OBITUARIES

I would like to say thank you to all the friends of Stan Yoder. For all the cards you sent. The flowers and food you brought. For the visits and most of all the offers for help. These things help and mean so much more when times are sad.

Molly
Yoder

After a lengthy battle with cancer, Polly E. Padilla, age 57, of Mesa, AZ, passed away peacefully on June 1, 2016, surrounded by friends and family at the Casa De La Luz Hospice in Tucson, AZ.

Polly was born on Dec. 5, 1958, in Tucson to parents Edward and Stella Padilla of Winkelman, AZ. She is survived by brothers Joe of Landvetter, Sweden, and Frank Padilla of Winkelman and sisters Lydia Ortiz of Apache Junction, AZ and Pat Padilla of Mesa.

Polly attended elementary school in Winkelman

and graduated from Hayden High School in 1976. She later moved to Mesa where she worked for many years as a medical health administrator. Polly was an avid sports fan who loved rooting for the Phoenix Suns, Arizona Cardinals and Diamondbacks, and her beloved ASU Sun Devils.

Services will be held on Saturday, June 18, at St Joseph's Catholic Church in Hayden, AZ. Church doors open at 9 a.m. and the eulogy will begin at 9:20. At 9:30, the Rosary will be recited followed immediately by a Mass. At the conclusion of Mass, interment will be held at the Kearny

Cemetery in Kearny, AZ.

Following interment, a luncheon will be held at the air-conditioned Dudleyville Multi-Generational Center at 4004 N. Dudleyville Rd, Dudleyville, AZ. In lieu of flowers, please consider a donation to the Casa De La Luz Hospice in Tucson, AZ.

Griffith Mortuary assisted the family with arrangements. www.griffithmortuary.com

Polly E. Padilla

Billie Marie Stockton Wilson

Billie Marie "Buba" Stockton Wilson died peacefully in Mesa on May

13, 2016. Billie Marie was born June 13, 1922 to parents William S. "Bill" and Anna Stockton. She was one of 10 children.

She was married to Noel B. Wilson in 1941. They lived a short time in Taylor County. After Noel was discharged from the Army, following World War II, they moved to Arizona.

They raised their three sons in Kelvin.

Noel died March 30, 2004. Also preceding her in death are her daughter-in-law, Billye Andrews, and one granddaughter, Tammy Wilson.

She is survived by her three sons, Lynn (Kay) of Fort Worth, Lloyd (Ria) of Kelvin and Les "Duke" Wilson, also of Kelvin. She is survived by one sister, Lola Maxwell of Abilene, as well as 11 grandchildren, 18 great-grandchildren, four great-great-grandchildren and numerous nieces and nephews.

Billie enjoyed reading, painting, crocheting, working cross puzzles, birdwatching and cooking. As her eyesight failed, in later years, she listened to books on tape, as she snacked on her favorite

candy bar: Snickers. She was renowned for the chicken and dumplings, she made for family and friends. They were always requested and always a favorite.

A memorial service will be at 10:30 a.m. at Griffith Mortuary on Saturday, June 25. In

lieu of flowers, memorial gifts may be made to St. Jude Children's Hospital, Disabled Veterans, The American Cancer Society or to a favorite charity of your choice.

Griffith Mortuary assisted the family with arrangements. www.griffithmortuary.com

Zumba? At the Kearny Pool?

I wonder how we (especially parents) got through the summer last year without a swimming pool. Thanks to this wonderful community, the pool is back and busier than ever. Pool Manager Margie Casillas has arranged for swimming lessons to be offered too. The cost is \$30 for ten lessons. Please register by Friday, June 17, but I suggest getting in early because the size of the classes is limited for safety's sake.

Something new is the Zumba swimming group offered by instructor Nancy Hinojos for adults. This is a free class, and is held on Wednesdays and Fridays from 5:30 to 6:30 p.m. during the free adult swim. Exercising in water is one of the healthiest ways to get strong and lose some weight. We thank Nancy for making this possible.

The Town of Kearny will get its

recycling program back very soon. A new fence has been erected by the city yard to control access, and as soon as Pinal County inspects the new site it will be opened.

At the Monday, June 20 meeting of the Town Council at 7:30 p.m., our Arizona State Champion girls' softball team will be honored. These student athletes have done the town proud through their accomplishment. I hope many of us will be there to display our support. The coaches will also be recognized.

