young women in the functions of their government and kindle the desire to actively participate in and responsibly fulfill their role as citizens.

According to Penny Maklary, Girls State Director, "This is a week that shapes a lifetime." She explained that girls were housed in an original home to Girls State for many years. State of the art, eco-friendly instructional classrooms throughout the university were assigned to the program this year. "Similar to past years," she went on to say, "we have senior staff that work as city and county advisors, while junior counselors return from the previous year's Girls State session, to assist Senior Staff in the

education (and fun) process."

Arizona Girls State is comprised of 12 cities and 4 counties. There are 22 to 24 girls in each city and about 75 girls in each county. The girls are divided into two pseudo political parties called federalists and nationalists. Precinct committeemen watch over all elections and assist political parties. Each city elected a mayor and counsel; wrote their own ordinances and resolutions, passed a budget and a strategy for planning and zoning. Cities were assigned to a County and the educational process continued with campaigning and election to County and State positions. During the span of the week, they conducted regular city and party meetings, wrote and debated bills, received instruction from actual elected state/county officials and "learned by doing". Midweek, they elected the prominent positions of Governor and Secretary of State. The girls elected to these two positions, will return to preside over the 72nd session of Arizona Girls State.

Culminating the week was the election of two delegates as senators to attend the prestigious Girls Nation held the following month in Washington, DC. Girls Nation is an all-expense-paid week with other girls elected State Senators from across the nation. They will debate federal issues

they present as bills, visit the Pentagon, Arlington National Cemetery, the White House and other memorials in the nation's capital. Another opportunity that is truly a "once in a lifetime experience"!

For more information on Girls State or the American Legion Auxiliary contact the Auxiliary Unit located in your city or the American Legion Auxiliary Department of Arizona at 602- 241-1080.

Brief History

Girls State was organized as a national Americanism activity by the 1937 American Legion Auxiliary National Convention. A national committee to direct the program was created by the 1946 American Legion Auxiliary National Convention. Girls State is a practical application of Americanism and good citizenship. The entire program is non-partisan and nonpolitical.

Sponsorship

The Girls State program is sponsored by the Units of the American Legion Auxiliary. Each Unit sponsors girls from assigned high schools in their area. Girls State is solely sponsored by The American Legion Auxiliary; however, we do have outside contributors that donate each year to the program.

Your drinking water complies with the United States Environmental Protection Agency's ("USEPA") safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Public Notice

Note: In addition to the constituents listed in this report, Arizona Water Company and ADEQ conducted monitoring for over 90 additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report, please contact Regina Lynde, Environmental Compliance Manager, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or email mail@azwater.com.

In 2004, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company's San Manuel water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. The result of the Assessment was a low risk to the water sources.

The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dml@azdeq.gov. For more information, visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/envirom/water/dw/swap.html.

The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.
- Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production. They can also come from gas stations, urban stormwater runoff, and septic systems.
- Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Arizona Water Company is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the USEPA's Safe Drinking Water Hotline or at <http://www.epa.gov/lead>.

2. The Court has set an Initial hearing on

4. You have a right to appear as a party in
this proceeding. You are advised that your
failure to personally appear in court at the

rights and have admitted the allegations
in the Petition. In addition, if you fail to
appear, without good cause, the hearing
may go forward in your absence and may
result in an adjudication of dependency,
termination of your parental rights or
the establishment of a permanent
guardianship based upon the record and
the evidence presented to the court, as
well as an order of paternity, custody,
or change of custody in a consolidated
family law matter and an order for child
support if paternity has been established.

5. Notice is given that DCS is proposing
to substantiate any allegations of
abuse and/or neglect contained in the
dependency petition for placement in the
DCS Central Registry. The DCS Central
Registry is a confidential list of DCS
findings that tracks abuse and neglect.
If the court finds your child dependent
based upon allegations of abuse and/
or neglect contained in the dependency
petition, you will be placed in the DCS
Central Registry. See A.R.S. § 8-804.

6. If you are receiving this Notice by

hearing be closed to the public.

Kelvin Bridge Replacement officially open – in memory of Stephani Yesenski

By **John Hernandez**
Copper Area News

On Friday June 8, 2018, a dedication and opening were held for the Kelvin Bridge Replacement Project by Pinal County officials.

The bridge has been 20 years in the making. County officials and many of the people and organizations involved in the project were in attendance as well as people from the surrounding areas.

Todd House, Chairman of the Board of Supervisors for Pinal County, spoke about the upgrade of the bridge which the county sees as an opportunity to improve the economy and tourism for the area. The bridge spans the Gila River on the Florence-Kelvin Highway in the Kelvin-Riverside area. The road to Florence is now half-way paved and hopefully will be completely paved in the next few years.

County Supervisor for District 1 Pete Rios talked about the history of the bridge and the project. He acknowledged many of the people involved in the project which included former county supervisor, Lionel Ruiz, Joe Ortiz,

ADOT, Grupo-ASARCO, and Copper Basin Railway. He spoke about Stephani Yesenski, who had inspired and helped unify the community through her courageous struggle with cancer. Stephani was a local girl residing in Riverside. Her aunt, Jackie Mann was in the audience and acknowledged by Rios.

Following more speeches and the ribbon cutting ceremony, the first official car was allowed to cross the bridge. Jackie Mann and Stephani's best friend Marcy Bryce-Mullin were chauffeured by L.S. "Jake" Jacobson, COO of Copper Basin Railway in his 1965 Mustang. Jake had been inspired by Stephani and had led fundraising campaigns for her medical treatment. In 2000, he named the bridge "The 'Jake' Jacobson Bridge of Unity in Memory of Stephani Yesenski". He delivered the eulogy for Stephani at her funeral in 2000. She was 20 years old when she died.

The historic bridge is now a footbridge that connects to the Arizona Trail. It was built in 1916 and is one of eight historic bridges in Pinal County that are listed on the National Register of Historic Places.