This council meeting will be very busy. There are several intergovernmental agreements to be dealt with, and there will be a first look at the proposed budget for the town. Plans are also being made to pave more streets.

Say "thank you" to Missy Foster at the Trading Post, who has provided water

and allowed the Journey for a Clean Kearny Committee to store some of their tools during the installation of 107 desert plants along Tilbury Road. The committee members use wheelbarrows to convey the water to keep the plants going during this hot time. Our thanks also go to those individuals doing community service who have been helping the committee.

The plan for community flower boxes on Alden Road is being honed, and I hope that details will be coming out soon.

Remember that this year the Copper Basin Fireworks display will be held in Kearny on the Fourth of July. This will also be the day of rededication for our swimming pool, and we will be thanking the Rotary Club, ASARCO, Resolution Copper, and all our donors for making it possible to have a pool in Kearny. We owe so much thanks to so many people,

MAYOR'S CORNER

By Sam Hosler

Special to the Copper Basin News

including everyone who supported the auction for the pool last month.

Hayden voters to elect Mayor, Council in August

By Mila Besich-Lira
Copper Basin News

The Hayden Town Council has several seats open for re-election including the seat of the Mayor. Mayor Bobby Smith will seek re-election to his seat but will face an opponent Councilmember Jeremy

Garcia who's current term is up in December 2016.

Recently the town council filled the vacant seat of former council member Rhonda Cooper with Dean Hettrick. Hettrick will seek election to fulfill the two years left on Cooper's term. He does not face any opposition to this council

term on the ballot. He will need to run for re-election in 2018 should he wish to continue serving on the council.

Three council seats are up for re-election. The council terms for members Enrique Lopez, Jeremy Garcia and Tommy Lagunas will all expire in December. Only Enrique Lopez has submitted paper work

to be on the ballot in August. Garcia has submitted paper work to run for Mayor against incumbent Mayor Bobby Smith.

Those wishing to run for the upcoming election may still submit paperwork to run as a write in candidate. The paperwork for a write in candidate must be submitted by July 21, 2016.

PCSO Chaplain awarded '2016 Chaplain of the Year'

The National Sheriffs' Association (NSA) is one of the leading public safety organization in the country. The NSA represents almost 3,100 elected sheriffs and has a total membership of over 20,000 law enforcement professionals.

Recently, the NSA has named Pinal County Sheriff's Chaplain James "Jim" Stephens as its "2016 Chaplain of the Year." At a formal ceremony held at the

Pinal County Sheriff's Office, Chaplain Stephens was presented with the award by Sheriff Paul Babeu.

Sheriff Babeu stated, "Chaplain Jim Stephens never expected recognition and certainly not this national award since he's always helped others out of love for his fellow man. Jim's always there to listen, offer encouragement and prayer when we

Churches to offer Vacation Bible School

It's that time of year again, when schools are closed for vacation, the children are cavorting wildly at the pool and parents are at their wit's end trying to figure out how to keep their children under control, without them losing their joie de vie or their grasp on the education they built up all school year long.

Vacation Bible School is an option provided by many churches, especially during the summer months, which provides entertainment and education for the children, while helping families and church groups connect as a community. According to www.gotoquestons.org, Vacation Bible

School is a longstanding tradition, dating from the late 1800s as 'Everyday Bible School', when the wife of a New York doctor wanted to find a way to keep her kids off the street in the summertime.

The idea was expanded upon by the New York City Baptist Mission Society, which offered several similar schools throughout the city. Robert G. Boville, of the Baptist Mission Society, established a national committee for Vacation Bible Schools in the early 1900s. Today, there are thousands of similar schools offered throughout the country, using connecting God to a chosen theme, and, offering games, skits,

crafts, movies and, or, other fun activities meant to stimulate a child's mind and inspire them to consider their spiritual alternatives. These classes can be popular with Christians and non-Christians, alike, as a safe and friendly environment.

One of the local churches that is offering a Vacation Bible School is San Manuel Assembly of God. On Monday, June 20 through Thursday, June 23, from 6 p.m. through 8 p.m., local children who are four years through 12 years of age, are invited to gather together and explore God's word. There will be lessons, blacklight puppets, songs, memory verses, snacks and a whole

lot more fun, including the good company of friends.

A short jaunt down the road, the Oracle Union Church, located at 705 American Way, , offers a Vacation Bible School from Monday, June 27 through Thursday, June 30 from 3 p.m. through 5 p.m. This will be for children ages four through 11 years. Hear stories that will inspire and teach, play games, and create crafts. Snacks will be provided.

The Kearny Southern Baptist Church, 302 Danbury Rd. is also offering a Vacation Bible School, starting with a registration on

Continued on page 7

CHAPLAIN OF THE YEAR

Continued from page 5

need it most. Jim's been a gift from God to support our staff and help us care for those we meet on emergency calls who need spiritual support. We are all so proud of this national recognition for Jim."

Chaplain Stephens stated, "I am honored and humbled to receive this award. I want to thank Sheriff Paul for nominating me for this prestigious recognition. It is a privilege to serve PCSO and this county and I look forward to finding new and better ways to serve."

Chaplain Stephens became a volunteer member of the Pinal County Sheriff's Office, Victim's Services Unit in 2008. The Pinal County Sheriff's Office Victim Services Unit is a civilian group of staff and volunteers created to assist victims of crime and support law enforcement. Victim's service chaplains are on call to provide aid, comfort, assistance and resources to victims, witnesses and survivors of crime. The unit consists of six volunteer chaplains from various religious backgrounds, who respond to calls when needed.

Chaplain Stephens has a 20-year background in law enforcement. Prior to

volunteering for PCSO, he spent many years as a department chaplain for a small Arizona police agency. He draws on his extensive law enforcement background to connect with deputies that may be having trouble coping with stressful or traumatic incidents. He finds comfort in providing faith-based counseling to law enforcement officers and crime victims alike.

Chaplain Stephens keeps busy outside of his chaplain service to PCSO by volunteering for his church and works for the elderly as the County's Triad Coordinator. Triad is a nationwide concept supported by the NSA for organizing community resources to help provide a safer environment for older adults. The group is made up of community representatives who implement programs and activities to help the county's elderly. He is serving as coordinator for the Oracle Triad.

His accomplishments as the Triad Coordinator include expanding the county's lock-box program and the use of first-responder medical alert cards. These programs provide a safer home

environment for the handicapped and elderly to remain independent. He also coordinates a group of volunteers who do

light handiwork for the elderly who are not physically able to perform simple home maintenance.

Pinal County Sheriff Paul Babeu, PCSO Chaplain Jim Stephens and his wife Karen, and PCSO Chief Deputy Steve Henry.

Open 7 Days a Week

San Pedro Valley Lions Club to host horseshoe tournament

Mammoth - To some, a horseshoe tournament is just good, clean fun: a way to wile away the otherwise idle hours with pleasant company, preferably surrounded by bountiful treats, with a cold beverage near to hand.

To others, it is exercise: a creative way to get the indolent interested in moving about their limbs, in hopes of attaining some prize, whether that prize be cash or mere public adulation. And, to still others, it is a serious sport, with exacting rules on how to pitch and deliver.

But, to those who love a good horseshoe tourney best,

Lions Club will host a horseshoe tourney Saturday.

VBS

Continued from page 6

Saturday, June 25, from 10 a.m. - noon, that will include a jumping castle, hot dogs and snow cones. The school will be held on Monday, June 27 through Friday, July 1, from 9 a.m. - noon.

Mammoth Assembly of God, 201 E. Kino in Mammoth, will have Vacation Bible School from June 26 - July 1 in the evenings from 6 p.m. - 8 p.m., for all children in the area from ages 3 years on up. For information and transportation, call 520-487-2043.

it is all those and more. It is sport. It is art. The setting of the stakes, the selecting and study of the shoes, the pitch, the delivery, the crowd, and more, come together to create a unique experience out of familiar materials. The correct posture, heft, swing of an "A" player is as important, as amazing, as delicately and instinctively timed as that of the movements of a professional football player or a prima ballerina. They can be just as awe-inspiring to the watcher.

If one were to Google up "The art of the horseshoe tournament", among other things, one would be likely to find, the National Horseshoe Pitchers Association website, which invites all to "Come Pitch with Us", and provides information on how to pitch, including finger positioning, pitching grips and different turns, footwork, follow through, and exceptions that prove the rule. (www.horseshoepitching.com/gameinfo/howtopitch.html/). Digging a little deeper, no pun intended, one might also find an online article by Jim Atwell, "Zen and the Art of Pitching Horseshoes", which offers valuable and

affirmative insights such as, "Flow with the game and let your mind be free" and the somewhat Yoda'esque, "It is not necessary to try, just pitch horseshoes". (www.keskinen.org/horseshoes/zen_art_of_pitching_horseshoes.html).

Whatever your reason for enjoying the game, the Saturday, June 18 San Pedro Valley Lions Club Horseshoe Tournament Blind Draw is bound to have something to offer you. Cost for entry is \$15 per person, with sign in at 9:30 a.m. and an 11 a.m. start. There will be a Winner's Purse, 25%, which will pay for 1st through 3rd places. Non-food booths will be for rent at the cost of \$20, which includes water and electricity. There will also be food, games, music and fun for the whole family.. For a \$2 donation, a 16 oz. draft beer will be available to those in the correct age group.

The location is 115 Main St. in Mammoth. For more information, call Rudy at 520-487-2968, Linda at 520-609-5804, Billy at 520-487-2647 or the Lions Club, from 4 p.m. - 9:30 p.m., at 520-487-2000.

HLI - Class of 2016 pledges

By Mila Besich-Lira
Copper Area News

The Hispanic Leadership Institute (HLI) Copper Corridor has graduated its second class in the corridor last week. HLI is a leadership program operated by Valle del Sol, who's mission is to grow strong leaders throughout the state of Arizona. The program was supported financially by Resolution Copper who was a premier sponsor and Salt River Project. Central Arizona College was the educational sponsor of the program and the Copper Corridor Economic Development Coalition (CCEDC) was the agency partner to the program.

Several years ago the board of the CCEDC determined that economic diversification and success in the region would be contingent on growing strong leaders. The board decided to invest some time and funding to the development of a regional leadership program. After some research the board decided to work with Valle del Sol to offer their leadership program to residents of the Copper Corridor. Hayden High School Alum

Carlos Galindo-Elvira who is the Chief Development Officer for Valle del Sol was instrumental in bringing the sought after leadership program to the Copper Corridor.

In 2016, the HLI graduates are: Edward Aguirre, Kassandra Baltierra, Jessica Castillo, Matthew Magallanez, Max Magallanez, Gila County Supervisor Mike Pastor, Manuel Ramirez, Bryan Seppala and James Schenck. The cohort attended 10 weeks of classes which ranged on various topics of leadership including media relations, public safety, local government board service and the development of their personal leadership style. The course also included a Saturday retreat.

This year the HLI-Copper Corridor class set a new record for all of the HLI programs statewide. Superior High School Junior Kassandra Baltierra was the first high school student to enroll in the class and is the youngest graduate of any of the HLI programs. Kassandra was one of the participant speakers and she shared that the program helped her to realize her potential as a leader in her school and

community.

During the graduation the graduates' pledges for service were read to their family, friends and invited guests. Castillo and Ramirez both plan to devote more time to their local organizations the Superior Optimist Club and Superior Rotary Club respectively. Castillo plans to use her leadership skills to continue

growing the Optimist club and take on the role of president later this year. Ramirez plans to devote time to building the Rotary Club and developing a back to school supply drive for the students at Superior School District.

Seppala and Aguirre both plan to devote themselves to continuing their education and using their leadership skills to

HLI Copper Corridor class of 2016. Photo courtesy www.photosbyjosemunoz.com.

**CALL
811
Before
You Dig!**

SOUTHWEST GAS

One simple call to 811 gets underground utility-owned lines marked for FREE.

Whether you're a homeowner or professional excavator, every digging job requires a call — even small projects — so be sure to:

- Call 811 at least two days before starting any digging project
- Respect the marks
- Wait for the site to be marked
- Dig with care

Not calling can be life threatening and costly. You can harm yourself or others, disrupt natural gas service to an entire neighborhood, and potentially be responsible for injuries, repair costs, and criminal penalties.

Natural gas lines can be buried anywhere. If you ever suspect a natural gas leak, call **911** and Southwest Gas at **1-877-860-6020** immediately, whether you're our customer or not.

For more information about natural gas pipeline safety, visit swgas.com/safety or call **1-877-860-6020**.

service to self, community

make an impact on their career fields. Seppala plans to train other leaders in his community of Globe to help to take on the leadership positions he holds in order to devote more time to his education. Aguirre plans to focus his leadership on making a difference in the healthcare field. Matthew Magallanez, plans to use his leadership skills in his career as a probation officer and in his community and family.

Max Magallanez pledged to focus his

leadership abilities on supporting the Superintendent and staff at Superior schools to help students achieve their best and fully support finding high quality teachers. Supervisor Mike Pastor pledged to devote time to helping the local homeless service agency in his community, he plans to do this by becoming an advocate for the homeless issues and becoming more involved in their organization. James Schenck pledged to devote time to

the development of a cultural diversity program in the region that would focus on language development.

The ceremony concluded with recognition of a local leader from the region to receive the Pete Rios Leadership award sponsored by Valle del Sol. The 2016 recipient was Manuel Ruiz who was recognized for his service as Mayor of Superior, a basketball coach, teacher, church volunteer along with his many other roles in the community. Ruiz spoke

briefly about his role as a leader and gave some advice: "Life is much better when you are giving and expect nothing in return," he said. He thanked his wife Aurora for her support over the years and encouraged the young leaders to stay involved in their community. "We need you," he said.

Registration for the 2017 HLI-Copper Corridor Class will begin in late 2016 and classes are expected to begin in late February or early March.

Resolution Copper awards 2016 Scholarship and Leadership Grants

SUPERIOR, AZ – June 13, 2016 – Resolution Copper announced today that twelve graduating seniors from high schools within the Copper Triangle are recipients of the Resolution Copper 2016 Scholarship Program.

Academic scholarships, valued at \$3,000 each, were awarded to students from high schools in Kearny, Hayden, Miami, Globe, and Superior. Two Steven L. Besich Leadership Grants were also awarded. These one-time grants help defray educational costs and are awarded annually to students at Superior High School and Globe High School. Leadership grants were established in honor of the late Steven L. Besich, Gila County Manager, in recognition of outstanding leadership achievements.

“We are honored to provide support to so many outstanding students and to help them as they take the next important

step towards furthering their education,” said Melissa Rabago, community advisor, Resolution Copper. Education programs are one of the cornerstones of our community engagement and we are very proud of these graduating seniors.”

Resolution Copper scholarships are awarded to students attending an Arizona university, community college, business or trade school. Following a rigorous selection process, scholarships are granted on an objective basis including the students’ overall academic record and achievements, involvement in diverse curricular, extra-curricular and community activities and school recommendation.

Scholarship award winners were each presented with a personalized plaque at their schools’ year-end award ceremonies. Resolution Copper has awarded over 130 scholarships totaling more than \$500,000 since 2002.

Carmen Casillas announces candidacy

My name is Carmen Casillas. I am the proud daughter of the late Hortensia B. and Alfred S. Escobedo. I am a former City Councilmember and Vice Mayor of Globe. I was also the founder and CEO of the D.V.V.A. (Domestic Violence Victim's Advocate) Response Team, which helped victims of domestic violence when there were no laws in place to do so.

Today, I am announcing that I am running for the Arizona House of Representatives in Legislative District 8 to help create a better future for our State. I have fought for the interests

of our rural communities throughout my career, and will continue to do the same as your Representative in the State Legislature.

My four priorities are:

- Ensuring that our children have access to high-quality education
 - Helping our small businesses to grow and create jobs
 - Providing our law enforcement agencies with the tools and resources they need to serve our rural communities
 - Maintaining our agriculture industry
- I have the courage to put the interests of

my constituents ahead of those of special interests and lobbyists. By threatening KidsCare, taking money away from our public schools, and promoting the use of dark money, our current leaders have made it clear whose interests they serve. Our great state deserves better and we must work to move it forward by electing new leaders.

I am asking for your vote to create a better Arizona and a brighter future of our children.

Thank you,
/s/ Carmen Casillas

Carmen Casillas

Public Notice

Arizona Water Company (the "Company") has released its 2015 Water Quality Report (Consumer Confidence Report) for its Winkelman water system, PWSID 04-003. The Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the San Manuel office located at 460 Avenue A; via mail by sending a request to Arizona Water Company, P. O. Box 120, San Manuel, AZ 85631-0120; via our website at www.azwater.com; or by calling the local office at 520-385-2226. The entire report is also printed in the newspaper today. The Company recommends that customers serving more than one housing unit post a copy of the 2015 Water Quality Report in a conspicuous place.

ARIZONA WATER COMPANY

– 2015 ANNUAL WATER QUALITY REPORT FOR WINKELMAN, ARIZONA, PWSID NO. 04-003 –

This report contains important information about your drinking water.
Este informe contiene información importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.

Arizona Water Company provides groundwater to its Winkelman customers from wells located throughout the Winkelman area.

All water samples are collected by state-certified employees of Arizona Water Company or by the Arizona Department of Environmental Quality ("ADEQ"). Samples are analyzed by state-certified independent laboratories and the results are forwarded to ADEQ. The following report provides detailed information about the quality of the water delivered to customers. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards and regulations.

DETECTED WATER QUALITY CONSTITUENTS - GROUNDWATER

Primary Standards							
Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent	
<i>Inorganics</i>							
Arsenic	ppb	0	10	5	2012	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes	
Barium	ppm	2	2	0.03	2012	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits	
Fluoride	ppm	4	4	1	2012	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories	
<i>Radiological</i>							
Alpha Emitters	pCi/L	0	15	5	2015	Erosion of natural deposits	
<i>Disinfectant / Disinfection Byproducts</i>							
Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine Residual	ppm	(4)	(4)	1.0	0.4 - 2.0	2015	Drinking water disinfectant
Haloacetic Acids (five)	ppb	NA	60	8	8	2015	Byproduct of drinking water disinfection
Total Trihalomethanes	ppb	NA	80	47	46 - 47	2015	Byproduct of drinking water disinfection
<i>Additional Constituents (Unregulated)</i>							
Sodium	ppm	NS	NS	160	160	2012	Unknown
<i>Lead and Copper Monitoring</i>							
Water Quality Constituent	Units	MCLG	Action Level	90 th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.1	0	2013	Internal corrosion of household water plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	1	0	2013	Internal corrosion of household water plumbing systems; erosion of natural deposits

Your drinking water complies with the United States Environmental Protection Agency's ("USEPA") safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Note: In addition to the constituents listed in this report, Arizona Water Company conducted monitoring for over 90 additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their

Public Notice

concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained in this report, although representative, may be more than one year old. If you have questions about this water quality report please contact Regina Lynde, Environmental Compliance Manager, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or e-mail mail@azwater.com.

In 2000, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company's Winkelman water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. ADEQ determined that activity on an adjacent land use poses a high risk to two water sources. Arizona Water Company regularly monitors drinking water sources to make sure your drinking water complies with the Safe Drinking Water Act.

The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dmi@azdeq.gov. For more information visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/environ/water/dw/swap.html.

The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.
- Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems.
- Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Arizona Water Company is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the USEPA's Safe Drinking Water Hotline or at <http://www.epa.gov/lead>.

DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

- Action Level = The concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.
- CDC = United States Centers for Disease Control and Prevention
- FDA = United States Food and Drug Administration
- MCL = Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
- MCLG = Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- MRDL = Maximum Residual Disinfection Level, the highest level of a drinking water disinfectant allowed in drinking water
- MRDLG = Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant in drinking water below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of using disinfectants to control microbial constituents.
- NA = None adopted
- ND = None detected
- NS = No standard
- pCi/L = Picocuries per liter
- ppb = Parts per billion, or micrograms per liter (µg/l)
- ppm = Parts per million, or milligrams per liter (mg/l)
- PWSID = Public Water System Identification

About Resolution Copper
 Resolution Copper is a
 limited liability company
 working to develop the third
 largest undeveloped copper
 resource in the world near

Superior, AZ. The project will mine ore using underground block-caving methods at depths of nearly 7,000 feet below surface. When in full production, the mine will employ 1,400 workers directly and generate an additional 2,300 indirect and induced jobs. The mine will be North America's largest copper producer when in full production, capable of producing more than 25 percent of the nation's demand based on today's usage.

This very charming home has been well cared for. It has a cozy living room with a beehive fireplace and lots of windows. The kitchen has every convenience and lots of work space. Both bathrooms have lovely tile work. The master bedroom is very spacious and has a large walk-in closet as well as large master bathroom. Solar Hot Water Heater in Garage and a 2nd gas Hot Water Heater as a reserve that kicks in if the Solar Hot Water runs out of hot water. This very private setting among the trees will draw you in. \$185,000

940 N. Blazing Star Dr. MLS#: 21525554

ADORABLE HOME! Must see! Updated and Improved with remodeled kitchen and bathroom, new interior paint, new laundry facilities, carport plus 2 new pergolas for outdoor living and new landscaping. Turnkey 1951 home with original wood floors in excellent condition. Incredible views of the Oracle State Park. 1.17 acre lot in a private and quiet neighborhood. Charming picket fence welcomes you to this home along with oak trees and hundreds of irises to enjoy along with the birds and wildlife. Sunrises and evening views of the Galiuro Mt. Range to the east are spectacular. \$169,500
